## Welcome to our 2016 Bull Sale!

We thank you for taking time to look over our offering of Bulls and hopefully attending our sale or joining us on line. All bulls have been video taped and can be viewed on our website before the sale.

As I write this letter we are starting to calve cows and trying to finish taking pictures of the Bulls for the catalog. This year marks the 45th calving season since we started in the Registered Angus Business. Where has time gone? We are thankful for the many friends we have made over those years and look forward to many more.

We are grateful to be in our 2nd year in our new Ranch and enjoying the Baker Hereford Genetics and the Baker Family and the people in the area. We are also much closer to our 2 daughters, their husbands, and 4 grandkids.

We are thankful to have our son JD running cows with us full time. Our other son TJ, who is in the military, and his wife Alicia run their cows here with us also until they are done in the service. Presently with the Navy Leap Frogs as a Navy Seal.

We are excited about this set of Bulls, both Angus and Hereford. They are truly the strongest set of Bulls we have raised. They have been gaining 3-5 #s a day from weaning till we just took wts. which reflects the strength of their genetics. They did all this on a high roughage mixed ration that we feed our bulls through the feed wagon.

We are offering a number of new sire groups for old and new customers. Many of the bulls have been 50K tested to help increase their predictability for our customers. Take some time to look through the bulls information and feel free to call with any questions you might have. Our goal is to help you find the Bulls you need for your program.

Look at our 5 Star Rating for Calving Ease, Fleshing, and Disposition. We have a page explaining our in house rating system 1-5 Star. This is our own system in addition to all the information the American Angus Association has available. For Calving Ease our 3, 4, & 5 Star rated bulls will work well on heifers. 5 being the easiest and we guarantee those. (see our terms on the 5 star calving ease.)

We continue to breed for the best most consistent genetics we can offer through Selection, AI, and Embryo transfer. We look forward to an opportunity to visit about your bull needs.

On a personal note we are very thankful to our Lord Jesus Christ for protecting our daughter, son in law, and 3 granddaughters on the mission field in Central America. They just texted us this morning that their house burned down completely. They lost everything but the clothes on their backs, but they are all safe. This makes us realize what is really important in life.

We would enjoy having you stop by anytime for a visit and coffee or just give us a call.

Hope to see you sale Day!

*Tim, Marcia, JD, & TJ Amdahl*

We have worked with Roger and Scott Knochenmus since 1988 in the registered Angus business and look forward to many more years.

### *Dear fellow cattlemen and friends,*

2016 marks the 70th year of Baker Hereford genetics. We are so grateful to the Amdahl family for their intense desire to continue what was started 70 years ago. We are excited to see their enthusiasm in being a part not only of the Hereford breed but also of the Baker breeding program. The Amdahls' goals for the type of cattle they want to produce are exactly what we have been striving for over the decades. The Amdahls have invited us to help shape this herd for the long haul. We are doing this through combined strategies of AI, natural and ET matings and through identifying and using the best of the best in this breeding program. We are excited not only with the genetics in this sale but also in what the future will bring. You can be assured that Quality is job one here. We thank the Amdahls for their friendship and for their desire for us to continue to help shape this great breed! We thank you for your interest and let us know if we can be of further assistance!

*Jim Baker*

## 60% of the Bulls can be used on Heifers 90% of the Bulls gained 3.5-4.95 pounds per day on our high roughage mixed ration

**Amdahl Angus bulls have been raised with the commercial rancher in mind. Amdahl Angus had many ranchers report back to us that the Amdahl bulls have stayed in better condition and did not melt away in the pasture.**

The bulls have been grown out here on the Ranch and fed a high roughage ration.

The bulls were vaccinated birth, branding, preweaning and boosted. They have had Breeding, Anthrax, Pinkeye, Foot Rot, Wormed and Poured. All bulls are Freeze Branded on the right hip and carry our Freeze Brand on the right front shoulder.

The bulls have been bred and raised with the commercial man in mind. We stress calving ease with performance and carcass traits in balance. All bulls have Amdahl Angus ratings for Calving Ease, Fleshing Ability, and Disposition. This tells you even more what we know about our bulls.

We stress udder quality, mothering, fleshing ability, and fertility in our Females. This year we moved our breeding and calving date up 30 plus days, A.I. with over a 65% conception rate.

We have a breeding season guarantee, \$50 off if bulls are taking home in a week or we can make arrangements to keep bulls until April 1st. We offer a sight-unseen purchase guarantee. All bulls will be semen tested before they are delivered.

Please feel free to call with any questions.

- The Amdahls

**Inspection of Cattle:** Cattle will be available for inspection at the ranch anytime prior to the sale, call to make arrangements.

**Health:** Interstate health papers furnished on all cattle selling.

**EPDs & \$Values:** The American Angus Association is now calculating EPDs on a weekly basis using all available carcass harvest data, ultrasound data and the Igenity Angus specific genome profile data. It is possible new data has been submitted between the date the catalog was finalized and sale day which will affect the individual EPDs and \$Value Indexes of the animals selling. If your purchasing decision relies highly on the most current carcass data available, please look up animals of interest on the American Angus Association web page prior to viewing the sale offering.

