

Lowell Fisher Family, LLC

Private Treaty Bull & Heifer Sale

Spencer, Nebraska

Est. 1943

Our Program

Established in 1943 and located in the Ponca Valley of north-central Nebraska, Lowell Fisher Herefords raises hard working, registered horned Hereford cattle. We have always maintained that the most important traits in beef cattle are their ability to produce and reproduce on the available feed. Therefore, ours is a “no creep – no nonsense” program, with size, uniformity, and quality all the way through.

Our two-year-old-bulls are big, stout and tough – but at the same time, gentle. These are our best set yet.

The seven fall bulls really are something special – do not overlook these!

Our spring calves are developing very well and just keep coming on.

Our heifers are the kind you hate to see leave the ranch. They will make great cows – combining calving ease and performance.

We are very pleased that some of the best herds have chosen to use our cattle. Hope to see you at the ranch!

About the Sale

All cattle are sold on a first come, first serve basis.

We will diligently work with you on delivery.

We highly encourage insurance on your purchase.

If a heifer doesn't settle during her first breeding season, we retain the right to bring the female back to our ranch and attempt to breed her for six months before we consider her a non-breeder. If after the six months are complete and she has not settled a replacement of comparable value will be issued to the buyer.

Bulls are guaranteed breeders for their first 90-day breeding season. If the bull is unable to settle cows during this time, credit will be given on a replacement bull. We must be notified immediately if this occurs.

We offer volume discounts on bulls and heifers.

Two-Year-Old Bulls

We are proud of this set of coming two-year-old bulls. They have been raised in pastures that give them room to develop and are not carrying any extra fat.

Open Females

We are offering 20 of our top registered females. The heifers are in great shape this year, many are cycling now so they will be ready for early spring breeding. This is an opportunity to come pick right out of our replacement heifer pen. You can come pick one or take them all.

Bred First Calf Heifers

We have 10 of last year's heifer calves bred to calve this spring.
Call Lowell for details.

531 is our best 0145 son to date. We sold the spring calving 1/2 interest in 531 to Douthit Herefords in Kansas and we have used him naturally for fall calves and AI for spring calves. 531 is the most consistent sire of pigment and solid markings that we have used.
