Welcome to our 41st annual sale. Ralph and Helen purchased their first Red Angus female in 1961. They began selling bulls through private treaty and at the local auction market in Timber Lake for many years prior before they had their first official cataloged sale 41 years ago.

We have enjoyed producing Registered Red Angus all our lives and have met many producers and have made some lifelong friends. We are very proud of that fact that our genetics have played a role in commercial programs that are recognized for top selling replacement quality females and steers that push the scales to the limit. Your success is what drives us to select and produce cattle that are exceeding industry average.

The Red Angus breed just keeps growing in popularity and doesn't show any indication of slowing any time soon. Heifers are out selling their steer mates and more and more breed associations are using red females for their crossbreeding selections. With the advancement of technology there are numerous tools to help with herd bull selection. Feel free to visit us anytime and we can use our decades of experience to answer questions that will assist you in fine tuning your herd.

Our philosophy hasn't changed about raising cattle – stay consistent and selecting for a balanced set of traits. We simply focus on females that are feminine, highly maternal, with outstanding feet and leg structure, and level udders. We strive to have these qualities along with cattle that are deep sided, long bodied and plenty of muscle wrapped up in a quiet and easy to handle package.

The bulls and replacement heifers were weaned in mid-September and the bulls will be carcass ultrasounded in late February. A supplement sheet will be available on our website (www.pedersonredangus.com) and our Facebook Page (Broken Heart Ranch). Videos will also be available on our website and Facebook page.

Oahe Vet will be our sale day vet and we plan on having the commercial heifers palpated and the bulls evaluated by them also. We will not have them semen tested due to their young age but we do stand behind them when that time arrives prior to breeding. We always stand behind our cattle except during the heart of lush green grass season while wearing church clothes.

We would like to thank our hired man, Tim Johnson for his help through the past years. Tim is a valuable asset to our operation, and we couldn't get everything done without him.

We would like to thank everyone for attending and considering using our genetics in your program. Bull selection is never an easy task and feel free to ask us any questions about the bulls. We will help you select bulls with the traits that you would like to improve and help you get to your end product goal.

Sale Information

DELIVERY:

It is our policy to assist in delivery to your ranch or to central locations on major highways within 300 miles. Bulls or bred heifers picked up within three or four days will receive a \$50 hauling refund. We will keep the bulls until April 1 at no charge but we will not be responsible for sickness or injury. However, we will keep you informed if anything turns up. We would like to start delivering bulls as soon as weather permits. We're giving a 5% discount on 5 or more bulls to the same ranch and a 10% discount for 10 bulls to the same ranch.

HEALTH:

All cattle are on a complete vaccination program and are BQA Certified. The open heifers have been Bangs vaccinated and will have had two shots of Fusaguard. Oahe Veterinary Clinic, (605) 845-3634, is our primary veterinarian and will also be available on sale day. None of the cattle have had creep feed.

COMMERCIAL HEIFERS:

We will have our replacement heifers numbered from 101 through 190 with the high bidder having the option to take a minimum of five or as many of the whole offering as they choose in Lot number sequence. There is no delivery on the commercial heifers, but we will assist in coordinating trucking as much as possible.

INSPECTION OF CATTLE:

Cattle will be available for inspection at any time prior to the sale.

BREEDING GUARANTEE:

We guarantee all bulls to be breeders although we recommend you have the bull's semen tested a couple of weeks before turn out time. If after two tests a bull is found to be a non-breeder, we will replace the bull or allow credit toward next year's sale. This guarantee is void if there is evidence of improper management in caring for the animal, or the bull's inability to breed is due to sickness or injury which was incurred after being sold. The bull shall be returned by the purchaser or other arrangements made with us. Scrotal measurements and ultra sound data on the bulls will be available on sale day. All bulls are born and raised on this ranch.

LIABILITIES:

All persons who attend the sale do so at their own risk. The owners assume no liability, legal or otherwise, for any accidents which may occur.

