The Pederson Family

We would like to extend an invitation to cattle producers across the United States to join us on March 1 for our 39th Annual Production Sale.

The Red Angus breed continues to gain market share as the nation's cowherd continues to rebuild. We certainly are fortunate to have repeat customers that have supported us for the last five decades and our new customers that are trying our program. Our philosophy on raising cattle is "staying consistent" and selecting for a balanced set of traits. We simply focus on females that are feminine, highly maternal, with outstanding feet and leg structure, with level udders. We strive to have these qualities along with cattle that are deep sided, long bodied and plenty of muscle wrapped up in a quiet easy to handle animal.

The bulls and yearling heifers were weaned in late September and early October and will be carcass ultrasounded in late February. A supplement sheet will be provided sale day and on our website (www.pedersonbhr.com) and Facebook page (www.facebook.com/pedersonbhr/). Videos will also be available on our website and Facebook page.

Due to a "good old fashioned winter" we decided not to sell our registered bred and registered open heifers this year. We thank our past buyers and feel free to check with us for females as we plan on offering some next year in the ND Red Select Sale and here at the ranch at our bull sale.

Oahe Vet will be our sale day vet and we plan on having the commercial heifers palpated and the bulls evaluated by them also. We will not have the bulls semen tested due to their young age but we do stand behind them when that time arrives prior to breeding.

We would like to thank our hired man, Tim Johnson, for his help through the past year. Tim is a valuable asset to our operation and we couldn't get everything done without him. Nathan Swift has also been part of our crew part time throughout the year. Logan Pederson (Gary and Sue's grandson) has helped us out during the summer months and he too is an asset in tackling the summer workload.

Sale Information

DELIVERY:

It is our policy to assist in delivery to your ranch or to central locations on major highways within 300 miles. Bulls or bred heifers picked up within three or four days will receive a \$50 hauling refund. We will keep the bulls until April 1 at no charge but we will not be responsible for sickness or injury. However, we will keep you informed if anything turns up. We would like to start delivering bulls as soon as weather permits. We're giving a 5% discount on 5 or more bulls to the same ranch and a 10% discount for 10 bulls to the same ranch.

HEALTH:

All cattle are on a complete vaccination program and are BQA Certified. The open heifers have been Bangs vaccinated and will have had two shots of Fusaguard. Oahe Veterinary Clinic, (605) 845-3634, is our primary veterinarian and will also be available on sale day. None of the cattle have had creep feed.

COMMERCIAL HEIFERS:

The commercial heifers have been sorted into three groups and will sell in groups of 10 head with the option to take as many as the buyer would like. There is no delivery on the commercial heifers, but we will assist in coordinating trucking as much as possible.

INSPECTION OF CATTLE:

Cattle will be available for inspection at any time prior to the sale.

BREEDING GUARANTEE:

We guarantee all bulls to be breeders although we recommend you have the bull's semen tested a couple of weeks before turn out time. If after two tests a bull is found to be a non-breeder, we will replace the bull or allow credit toward next year's sale. This guarantee is void if there is evidence of improper management in caring for the animal, or the bull's inability to breed is due to sickness or injury which was incurred after being sold. The bull shall be returned by the purchaser or other arrangements made with us. Scrotal measurements and ultra sound data on the bulls will be available on sale day. All bulls are born and raised on this ranch.

LIABILITIES:

All persons who attend the sale do so at their own risk. The owners assume no liability, legal or otherwise, for any accidents which may occur.

SEMEN INTEREST:

Broken Heart Ranch is retaining a 1/3 semen interest in all bulls and selling full possession, full salvage, plus 2/3 semen revenue. This means any semen sold on any of the bulls, Broken Heart will receive 1/3 the selling price per unit. We also reserve the right to collect semen on any of the bulls, for our own use. This semen will be collected at our expense and the buyer's convenience.

Watch & bid online for FREE at

DVAuction
Broadcasting Real-Time Auctions

View the Auction Live!
Bid Online... you're ringside
right at your desk!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make you purchases!

High speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

Bieber Thundar's calves are wide topped, and long made cattle. He is siring a very uniform set of calves that certainly will add some pounds and performance to your calf crop. We are very excited to have him in our bull battery and you should see many more calves coming in the future.

Feddes Cougar is an excellent calving ease sire that was purchased from Feddes Red Angus. His second set of calves hit the ground last spring and we are very happy with how they performed for us. His daughters certainly look like they have the mother cow look to them.

Saga is one of the hottest calving-ease bulls out there. We purchased a son of him from Ludvigsons and we can see why he is so popular. Saga cattle are moderate birth and really have the ability to grow. There is no Saga semen on the open market so this is an opportunity to have his genetics influence your herd.

Hard Drive is a larger framed bull that is extremely long bodied with great muscle expression. We purchased him for his length and the fact that his dam was still producing at age 14. Hard Drive calves are definitely long bodied and wide topped. With the markets paying for pounds, Hard Drive's progeny have that market-topping ability.

New Chapter has been one of those bulls that is so versatile that we have used him for over ten years. His cattle are quiet and deep bodied. We just can't say enough about the females. His numbers have been toward the top of the breed for just as long as we have used him. A proven bull that has stood the test of time.

Herd Sire Prospects

At our 2015 sale we offered choice of our lots one and two. BHR Moonshine 408 and BHR Moonshine 411. BHR Moonshine 408 was selected for \$17,000. We felt so highly of these two lots that we collected semen and used them both. It is only fitting that in their first calf crop we bring sons of both bulls as our lots 1 and 2.

Sired by BHR Moonshine 411, 624 is one that true cattle producers can appreciate. Our cattle fitter said, "He's the best one we have laid eyes on so far this year." He has the length, depth, thickness and eye appeal that makes him a true herd bull. He has weaning and yearling ratios of 109 and 114. His dam has an MPPA of 104. His EPD profile for HB, GM, WW, YW, CEM and Stay are all in the top 25% of the breed.

Commercial Open Heifers

101-190

We will have our replacement heifers numbered from 101 through 190 with the high bidder having the option to take a minimum of five or as many of the whole offering as they choose in Lot number sequence.

All the heifers are top cuts from our Registered herd and Commercial herd. We have culled any female that we did not feel would be replacement quality. All of these heifers will sell as commercial. They will be pregnancy tested by Oahe Vet with a breeding soundness exam prior to the sale. The heifers will be weighed prior to the sale and weights will be available. A video of these heifers will be available on our website, www.pedersonbhr.com.

RED RIGHT. NOW.

The Red Angus female is the rancher favorite for replacements that deliver real profitability.

