1111

Welcome to Iron Clad Genetics IV.  
We are proud to present to you what we feel is far and away our best offering to date. Our goal is to use the best technology in the beef industry to provide top-of-the-line Hereford seedstock to our customers.

We continue to use a blend of the most proven donors that the breed has known, rare genetics and some cutting-edge genetics of our newest donors. This blend is what makes Iron Lake Ranch's "Iron Clad Genetics IV" offering so unique.

We are excited to have you join us at our new sale location and look forward to your participation. Please feel free to contact any of us with your questions or comments.

# 62 Registered Hereford Lots

## SCHEDULE OF EVENTS

### FRIDAY, NOVEMBER 10

Cattle on display. Join us Friday evening for hospitality and fellowship.

### SATURDAY, NOVEMBER 11

Cattle on display all morning. Lunch served at 11 a.m.  
Sale begins at 12 noon CDT.

### Motel Accommodations

Best Western – 903-567-6591, 2251 N. Trade Day Blvd., Canton  
Fairfield Inn & Suites – 903-963-1037, 3064 Interstate 20, Van  
Best Western – 903-292-1750, 1814 Hwy. 31 East, Athens  
Holiday Inn Express – 903-675-2500, 1119 E. Tyler Street, Athens

## New Sale Location

Circle M Farms Sale Facility  
602 FM 1652  
Grand Saline, TX 75140

Circle M Farms is located on FM 1652, just off Hwy. 17, 10 miles north of I-20

### Herd Health

Cattle will sell with proper health certificates for immediate interstate shipment.  
Herd veterinarian: Jesse Richardson, Henderson County Veterinary Hospital, 903-675-5613.

Herd nutrition: Livestock Nutrition Center, 817-232-8161.

### Sale Terms & Conditions

Cattle sell under the recommended Sale Terms and Conditions of the American Hereford Assn.

### Retained Flushes

As noted in the footnote, Iron Lake Ranch is retaining the right to two future flushes on several of the young females selling. Each flush will include a minimum of six transferable/freezable embryos and will be performed at the convenience of the buyer.

Iron Lake Ranch will be responsible for the expense of the flushes.

### Trucking

Livestock haulers believed to be reliable will be available sale day.  
Please let the sale managers know if you will need assistance with delivery.

### Livestock Mortality Insurance

Insurance will be available at the clerk's desk by StarNet Insurance,  
James F. Bessler Agency, Robert Schacher, Agent.

Announcements made sale day from the auction block will take precedence over statements printed in the sale catalog or other advertising. We reserve the right to withdraw any sale lot not meeting our specifications prior to sale time. All persons who attend the sale do so at their own risk. Neither the owners, the management, Circle M Farms nor any other person connected with the sale assumes liability, legal or otherwise, for accidents or loss of property.

# IRON Lake Ranch

*FROM THE BEGINNING STAGES OF IRON LAKE RANCH, Dimitri Mataragas has strived to produce a product that would be in demand for the specific reason that you could not get it anywhere else. In addition, he has always demanded that Iron Lake's product would be sound, functional, well structured cattle with elite udders. In his quest for excellence, he has acquired what is one of the most unique sets of donors in the Hereford industry.*

*Following are the principal donors represented in this year's sale.*

**DJB 46B Beth 1L**

IL was one of the foundation females of the famed Grandview CMR herd. IL is a full sister to P606, whose daughters are still sought after today for their outstanding maternal ability and perfect udders; IL offers this and more. She passes her perfect pigment to nearly every calf along with her

big volume "maternal" look. We are very fortunate to have had the opportunity to add Beth 1L genetics to the Iron Lake Ranch program through the use of IVF technology. Turn to page 6 to see more on 1L.

Also originating from the Grandview CMR herd are three P606 daughters—26S, X201 and U358—that share all the qualities that P606 is known for, being the ultimate Hereford female sire. All three are moderate framed with huge body and rib, but what you will be the most impressed with are their perfect udders and strong milk flow. Progeny of 26S are included in our 2017 sale.

