Welcome to Amdahl Angus & Hereford's 2019 Bull and Female Sale

We thank you, our customers, friends and family for your support throughout the years. We once again feel blessed to not only work with livestock on a daily basis, but continue to do what we love and enjoy. We appreciate your interest in our program and look forward to serving you in your breeding decisions and seedstock needs. We are grateful to the Baker family and enjoy working with Hereford genetics and are excited about what the Angus and Hereford genetics can do for our costumers.

Whether you're in the commercial or registered cattle business, we know the key to your success is producing a live calf at birth and the top cut quality calf that weighs down the scales come weaning time, still keeping in mind that females are the backbone to any successful operation. That's why we continue to place a huge emphasis on maternal traits, growth and structural soundness.

Intensive use of powerful donors and extensive embryo transfer has allowed us to progressively enhance the phenotypic and performance genetics that our costumers desire.

We hope that you contact us directly if you have any specific questions or if we can be of any assistance at all. As always, we thank you in advance for supporting our program and look forward to seeing you at the ranch on February 9th.

Tim and Marcia, J.D. and Annie Amdahl

Tim & Marcia Amdahl

J.D. & Annie Amdahl

Inspection of Cattle: Cattle will be available for inspection at the ranch anytime prior to the sale, call to make arrangements.

Health: Interstate health papers furnished on all cattle selling.

EPDs & \$Values: The American Angus Association is now calculating EPDs on a weekly basis using all available carcass harvest data, ultrasound data and the Igenity Angus specific genome profile data. It is possible new data has been submitted between the date the catalog was finalized and sale day which will affect the individual EPDs and \$Value Indexes of the animals selling. If your purchasing decision relies highly on the most current carcass data available, please look up animals of interest on the American Angus Association web page prior to viewing the sale offering.

Terms: Cash - please settle for cattle promptly.

Terms & Conditions: All cattle sell according to the standard terms and conditions of the American Angus Association. Amdahl Angus will retain a 1/3 semen interest in all bulls and 1/2 interest on a select few. New owner has Full Possession unless otherwise announced.

Sight-Unseen Purchases: If you can't attend our sale, we would be happy to help you select and purchase your bull. We know our bulls well and by visiting with you, we feel we can buy a bull that will fit your program. Some people prefer this. Call anytime at 605-929-3717 or 605-999-6487.

**\$100 OFF EACH BULL TAKEN
HOME SALE DAY**

Supplement Sheets: Will be available sale day with any updates.

Guarantee: All bulls selling will be covered through October 1st. If a bull becomes injured and does not recover we will give you credit towards one replacement bull or credit in next year's sale less salvage value (\$1,500). Bull need to be evaluated by qualified vet before selling.

We want to help work with our customers in their future success. We are here to help and encourage you in the cattle business.

Trucking: We will be glad to assist in making the best possible trucking arrangements. FREE delivery up to 300 miles. A \$100 discount per bull will be given if they are taken home sale day week.

Additional Insurance: Will be available sale day.

Liability: All persons attending this sale do so at their own risk, legal or otherwise, for their safety or the behavior of the animals. The Owners, Auction Service and Sale Staff assume no liability for property loss or any accidents that may occur.

Announcements: From the block will take precedence over the catalog. Buyers unable to attend may send their bids to the Auction Service, Field Representatives or Auctioneer.

Lunch: Lunch will be available sale day.

**We have the strongest set
of bulls we have ever offered
front to back in our catalog.
We would like to show you
our bulls and females
before sale day.
We appreciate you
as a customer and look
forward to working with you.**

OUR 5-STAR SYSTEM

★★★★★

CALVING EASE

5-Star Rating System: Most of our bulls offered for sale could be used on first calf heifers due to shape and size. To help you identify our calving ease proven bulls, we have a 5-Star rated system, 5-Star being our easiest calving. Our 1 and 2 Stars are for cows, because the sires are less proven on heifers. Our 3, 4 & 5-Star rated bulls are out of proven calving ease bloodlines for birth weight and shape. These bulls will work the easiest on heifers.

