# Welcome!

**Annual Production Sale**  
**JAN. 26, 2018**  
**1 p.m. At the Ranch**  
**Mandan, ND**

Welcome to the Hatzenbuhler's Diamond J Angus Production Sale! Change is inevitable and this year we have done that a lot.

To start, we are having two sales every year. One in January and one in May. This has allowed us to customize our sales into categories and to highlight certain groups more efficiently. The January sale will feature the upper-end yearling bulls and two-year-old bulls. The May sale will feature the rest of the yearling bulls, open replacement heifers and bred females. Both sales are at the ranch in Mandan, N.D.

For the January sale, our goals are to highlight our best yearling bulls and keep them growing until delivery in mid-March. The two-year-olds will be in perfect breeding condition in January and we aim to keep them at that level until delivery in Mid-March. Nothing is more stressful on a bull than being overfed then put to work and crashing. His less conditioned contemporaries will be doing all the breeding and possibly pass him up on mature size.

The May sale features the rest of our yearling bulls. They are out of the same breeding as the January bulls, but most are younger and just need a few more months to mature. There is a weaning weight requirement to get into each sale. We feel the two groups are sorted more uniformly. The May sale also features the open replacement heifers and bred cows. The replacements will be ready to turn out and breed, no need to feed. The bred cows will be June/July calvers.

There is a 300-mile free delivery to central livestock locations on all bulls sold in the January sale. We will try to get them as close to your ranch as we can. For the May sale bulls, we will assist on delivery. Most buyers will want their bulls faster than we can deliver them, so we encourage you to bring your trailers on sale day. The females will be the buyers' responsibility to get home.

All cattle have received four rounds of health vaccine up to yearling age and two modes of de-wormer twice every year. Two-year-old bulls have received health and breeding boosters. All females have received pre-breeding vaccine and bangs vaccinated. Females over one year old received boosters. Lice control is also applied three times per year on calves up to sale day and twice per year on two year old bulls and mature cows. Mineral is provided year round. All bulls will have passed a breeding soundness exam before leaving Diamond J Angus.

We would like to thank all of our past customers, be assured we are striving to improve for you! We also encourage anyone interested in our program to call or visit us any time, maybe we can learn a thing or two from you! We strive to offer something for everyone and outcross genetics to enhance what's been popular a few years back.

Thank you for taking the time to view our catalog and we look forward to seeing you on sale day!

Buyers unable to attend the sale may send their bids to the ranch, filed representatives or auctioneer. The sale will also be available on www.DVAuction.com. Go to www.DVAuction.com for more information.

**Cattle viewing:** Videos of the sale cattle can be viewed online at [www.thelivestocklink.com](http://www.thelivestocklink.com) and [www.DVAuction.com](http://www.DVAuction.com). Cattle are available for inspection at any time at Diamond J Angus Ranch.

**Sale Location:** Diamond J Angus Ranch, Mandan, N.D., is located off of Interstate 94, exit 140, north two miles to 36th Street, one mile west. Sale facility is located in the main yard, south of the two houses.

**Terms & Conditions:** Cattle sell under the suggested terms and conditions of the American Angus Association ([http://www.angus.org/Pub/suggested\\_sale\\_terms.pdf](http://www.angus.org/Pub/suggested_sale_terms.pdf)). Cattle will not be released until payment is received. A Supplement sheet will be available sale day with complete and up-to-date information. Announcements from the auction block take precedence over sale book information.

**Sale Order:**  
Cattle will sell in catalog order.

Catalog designed by **Strommen Livestock Services**, Fort Rice, N.D. (701) 445-2020

**Injury or death prior to delivery:** Injury resulting in death or death of the bull prior to delivery will not be the responsibility of Diamond J Angus Ranch. This is an insurable risk that the purchaser can obtain.

**First Breed-Season Guarantee:** Bulls selling are guaranteed for 90 days from turnout against breeding injury. If a replacement is available, he will be provided or if the buyer prefers, credit towards another bull will be given in next year's sales. Credit for the amount of purchase minus \$2,500 will be applied towards the purchase of another bull. The buyer keeps all salvage value. Please notify us as soon as possible should an injury occur and prior to the injured bull being sold for salvage. This is not a mortality insurance policy, nor does it cover mismanagement or neglect. We do not cover injuries sustained prior to breeding season.

**Herd Health:** Dr. Kirk Johnson will be on hand to write interstate health certificates for those cattle requiring them. All cattle are on a complete vaccination and mineral program. All females are officially calf-hood bang's vaccinated.

**Genetic testing on recessives:** All lots with genomic-enhanced EPDs are accompanied by the i50K logo. All lots are genetic defect free, unless otherwise noted.

**Insurance:** To properly insure your investment, Jared Mohen will be available to assist you with mortality insurance.

- Calving ease, 71 lbs BW.
- These calving ease sons of No Doubt are going to be some very successful sires when their calves hit the ground. No Doubt is an all-out cow improver, easy to breed to, and the calves possess a real beefy and clean look. We have never been disappointed by a No Doubt calf to date. He is that good.

- Performance sire.
- Icon sons are medium build with an impressive amount of capacity.
- This one is packing some extra punch from his dam being a Unanimous daughter even though he started out at a 77 lbs BW.
- I, personally, would not hesitate to use this bull on my own heifers. Plus, he has enough punch to use on cows.

## Advantages of a Two-Year-Old Bull:

Cover more cows.

Cover more country.

Has passed at least 2 breeding exams.

Guesswork is done; breeder fed him to size.

Not pushed as hard to gain as a yearling.

Holds condition better.