**CMR Grandview Lass P606 26S ET**

We are very proud to have this addition to our donor battery. 0118 follows our goals perfectly. She is a powerfully built, very structurally correct female that possesses one of the best udders in the breed. She has performance, muscle and pigment. This is the complete package of look, performance, data

**Boyd E70 Queen 0118**

and maternal traits that Iron Lake strives for. In 2016, a Miles McKee son of 0118 sold in the Denver Sale 1/2 interest for \$27,000 to Ehlke Herefords, Townsend, MT, and Lucky U Ranch, Misoula, MT. Six Mile Creek Ranch, Yukon, OK, has purchased 1/2 interest in 0118. Her daughters sell.

**KCF Miss Proficient U201**

U201 has become one of the most famous donor cows in the Hereford breed, being the dam of the feature Knoll Crest herd sire X51, who ranks in the top 1% of the breed for 10 of the breed's measurable traits, including the top number for REA, and is one of nine that has a CHB

index at 50 or above. U201 has a .98 REA EPD backed by 45 progeny with an average REA ratio of 107. U201 will have a strong influence on the Iron Lake Ranch program for many years, as she has produced many daughters that will become donors. Additionally, she continues to influence the breed by producing herd bulls that are being used throughout the nation, such as ILR Peace of Mind and ILR Red Power. U201 is co-owned with Knoll Crest Farm. Her son and daughters by Sooner, Miles McKee and Sensation 028X sell.

**KJ JPH 670F Vicky 440L**

Performance, balance and style are what you get from 440L. At 13 years of age, she still has the udder of a two-year-old. She is a big footed, big boned cow with huge rib. She has weaned 10 natural calves for an average weaning ratio of 108.7. An M326 daughter of 440L topped the 2011 Jensen Brothers sale and is now a feature donor at Sierra Ranches, Modesto, CA. Owned with Jensen Brothers, Courtland, KS. Her daughters and granddaughters sell.

**C 95T Lady Trust 4239 ET**

4239 – This full sister to Wildcat sold 1/2 interest in the Iron Clad Genetics III Sale last year for \$20,000 to Churchill Cattle Co. We are really looking forward to what this donor can do and believe she can bring us to a new level. 4239 is a long and deep bodied female that is very broody in her appearance. She is very long and feminine fronted. She combines her impressive pedigree and eye appeal with an impressive data set and outstanding carcass traits. You will love her Kickstart heifer that is offered in this year's sale. Owned with Churchill Cattle Co.

3196 was our choice from the 2013 Churchill World Class Female Sale. She fits the mold of our program by combining pedigree and performance with eye appeal. A Perfect Timing daughter out of a full sister to Redeem, 3196 is one that we think you will agree has an impeccable pedigree. When you see her in person, you will be impressed by the balance and style she possesses, blending that with depth, muscle and shape. Look for 3196 to be a key to our future. Owned with Churchill Cattle Co.

**Churchill Lady 3196A ET**

**DCC 8006 Patti 4266 ET**

Patti 4266 is a very influential part of Iron Lake Ranch's genetics. She is the mother of 0230X, the 2012 Denver Champion Female that was shown by Haley Hudson, and the Iron Lake Ranch, Stuber Ranch and Churchill donor 1162Y, who produced the \$100,000 HYFA featured Denver Lot 1. Patti's progeny always have the look and size that get them noticed. At 13 years of age, she is still an impressive female with huge body and rib.

**DBLL DCC 8006 Pearl 5059 ET**

Pearl 5059 is said to be the best cow out of the old MSU Pearl 67G cow, who in her lifetime generated over \$500,000 in direct progeny sales. Her sire is H 8E Embracer 8006, whose daughters speak volumes about maternal ability. 5059's sire and dam are deceased. 5059 is a perfect uddered, good milking female with excellent pigment. She has recently produced some outstanding calves by Outcross, L18 and 4075, and her 2014 bull calf by 88X is one of our herd sires. Her progeny and embryos sell.

# Quest for EXCELLENCE

# Beth 1L

DJB 46B BETH 1L, known in the industry as the full sister to the maternal legend P606, will be have her 17th birthday this coming January, and when you look at the impact she has made in the Hereford breed over that time period, it is amazing. When Iron Lake Ranch acquired this once-in-a-lifetime donor from Walt McKellar, she was not successfully flushing through the conventional embryo transfer method. Due to the innovation of IVF technology, she began producing high quality, transferable embryos.

