

GRAY'S ANGUS RANCH

Since 1898

*"2nd Century"
Performance Bull Sale*

March 21, 2015

1 p.m. MT - at the Ranch

7 miles South and 7 miles West of Harrison, NE

Selling

126 - Yearling Angus Bulls

23 - Two Year Old Bulls

*Sign of quality, time, performance
and service for over 100 years*

Welcome to Gray's Angus "2nd Century" Performance Bull Sale 2015!

It has been another great year in the Cattle Industry! The rain and great prices we've had are certainly a benefit and a real blessing and encouragement. We are offering an exceptional group of bulls this year with outstanding growth and EPDs. We continue to feed them here at the ranch and provide ample room for exercise. We used the Genomic test with the HD50K on a select group of the bulls. It increases accuracy on the carcass and maternal EPD's for yearling bulls. There's more information for you on page 13.

We are also going to a "Video Sale" this year. Some of the benefits are mentioned on page 2. Bulls will be displayed prior to the sale for you to view as in previous years. The sale will also be on DVAuction as in the past. A video will also be online a few weeks prior to sale day, and we hope this will benefit you.

Our goal remains to offer you the best genetics in the most productive physical condition to provide you with a Complete Package for your bull buying needs. If you have any questions, please give us a call any time and we'll be glad to assist you. We hope to see you Saturday, March 21st!

Sincerely,
Gray's Angus Ranch

DVAuction Sale Day phone number (308) 668-2250

BULLS ARE ON VIDEO

The bulls have been videoed ahead of time and can be viewed at graysangusranch.com or at dvauction.com. This allows you the option to view the bulls prior to the sale and sale day. You are welcome to view the bulls at the ranch anytime.

TERMS

All cattle are to be settled for sale day, unless prior arrangements have been made. The cattle sell under the standard terms and conditions as recommended by the American Angus Association.

SUPPLEMENT SHEETS

A supplement sheet will be available sale day with updated performance data including Adjusted Yearling Weights and Ultrasound information. This sheet will take precedence over information in the sale catalog.

IDENTIFICATION OF SALE CATTLE

Eartags on all sale cattle will correspond to the lots numbers in this catalog. **Potential calving ease bulls will have RED LOT NUMBER TAGS. All EPDs current as of February 2015.** Pathfinders are identified by #. DDC's will have ORANGE ID TAGS (for more information on DDC go to page 13).

HERD HEALTH

All bulls will be accompanied with proper health papers. At weaning time, bulls were vaccinated with 7-way Blackleg and Somnus, IBR, PI3, BVD, BRSV and Pasteurella. Bulls were poured with Ivomec. All potential carriers have been tested AM, NH and CA and are free unless identified with C for carrier and Orange ID Tags.

WINTERING

A \$50 discount per bull will be applied to bulls picked up sale day or free wintering until April 15. Thereafter, bulls will be fed with arrangements.

DELIVERY

Free delivery on all bulls over \$3,000 up to 250 miles or as arranged.

WEATHER

Upon questionable weather in the area, announcement of cancellation will be on KNEB, KTWO, DBLQ and KRVN or call us at (308) 668-2520.

LIABILITY

All persons who attend our sale do so at their own risk. Gray's Angus and Rodney and Laura Gray and family assume no liability, legal or otherwise, for any accidents which may occur.

RETAINED OWNERSHIP

Gray's Angus will retain 1/3 semen interest of all bulls selling.

THIS SALE WILL BE BROADCAST LIVE ON THE INTERNET.

New this year, a “Video Sale” format

Here’s how it works:

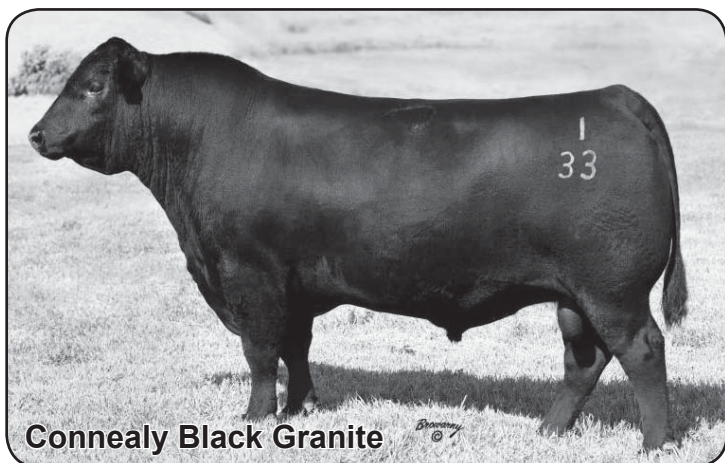

No cattle will enter the sale ring!

