In loving memory

In times like the passing of a loved one it is initially a feeling of sadness as we mourn the loss of a life. As the initial sadness passes it turns to a celebration. Robert (G-Bob), the anchor at the ranch went on to meet his family and friends who have passed before him in heaven.

He was a role model and for many in the community and our family. He left a positive impact on so many especially through his involvement in 4-H. Our friend and customer, Jordan Holt sent a message expressing his condolences and he told a quick story and it goes like this. "He was a great man. The first steer I showed was a Hereford from him and we went down to Ree Heights to pick him out that fall. I remember thinking how cool your ranch was then. Robert and Marjean invited us in and we had hot chocolate. They were always so nice to us at the State Fair, and I remember them well as superintendents at the fair." now a story like this explaining how open they were to visitors could be told hundreds of times by people who G-Bob helped pick out a calf or guided them through their 4-H years.

Since his passing, many stories have been mentioned and the common denominator is G-Bob's selfless nature. No matter what the situation was he was always doing the best he could to serve others.

G-Bob was the definition of a socialite. He enjoyed people and he enjoyed having a large time with friends and neighbors. He knew no stranger and loved to BS over a cup of coffee or a stiff drink. He was known for and will be remembered for his big smile and large laugh, and was always up for a celebration!

He was not only one of the most selfless people, he was also the calmest and the most forgiving. He never degraded anyone even after making some pretty big mistakes, instead he would simply give a solution or a help fix it. He didn't yell and he didn't scream, he just simply changed the tone of his voice ... this was enough to get the attention of his grandkids. When talking with Phil Eggers (self-proclaimed worst hired man ever who burned down payloaders and tipped over trucks) he simply stated one day. "You know Phil I'd really just like to only have to work on my equipment today and not yours too." Or when his grandson Andrew filled the farmhand with gas.... not the gas tank but the radiator. G-Bob just simply said "well I guess we will have to drain it." Or when Danny ran over a four wheeler with the four wheel drive tractor. He simple said "we will have to fix it." The frustration was there but he never yelled or degraded.

A lot of memories had been discussed but there are some little things like cheeze whiz for breakfast and always having an open and welcoming home for lunch. During calving season G-Bob would pick up Marjean for the last check of daylight every day. There was Schwann's pizzas, days and nights in the Open Class Beef Barn, 4-H events and the Western Junior. He was always going on adventures flying his airplane, and happy to share in family reunions and gatherings. It wasn't always fun as there were hard times too. We think back to the blizzards, floods, droughts and the passing of the love of his life, Marjean.

Through all of his hard work ranching he always was there to support and make sure Marjean's needs were met and he was willing to do whatever was needed to keep her happy. They were a team and acted as one. He was loving and the most selfless man. But his service didn't stop with Marjean, it went on through 20-30 years of service in 4-H, military and whatever other situation came up that he could help with on the ranch and in the community.

84 years worth of hard work, socializing and family. It is without a doubt that G-Bob lived his life to the fullest and we think he left this world without any regrets. He was proud. Proud of his kids and his grandkids for their accomplishments, the places they traveled and the milestones that they met. Proud of the work of his wife. And he was proud of the ranch and the different levels of success we have achieved over the years. This ranch is also the origin and the beginning of this family he left behind.

Robert Fawcett after a long and fulfilled life was fortunate to pass away where he wanted -- at his home on the ranch peacefully in his sleep. The way we all hope to go.

Welcome

To all of you who share the same passion,

I write this letter inviting you to our annual live auction Fall Female Sale at the ranch. The females on this sale represent our best with nothing held back.

Hereford cattle have always been on this ranch in central South Dakota, for generations, and location has never changed. Hereford cattle have been the first cattle I can remember, the first I think of when I wake up and the last I think of before I fall asleep. My first registered Hereford heifer that I can remember showing was when I was twelve and she had a successful show career doing some winning, but to be honest I don't really remember the wins. I remember my friends, the places we traveled and the great cow family she started that still lives on. I remember the time spent at the old barn with family trying to get the whites white, the smell of the vinegar we used to try and get rid of the curls (must not of worked) and the showmanship lessons with dad and grandpa Robert. Since then I have been fortunate to have experienced a few wins and even more defeats. All the learning experiences along the way have helped make breeding decisions to help the ranch and our family excel in the right direction. We as a family have pushed hard, taken on blizzards, droughts and have been lucky enough to have those bountiful years, together.