1L is known for producing fertile females with picture-perfect udders that are loaded with pigment. She continues to click to multiple sires, producing some of the most sought-after progeny still today in the Hereford breed. In the 2015 Iron Clad Genetics Vol. II Sale, four daughters averaged \$29,500, and a heifer calf pregnancy commanded \$22,000.

As 1L is nearing retirement, take advantage of the opportunity to acquire her genetics to enhance your program. Her daughters sell as Lots 1-3; a son sells as Lot 50.

PW Victor Boomer P606 Full brother to Beth 1L, dam of Lots 1-3

Beth 1L daughters sell as Lots 1-3

**DM BR Sooner**  
 Sire of Lot 1

We lead off this genetically powered offering with a direct daughter of the legendary DM BR Sooner, whose semen is a rare commodity, and the maternal giant Beth 1L. A single straw of Sooner semen in the Barber Ranch internet sale this past spring commanded \$4,700! Sooner semen is rare and almost impossible to find on the open market.

5150 excels in phenotype and is a perfect combination of her sire and dam. Attractive on the profile, big hipped and ultra correct in her lines like her sire, Sooner, she has the pigment, body type and the quality udder development like her dam.

This is the last opportunity to acquire a Sooner x 1L female, as there are no more and no more are to be made. Grab on to this genetic gem and instill her proven genetic profile in your operation. A full sib heifer calf pregnancy commanded \$22,000 to Burns Farms and Copper Creek Farms in the 2015 Iron Clad Genetics Vol. II.

Ranks in the top 3% for REA, top 15% for MM and top 20% for CHB. Maternal sisters sell as Lots 2, 3A and 3B. Full brother sells as Lot 50.

- Selling 1/2 interest and no possession. Possession will remain with Iron Lake Ranch, and any natural calves born will be retained by Iron Lake Ranch.

Sired by the resident herd sire Regal, Iron Lake's selection from the 2013 bull calf crop at Colyer Herefords. Regal's accomplishments include Calf Champion at Reno in 2013; lead bull in the Champion Pen of 3 at the 2014 National Western Stock Show, exhibited Colyer Herefords; and Grand Champion Hereford Bull at the 2014 Houston Livestock Show.

Dam is the immortal 1L, and when you analyze 761 you can visually see the resemblance. 761 is dark red in color, red eyed and stout hipped with tremendous depth of rib. Her teat placement and development are flawless. 761 displays more power and thickness than many of her counterparts to date. Don't overlook her EPD profile that excels in performance, maternal strength and value-added carcass merit.

Ranks in the top 4% for Milk, top 10% for CHB, top 15% for Marb, top 20% for YW and CW.

Maternal sisters sell as Lots 1, 3A and 3B. Maternal brother sells as Lot 50. Iron Lake Ranch reserves the right to two successful flushes with a minimum of six embryos per flush at the buyer's convenience and the seller's expense.

- Sells open.

Two flush mate sisters that are very similar in their design and overall makeup. If you like your cattle with added substance, freckle faced, heavy pigmented and bred to be maternal machines, this pair of sisters is right up your alley. Strong maternal traits with value-added performance and carcass merit. A rare genetic combination due to the limited availability of Mr. Maternal 156T semen.

In the 2015 sale, two flush sisters commanded \$82,500 to average \$41,250. A full sister also sold to Tundra Herefords, Australia, for \$42,000.

Rank in the top 1% for REA, top 4% for Milk, top 15% for WW and CHB, top 20% for Marb.

Maternal sisters sell as Lots 1 and 2. Maternal brother sells as Lot 50.

Iron Lake Ranch reserves the right to two successful flushes with a minimum of six embryos per flush at the buyer's convenience and the seller's expense.

- Both heifers sell open.