DNA TESTED

All Angus bulls are DNA Genomic: GGPLD tested for Parentage and all EPDs for future Accuracy and the benefit of our customers and their future profit.

SEMEN TESTED & VACCINATED

All bulls have been semen tested and vaccinated. Bulls had 7 way 3 times, 5 way 2 times, wormed, poured, foot rot, pinkeye and breeding shots. Bulls are freeze branded.

AVERAGE DAILY GAIN TEST #/DAY OF AGE

Day weaned till final weight taken. Weight per day of age.

– High Roughage Ration Fed each day.

**Bull pictures were
taken at the end of November**

*Amdahl Angus & Herefords
 had the Champion Pen of 3 Angus Bulls
 at the 2018 Central States Fair,
 Rapid City, SD*

Dear fellow cattlemen and friends,

The Bakers and Amdahls offer you a warm welcome to this year's sale. We are excited about the excellent offering of both bulls and females awaiting your considerations. 2019 marks the 73rd year of Baker Hereford genetics of which the Amdahl Herefords are rooted for. We feel we are offering a top set of genetics that will benefit both the purebred and commercial cattle industry.

We are excited about the new sires we have used for this years offering. The first sons of the great CL 1 Domino 6104D will sell along with the sons of HH Advance 4344B. These are true calving ease sires with performance to go along with it. The variety of other sires are exciting as well and they come through our embryo and AI programs. These are top bulls end to end in the two year olds as well as the fall and spring yearlings. You can rest assured that these bulls come from a cowherd that produce consistently as they are line bred for production and quality.

We are thankful for our many friendships we have made in the past and look forward to working with you all in the future. We thank you for your interest and let us know if we can be of further assistance.

Jim Baker

Jim Baker

HOW MUCH CAN YOU AFFORD TO PAY FOR A TOP BULL?

COWMAN FORMULA

Increase in pounds per calf from a top-performance bull
X No. of cows bred to him per year
X No. of years to keep the bull
X Expected selling price of calves
= Additional dollars you can pay for a better bull

Example: A bull who will add 30 lbs. to the weaning weight of each of his calves mated to 25 cows per year for 4 years and you sell the calves for \$1.60 per pound.

$$30 \times 25 = 750 \times 4 = 3000 \times \$1.60 = \$4,800$$

This bull is worth \$4,800 more than the average bull who will keep your weaning weights the same. Take this formula and put your own figures in and see what you can afford to pay. This equation does not consider the increase in value due to calving-ease, higher quality replacement heifers, yearling growth, feedlot gain and improved carcass quality.

A LEADER IN DNA TESTING.

We have one of the most genetically tested herds in the breed for accuracy. We have DNA tested our bulls for Genetic Accuracy in calving ease, maternal and carcass quality. As you can see, the ADG (Average Daily Gains) of our bulls are very uniform. Our ADG is from birth to yearling not just a short test period. We all want a consistent product- that's why we do DNA testing, Embryo work and seek out the best genetics to raise bulls and females for our costumers.

Here is a formula you can use to show what a bull that would increase your weaning out by 30 pounds would be worth.

IT WOULD BE OUR PLEASURE TO ASSIST YOU IN YOUR MARKETING NEEDS.

We would like to help you market your cattle out of our bulls. We have Order Buyers asking us where and when calves out of our bulls are selling. We get calls every year for Blacks, Black white face and Hereford open heifers.

Please give us a call.

-Tim Amdahl 605-929-3717 J.D. Amdahl 605-999-6487

The Big Cut Pays

Having more calves make the big cut when you ship is a sure-fire way to add profit. Amdahl bulls will add more pounds and consistency to your calf crop. We feel consistent performance is crucial in making high quality steers and heifers. Our bulls averaged 3.4 pounds from the time they hit the ground at birth to their 365 day weights, that is truly the only way to give an average daily gain.

• ADG: 3.8 • 365 Adj. Wt: 1473lbs.