**Terms:** Cash - please settle for cattle promptly.

**Terms & Conditions:** All cattle sell according to the standard terms and conditions of the American Angus Association. Amdahl Angus will retain a 1/3 semen interest in all bulls and 1/2 interest on a select few. New owner has Full Possession.

**Sight-Unseen Purchases:** If you can't attend our sale, we would be happy to help you select and purchase your bull. We know our bulls well and by visiting with you, we feel we can buy a bull that will fit your program. Some people prefer this. Call anytime at 605-929-3717.

**Supplement Sheets:** Will be available sale day with any updates.

**Guarantee:** All bulls selling for \$2500 or more will be covered 50% if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bull. Fifty percent of the value of the injured bull, minus \$1000 salvage will be given as credit in a future sale or towards replacement bull if one is available. Please notify us as soon as possible if injury should occur and prior to the injured bull being sold. All injured bulls must be diagnosed by a veterinarian and claims made before September. Example: A \$5000 bull is injured and will not heal, a credit of \$2500 minus \$1000 salvage will be given towards a replacement or credit in next years sale.

**Trucking:** We will be glad to assist in making the best possible trucking arrangements. FREE delivery up to 300 miles. A \$50 discount per bull will be given if they are taken home sale day week.

**Insurance:** Will be available sale day.

**Liability:** All persons attending this sale do so at their own risk, legal or otherwise for their safety or the behavior of the animals. The Owners, Auction Service and Sale Staff assume no liability for property loss or any accidents that may occur.

**Announcements:** From the block will take precedence over the catalog. Buyers unable to attend may send their bids to the Auction Service, Field Representatives or Auctioneer.

**Lunch:** Lunch will be available sale day.

**\$50 OFF EACH BULL TAKEN  
HOME SALE DAY**

## OUR 5-STAR SYSTEM

★★★★★

### GUARANTEED 5-STAR CALVING EASE BULLS

We are so sure of our 5-Star bulls that we are going to provide a one-year calving ease guarantee on all of our 5-Star bulls. Our 5-Star bulls would be the absolute best but those 3 and 4 stars are also recommended for use on heifers, along with some of the 2-Star bulls.

We are so confident in our 5-Star calving ease bulls that we are willing to pay \$25 for every calf you have to pull that is sired by one of our 5-Star bulls. If veterinary assistance is required, we will pay your vet bill. We feel that you should be able to look forward to your next calving season.

This will require you to use our calving ease bulls by themselves or only with other guaranteed calving ease bulls. This means you will need to record which heifers are run with which bulls. We are willing to rely on your honesty.

### CALVING EASE

**5-Star Rating System:** Most of our bulls offered for sale could be used on first calf heifers due to shape and size. To help you identify our calving ease proven bulls, we have a 5-Star rated system, 5-Star being our easiest calving. Our 1 and 2 Stars are for cows, because the sires are less proven on heifers. Our 3, 4 & 5-Star rated bulls are out of proven calving ease bloodlines for birth weight and shape. These bulls will work the easiest on heifers. You may choose to use some of our 2-Stars on heifers calving under more supervision.

### FLESHING ABILITY

Fleshing ability has always been important, but will be even more important in the future as input costs increase. Easy fleshing bulls should sire daughters that are easy fleshing and more fertile. Our sale bulls are rated 1 to 5 Stars for fleshing ability with 5 being the best and 3 being about average. These scores will reflect the future fleshing ability of the bull, his offspring and daughters. We believe you should pay special attention to this trait if you are raising your own replacement heifers.

### DISPOSITION

We have always been concerned about the disposition of our cattle and how we handle them. With this in mind, we have rated our bulls from 1 to 5 stars, with 5 being the best and 3 being average. We have kept track of how bulls have responded when working through the chute and as we pressure them when we intentionally sort them off and crowd them. Disposition problems are relatively easy to spot when you first walk into the cow herd or the bull pen. Life is much too short to put up with nervous or ill-tempered cattle.

We really wanted to own 1207 for many reasons. He is a bull with excellent length, thickness, style, pigment and maternal. His calves have been very well received and his daughters look like they are going to make top cows as they should being out of the \$60,000 6054 cow whose sons have averaged over \$35,000 at Holdens, as well as being the mother of two of their herd sires. The 1088L cow in his pedigree is one of our all time favorite cows. 1207 is a real breeding bull. Owned with B & B Herefords.

337A is a great breeding bull and there are reports of many top calves out of him. He is a bull with great thickness, big topped, deep quarter, heavily pigmented, correct and stylish. 337 is out of a stellar cow family. His mother is owned with Sandra Martsching and is a top donor cow as is his grandmother 4152. Owned with Scott Huber.

