5th Annual Bull Sale

Friday, February 17, 2017

Worland, Wyoming

90 Coming 2-Year-Old Elite Range Ready Hereford Bulls

135 F1 Baldy Yearling Replacement Heifers

Select Performance Ranch Horses

1 Border Collie Stock Dog

Fellow Cattlemen,

Once again we would like to welcome you to the Durbin Creek program and thank you for taking the time to look at the bulls, heifers and horses. We truly love the way we make a living and are proud of the product we put before you. We would also like to thank our previous customers for the faith you have in our program. You made it another great year. There has been a few changes around DCR in 2016. With my campaign and election as the Senator of District 20, I have been gone more than usual and the rest of the crew has had to pick up the slack. It has truly reiterated to me what a great team and crew we have. The Lord has truly blessed us with good friends, family and livestock.

To tell a little about our registered program, it is quite simple; every cow pays her way, every year in a problem free way...Period. There are no excuses, no frills, no gimmicks and absolutely no second chances. The cows summer at 8,000 feet in a commercial setting and winter at 5,500 feet on forage. This allows us to focus on the ever important economic traits. We can not afford diminished calf crops, low conception rates or poor production and carcass traits. Like you, the cattle business is our livelihood, the cattle must perform.

I believe that this is a powerful set of bulls with a lot to offer the industry. From lot 1 to lot 90 they are all very useful and will produce calves with performance from day one until they hit the rail. It is definitely a set of bulls that we are really pleased with and know you will like. They feature a few new sire groups to Durbin Creek that you will see more of in the future.

The baldy heifer calves are straight out of our commercial program. They are the keeping kind and will work well wherever they go. They have been developed right to go on and make productive, long term mother cows. They are not overly fat but in perfect condition to take home and breed.

We live our lives horse back and try to raise the kind that make it enjoyable. This may be only our third set of horses in the sale but they are the kind we have been raising for almost 20 years. They are fun to sit in the middle of whether you are putting it a long day or going to town.

We would also like to take the time to thank the Durbin Creek employees for their dedication. With out them our lifestyle is not possible.

God Bless,

Wyatt Agar and the Agar Family

Durbin Creek Ranch Annual Bull Sale

Friday, February 17, 2017

Worland Livestock Auction 1:00 pm mst

1310 Lane 12, Worland WY

Sale Day Phone Numbers

Worland Livestock Auction: (307) 347-9201

Wyatt Agar Cell: (307) 921-8825

Bruce Agar Cell: (307) 921-3021

Jake Agar Cell: (541) 519-5366

We would love it if you would join us

Thursday, February 16 for our

Pre-Sale Dinner at The Eagles

just down the street from the sale barn

6:00 pm

**Bulls will be available for viewing all day
Thursday and Friday**

Sale Location: The sale will be held at the Worland Livestock Auction located at 1310 Lane 12.

Terms and Conditions: Terms of the sale are cash or check. Every animal becomes the property of the buyer directly after the animal has been sold.

Guarantee: All cattle are, to the best of our knowledge, free from disease or defect. All cattle are guaranteed breeders and have passed an extensive breeding soundness test. If an animal fails to breed after a six month trial period, it may be returned to the seller in good condition. The seller reserves the right to try said animal 90 days, and if proves to be a breeder, return it to buyer at buyer's expense. If the animal proves to be a non-breeder an animal of comparable value will be substituted to the buyer. No adjustments will be made after nine months.

Delivery: Free delivery to central locations in the Wyoming area.

For buyers from Oregon, Idaho, Washington and Nevada, bulls will be hauled to Huntington, Oregon where buyers can pick them up or make other arrangements.

Development: Bulls are run in a commercial environment beside their mothers on native forage until weaning. After weaning they are developed on hay and light grain ration through the winter, and then returned to forage as yearlings.

Liability: All persons who attend the sale do so at their own risk, and the owners and sale barn assume no liability

For questions about the bulls, please contact Wyatt Agar (307) 867-2404 or email durbincreekranch@yahoo.com

For Directions to the Worland Livestock Auction;

- From Big Horn Ave., turn South onto 5th street
- Go two blocks and turn West (right) onto Culbertson Ave.
- Then S.W. (left) onto Railroad Ave.
- Go 7 blocks and turn West (right) onto a dirt road that crosses the railroad tracks, directly across from Washakie Ave.