My beginning in the cattle industry was propelled through 4-H and the Junior Hereford Association. There is not one thing that can more positively impact the success of our youth (besides love and support) than those organizations previously mentioned. It is our job as parents, relatives, friends or even an outsider looking in to guide our youth and to put them in the best situations that we can to help them to be sufficient well rounded and hard working adults.

We here at Fawcett's Elm Creek Ranch would love nothing more than for your children to represent us, your operation to utilize the results of our mating decisions and for our chance to help you in any way possible to be successful and to help create a path for our youth. You will not be disappointed with what we have to offer. No matter what your budget is there is a fit for you in this sale.

With most sincerity,

Daniel Fawcett and the family of Fawcett's Elm Creek Ranch

INTERNET BIDDING

Livestock Link • www.thelivestocklink.com
Absentee bidders who wish to utilize the internet may bid online at www.thelivestocklink.com

ACCOMMODATIONS

Super 8 • Miller, SD • 605-853-2721

The Lodge • Highmore, SD • 605-870-0765

TRANSPORTATION

Pierre • commercial airlines, Pierre, SD
Miller • paved landing strip, Miller, SD
Highmore • small plane strip, Highmore, SD

HERD HEALTH

All of the cattle selling will be ready for immediate shipment and accompanied by proper health certificates. Fawcett's Elm Creek Ranch has a full vaccination program.

TERMS & CONDITIONS

This will be a video auction. All animals will be penned outside. All animals will sell to the highest bidder with the auctioneer settling any disputes as to bids. Announced changes in catalog information will take precedence over any printed material in catalog. The animals become the property of the highest bidder as soon as sold and will be cared for, for a reasonable time, at buyer's risk.

BREEDING GUARANTEE

We guarantee all livestock sold to be sound breeders. However, if we feel that a female has been fed to an extreme level of obesity for the show ring, we hold the feeder responsible for any reproductive problems and no longer feel responsible to guarantee said individual to breed. In the rare case that this should occur, Fawcett's Elm Creek Ranch will still try and help their owner through two breeding seasons.

LIABILITY

All persons attending the sale and related functions do so at their own risk. Fawcett's Elm Creek Ranch, the sale management and staff assume no liability, legal or otherwise, for any accidents or injuries that may occur.

Fawcett's Elm Creek Ranch reserves the right to two future flushes on any females selling at our expense and the buyer's convenience, unless otherwise noted on selected lots.

EPDs were current as of 8/29/2019, as reported by the American Hereford Association. GE EPD's available by sale time.

"Soncho" is a young bull that offers a ton of future and predictability. He is a true breeding piece in terms of adding body and fleshing ability while maintaining a stout foot and bone. Flawless in his structure with an abundance of length and extension throughout the front 1/3 of his body, he has what the industry is demanding. He is a great looking beef bull that will add the look and body we are all seeking without sacrificing power. Backed by a tremendous, short marked donor. Semen is ready for distribution now. Both his sire and dam are deceased so these genetics are unable to be reproduced.

ECR Shameless 7586 ET

Shameless

Shameless has proven himself and breeds true adding power and mass. His offspring have a tremendous amount of width, body and true muscle shape. Use him on cows that are needing more mass and dimension. With limited use here at the ranch due to limited semen available a high percentage of his female offspring are represented in this sale. He will continue to have a positive impact by adding more mass to females who just don't quite have enough shape. Use him with confidence. Sexed Female Semen will sell only at auction.

Lot 1 is a full sib to the heifer Hollis showed last year who was Champion Hereford at the SD Hereford Special and also hung a few other banners throughout her show career, a full sib to the heifer that the Holt family purchased last year who did a lot of winning throughout the summer and ended the summer being Reserve Champion in the open Hereford Show, Champion in the Hereford Special, and Champion 4-H heifer at the South Dakota State Fair. She also was named Champion at the 2019 South Dakota Summer Spotlight. She is a full sib in blood to Candi who was purchased from us by the Effling family who was the Reserve Champion Horned female in Denver as a calf and the Grand Champion Horned Female at Junior Nationals. This heifer not only phenotypically has as much eye appeal, presence and that winning look as any heifer we have ever sold she has numerous full sibs who have proven that they feed well and look the part on show day. For those of you who remember Candi, I think you might have a new favorite when you see this one. Elegance, body, bone, hair, and a lethal Look. UNICORN.

