## Welcome to Amdahl Angus & Hereford's 40th Annual Production Sale

We thank you, our customers, friends and family for your help through the years.

We are enjoying our working relationship with Jim Baker Herefords as we share in Hereford Genetics through joint ownership in bulls and embryo programs.

We are offering some new genetics in our Angus and Hereford bulls this year. We have used some of the Industries top proven sires and some of our own. For example: Amdahl's Rocketeer who is leased to ORigen and Amdahl's All American 324 along with our proven EPD changer Amdahl's Heavy Duty 323.

This sale offers the first females at auction bred to Amdahl's Rocketeer 636 and some daughters out of leading AI sires.

We are offering the Pick of Flush Sisters by Musgrave Big Sky out of our donor Pathfinder cow who has 5 calves @110 ratio at weaning.

Those that come before the sale to preview the cattle will be given a \$250 credit for the purchase of a bull. Those who have come say it's the strongest set of bulls they have seen.

We are excited about this offering of yearling, falls and 2-year-old bulls, including bulls we had retained for our own use, lot 125 and lot 126 and the maternal brother to Amdahl's Erica Hickok 104-544 who is the #1 proven EPD cow in the Angus breed. We have a solid offering front to the back of the catalog.

Come join us for a preview look at our cattle. Just give us a call we enjoy spending time with you our friends and customers.

If we can be of any assistance be sure to give us a call. We enjoy the cattle conversation and letting you know what we can tell you about our sale offering.

God's Blessing to you and your in this New Year!

*The Amdahls*

### Dear fellow cattlemen and friends,

The Bakers and Amdahls thank you for your interest and support of our breeding program. We offer you a warm welcome to this year's sale. We believe we have an excellent offering of cattle awaiting your considerations. For us 2018 marks the 72nd year of Baker Hereford Genetics of which the Amdahl Herefords are rooted. The Amdahls have been raising quality cattle dating back to the late 1800s. With this history we feel we are offering a top set of genetics that will benefit both the purebred and commercial cattlemen. We work very hard to strive for quality in what we produce. We want to make a difference in what we do.

We have used A.I., Embryo Transfer and planned matings to obtain the quality and kind of cattle we feel our customers are wanting. We have never selected cattle to use based on any single trait but rather all traits combined so that we can produce functional cattle at all levels. We feel our cowherd and the sires we have used will keep not only our herd, but yours as well, in business for the long haul. The Hereford breed continues to excite many and we at Baker and Amdahl are excited to be a part of that excitement. Our goal is to continue producing quality cattle that will work for you. We are thankful for our many friendships we have made in the past and we look forward to working with you all in the future. We thank you for your interest and let us know if we can be of further assistance.

*Jim Baker*

Top 1% for  
WW, YR, SC, Doc,  
CW, \$W, \$F, and \$B.  
Any combination of  
2 or 3 EPDs and  
she comes up the  
#1 Proven Angus cow.  
Amdahl Erica Hickok  
104-544  
(Reg: 18315615)

### ***Her maternal brother sells as Lot 125***

**Inspection of Cattle:** Cattle will be available for inspection at the ranch anytime prior to the sale, call to make arrangements.

**Health:** Interstate health papers furnished on all cattle selling.

**EPDs & \$Values:** The American Angus Association is now calculating EPDs on a weekly basis using all available carcass harvest data, ultrasound data and the Igenity Angus specific genome profile data. It is possible new data has been submitted between the date the catalog was finalized and sale day which will affect the individual EPDs and \$Value Indexes of the animals selling. If your purchasing decision relies highly on the most current carcass data available, please look up animals of interest on the American Angus Association web page prior to viewing the sale offering.

**Terms:** Cash - please settle for cattle promptly.

**Terms & Conditions:** All cattle sell according to the standard terms and conditions of the American Angus Association. Amdahl Angus will retain a 1/3 semen interest in all bulls and 1/2 interest on a select few. New owner has Full Possession unless otherwise announced.

**Sight-Unseen Purchases:** If you can't attend our sale, we would be happy to help you select and purchase your bull. We know our bulls well and by visiting with you, we feel we can buy a bull that will fit your program. Some people prefer this. Call anytime at 605-929-3717 or 605-999-6487.