For more information on Durbin Creek Ranch Registered Hereford and Quarter Horse program, go to our website, www.durbincreekranch.com

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. **Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.**

HERE'S HOW IT WORKS

Turn in Bids Over the Phone. This is our traditional method of buying livestock and is the suggested process for anyone who does not have consistent, high-speed internet. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form. Fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid. This is Superior's online bidding program for cattle buying. **Please note that high speed internet is required – this is not for dial-up or satellite internet.** Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy – just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved by the ranch you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. The sale will be broadcast via satellite on Dish Network channel 998. *Please note that there is a delay if you are watching the auction on television so be sure to call in a couple lots ahead of the lot you are interested in bidding on.* The sale will also be broadcast live on the internet at both www.superiorlivestock.com and www.superiorclicktobid.com. The video feed on the homepage of www.superiorlivestock.com looks the same as the video feed on TV and can be watched over a smartphone or tablet. Remember you can call in to bid whether watching on the TV or on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid".

Buyers will be contacted by the ranch after the sale for payment and delivery details. IF YOU NEED ANY ASSISTANCE CALL SUPERIOR AT (800) 422-2117.

12 Trait Leader!

We used Red bull for his light birth weight, curve bending growth & maternal power. Crossed back on the Keri cow, we knew we would get the bonus added power and thickness.

Red Hills Keri T85

"For many years now we have fed Durbin Creek Ranch's home raised cattle. Whether as calves or yearlings the cattle gain and perform. Sunshine and mild weather to cold and snowy winters, the cattle always convert their feed in the top percentile, compared to all the cattle at all of our operations."

The next generation of curve bending genetics at DCR! Sired by Red Bull and out of the power cow, Keri. Red Bull calves born at DCR have been born light, have lots of early growth and mature early. Keri never misses! Her first son topped our sale 2 years ago, going to Brost Land & Cattle from Alberta.

Big time economic driven package. We purchased an interest in Vision Y509 to produce easy fleshing, grass orientated mother cows. This set of ET brothers are out of Diana 7020 who has produced over \$120,000 worth of bulls for us. She doesn't miss.

Duration's Dam

Sires ton of performance!

After looking for several years for a son of Durango that would sire better uddered females we purchased Duration with Te Taumata Polled Herefords of New Zealand. When we saw his dam at 16 we knew we had found the bull. His calves perform well on grass and are easy fleshing. The first daughters are in production and they are awesome!

Selling in groups of 5 with a run on the pen if desired.

For questions of the heifers, please contact Bruce at (307) 867-2402

2017 Sale Horse Information

The horses that we are offering at our 2017 sale include four started geldings, three started mares and two pairs of weanlings. The started horses have all been used on the ranch to perform daily tasks. We believe that each one of them will make a great asset to any ranch or go on to be performance horses as well. At sale time all the started horses will have fresh shoes as well as had their teeth floated and thoroughly checked. All the horses will have been dewormed recently. You will see the RDA prefix on some of the sale horses. This prefix belongs to Matt and Debbie Agar. They run their horses right along side of ours. We are very excited about this set of sale horses and look forward to sharing them with you!

Stallions

Our stallions are primarily Sun Frost, Driftwood and King bred. We choose these bloodlines because they have been proven time and again to produce horses with a sound mind and tremendous athletic ability.

Mares

Our mares are the direct descendants of the Lockett horse program of Eastern, OR. The majority of them are out of a Windchester X Poco Bueno stallion and trace back to Gusdusted on their maternal sides. Gusdusted was a full brother to the great Leo.

Horses We Raise

By crossing our Sun Frost/Driftwood/King stallions on Windchester/Poco Bueno mares we are able to produce a horse that is put together durable and structurally correct as well as being extremely athletic and of sound mind. They are phenomenal ranch horses that excel in the arena as well!

Guarantee:

If a buyer is not satisfied with their horse in the first 30 days after purchase the horse can be returned to the seller for 100% of the purchase price. Our horses are also guaranteed sound for the first 30 days after purchase. If a horse appears to be unsound in the first 30 days the horse can be returned to the seller for 100% of the purchase price, with a vet check (paid by seller) stating the unsoundness is the seller's responsibility.

Mare 1st Right or Refusal:

On the sale of mares, Durbin Creek Ranch wishes to obtain the first right to buy back the mare if the new owner ever wishes to sell them.

Trying Horses Before Sale:

If you would like to ride a horse before the sale please call and we will make an appointment with you to do so. Horses will not be available for riding once they have reached the sale location.

For more information on sale horses or to view a video of each lot please visit www.durbincreekranch.com

or visit our Facebook page titled **Durbin Creek Ranch Registered Quarter Horses.**

J&H Cap (419410)

A

2015 Black Tri-Colored Male Border Colle
 "Cap" has been used on sheep and cattle. He has a nice outrun and fetch and will also drive. He has a lot of eye but is not afraid to bite a cow when necessary. He would make a great ranch or trial dog. Cap is a very friendly dog that is good with children and other dogs.

Cap will be the first lot to sell in our 2017 sale!

For more information call Jake