- All cattle will be on display at the sale site the afternoon before and sale day, just as in past years. You are also welcome to contact us and come and inspect the cattle before they are on display. We might have more time to visit and answer questions than on sale day.
- No animals will be brought into the sale ring during the sale; rather, every lot will sell while a pre-recorded video clip is played on multiple large TVs positioned in front of the bleachers. The auctioneer will sell each lot, and you will bid to him or the ringmen just as in previous sales.
- The sale order will be posted the morning of the sale and if you have interest in animals that have not yet sold, you can easily go to the pens and inspect these animals after the sale has started. This is because the “sale crew” will not be pulling animals out of the pens to get them in line for the sale ring. But don’t linger too long because we plan to sell them just as fast as we always have.
- These pre-recorded clips will be available on our website approximately 30 days prior to the sale or sooner. This will make it possible for you to preview the cattle before you make the trip.

Conducting the sale in this manner has several benefits, which makes things safer and easier for our family and the cattle we will offer. In times of inclement weather, which we have experienced on some sale days over the years, it will be much less stressful on both man and beast. It reduces the risk of injury to both animals and people, reduces the stress on the cattle, reduces the amount of labor and coordination “out back”, and creates a more comfortable environment for buyers in the sale area. It also makes early load out easier for those of you with long trips, and since we won’t have to wait on cattle to come into the ring which will allow us to have a good-paced sale which will allow you to get home and on with your day.

We want to stress that this method will allow you to preview the sale cattle for several days prior to the sale on the videos via the internet, and still thoroughly appraise them in person the morning of the sale. We recognize that these purchases have a major impact on your operation’s success and profitability, and we would be happy to visit with you about which of these cattle best suit your needs.

WHAT'S ALL THIS ABOUT GENOMIC TESTING AND GENOMIC ENHANCED EPDs?

Many of the cattle in this sale display a symbol for HD50K  on their pedigree. Those animals EPDs are GE-EPDs, meaning they have had a genomic test performed on a DNA sample from that animal which provides additional information used in calculation of their EPDs.

American Angus Association Genomic Enhanced EPDs

Genomic results are a way to enhance predictability of current selection tools, to achieve more accuracy on EPDs for younger animals, and to characterize genetics for traits where it's difficult to measure the animal's own performance for the trait, such as carcass traits in breeding stock or maternal traits in bulls. With the investment in genomic technology, this means that in addition to the pedigree, performance and progeny information that are used in the calculation and reporting of Angus EPDs genomic test results have also been incorporated into the EPD.

Genomic-enhanced EPDs (GE-EPDs) are important because they make use of the results from the DNA test in addition to all other sources of information to provide added accuracy and reliability to the animal's EPDs. In fact depending on the trait GE-EPDs on unproven animals have the same amount of accuracy as if they had already sired, in the case of a bull or in the case of a female raised, 8-20 calves.

Some bull lots have had their genomic profile incorporated in the calculation of their EPDs by the American Angus Association. All such sale animals will have the HD50K logo,  in their pedigree.

Developmental Duplication (DD)

On August 12, 2013, the American Angus Association announced the finding of a new genetic condition called Developmental Duplication (DD). This condition is inherited as a simple recessive trait. Thus both parents must be carriers for the condition to occur. This condition is NOT lethal, and the expression ranges from normal phenotype to an additional limb protruding from the shoulder or neck. The most thorough and updated information about DD and all other known genetic conditions may be found at www.angus.org

All potential carriers in this sale have been tested through the American Angus Association. DD carriers have orange ID tags and are listed as DDC in the catalog. Potential carriers are listed as DDP, test pending.

Evidence now suggests that DD is a non-issue in a commercial setting.
