43 Coming 2 Year Old Polled Hereford Bulls  
30 Registered Open Yearling Polled Hereford Heifers  
30 Open Yearling Black Baldy Heifers

# WELCOME

We have been selling bulls at Hillsview Farms privately for 25 years now. This is our 4th year to have an open house with a set time to introduce bids. Rather than "first come, first serve," we want everyone to have the opportunity to view all the bulls. They will be available for viewing in February. We will be offering a nice variety of 43 coming two year old bulls, as well as a select set of replacement heifers.

The bulls will all have complete records available. They have all been carcass ultra sounded, and have complete performance records and EPD's. We have been recognized as a Gold TPR (Total Performance Records) Breeder by the American Hereford Association again this year.

This set of bulls was weaned the middle of October last year and had no creep feed. The heifers were weaned the middle of October this year and also had no creep feed.

The bulls spent the summer and fall on grass. They were raised on a high roughage diet and grown up slowly. We like the moderate frame cattle that are easy fleshing with lots of rib shape and muscle.

The Hereford bull is still a tremendous cross on those black cows. If you haven't used Hereford bulls on black cows yet, now is the time to start. You won't be disappointed. The heterosis and hybrid vigor will give you more pounds and better feed efficiency. The great disposition of those feed lot calves and replacement heifers is definitely another positive!

Please join us for lunch on February 13, 2016. View the cattle and I hope you are as impressed as we have been. We are looking forward to seeing you! Thank you for your interest.