SEMEN INTEREST:

Broken Heart Ranch is retaining a 1/3 semen interest in all bulls and selling full possession, full salvage, plus 2/3 semen revenue. This means any semen sold on any of the bulls, Broken Heart will receive 1/3 the selling price per unit. We also reserve the right to collect semen on any of the bulls, for our own use. This semen will be collected at our expense and the buyer's convenience.

**View the Auction Live!
Bid Online... you're ringside
right at your desk!**

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

High speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

Livestock Insurance Coverage Specified Perils – Cattle

Providing solutions for the livestock industry for over 25 years.

Policy provides coverage for losses caused by death or humane destruction of livestock as a result of a specified peril. Coverage is for both owned livestock and non-owned livestock in your care, custody and control.

Target Markets

- Cow/calf
- Dairy Cattle
- Pasture Cattle
- Backgrounders
- Feedlots
- Farmer Feeders

Specified Perils

- Fire, lightning, explosion or smoke
- Windstorm, hail or tornado
- Smothering by blizzard or snowstorm
- Collision with vehicles, aircraft or falling objects
- Riot, civil commotion or vandalism
- Earthquake or volcanic eruption
- Flood, drowning, mudslide or tidal waves
- Accidental shooting
- Electrocutation
- Attack by dogs or wild animals
- Collapse of buildings, barns, bridges or culverts
- Sinkhole collapse
- Hypothermia due to precipitation
- Leakage of gas or anhydrous ammonia
- Contaminated Feed or Water

Coverage Extensions

- Coverage at incidental unscheduled locations
- Expenses incurred to minimize a livestock loss
- Theft coverage
- Automatic coverage at new locations for 90 days
- Coverage for removal and disposal of carcasses

Program Parameters

- Available for livestock owners and feeders
- Primary coverage
- Minimum premium: \$200 per policy

Deductible, Valuation & Limits

- Minimum \$500 deductible, \$1,000 standard
- Current market value and contracted values
- Limits up to \$10,000,000 per occurrence

Notable Exclusions

- Escape or unexplained disappearance
- Seizure or government ordered destruction
- Fright, stress or running into objects
- Disease, sickness or illness
- War, nuclear action or terrorism
- Hyperthermia, heat stroke or exhaustion

Available Endorsements*

- Coverage in Transit (Specified Perils)
- Grazing Poisoning
- Livestock Born during the Policy Period
- Frozen Semen & Embryos in storage or transit
- Special Valuation (Organic, Genomic, Purebred, etc.)
- Loss of Value (Dairy Cattle only)

Related Products

- Animal Mortality (All Risk)
- Livestock Transit Motor Truck Cargo (Broad Form) Livestock Care, Custody & Control Liability
- Equine Mortality (All Risk)

*Some endorsements have additional underwriting endorsements that must be met for availability.

We purchased Impeccable for his calving ease ability and we certainly are impressed with how he calves but are really pleased with the added performance. The calves are deep, thick and stylish. The consistency and uniformity are unbelievable. In our 2017 and 2018 sales, they were well received and from the reports we have heard after breeding season they certainly did their job well. The first set of daughters were calved last spring and you will see many of them have raised bulls in the front end of the sale this year.

High Plains is another exciting new herd bull that offers a ton of versatility. He is an easy keeping, easy calving bull that has a ton of rib shape and depth of body. The first calves are very uniform and show the same easy keeping potential that he does. He will be quite an asset as we move forward in our breeding strategies for upcoming years. Easy keeping females never go out of style.

Moonshine 411 was our lot two bull in our 2015 sale that was offered for choice against the lot one in our 2015 sale. We used him natural and AI. He is a deep bodied bull that is really throwing some powerful calves with some extra length and a straight topline. The first set of females really impressed at calving time and weaning time. The depth of body and maternal traits are exceptional.

5135 is a smooth made, moderate framed bull that is easy fleshing and loaded with muscle. We saved this calf specifically for carcass, structure, calving ease, longevity and udder structure. If you go back in his pedigree there are generations of bloodlines that improve udders and feet while adding carcass and longevity. It never hurts to return to the basics and emphasize what raising cattle is all about.