- Amdahl Cowboy Up 830 is the number one weaning weight bull in the 2019 sale. He earned a 205 day weight of a massive 906 lbs and a weaning ratio of 118.
- 830's dam, Amdahl Miss BP 509 has posted an impressive weaning ratio of 109 on her first two calves. She has exceptional phenotype with a great udder structure. 509 is a heavy milking, light birth weight female that offers second to none style and looks.
- This could certainly be one of the finest Cowboy Up sons to sell in the 2019 bull sale season. This Cowboy Up son is an absolute stud, loaded with thickness and muscle, front to back. He had an actual weaning weight of 1081 lbs that boosted him to the number one spot at weaning time.
- Selling 1/2 possession and semen interest.

HA Cowboy Up 5405 sons

- Here is one of the most powerful Cowboy Up sons to be offered in the 2019 bull sale. Amdahl Cowboy Up 836 won't be hard to find in the bull pen with his stunning muscle mass and overall thick-made structure. He earned a 205 day weight of 840 lbs for a whopping weaning ratio of 121.
- His heavy milking, moderate framed dam by Block Party 156 is a gentle natured female that always brings home one of the biggest calves. Amdahl Miss Block 378 has earned a weaning ratio of 110 on her four calves. Her first daughter was sold to the Conroy Ranch in Nebraska.
- This young, future herd sire is certain to leave a lasting impact in his future herd and the cattle he will be A.I.'d to. He has an impressive actual weaning weight of 1073 lbs.

- ADG: 3.6 • 365 Adj. Wt: 1397lbs.
- Recommended for heifers. Amdahl Armory 823 comes fully loaded with calving ease, performance, maternal and cow family strength. He is long bodied and made with style. He earned a 205 day weight of 837 lbs which earned him one of the top weaning ratios at a whopping 109.
- His beautiful dam by Black Top Consensus 205 is one of our up and coming, young first calf females. Amdahl Miss Consensus 6147 comes from the powerful OCC Paxton cow family.
- Amdahl Armory 823's grandam Paxton Alliance 213 is one of the most fertile females on the place, sticking to an AI sire every year of her production. She is also the deepest and easiest fleshing female on the place.

- Here is a home run hitter for depth of body, side profile and all the maternal backing you could ask for. Amdahl Armory 822 earned a 205 day weight of 791 lbs and had a ratio of 103.
- His moderate, deep bodied, 9 year old dam by OCC Prototype is one of our most consistent producers on the ranch. Amdahl JD Miss 030 has earned a weaning ratio of 103 on seven calves and has three daughters retained in the herd, along with several granddaughters.
- Amdahl Armory 822 is certainly one of the deepest bodied and well rounded Armory sons in the country.

• ADG: 3.5 • 365 Adj. Wt: 1369lbs.

• Amdahl Armory 816 is a personal favorite and will produce the type of feeder calves that will crush the scale. 816 scored a whopping 205 day weight of 873 lbs for a weaning ratio of 114, earning his position for the second highest weaning weight of 1,108 lbs. He will surely make a profound difference in his future herd.

• Amdahl Armory's dam Miss Strategy 5115 has earned her way to one of the top producing females in the herd. She earns a weaning ratio of 111 on ten calves. 816's dam is strong topped, easy fleshing with great udder structure.

• 816 will certainly leave his mark as one of the finest Armory sons to be sold.

• ADG: 3.0 • 365 Adj. Wt: 1155lbs.

• A low birth weight Armory bull with rich maternal tradition. Amdahl Armory 831 is an elite curve-bender who does it all: length of body, performance and high maternal value with lots of cow power to back him. He earned a 205 day weight of 783 lbs for a weaning ratio of 103. His EPD profile excels from start to finish, a total herd improver. His half brother Amdahl Merit 7109 was purchase by Doug and Mason Ditterle in the 2017 sale.

• 831's dam, Amdahl Miss Queen BP 3101 is a must-see when visiting the ranch. She offers tremendous udder quality with extra length, topped off with her most important feature: production. She has earned a weaning ratio of 105 on three calves. 3101 has also earned Pathfinder status. 831's grandam, Amdahl Homer Queen 709 served the Amdahl program for eleven years and was one of the deepest, easiest fleshing females with incredible length that we have ever raised.