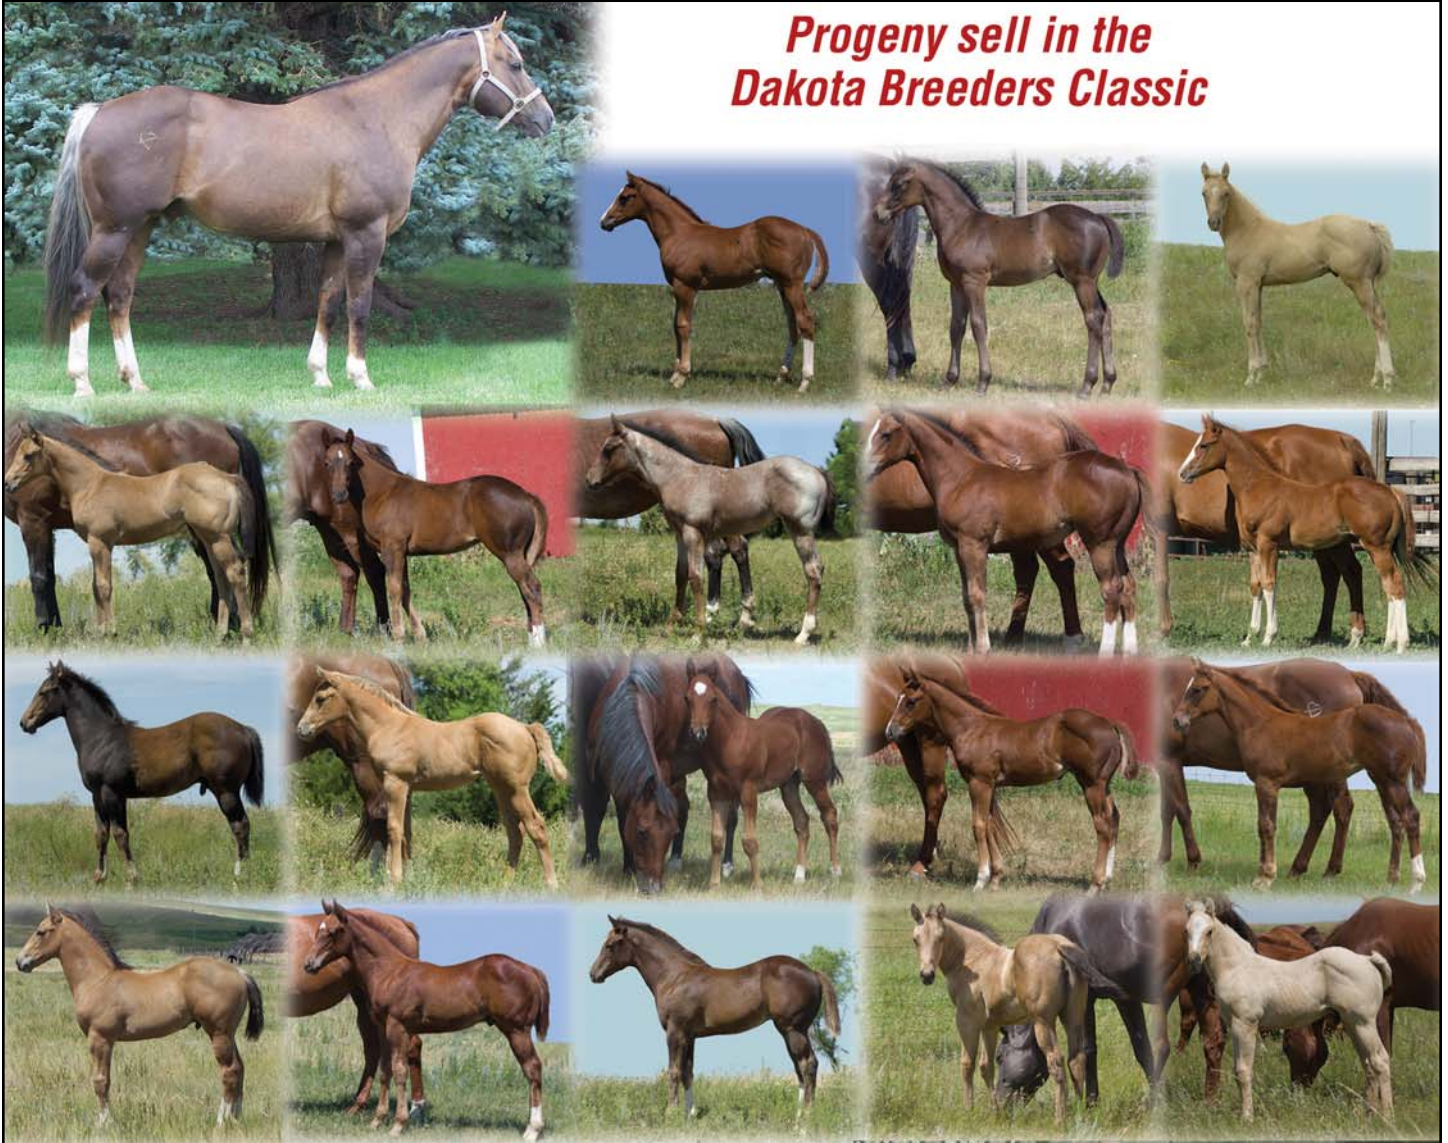

An independent university study compared six years of Superior Livestock Auction data, revealing Red Angus-sired heifers commanded from \$5 to \$9/cwt. more than females of all other breed types.

Learn more about the value of Red Angus-sired replacement females at redangus.org.

Ranch Tested. Rancher Trusted.