She is the result of a "pick of the herd flush" purchased by Lane Peterson and Emily Webster.

This Redemption daughter has been a standout and a favorite by all who have seen them early. The best way to describe her is flawless. She is perfect structured, feminine yet so massive and powerful. She is the kind that wins at the big shows. If you are looking for the elite power female that will be competitive on the most elite level and then when you are done have the cow power to generate some serious money this heifer needs a serious look. My kind of cattle. Power, mass, length, width, SOUND.

Shameless has NOT disappointed. He has proved himself by producing high quality cattle with a ton of muscle and a bright future. Lot 8 is one of our favorites. She is long spined with plenty of body and balances really well. When you get behind this one, she is very impressive for how much width she has. The other day I got behind her and imagined her as a bred heifer next summer and having so much balance and elegance from the side and how massive she will be when viewed from behind. She has a bright future ahead.

She has a really sweet look and just needs a little time. If you have a history of maybe getting your show heifers a little chunky in the past this heifer would be a great option as she is one that will be able to handle some feed and still keep herself looking like a lady.

Cocky little thing here. Big middle, wide bodied and just has that presence of a show heifer. She will be an easy one to feed with the predictability that she reads as always being super sound, easy fleshing and having a great look.

These three little bombshells are so intriguing. They are all sleek fronted with some body and just a ton of look. They are backed by some powerful genetics and I expect all three of these to blow you away a couple months from now. They were extremely skinny when they came and it will take a little time to get them bloomy but when they get there holy smokes, they are going to blow your mind. Begalka Livestock has been known to produce some elite show heifers and these are no exception. DO NOT OVERLOOK these bombshells. I'd like to keep them all for the kids to mess with as I know with a little time, they will turn into something special. Maternal sibs have generated 38k, 26k, 11K and a 10K. Maternal sib was also the Champion Female at Nebraska Field Days in 2018.

This heifer reminds me a lot of Lot 3 from last year's sale. She was really skinny but had that look that was intriguing. We didn't really know if she would stouten up, but she sure did and ended up being very successful later in the summer and will be one we take to the majors this fall/winter. Looking for a sleeper? I've told Jason this could be the one. Her mother is moderate and stout. If things come together this one could really be a standout.

Lot 20 makes her way into the sale for those who like that Line 1 influence having tremendous maternal traits, but she's got a bit of a twist to go with it having 88x as her MGS. Put a halter on her and have fun or take her home and let her loose in the replacement pen and let her generate. We like this one and really like her unique pedigree.

5064 has been a long-time donor for us at the ranch and has produced as many, if not more winners and National Champions as any donor in the country. Selling seven full sibs to Whomaker, Shameless, ATM and multiple National Champion females and Junior National Champions. 5064 is now deceased and the chances to buy these genetics will diminish so jump on board and invest in a proven mating while you still can. There are differences in these seven females, yet they are all elite, will be super competitive and will be great generators in the donor pen when they are done showing.

Oh my look at this one. Study her pedigree. Look at her again. Then buy her. Love the lines in this heifer. Love the angularity. Love the femininity. Love the moderately framed beautiful uddered cow she's going to be.

The result of a bred heifer purchased in last year's sale. She has a sweet personality and would be a great project for a younger junior. She is long bodied with plenty of rib shape and depth.

ECR WF Lucky Lady 9903 ET :: Lot 32

Backed by one POWERFUL donor. These two beauties are young but when you find them you will see how much potential they have. They are both LONG necked with a ton of body and mass with a little different pedigree. Don't miss these two on sale day. One is horned and one is polled so maybe just buy them both.

This heifer was supposed to be lot tagged within the first 10 lots but due to technical difficulties she got moved down in the sale catalog. Do not miss this female. We think a lot of her and the future that she has. Fault free, well balanced plenty of eye appeal. Her mother has had plenty of success in the show ring and we think her first calf will exceed her mother.
