# PAVING THE WAY BULL SALE

February 17, 2017 | 5 p.m. | at the farm, Mitchell, South Dakota

[WWW.BLACKTOPFARMS.COM](http://WWW.BLACKTOPFARMS.COM)

Storm Date: February 20, 2017

## *Cattlemen,*

Welcome to our 2017 Paving the Way Bull Sale. This is our 24th year bringing you honest, practical breeding stock. This year we lost Lori's dad, Kenny, who also raised Angus seedstock for another 50 years. We will carry on his passion for the beef industry. We also gained a son in law in October who joined the girls in the family bull clipping days!

We are excited about this year's crop. Our bulls are putting together high performance numbers in practical useful clothes. We DNA tested all the bulls this year to increase the accuracy of their EPDs. Stop out early on the 17th at 3:30 to hear how you can use this information to improve your own calves from Shirley Thompson, Zoetis Animal Health.

We would be glad to help you select a bull. Let us know your herd's goals and we will find one to fit your needs. We have the bulls to add pounds to sell whether crossbreeding or upgrading. Every pound counts, let Blacktop increase your profit.

**Steve, Lori & Abby Repenning  
Kelsey & Connor Powell**

Bidding available online on  
**The Livestock Link**  
Livestock Videoing - Video Sales  
- Bid-by-Click Online Sales

## *Sale information*

**Sale Staff** Chisum Peterson, Auctioneer, 605-730-4214  
Jim Scheel, The Cattle Business Weekly, 605-545-1521  
Jeff Kapperman, Tri-State Neighbor, 605-940-5104  
Chris Effling, Tri-State Livestock, 605-769-0142

**Delivery** Free delivery up to 200 miles on full loads. Delivery will start March 2, 2016.  
Bulls kept beyond arranged delivery date will be charged \$3/day for feed cost.

**Possession** We will keep 1/2 revenue sharing interest in all bulls selling. Buyer receives 100% possession.

**Data** Ultrasound, yearling weights and scrotal information available sale day.

**Video** All animal videos can be viewed at [www.blacktopfarms.com](http://www.blacktopfarms.com)

**Health** Bulls will be semen tested and freeze branded prior to delivery. They have been vaccinated with Bovishield 5 VL5, 7 Way-Pinkeye.

**Liability** All persons attending the sale do so at their own risk. The owners assume no liability for property loss or accidents that may occur.

**Genetic defects** All Angus & Hereford bulls are free by pedigree or tested free unless noted otherwise.

*Visit* [www.blacktopfarms.com](http://www.blacktopfarms.com) for videos

# WHY WE TEST WITH i50K FROM ZOETIS

Powered by i50K™ from Zoetis, our cattle sell with genomic-enhanced expected progeny differences (GE-EPDs).

With GE-EPDs, we're confident that customers like you can minimize risk in their investment — and enhance the productivity of your cattle.

The benefits of buying i50K-tested bulls and heifers goes beyond added accuracy for the complete range of traits for more productive daughters and progeny. You'll know early on what that animal is likely to transmit to its offspring and potential for performance in the feedlot and on the rail. You can also match the i50K tested sires you buy from us to match calves and replacement heifers — through GeneMax® Advantage™ and GeneMax® Focus™— to make better breeding and management decisions down the road.

Knowing an animal's potential. Continuous progress of your herd. That's why we test with i50K.

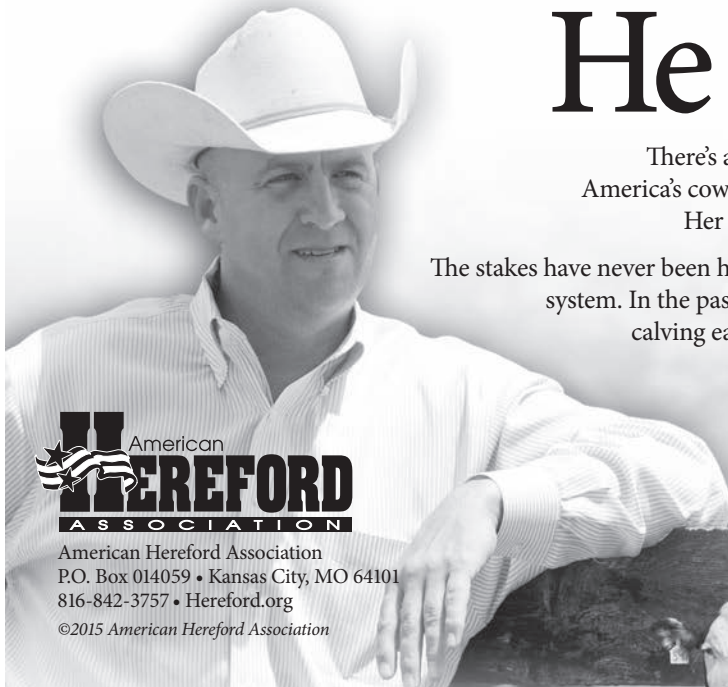

For more information: Contact your Zoetis representative

# He wants it all.

There's a reason a tried and true black baldie is the most favored cow in America's cow herd. She's accountable, predictable, profitable and sustainable. Her calf and her steer mates are in demand, regardless of end point.

The stakes have never been higher to create **value** and **efficiency** throughout the production system. In the past decade, Hereford has documented dramatic improvements in calving ease, weaning and yearling performance and end product merit.\*

Reduce your risk. Improve your opportunity for profitability.

You want it all  
 in your beef operation?  
 Then take it.

American Hereford Association

 ©2015 American Hereford Association

**HEREFORDS. Accountable.  
 Predictable. Profitable. Sustainable.**

\* The Spring 2015 Hereford Pan-American Cattle Evaluation (PACE) documents consistent improvements in all traits of economic importance. From 2004 to 2014, AHA Genetic Trends indicate a 14% reduction in birth weights, 20% improvement in weaning and yearling performance and a 30% improvement in end product merit.
