

The Black Hereford Sale

Saturday,
March 8, 2014

Selling:
96 Head Bulls and Females

Diamond W Arena Complex — Alvarado, Texas

Reference Sires

WR CURVE BENDER 8616

is producing good herd bulls and replacement heifers. He is a low birth weight bull so he is our heifer bull as well. His offspring have been cattle buyers' first choice from calves sold from our ranch. He is homozygous. Perfect package. High selling bull from J&N ranch sale 2008.

9498

is producing calves even better than we expected. This bull is co-owned between Triple L Ranch and J-B Ranch. With EPDs, docility, marbling, tenderness, M&G, and all other numbers off the chart, his offspring offered in this sale will help improve all your genetics. He is the high selling bull from the J&N sale from 2010.

CHURCHILL 1251Y ET

Welcome to Texas,

It's hard to believe that we are having our third BLACK HEREFORD SALE in Texas.

We learned a lot in the past 2 years and this year we intend for the sale to be better. We feel to be doing what's expected of us we must improve each year, and we have.

This year Triple L welcomes a few new consignors along with the ones who have always consigned in our sale. The list of consignors, along with their contact information are mentioned at the bottom of this page.

Thank you to all who help THE BLACK HEREFORD SALE be a success. Many hours of preparation go into a successful sale, and without all those who help, this sale would not be possible.

Our Hereford and Angus friends keep providing excellent genetics for the Black Hereford breed. Each year we see the quality of our cattle improve and we realize all 3 breeds are important to each other. As always to our Hereford and Angus breeders we bid you God speed in your cattle operations.

Each consignor will guarantee their cattle in THE BLACK HEREFORD SALE. Bred cattle are palpated or sonogrammed safe with calf and each bull will be fertility tested and sound.

All cattle will be sold with health papers ready to be delivered or taken to their new homes anywhere in the United States.

THE BLACK HEREFORD SALE has a selection of cattle that works with any program wanting black calves.

Whether you are a novice or a lifelong cattle person THE BLACK HEREFORD SALE is the place to be March 8th, 2014.

One more thing we need to mention, this year we are having THE BLACK HEREFORD SHOW. This will be the first ever Black Hereford Show.

Two professional judges from the Hereford breed agreed to judge THE BLACK HEREFORD SHOW.

Black Hereford breeders from across the U.S. are excited that we will have a large group of quality cattle, under one roof, all at one time, for all the world to see. Don't miss out on this opportunity!

Thank you Triple L Ranch

CJC ILR REGAL 3174 ET
Bull 43386550

Regal offers a package of muscle, balance and eye-appeal. He is a stout, long-bodied bull with huge rib and a powerful hip and leg, but still ties in very well through his neck and shoulder and travels very well. He is dark red in color and ideal in his markings. This bull will put powerful performance to his offspring. Regal was recently named the Junior Bull Calf Champion at the Western Nugget National in Reno, NV.

SIRE: NJW 73S W18 Hometown 10Y					DAM: C Ms Moler 6214 ET				

Thank you for purchasing all of our 719T sired F1 Hereford x Angus females. We would also like to thank you for purchasing a major share in our newest herd bulls REGAL and RED POWER. WE LOOK FORWARD TO OUR CONTINUED PARTNERSHIPS.

Red Power is a huge-ribbed bull that offers plenty of muscle over his top and carries it deep into his quarter. He is a true performance bull that had an actual birth weight of 84 lbs. and grew to an actual weaning weight of 800 lbs. Red Power has an impeccable pedigree being sired by the proven performance bull Redeem and out of Churchill Lady 600S who has produced many great ones, including 008X that was the Grand Champion Female at the 2011 Junior National Hereford Expo.

Dylan Harris bought, and showed this heifer winning grand and reserve champion at many shows. This heifer sells with a Triple L 0053 sired calf by her side and bred back to our homozygous Kansas Bull. Proven genetics, proven producer, this is a foundation heifer. Ask for details about her and her calf at the sale. Dylan will be showing this cow calf pair and another heifer. At the time of writing these notes her calf is not born and it may be Homozygous. She may be caring a Homozygous heifer calf!!! How can you NOT take this herd home with you!

152 is a home raised calf out of a very good cow from our top cow family. She is good uddered and never misses on raising a good one. His sire comes from Van Newkirk Herefords, well known for solid, high performing cattle that excel in growth, maternal and carcass. 152 has looked and been special from birth. He is 100% pigmented, conservatively marked, and has grown into a very long sided, long hiped, thick herd sire that has plenty of top and depth of side and is clean fronted. He stands square, is very correct on his feet and legs and is athletic in his movement. His EPD profile shows good carcass merit, as he is positive in both REA and marbling. We have used him on our registered Herefords and also on some F1's that are enrolled in the Black Hereford program.