- ADG: 3.4 • 365 Adj. Wt: 1301lbs.
- 804 earned an actual weaning weight of 954. Amdahl Armory 804 is at the top of his class in the Armory sired bulls. You will certainly pick him out in the bull pen with his great phenotype, style, structural soundness and attractive look.
- Armory 804 comes from the Glory 861 cow family line that offers sound feet, udder quality and longevity. His dam, Miss Mode 3138 offers the same traits as her mother with great feet, perfect udder and fleshing ability! She ranks in the top 10% for \$EN which is very hard to find in todays industry.
- 804 will surely make the type of steers that will weigh down the scales and make the type of females to build a strong maternal and powerful cow herd. This future sire will be easy to use with any herd because of his total outcross pedigree.

- ADG: 3.0 • 365 Adj. Wt: 1164lbs.
- This Yeti son, Amdahl Yeti 878 is loaded with some of the most popular sires in the Angus breed. He is long-bodied, with lots of growth.
- 878's dam, Amdahl Miss Tour of Duty 6146 is one of our best Tour of Duty daughters in production.
- His grandam PAR Transforming 83 is one of the most complete OCC bred females on the ranch.
- He ranks in the top 10% of the breed for YW, CW and \$F.

- ADG: 3.1 • 365 Adj. Wt: 1202lbs.
- Recommended for heifers. A calving ease bull with smoothness, growth and female power is exactly what this Amdahl Yeti 828 will give you. He started with a low birth weight of 69 lbs and weaned off at 33 lbs above breed average for 205 day weight as his dams first calf.
- 828's feminine, well made dam by Merit 466 is one of the top Merit daughters in the herd.
- Amdahl Yeti 828 offers exceptional low birth weight and will add depth and correctness to his future herd.

- ADG: 3.1 • 365 Adj. Wt: 1225lbs.
- Amdahl Yeti 840 offers an optimum blend of performance and maternal value. He is rugged built with muscle, thickness, volume and pounds. He's the kind that will deliver feeder calves that will weigh more and pay more.
- 840's dam has averaged 748 lbs at weaning on her last three bull calves. Miss Timeless Erica 1040 is a very well-balanced EPD cow with a very outcrossed pedigree.

- ADG: 4.0 • 365 Adj. Wt: 1539lbs.
- Amdahl Remedy 832 is an all around performer who will keep you in the cow business. He is super complete with abundant muscle, capacity and overall size and appearance. He earned a 205 day weight of 802 lbs which gave him a ratio of 105.
- His heavy milking dam by Block Party 156 is the number one EPD female of her 2014 calf crop. Amdahl Lady Beulah 419 ranks in the top 2% for WW and MW, top 4% for YW, top 5% for MH and RE and the top 15% for SC and SF. His grandam is an elite donor cow and raised our top selling female in the Denver Foundation Female Sale in 2017.

- ADG: 3.5 • 365 Adj. Wt: 1364lbs.
- Amdahl Remedy 837 is a remarkable Remedy son that offers lots of length, performance, EPDs, pedigree and cow family strength. He is one of Remedy's best sons to date and has potential beyond the breeding pasture. 837 earned a 205 day weight of 833 lbs for a weaning ratio of 109.
- His dam, Amdahl Blackbird JD 6124 is not only a production powerhouse but offers impressive EPD credentials. She was our top EPD profile female from the 2016 calf crop. Her sire Tour of Duty 177 was the top selling semen bull at ORigen in 2017.
- 837's grandam, DR Blackbird 133 is the mother of the highly used AI sire-Amdahl Heavy Duty 323 and is also the grandam of Amdahl Yeti Plus 810. She has earned a weaning ratio of 111 on her six calves.