**TH 71U 719T Mr Hereford 11X**  
 Sire of Lot 4

The 2013 Fort Worth Stock Show Reserve Grand Champion Polled Female sells in her entirety! This big-time donor stems from the now-deceased Mr Hereford and the R111 donor dam for Colyer Herefords, who has been one of the most popular donors at their operation over the past years. R111 has several daughters and sons working as donors and herd sires in prominent Hereford seedstock herds across the U.S.

2088 has all the amenities we search for. She is dark red in color, red legged, stout hipped, wide topped, huge bodied and cool fronted with a beautiful udder in production. Iron Lake Ranch has only previously offered one of her daughters at auction, and she commanded \$9,000. 2088 is entering the prime of her productive career and will be a valuable asset to any program. Iron Lake Ranch has retained daughters in the herd to replace her, and her 2017 bull calf is also being retained.

Among active dams, ranks in the top 10% for Uddr, top 15% for WW and Teat, top 25% for YW and Milk.

Recent flush records:

- 2017 – IVF 1 time in May, produced 19 embryos.
- 2016 – IVF 3 times, produced 29 embryos.

Offered with Churchill Cattle Co.

- Sells open and ready to breed or flush to the bull of your choice.

**ILR 319 LADY REGAL 6123 ET**

COW • P43778011 • 12/14/16 • TATTOO: LE 6123 • SCURRED

Lots 6A and 6B are maternal sisters to the Lot 1 female in the 2017 Churchill Cattle Co. World Class Female Sale that commanded \$50,000 to Harrison Cattle Co. and Krebs Ranch.

Their dam, 3196A, stems from a full sister to the breeding giant Redeem, out of the immortal 33N, who commanded \$35,000 at 13 years of age.

You have to appreciate both of these young females, as they are extremely well balanced, have added muscle and are stout hipped, big bodied and very attractive on the profile. They are dark red in color with conservative markings and have added pigment. Their EPD profiles excel across the board, with several traits ranking in the breed's upper 25% or higher.

Rank in the top 15% for REA, top 20% for YW, Milk, Marb and CHB, top 25% for WW.

Iron Lake Ranch reserves the right to two successful flushes from both heifers with a minimum of six embryos per flush at the buyer's convenience and the seller's expense.

**ILR 4075 LADY PEARL 6127 ET**

COW • P43778068 • 12/20/16 • TATTOO: LE 6127 • POLLED

Two polled sisters sired by the former \$240,000 Holden Herefords high seller 4075B, who also sired Lillie Skiles' Grand Champion Horned Female at the 2017 JNHE. The dam is the time-tested Pearl 5059 donor, who consistently produces no matter what bull we throw at her.

These sisters have tremendous sweep to their underline and a powerful hip structure. Both females are built right from the ground up and will be sure to find a donor pen once they enter production. A rare opportunity again to acquire progeny of a bull with very limited availability.

Rank in the top 10% for REA and CHB, top 15% for WW, top 20% for Marb. Maternal sister sells as Lot 13. Maternal sib embryos sell as Lots 42 and 43. Maternal brother sells as Lot 57.

Iron Lake Ranch reserves the right to two successful flushes from both heifers with a minimum of six embryos per flush at the buyer's convenience and the seller's expense.

#### ILR 4075 LADY QUEEN 767ET

COW • P43807270 • 3/26/17 • TATT00: LE 767 • POLLED

Two polled sisters sired by the \$240,000 4075B herd sire who topped the 2015 Holden Herefords Bull Sale. Semen has been unavailable to the public, making this pair of heifers extremely rare and unique. The dam, 0118, derives from the Boyd Beef Program in Kentucky and is one exceptional female to visually appraise.

Tremendous look and design with added power in this pair of sisters. Solid EPD profile with excellent value-added carcass merit. We really like this pair of sisters and feel their value and earning potential are endless. Study hard right here. Females like this you can build a herd around.

Rank in the top 10% for WW, Marb and CHB, top 20% for REA.

Iron Lake Ranch reserves the right to two successful flushes from both heifers with a minimum of six embryos per flush at the buyer's convenience and the seller's expense.

