

LOWELL FISHER FAMILY, LLC

PRIVATE TREATY BULL & HEIFER OFFERING

Spencer, Nebraska

Our Program

We have been raising registered Herefords in the Ponca Valley since 1943. It has been our goal to produce the best. The goal is to sell breeding stock that will work for the commercial producer. Ours is a no creep, no nonsense program. Quality and pounds are the end product.

Every year should be better than the year before. This offering has more good bulls than ever before. The two-year-olds are big, stout and sound. They are all extremely gentle.

The fall bulls are the most uniform we have ever put together.

The spring calves are a little greener than the calves in our Denver carload days but there are some truly special bulls in this group.

We will offer heifers that are extremely nice and bred to be great cows.

Thank you to all our customers from the past. We hope the cattle are working for you. Look forward to new customers that are discovering our cattle for the first time.

About the Sale

All cattle are sold private treaty starting January 1 on a first come, first serve basis.

We will diligently work with you on delivery. We have been honored to have bulls sell from the East Coast to the Northwest, from Canada to Texas. We always have a trailer or two headed south to Texas and many other southern states.

We realize that not everyone can take delivery immediately and will work with each individual on this.

We highly encourage insurance on your purchase.

If a heifer doesn't settle during her first breeding season, we retain the right to bring the female back to our ranch and attempt to breed her for six months before we consider her a non-breeder. If after the six months are complete and she has not settled a replacement of comparable value will be issued to the buyer.

Bulls are guaranteed breeders for their first 90-day breeding season. If the bull is unable to settle cows during this time, credit will be given on a replacement bull. We must be notified immediately if this occurs.

Top Herd Bull Prospects

Two-Year-Old Bulls Two-Year-Old Bulls Two-Year-Old Bulls Two-Year-Old Bulls

We studied very hard before buying 029's dam on Holdens cow sale. The bull calf 029 has made us glad we did. He was with our yearling heifers for 90 days. Here is a true herd bull. Tremendous depth and volume. Solid marked, red-eyed and big.

**We will retain a semen interest.
See him in Oklahoma City.**

This bull is very complete. Very balanced, long and smooth. He has full pigment and is solid marked. Could work on cows and has every reason to be a great heifer bull. Used on a small group of cows. Dam is a beautiful 314 daughter.

**We will retain a semen interest.
See him in Oklahoma City.**

The sire of 031, the 7131 bull, has to be the most impressive bull I have seen in a Cooper sale. If you need thickness and we all do, this is the bull. Massive in his make-up, with the pigment and markings to go with it. 031's dam is one of our very best. He was with our 2nd calf heifers for 90 days.

**We will retain a semen interest.
See him in Oklahoma City.**

See you in Oklahoma City

 A nice 5228 son out of a nice 204 three-year-old cow. If he developed like our older Rods, he will be good.

Act. BW: 79
 Both the 111 and 113 bulls are out of first-calf-heifers and Harland son 923 that we used on heifers in 2020. 923 was the last ET that we had from our 157 cow. She was our all-time, most productive cow. This is a green, nicely-made calf that should develop into a good bull.

Act. BW: 86

Here is a calf that puts it all together. Out of an outstanding 314 that has a near perfect udder. 116 is extra thick and deep. He is solid marked, red-eyed and stands on a good set of legs. Here is a true herd bull and I would be proud to turn him with cows here. Hard to find a hole in this great young bull.

531 is our best 0145 son to date. We sold the spring calving 1/2 interest in 531 to Douthit Herefords in Kansas and we have used him naturally for fall calves and AI for spring calves. 531 is the most consistent sire of pigment and solid markings that we have used.