**Supplement Sheets:** Will be available sale day with any updates.

**Guarantee:** All bulls selling will be covered through October 1st. If a bull becomes injured and does not recover we will give you credit towards one replacement bull or credit in next year's sale less salvage value (\$1,500). Bull need to be evaluated by qualified vet before selling. We want to help work with our customers in their future success. We are here to help and encourage you in the cattle business.

**Trucking:** We will be glad to assist in making the best possible trucking arrangements. FREE delivery up to 300 miles. A \$100 discount per bull will be given if they are taken home sale day week.

**Additional Insurance:** Will be available sale day.

**Liability:** All persons attending this sale do so at their own risk, legal or otherwise, for their safety or the behavior of the animals. The Owners, Auction Service and Sale Staff assume no liability for property loss or any accidents that may occur.

**Announcements:** From the block will take precedence over the catalog. Buyers unable to attend may send their bids to the Auction Service, Field Representatives or Auctioneer.

**Lunch:** Lunch will be available sale day.

**\$100 OFF EACH BULL TAKEN  
HOME SALE DAY**

**We have the strongest set of bulls we have ever offered front to back in our catalog. We would like to show you our bulls and females before sale day. When you come to inspect our sale offering before sale day we will give you a \$250 bull credit. We appreciate you as a customer and look forward to working with you.**

### **OUR 5-STAR SYSTEM**

★★★★★

#### **CALVING EASE**

5-Star Rating System: Most of our bulls offered for sale could be used on first calf heifers due to shape and size. To help you identify our calving ease proven bulls, we have a 5-Star rated system, 5-Star being our easiest calving. Our 1 and 2 Stars are for cows, because the sires are less proven on heifers. Our 3, 4 & 5-Star rated bulls are out of proven calving ease bloodlines for birth weight and shape. These bulls will work the easiest on heifers.

#### **DNA TESTED**

All Angus bulls are DNA Genomic: GGPLD tested for Parentage and all EPDs for future Accuracy and the benefit of our customers and their future profit.

#### **CARCASS ULTRASOUND**

All yearling bulls have been ultrasound carcass tested and results will be available before sale day.

#### **SEMEN TESTED & VACCINATED**

All bulls have been semen tested and vaccinated. Bulls had 7 way 3 times, 5 way 2 times, wormed, poured, foot rot, pinkeye and breeding shots. Bulls are freeze branded.

#### **AVERAGE DAILY GAIN TEST #/DAY**

131 days weaning till January 6th, 2018  
- High Roughage Ration Fed each day.

662 is an embryo calf that is deep and correct. He is sired by the legendary 9126J Cooper bull and a top donor cow that was flushed until she was 15 years old. She had a perfect udder and has left her mark deep into our herd. One of her daughters was sold for \$19,000. Full brother sells as Lot 29 and half brothers as Lots 11, 15 and 16.

We really like 665 for his correctness, deep chest, big top and thickness. He should be a breeding bull with a pedigree full of top cows and Dams of Distinctions. His mother comes from a long line of donor cows and she posts 9 calves with a weaning ratio of 102.1 and yearling ratios of 102.8.

Here is a for sure herd bull. He has been good from day one. We believe his sire is a breeding bull. We really liked him at Holden's. 726's mother is a terrific cow. We are flushing one of her daughters. She comes from a long line of top donor cows. 207 post 4 calves with a 109.3 weaning and 105 yearling ratios. His top half brother sold last year to Orwick Ranch. Here will be a bull that will leave his mark. **Selling 1/2 interest and full possession.**

731 is a big time herd bull candidate. He has a tremendous pedigree full of some of the best cows Cooper's have had - ie. 5142R, 759T, 440P, 2143Z, 9136W, 475P. One could write a book on what these cows have done. His mother 2143 has a weaning ratio of 112 on her calves. 731 has the look. He is deep chested, loads of volume, thick, pigmented and great haired. **Selling 1/2 interest and full possession.**

LOT 56 AND HIS DAM

- Amdahl's Count On 711 is one of our top weaning ratio bulls to be offered @ 115. He has a great spread from birth to weaning with a tremendous weaning weight of 876 lbs. This herd bull will compliment any herd very nicely with his maternal traits and true performance.
- Count On's dam 540 goes back to some of our highest producing females that are all the kind of females that you would want your herd backed by.