ILR Peace of Mind 394A ET Full brother to Lot 12

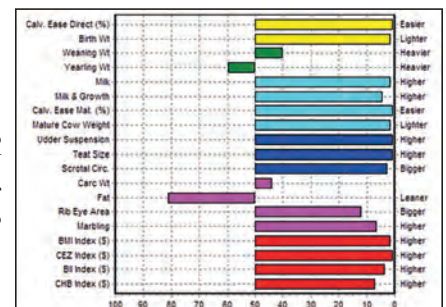

A polled full sister the popular resident herd sire for Iron Lake Ranch and Langford Herefords ILR Peace of Mind. The immortal donor, U201, is the dam of the all-around performance sire X51.

This combination female ranks in the upper echelon of the breed for calving ease, maternal strength and carcass value. When you analyze the phenotype and the EPD profile, it is hard to find and even harder to create individuals of this caliber. Dimitri really believes in this female and feels that her value as we go forward in breeding Hereford seedstock is uncapped. If you have been in search of a donor to moderate birth yet not sacrifice all the other economically important traits, we have located her and she is ready for your evaluation on Saturday, November 11!

Maternal sister sells as Lot 5. Maternal brothers sell as Lots 49 and 53.

- Selling 2/3 interest and full possession. Iron Lake Ranch is retaining 1/3 embryo interest.
- Sells open.

Lot 12 ranks in the top 1% for CED, top 2% for BW and Milk, top 10% for Marb and CHB, top 15% for REA.

4300 was Iron Lake Ranch's selection in the 2015 Colyer Herefords Bull Sale. His dam is the immortal donor Gemini 89T, who commanded \$116,000 in a Topp Herefords sale. Sired by the breed changer Pure Gold, who instilled muscle, power and style into the Hereford breed during his era, this is a legendary mating. Iron Lake Ranch is excited about the future of this bull and will continue to instill his genetics into the program.

4300 is a tremendously built bull that is big footed and big scrotaled with added muscle and eye appeal. Take advantage of the opportunity to add his genetic profile to your operation.

Owned with Colyer Herefords.

BULL • P43777992 • 11/5/16 • TATT00: LE 6106 • POLLED  
BW 80 lbs.

Pay special attention to the pedigree of these two herd bull prospects. They are sired by the now legendary C Miles McKee. Their dam, KCF Miss Revolution X328 ET, who is also the dam of Encore Z311, is one of the donors that will be featured as part of the future of Iron Lake Ranch Genetics.

A unique combination of power and performance is truly on display as you study these bulls from the ground up. They are big footed with plenty of bone. These are high capacity bulls with a huge rib. You will really like their extra length of hip and the added muscle they possess. With all of their stoutness, they still maintain a smooth transition into their shoulder and front end.

Rank in the top 1% for Milk and the top 10% for Marbling and CHB.

- Selling full possession and 3/4 semen interest.

The dam is the well noted KCF Miss Proficient U201, who has produced a number of top herd sires in the breed, including KCF Bennett X51, ILR Red Power and ILR Peace of Mind, all offering very well balanced performance data with look and power.

6112 has a powerful hip and structure combined with a long, smooth front end. This Sooner son offers calving ease, growth and muscle all in an attractive package.

Ranks in the top 5% for CED, top 10% for REA and CHB, top 15% for BW and top 20% for WW.

Full sister sells as Lot 5. Maternal sister sells as Lot 12. Maternal brother sells as Lot 53.

BW 65 lbs.

• Selling 1/2 interest and full possession.

**DM BR Sooner** Sire of Lots 49-51

*Lots 49-51 are sons of DM BR Sooner. These bulls offer a great opportunity to acquire some of the rarest genetics in the breed.*

This big, stout, powerfully made bull combines two of the breed's proven greats—that's right, Sooner and Beth 1L. You will certainly want to keep any females that this bull produces, as they will be some of the most maternal cows in the herd with beautiful udders and healthy milk flow for the added weaning performance you are looking for. 6119 is a deep bodied, heavy muscled bull with good eye pigment. He has a good angle to his shoulder and hock, and he moves with a long, smooth stride. Tie into this bull, as these genetics will be impossible to find in the future.

Ranks in the top 5% for REA and the top 15% for Milk and CHB. Full sister sells as Lot 1. Maternal sisters sell as Lots 2, 3A and 3B. BW 95 lbs.