*"Not just quality bulls at unbeatable prices,
but the Amdahl family are the highest quality people who care
about your success and satisfaction as much as you do."*

– Frank Bauman, Bauman Brothers Ranch

LOT 26 - DAM

LOT 26 - FULL BROTHER

- Recommended for heifers. A low birth weight bull by SAV Ringmaster with thickness, muscle and high profitability traits. 808 is a full brother to Amdahl Commander 628 who was our third highest selling Angus bull in our 2017 sale, and is a half brother to Amdahl Landmark 712 who was our second highest selling bull in 2018 (purchased by Millar Angus and Kinzley Ranch).
- 808's dam, Amdahl Miss Ultimate 103 records an outstanding weaning ratio of 103 on six calves and a ribeye ratio of 103 on four calves. His dam has certainly set the bar very high with her outstanding fleshing ability, phenotype, structural correctness and most of all, her production. She ranks in the top 4% for BW, top 10% for CED and top 15% for \$EN.
- Amdahl Ringmaster 808 brings consistency, masculinity, early maturity and true Angus breed character.

LOT 29 DAM: AMDAHL DIXIE 7402 014

LOT 29: MATERNAL BROTHER

- Amdahl Big Sky 7202 is a standout Big Sky son with lots of length and is loaded with muscle. 7202 has an impressive profile, great feet and walks like a cat. We will be retaining 1/3 semen interest and the right to use him naturally, but at the new owners convenience. He will certainly leave a lasting impact with his strong maternal traits and very impressive profile. He ranks in the top 10% of the breed for CED and HP.
- His dam, Amdahl Dixie 014 was a beautiful line bred daughter with lots of depth and was extremely feminine. She was also one of the easiest fleshing cows on the ranch. She served in our donor program and has ten daughters and granddaughters retained in the herd. She ranked in the top 10% of the breed for CED, BW, HP and \$EN. 014 is now deceased but certainly left her mark.
- 7202's full brother was our top selling Big Sky son in our 2017 sale and was selected by Mickey Simons. He will not be hard to find in the pen and has always been a personal favorite.
- Selling 1/2 possession and semen interest.

- ADG: 3.4 • 365 Adj. Wt: 1310lbs.
- A Big Sky son that is bred to be a true cow maker. 821 has great feet, excellent shape with lots of style and eye appeal.
- 821's dam, Amdahl Miss Legend 387 does what cows are truly meant to do with her excellent mothering, perfect udder and continuing to breed back earlier and earlier every year and is as easy keeping as they come. She ranks in the top 10% for \$EN and continues to produce progeny that certainly improves the beef industry.

- ADG: 3.5 • 365 Adj. Wt: 1372lbs.
- This powerhouse Big Sky son follows in the steps of his sire, Musgrave Big Sky and is the next step in the right direction to improve any herd. Amdahl Big Sky 862 is a very well-balanced cow bull that offers exceptional EPDs and is a true standout of his sire group.
- His moderate, well-made Missing Link dam records a weaning ratio of 105 on four calves.
- Amdahl Big Sky earned an actual weaning weight of 1047 lbs which was 74% of his dam's body weight at weaning time.

- ADG: 3.7 • 365 Adj. Wt: 1416lbs.
- He earned an actual weaning weight of 994. When you combine Amdahl Heavy Duty 323 with 805's dam 405, you get an outstanding combination like Amdahl Heavy Duty 805. He is the most powerful Heavy Duty 323 son that we have raised to date and we look forward to seeing him grow and produce in his new herd. 805 started out at 81 lbs at birth and weaned off at a massive 800 lbs earning a weaning ratio of 104.
- His dam, Amdahl Annie 405, descends from the productive Annie cow line which goes back to my very first registered cow that was purchased from LaGrand Angus. 805's dam, 405, is a very feminine, well-balanced, Top Hand daughter who goes back to the very well-known Bismarck 5682 sire. She offers calving ease with exceptional performance, ranking in the top 4% for DMI and the top 10% for BW and SC as well as being very easy fleshing with a +4 on the \$EN
- Amdahl Heavy Plus 805 will add lots of feedlot traits to his steer calves which is crucial in today's industry and his heifer calves will be the kind to sort back and keep in the herd to add power and maternal traits.
- Selling 1/2 possession and semen interest.