- ADG: 4.2
- 365 Adj. Weight: 1,436 lbs.
- Amdahl's Countdown 721 has an incredible long body, brings lots of eye appeal and structural soundness and traveling ability. Countdown 727 breaks the performance barrier with his off the charts numbers ranking high in the most important categories. He ranks in the top 10% for WW, YW, HP & \$F, top 15% for RADG & CW and top 20% for \$W.
- 727's dam, 5117 is hands down the easiest fleshing three year old on the ranch with extra length.
- Countdown 727's grandam, Emblazon 50 was in our donor program and she weaned off 13 natural calves at a weaning ratio of 102. She has over 15 daughters and granddaughters retained in the herd.
- 727 will be a tremendous herd sire with his sure shut maternal traits and exceptional performance.

LOT 51 SIRE: MUSGRAVE AVIATOR

- Amdahl's Aviation 724 is one of the thickest, stoutest bulls you will find. He is one of the top spread bulls to be offered in the entire sale. Starting out at a 73 lb. BW and weaning off at 830 lbs., he rationed 109 on weaning. This bull is highly recommended for heifers and will add lots of power to his calves. On top of being a five-star calving ease bull, he ranks in the top 3% for CEM & 10% for \$W, top 15% for BW & RADG and the top 20% WW, DMI, \$F & \$B.
- His dam, 508, has great disposition, perfect udder and is backed by the 3130 cow, which had our top selling bulls in 2008, 2009 and 2010.

- 365 Adj. Weight: 1,282 lbs.
- Amdahl's Aviator 7176 is a thick made, moderate, easy fleshing son of BVC Aviator 4007. 7176 is recommended for heifers. He ranks in the top 10% for Milk & \$EN and the top 25% for BW & DMI.
- His dam, Broadside Queen 363 has an ideal udder and offers great fleshing ability. She ranks in the top 4% for \$EN which is very hard to find in the industry.
- 7176's sire, Aviator 4007 is as thick as you will find for a herd bull anywhere. He ranks in the top 2% for HP and the top 10% for DMI & CEM.

• Amdahl's Landmark 712 is one of the top herd bull prospects in the 2018 sale. He starts out by having a 79 BW and weaning off at 852 lbs., ratioing 105 on WW. His performance numbers are through the roof- being highly recommended for heifers and having some of the industries top numbers, ranking in the top 1% for \$W and in the top 2% for WW & YW, top 4% for CW, top 10% for \$F & BW. You will not find a longer, thicker bull anywhere.

• Landmark's dam, Amdahl's Miss Ultimate 103 is arguably one of the most productive females on the place, weaning off five calves at 105 on weaning. His dam also had our second-high selling bull in last year's sale and is the grandmother to Amdahl's Advantage 709, which also sells as lot 60.

- ADG: 3.7
- 365 Adj. Weight: 1,347 lbs.
- These three flush brothers are a rare offering of calving ease and phenotype. Each one of these bulls- Upper Class 776, Black Granite 782 and Black Granite 788 are extremely thick, moderate, deep-ribbed, deep-hind quartered and are very stylish. This is an excellent opportunity to access the tremendous mating of Black Granite and our most productive donor cow, Amdahl's Dixie Erica 933. These bulls offer tremendous calving ease, EPDs and are very well balanced in their growth numbers. They are the type of herd sires that will add profitability to any operation.
- Their prolific dam continues to produce an exceptional calf every year even after being flushed each year; she continues to breed back and calve in January which shows just how fertile she is. She ranks in the top 2% for \$YG and one of the industries top \$EN cows at a +22. Amdahl's Dixie Erica 933 is easy fleshing, high capacity, fertile, great footed and has an ideal udder.
- We have sold many full daughters to the bulls being offered out of 933 to many registered herds across the country. She has six daughters in production in the Amdahl herd.
- Their sire is one of the most used calving ease bulls in the Angus breed. Black Granite goes back to one of the best cows to ever be raised at Connealy Angus Ranch, Eura Elga of Conanga.
- These bulls will add calving ease, fleshing ability, phenotype and predictability.

