To use the Highest Quality mineral in our cattle operation we chose VitaFerm and have become a dealer, because there weren't any dealers in this area. If we can help you with mineral just let us know.

We dug deep into our cows, bred heifers and open heifers to put together this outstanding group of females offered in our sale. • Amdahl Emma 144-445 is a great young cow that would almost be a total out cross for most registered Angus operations. Her mother is the Lot 3 cow, Emma 144, a solid producer. Her sire Amdahl's Emblazon 0005 was sold to Marty Lawrence Mobridge, SD in 2009. He called this summer to see if there was any more semen on this bull. The daughters of this bull have turned out so well he was hoping to AI and raise more. That's what we have experienced here also and this is one of the good ones. Her heifer sells as lot 3C with a 78# birth wt. and 716# ww /ratio 106 and was in one of our pen of 3 heifers in the August Central States Fair Rapid City, SD. She sells bred to Amdahls All American 324 this is an added bonus. Be sure to look up his daughters in this sale. They come easy and grow fast with extra depth of body.

• Sells safe to Amdahls All American 324 with bull calf due Feb. 5, 2017.

- Miss All Amer 501 is a real stand out with performance and Eye appeal.
- 501 was a member of one of our bred heifer pens in August at the Central States Fair Rapid City, SD.
- Her sire is an amazing bull out of a super cow. Amdahls All American 324 was sold in our 2014 bull sale. He was a stand out with his EPDs for CED, BW, WW, SC, Doc, CEM, \$W, \$F, and balanced in the rest. So we collected semen on him and we used him a little here and there. When the calves came and matured we decided to go and buy him back and we've used him a lot this year. Consistent birth wt., growth, correctness, Eye Appeal, Disposition, ease fleshing, and a good Foot.
- That describes this bred heifer also. Plus her grandmother the 272 cow is a super cow that's produced herd bulls and a Pathfinder female.

- Amdahl's All American is an amazing bull out of a super Pathfinder cow. He was sold in our 2014 bull sale. He was a standout with his EPDs for CED, BW, WW, SC, Doc, CEM, \$W, \$F and balanced in the rest. So we collected semen on him and used him a little here and there. When the calves came and matured we decided to go and buy him back and we've used him a lot this year. Consistent birth wt., growth, correctness, eye appeal, disposition, easy fleshing and good footed daughters will sell as bred heifers and open heifers.