- ADG: 3.4 • 365 Adj. Wt: 1307lbs.
- Recommended for heifers. Amdahl Heavy Duty 851 earned a 205 day weight of 810 lbs for a weaning ratio of 106. 851 is everything his name implies, Heavy Duty, in terms of phenotype, performance, EPDs, pedigree and cow family strength. He is one of the best Heavy Duty sons to be sold in the 2019 sale.
- His dam, Amdahl Miss Consensus 418, offers a combination of consistent EPDs, low birth weight and efficiency, ranking in the top 15% for \$EN. She has earned a weaning ratio of 106 on two calves.
- 851's grandam, PAR Traveling 72, was one of the hardest working females and served the Amdahl Ranch for sixteen seasons.
- If you want longevity with strong maternal traits and fleshing ability, look no further than these genetics.

- ADG: 3.6 • 365 Adj. Wt: 1378lbs.
- This premier Rocketeer son, Amdahl Rocketeer 875 is a deep ribbed, stoutly made bull that will excel in any program. He is certainly one of the favorite Rocketeer sons to be offered in the 2019 sale. 875 earned a 205 day weight of 860 lbs for a weaning ratio of 112.
- His highly productive dam by Block Party 156 records a weaning ratio of 106 on three calves.
- 875's grandam, Amdahl Dixie 014 has served in the embryo program and has earned a weaning ratio of 105 on five calves. She also has four daughters and seven granddaughters retained in the herd.
- Amdahl Rocketeer 875 earned an actual weaning weight of 1026 lbs and is a true maternal pound making type of bull.

- ADG: 3.5 • 365 Adj. Wt: 1355lbs.
- This standout Rocketeer son has so many positives to offer, including all the length and correctness found in any young, future herd sire. Amdahl Rocketeer 826 earned an actual weaning weight of a whopping 910 lbs and records a 103 for his weaning ratio.
- His dam, Amdahl Miss OCC 402, has earned her way to the top of the production charts, having three calves with a ratio of 101 at weaning. She is as thick as any cow raised at the Amdahl ranch. She hails from one of the most influential females in our history: the KSU Miss Newsline 7197.
- 826 is the type of future herd sire that will add pounds to the scale and beautiful females in the pasture.

- ADG: 3.3 • 365 Adj. Wt: 1288lbs.
- Recommended for heifers. 806 earned an actual weaning weight of 806 lbs. Amdahl Aviator 806 started out at 77 lbs at birth and adjusted weight at 753 lbs. It will be tough to find a better Aviator son than 806. He offers a true calving ease pedigree with lots of shape and capacity.
- His dam, Amdahl Big Sky 641 is one of the first Big Sky daughters to hit production. She starts her young career off with a home run on this Aviator bull. She ranks in the top 2% for HP which is one of the most profitable EPD's because of it's lasting benefits in a herd for breed back.
- Amdahl Aviator 806 is a must-see young sire that is certain to catch your eye in the pen.

- Amdahl Aviator 896 is a long-bodied bull with lots of growth and frame.
- 896's well-made dam by Consensus 2616 has a great udder and is excellent footed.

"The Amdahl bulls that I have bought in years passed, have stayed in excellent flesh during and after breeding season and the feet have been exceptional.

On top of the bulls staying in great shape, their disposition is second to none."

-Brad Hohbach

- ADG: 3.5 • 365 Adj. Wt: 1340lbs.
- Recommended for heifers. This sale featured bull out of Amdahl All American 324 is an EPD powerhouse. He earned a 205 day weight of 791 lbs for a weaning ratio of 103. He is intensely line bred for predictability and consistency. He ranks in the top 3% of the breed for WW and SC, top 4% \$W, top 10% for YW and the top 15% for DOC and \$F.
- His dam, Amdahl Erica Hickok 544 is the number one EPD cow in the Angus breed and ranks in the top 1% for WW, YW, SC, DOC, CW, \$W, \$F and \$B. She's still number one in the breed and comes up twelve times as number one with her EPDs. Not only does Erica 544 have outstanding EPD credentials, she also records a weaning ratio of 103 on her two calves. She currently serves in the donor program and is the most prolific donor cow in the Amdahl program. We are also selling three pregnancies out of 544 in our 2019 sale. She has twenty-five progeny expected in 2019.
- Pregnant recipes out of the dam of 8152 sell as Lot 143.