LOTS 78, 79 & 80 DAM: D R BLACKBIRD 148

LOTS 78, 79 & 80: MATERNAL BROTHER

LOTS 78, 79 & 80: MATERNAL SISTER

• These three flush brothers have raised the bar for consistency that you can get when you mate exceptional phenotype and performance cattle together. Each one of these bulls- Watchman 731, Barn Stormer 741 and Stronghold 768 are like peas in a pod. They offer thickness, volume and fleshing ability which is key in today's industry. We are very excited to see what these three flush brothers will do in their future herds.

• Their remarkable dam, Blackbird 148 meets all the criteria for a donor cow. Starting with her exceptional production on her natural calves, she has earned a weaning ratio of 110 on five calves and ratioed 113 on five calves for yearling weight. Her three natural bulls have averaged 805 lbs. at weaning and are still in use and are siring tremendous calves. Her daughter is one of our very best three-year old females and produces just as well as her dam. 148 has seven daughters in production in the Amdahl herd. Blackbird 148 ranks in the top 5 income producing cows in Amdahl history. She is picturesque in every way starting with her udder, length, fleshing ability, sound footedness and she is very feminine.

• The sire of these future industry leaders, Musgrave Big Sky was the top selling bull in 2014 for Musgrave Angus. He also sired our top selling female in the 2017 Foundation Female Sale, Amdahl's Lady Big Sky 663, that sold to Nueta Cattle Co., Busby, MT. She had a weaning weight of 830 lbs. Big Sky ranks in the top 4% for CEM, top 10% for WW & \$F and the top 15% for YW, MW, Marb, \$W & \$QG.

• We are also selling pick of their three flush sisters, Lots 138, 139 & 140.

• These bulls will certainly make a lasting impact in their future herds.

C/E: 5 BW: 79 Adj. WW: 859 WWR: 112

- ADG: 3.8
- 365 Adj. Weight: 1,461 lbs.
- Recommended for heifers. This Big Sky bull, Amdahl's Supreme Court 764 is powerfully built, extra thick and loaded with muscle front to back. With a 70lb. birth weight, he pounded down the scale, weaning off at 859 lbs., ratioing 113. His average daily gain from birth to weaning was 4.1 lbs. Having that kind of gain will put more money in your pocket come weaning time for those who sell calves by the pound.
- 764's dam, Amdahl's Miss MVP 3178 records a weaning ratio of 110 on three calves. Her three calves have all been bulls and have averaged 806 lbs. at weaning.
- 764's full brother, Amdahl's Big Sky 638 sells as a 2-year old.
- Musgrave Big Sky has worked tremendously well on this female. Bottom line, if you sell cattle by the pound, this is the type of herd sire that will pay back.

WWR: 110

• ADG: 4.2

• 365 Adj. Weight: 1,504 lbs.

• Amdahl's Leader 7132 is recommended for heifers. 7132 is a deluxe bull out of Amdahl's All American 324 offering herd improving numbers and the maternal components to make a lasting contribution. 7132 earned a 205 day weight of 842 lbs. for a weaning ratio of 110. Amdahl's Leader 7132 ranks in the top 1% for Milk & \$W, top 4% for WW & SC, top 15% for \$QG and top 20% for Marb. 7132's dam, Amdahl's Queen 404 is the mother of Amdahl's Amtrak which was our second highest selling bull in our 2017 sale. She has a weaning ratio of 114 on four calves. Her two bulls have averaged 860 lbs. at weaning. She ranks in the top 2% for Milk & \$W, top 10% for Marb & \$QG, top 20% for YW, YH & DOC and the top 25% for CED, CW & \$G.

• 7132's sire, All American 324 is a highly proven calving ease bull with the performance that the industry demands.

• Amdahl's Leader 7132 is one of my personal favorites. He packs big time performance, incredible muscle, thickness and volume in a moderate framed package, the kind that will advance a cow herd in the right direction.

C/E: 5 BW: 74 Adj. WW: 716 WWR: 94

- ADG: 4.0 • 365 Adj. Weight: 1,356 lbs.
- Here is another exceptional son out of the highly proven Amdahl's All American 324. American Pride 777 is a five-star calving ease bull all the way and is the most calving ease bull to be offered. 777 is moderate, thick, deep-ribbed and has lots of eye appeal. He ranks in the top 1% for C ED, top 3% for BW and top 10% for \$EN.
- His dam, Anchor 7401 is one of the most proven females on the place. 7401 has had four bulls in the past four sales that have all been top selling bulls, two have been purchased by the Bauman Ranch, Long Valley, S.D. and last year's bull was the second-high seller that sold to the Simon Ranch, Union Center, S.D. She has had eight calves averaging 85 lbs. at birth. 7401 ranks in the top 2% for \$EN and top 10% for CED.
- American Pride 777 is a classic example of what his sire, All American does on all his calves.
- 777 will make your calving season more enjoyable.