1202 has been impressive since birth. He has exceptional length, thickness, pigment and breed character. He is a calving ease specialist with a 5.5 CED. His sire 7110 was a great breeding bull and his dam is one of the best we have ever raised. She has been a donor cow for several herds. 1202's pedigree is loaded with dams of distinction and donor cows. Owned with Carmichael Herefords, Keith Carmichael and Knipling Brothers.

We fell in love with this bull, along with his mother at Coopers. 2121 is described by Mark Cooper as a thick, topped 9122W son with loads of natural thickness and muscle. His pedigree combines top-end maternal power and outstanding performance and carcass numbers into one complete package. 2121's pedigree is full of maternal greats including the legendary 440, 475 and 924 cows. Owned with Helbling Herefords.

## CL 1 DOMINO 2215Z

			Marb	.13

2215 really caught our eye at Coopers. He is a bull with lots of natural thickness and depth of rib, overall shape and eye appeal. He has full pigment, is smooth shouldered and is very maternal. His dam is a dam of distinction and one of Coopers top donor cows with over 31 calves recorded. Owned with Helbling Herefords.

## KB L1 DOMINO 121Y

			REA	.07
			Marb	.08

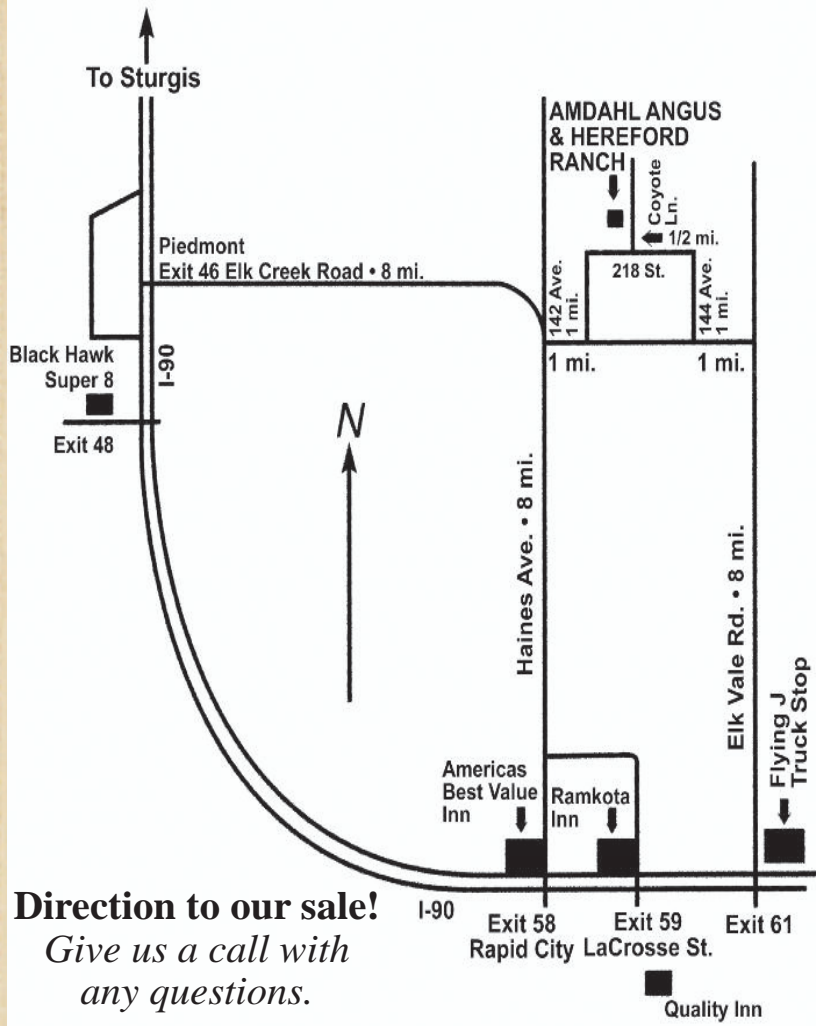

121 is a low birth weight calving ease bull whose calves really take off and grow. He marks his calves very well and they are long, stylish and well muscled. His pedigree is full of maternal being out of the great \$19,000 945 donor cow. His grandmother 243 produced 34 embryos in three flushes this year at 13 years of age. His paternal dam was a donor for Coopers and produced their 1108 herd sire. Owned with Joe Waggoner.

## HH ADVANCE 2036Z ET

			REA	.28
			Marb	0

2036 is a curve bending herd bull with moderate birth weight and calving ease with great performance behind him. He is growthy, pigmented and has great maternal backing him. He is a maternal brother to Holden's \$55,000 for 1/2 interest to their 0002 bull. Owned with Helbling Herefords.

We want to express appreciation for Tige Reinhold's life and influence in the community. He started Rainbow Bible Ranch and the ministry continues with the Larry & Robin Reinhold family and staff. The Reinholds have always enjoyed Hereford cattle and attended many Baker Hereford sales.

	SH MISS ADVANCER 721

- 505 is a bona fide calving east bull that is deep sided and pigmented.
- His sire calved very easy and the calves still had growth.
- His dam, 656, is an exceptional cow from a long line of donor cows.