- ADG: 3.6 • 365 Adj. Wt: 1377lbs.
- Recommended for heifers. This future herd builder kind of bull is sired by Amdahl's All American 324 and offers calving ease, performance, strong eye appeal and is backed by generations of Pathfinders on the bottom and top side of his pedigree.
- 802 started off at 75 lbs at birth and weaned off at 761 lbs from his very attractive first-calf mother.
- His dam, Amdahl Dixie Erica 6140 brings a lot to the table with her stand out pedigree and low birthweight EPDs. She ranks in the top 1% for \$YG, 3% for BW, 10% for CED and the top 15% for \$EN. She has great udder structure and is the type of female we strive to produce every year.
- All American 802 is out of the prestigious Dixie Erica 933 cow family that is the backbone of our easy fleshing and maternal cow line at Amdahl Angus. 802 will bring consistency, calving ease and will produce the type of females that will last.

- ADG: 3.0 • 365 Adj. Wt: 1172lbs.
- Recommended for heifers. Amdahl All American 8121 is one of the most efficient, calving ease bulls to be offered in the 2019 sale. He is deep-bodied and ranks high in some of the most important economic EPDs; such as HP which is crucial to breed back and \$EN which is also very important to those who raise their cattle in dryer climates.
- His dam, Amdahl JD Miss Mode 274 is a model of efficiency without compromising production. She is one of the most moderate, easy fleshing females in the Amdahl programs and ranks in the top 3% in the breed for \$EN.
- 8121s' sire, Amdahl All American 324 puts lots of shape and style with plenty of fleshing ability into his progeny. He is one of the favorite herd bulls to be seen on the ranch.

- ADG: 2.9 • 365 Adj. Wt: 1140lbs.
- Recommended for heifers. Amdahl Merit 8142 is a moderate Merit 466 son that travels very well and is backed by a strong cow family.
- His dam, Amdahl Miss Mode 3145 is a long bodied Moderator daughter that is a great granddaughter of PAR Emblazon 50 who graced the pastures in the Amdahl program for seventeen years. She ranks in the top 3% in the breed for \$EN.

- ADG: 3.3 • 365 Adj. Wt: 1203lbs.
- Amdahl Consensus 6132 is a Consensus grandson that is broad-backed and super thick with abundant volume and rib shape. He is the kind of bull that will thrive in any environment.
- 6132's dam is a long-bodied female with great maternal thickness and an ideal udder.
- This is a great chance to get a Consensus 7229 grandson that will cover a lot of country. This coming three year old bull was kept back for our guarantee program and he is a good example of the high quality bulls that we keep back for replacement, he is the same quality bull as the other bulls he was raised with.

- ADG: 3.0 • 365 Adj. Wt: 1100lbs.
- Amdahl Tour of Duty is a unique mating of OCC Missing Link and RB Tour of Duty 177. Amdahl Tour of Duty 6131 is super complete with incredible thickness, volume and muscle-built to last.
- He has a lower weaning ratio due to his mother dying before weaning.
- It is very hard to find an older Tour of Duty son that will cover the country, but here is one that we used ourselves and feel that he will compliment any herd.

Here is an ET bull that stands wide, is correctly made, has lots of style, good length and muscle. 710 is a bull with some older genetics that we went back to and was raised on a poor recipient cow. His sire, 501, was a legend and the 042 cow was a Dam of Distinction with an 11 calf weaning ratio of 106.5 and yearling of 104.2. 710 has great genetics and could be used on heifers.

791 is a lead bull prospect that has style, thickness, pigment and depth of body. His pedigree is full of some of the greatest cows in the breed and his mother is tremendous. Her first two sons have averaged \$11,000. They are at work in our herd as well as Behms' and Hermans'. One could write a book on what the cows in this pedigree have done.