• Iron Lake Ranch is retaining an in-herd semen interest.

6114 is a long, clean fronted bull that is out of K&B Lady Sentry 8090U, one of the first big-time donors at Iron Lake Ranch. Combined with Sooner, she has once again produced a bull that will be very sought after by the real ranchers. The extra smooth front end combined with his calving ease data suggests that this bull is one you can definitely put on your heifers so you can sleep at night. He has all the right pigment.

Ranks in the top 15% for CED and CHB.

Maternal sister sells as Lot 36.

If you are looking for calving ease, here is your bull. 6101 ranks in the top 1% of the breed for both CED and BW EPDs and, combined with his very smooth and clean front end, should give you no trouble when it is time to calve your heifers. 6101 also offers a really good look. He is a long bodied, long, square hipped bull that is short marked with extra pigment on his eyes. His mother is sired by the full brother to 88X that has worked in the Langford, Whispering Pines and Hidden Oaks programs and is very maternal.

This bull combines many traits that the Iron Lake Ranch program is all about. Miles McKee is fast becoming a legendary addition, while KCF Miss Proficient U201 has been a cornerstone donor to this program from the beginning and has produced some of the most utilized bulls in the breed. 5137 is a big hipped, big muscled bull with a balanced look from front to back. He is both long and deep bodied with a level hip and top. Ranks in the top 5% for Milk, top 10% for CED and top 15% for CHB. Maternal sisters sell as Lots 5 and 12. Maternal brother sells as Lot 49. BW 80 lbs.

659 represents some of the most popular genetics going right now. He is a son of 5280, the featured herd sire at Colyer Herefords that has produced several of the top sellers in their last few sales. His dam is a full sister to the \$600,000 1/2 interest Miles McKee. All you need to do is take one look at this bull to understand why these are the most utilized genetics. 659 is a very eye appealing, stout made individual that has everything in the right places. He is a big, square hipped bull that is very thick down his top and extends it deep into his quarter. He is very deep bodied with a huge spring of rib, and he ties all of that together into a smooth, angular shoulder. Be sure to look this one up when you get here. Ranks in the top 5% for Milk and top 15% for WW and CHB. BW 90 lbs.

These dark red power bulls are out of one of the most famous donor dams the Hereford breed has had in the last decade, NJW BW Ladysport Dew 78P ET. She has over 120 progeny registered with the AHA, including feature NJW herd sires TwentyTwelve and Steakhouse. Her maternal influence is evident, as these bulls are among the highest in the breed for Milk EPD. 78P is also known for the extra thickness she passes along, and you can see that with these two. They show plenty of turn and shape over the top and have an explosive muscle shape in their quarters. They are stout and rugged made with a big foot and a solid structure. The cowboys will find these.

Rank in the top 1% of the breed for Milk and REA.

- Iron Lake Ranch is retaining an in-herd semen interest in both bulls.

677 is a very stylish dark red bull that has a very impressive pedigree. His mother is a full sister to Ned and Jan Ward's cornerstone donor 73S, who has produced herd bulls Trust, Hometown 10Y and Homegrown 8Y. 677 is sired by the legendary Miles McKee.

677 is an eye-appealing bull that is very well balanced. He has a long, level top and carries that over his hip. He is a bold sprung bull that has plenty of capacity. He ties everything together with nice smooth joints, a clean, angular shoulder and an impressive hip. He is a masculine bull with a large scrotal circumference.

Ranks in the top 1% of the breed for Milk and top 5% for REA.

You should really like the extra length of body and bone that comes with this Miles McKee son. He is very upstanding and eye appealing with his dark red color. He is a growth bull with excellent extension and attractiveness through his neck and shoulder. This one will catch your eye. He had a 39.4 cm. scrotal measurement as a yearling, and you can tell they have continued to mature. This guy is ready to turn out.

His dam was Iron Lake's choice from the 2013 Hoffman Ranch Female Sale. Six Mile Creek has since purchased an interest in this Global daughter.

Ranks in the top 10% for REA.

Offered with Six Mile Creek Hereford Cattle Co.