We purchased this calf because he combined one of our all-time favorite cows P4025 and one of today's most used sires Bieber Hard Drive. He was used for cleanup the first year and his EPD profile was in the top 13% and top 10% of the breed on Jan 16 of 2018. His current EPD profile doesn't reflect that one year later. We have been in touch with the RA Association and they are currently looking into the matter. We feel that with the extensive use of Hard Drive all over the nation that our bull should certainly have more performance than what is indicated on paper.

Defender is an easy keeping bull with lots of middle and muscle to him. We didn't get many calves from him this year but certainly look forward to getting more next year. His fleshing ability and carcass merit will be a bonus to our cowherd and our commitment to bringing you the best possible cattle that we can.

We have been using New Chapter off and on for more than a decade. He is in the top 1% of the breed for Herd builder and 1% of the breed for Stay. We've recognized that they are fertile and stay around forever and have taken advantage of that simple fact. With all the popular genetics in the breed we have used our decades of experience to sort through the "fads" and offer you the basics of functional breeding.

- Larger framed, dark red bull with a lighter birthweight and some excellent growth
- Weaning ratio of 111
- We've had a ton of success with the Cougar bloodline

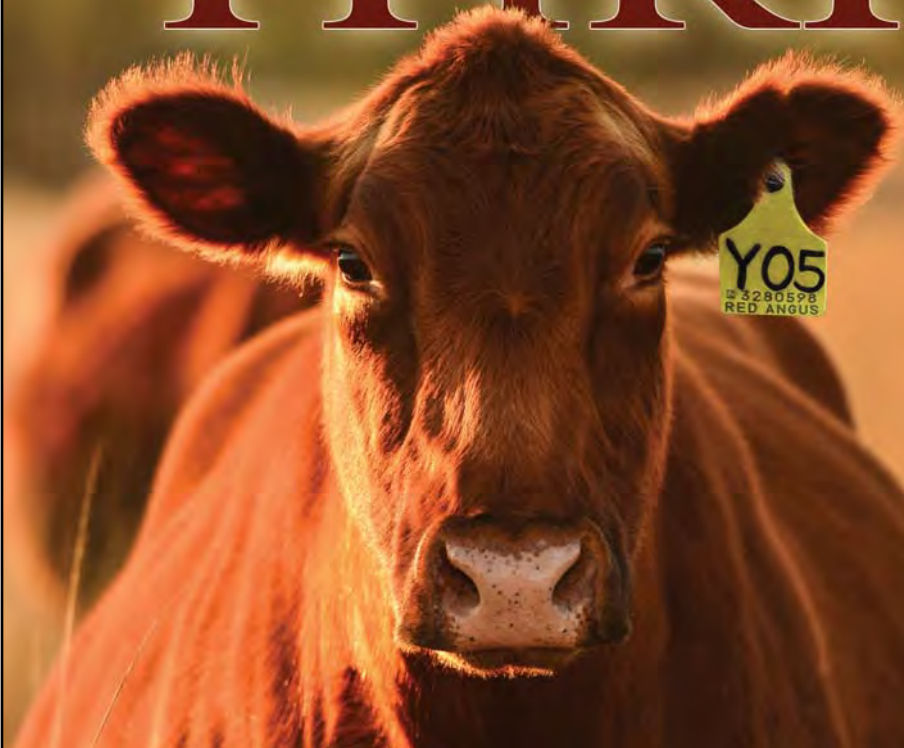

Commercial Open Heifers

We will have our replacement heifers numbered from 101 through 190 with the high bidder having the option to take a minimum of five or as many of the whole offering as they choose in Lot number sequence.

All the heifers are top cuts from our Registered herd and Commercial herd. We have culled any female that we did not feel would be replacement quality. All of these heifers will sell as commercial. They will be pregnancy tested by Oahe Vet with a breeding soundness exam prior to the sale. The heifers will be weighed prior to the sale and weights will be available. A video of these heifers will be available on our website, www.pedersonredangus.com.

THRIVE

Position your ranch
to thrive with
the industry's
most-favored female.

An independent university study compared eight years of Superior Livestock Auction data, revealing Red Angus-sired heifers commanded up to \$11/cwt more than females of all other breed types.

Ranch Tested. Rancher Trusted.