Retaining a semen interest.

Powerful is the best way to describe 845. He is full of performance and quality any way that you look at him. He is deep, thick, has tremendous capacity, a big hip and stifle as well as being big topped. He is a full brother to Lot 116 and maternal brother to Lots 135 and 133. He should really be a breeding bull. We really want to own his powerful mother 2143 who is out of the \$30,000 9136 cow who goes back to the legendary 475P cow. 2143 has a weaning ratio of 109.8, a ribeye ratio of 106.3 and a yearling ratio of 102.3 on her calves. **Retaining a semen interest.**

Here is a bull with a unique pedigree being double bred to Cooper's great

legendary 440P cow! This bull was raised by a fair recipient cow but is really coming on. He is deep bodied and solid red with bred in maternal traits. He is out of our great 0077X donor. There are great udders in this pedigree. 867's sire topped Cooper's bull sale and his daughters have a weaning ratio of 102.4. He has a ribeye ratio of 103.8 and a marbling ratio of 103.

835 is a big time performance herd bull prospect that is highly related to the \$170,000 top selling Cooper bull last year. He is extremely deep, thick and big topped. 835's sire sold for \$70,000 and has sired top cattle. He is also a full brother to our 623D top selling bull and his dam is one of Cooper's best with a son selling last year for \$10,000. Maternal brothers sell as Lots 112, 116 and 133. **Retaining a semen interest.**

- We are leading off with this female for a reason. She is not only an EPD powerhouse but is one of the most complete, young females that we have ever raised. Her walk is second to none and structurally she offers everything that you would look for in a future donor cow. She ranks in the top 1% of the breed for WW, YW, and \$F, top 5% for CW, and \$W, top 10% for RADG, top 15% for SC, and the top 20% for MW and \$B.
- Her dam, Amdahl's Miss BP 393 is a well-rounded five year old Block Party 156 daughter that records a weaning ratio of 105 on her four calves.
- Amdahl Miss Cowboy 849's full brother was the top selling Cowboy Up son in our 2018 sale and was selected by Matt Bowen.
- We are certainly offering some of our best young females in this sale and it is obvious to see in this beautiful Cowboy Up daughter.

- 803 is a very feminine, long bodied Armory daughter that offers exceptional growth, maternal traits and all around performance. She ranks in the top 1% of the breed for \$F, top 2% for RADG, top 3% for YW, top 4% for \$W, top 10% for WW, HP and Milk and the top 20% for BW, YH, SC and \$Beef. She had an actual birth weight of 78 lbs and weaned off with a 205 day weight of 709 lbs for a weaning ratio of 104, and that's with no creep feed.
- Her dam, DR Blackbird 133 is a deep bodied, maternal powerhouse that consistently raises the top calves each and every year. She is the mother of Amdahl Heavy Duty 323, which was the top selling bull in our 2014 sale. She had one of the top selling heifer bulls in our 2016 sale that was selected by Gerad and Megan Julson. In our 2016 fall sale, she had the top selling heifer calf that was selected by Baker Angus and in the 2018 sale, she produced our biggest spread heifer bull, Amdahl Merit 787 that was selected by Tyler Carrol. She has five daughters and granddaughters retained in the herd and will be joining our donor program and rightfully so. She records a weaning ratio of 111 on her six calves.

- TA L1 Dominette 832F is a long-bodied female with extra natural thickness and great pigment. She has certainly been one of my personal favorites from the summer pasture until now. She is the highest weaning weight heifer in our 2018 Hereford calf crop.
- Her dam, KB L1 Dominette 1156 is a heavy milking female that has produced many top bulls in past sales. She has five daughters and granddaughters retained in the herd.
- 832F's sire, CL1 Domino 215Z sires the type of cattle that are heavily sought after and this female is no exception.

THE BEST OPEN HEIFER TO BE OFFERED IN THIS YEAR'S SALE
GREAT SHOW HEIFER PROSPECT.