- ADG: 3.1 • 365 Adj. Weight: 1,236 lbs.
- Amdahl's First Round 723 is a five-star calving ease bull all the way. 723 has even thickness, great temperament, good footed and a complete heifer bull. Starting out at 69 lbs. at birth, he is in the top 1% for overall calving ease. He ranks in the top 1% for BW, top 2% for CEM & CED, top 4% for Milk and top 25% for \$W.
- His very feminine mother, Amdahl's Annie 405 has also proven to have low birth weight and good weaning weight. She has had two calves averaging 73 lbs. at birth and averaging 745 lbs. at weaning time.
- First Round 723 is a classic example of what his sire, Amdahl's All American 324 does on all his calves. All American 324 had a birth weight of 70 lbs. and weaned off at 835 lbs. which he passes on to his progeny the same big spread that makes ranching more profitable.
- 723 will make your calving season much more restful.

- ADG: 4.2
- Authority 7109 is a deep bodied, easy fleshing bull with an abundance of volume and capacity, the kind who will thrive in any environment. Like his sire, Merit 466, he offers eye catching appearance with a great disposition. 7109 weaned off at 829 lbs. earning a ratio of 109.
- His beautiful, productive dam is the longest four-year old on the ranch. Amdahl's Queen BP 3101 has a picture-perfect udder and is the type of cow that will thrive during the rough years.
- If you want moderate, made right kind of cattle that will pack on the pounds, Authority 7109 is the herd sire that will get you there.

- Recommended for heifers. A multipurpose, calving ease bull with strong maternal and performance traits, Amdahl's Mighty 7114 is a long spine bull with natural thickness and shape.
- 7114's dam, D R Dorinda 141 is as productive as they come with chart topping ratios. She has had five calves at birth, making her a low birth weight cow with record setting weights, averaging 800 lbs. on her last four bulls. She ranks in the top 3% for CEM, top 10% for CED, DOC & \$W and the top 15% for SC.
- If you want phenotype, low birth weight and high weaning weight, this is the kind of bull that will get you there.

- ADG: 4.1
- 365 Adj. Weight: 1,415 lbs.
- 7123 is out of the highly consistent Merit 466. He is an elite curve bender with calving ease design and picturesque phenotype. He comes from one of the strongest maternal cow families in the breed. He ranks in the top 1% for Milk and top 10% for BW. 7123 is a great balance of performance and calving ease.
- His dam, D R Blackcap 121 is a highly proven producer that has great phenotype and udder quality with the best disposition. She ranks in the top 4% for SC, top 15% for BW, top 20% for Milk and the top 25% for Marb, \$QG & CED. Her ratios are off the charts starting with fire bulls averaging 78 lbs. at birth and ratioing a whopping 108 on five calves for weaning, 5 @ 109 for yearling and 3 @ 128 on IMF. Those five bulls have been top sellers each year and have averaged 796 lbs. at weaning.
- 7123's sire, Merit 466 is extremely balanced with his shape and size. Merit 466 is backed by one of the best cows at Herbster Angus Farms, Limestone May 8195. She raised the top selling bulls in Herbster's sales in 2014 and 2015.

- 365 Adj. Weight: 1,169 lbs.
- This Frontman son, 754, is loaded with performance and maternal traits in his pedigree. He is a well-rounded bull with shape and structure. He ranks in the top 1% for \$YG, top 15% for \$EN & top 20% for SC, BW & RE. 754 started off at 74 lbs. at birth and he weaned off lighter because his mother died at pasture, which is unfortunate because she was one of the top up-and-coming females in our herd.
- His dam, Amdahl JD Miss Blk Par50-390, was a very well-rounded female for EPDs and phenotype. Her dam, P A R Emblazon 50, was in our donor program for years and has over 15 daughters and granddaughters in production on the ranch.
