When I look at this filly and her pedigree, the first word that comes to my mind is "powerful"! By Citisun Cline, who concreted his progeny reputation in the performance world and out of Tuff Time Setum, a combination that intensifies the Driftwood influence but doesn't give any ground on stature, conformation, or performance. She rides smooth and collected and has all the athletic potential you need for the performance world. As a broodmare she has the potential to be that next "blue hen" mare you are looking for!

Solid footed and good boned, this Frostwood Drift daughter has the stature to be sound for a long time and then be a "keeper" broodmare. Here is a classic pedigree on a big, stout colt that wants to get along with you! Frostem for the size and Orphan Drift Baby to add performance, it comes together well here. He takes training in stride and doesn't easily get bothered. Whether you ranch or just want to ride a good one, this guy will work. He stays gentle and is good to be around whether on the ground or out gathering a pasture. We think a lot of this colt, don't miss him!

Here is a rugged colt with a potent Driftwood pedigree! Dam Misty Citisun is a maternal sister to the great calf horse DVA Maxi Driftwood and Special Drift adds another shot of performance ability. "Tom" has a smooth, snappy feel and is training up nicely. He will watch a cow and doesn't get lazy with the mundane chores. Just the right amount of punch here for the arena or for a great addition to the ranch string. Look at the muscle and bone on this one!

Here's a cute roan colt that is showing lots of ability and try. An own son of Special Drift, there won't be many left after this year, we lost him a bit ago. Willywood and Sunfrost come together here and the performance is bred in. This colt is very responsive, tracks a cow real well and is coming along with the rope. Too many quick moves for an inexperienced rider, but he'll be the ticket for a horseman that is hoping not to climb on a tall one!

Here is another Special Drift colt and he is the definition of gentle. "Chester" has been through the creeks, over the hills and has been roping in the arena a bit. He has dragged calves at the branding and he takes it all in stride. If you are looking for a prospect that will tolerate a great variety of riders, he will fill the bill. Small enough to make it easy to get on, and with enough heart to get the job done, Chester is a handy, gentle ride!

"Snip" was easy to start and is okay with whatever we've thrown at him. High Driftin Gold on a Roosters Shorty daughter, this combination is time tested! He has been through the creeks, dragged logs, roped a few calves and he just wants to learn. Whether you are on the ground or on his back, he is ready for the next task with a calm and willing attitude. Due to a DNA glitch on the dam side, this colt will not be registered. Very talented and athletic, yet very willing to learn, he is cowy and possesses the right balance and handle to make the jobs look easy. "Lee" is a big, tall, stand up black colt that makes you think head horse when you look him over. He has the distinction of being the first rider we are offering by Cajunistic and we think he sets the bar high. He's 15.2 and growing and carries a big foot. This horse is good to be around on the ground and is developing a nice handle with a smooth way of going. If you like bigger horses, he will fit that category. He's more horse than an inexperienced rider will enjoy, but for those of you who like that "extra" in the performance category, he won't let you down!

Standing right at 15 hands, he is the size that will fit many disciplines. He has been ridden outside, dragged calves in the branding pen and has some arena roping under his belt. He is gentle to be around, has no hump or buck and carries the foot and bone that we would expect in a Frostem son. Lots of motor in this horse, but very controllable with a nice, one hand ride. If you like talented, pretty, gentle and people asking about your horse, Merada is your kind! At 4 years old, he has a long list of accomplishments. Seasoned ranch horse that's been used to do everything you can do horse-back from doctoring cattle outside to covering country on the ranch and in the feedlot. Merada is an absolute dream to split pairs and drag calves to the fire on! He will really watch a cow and never spooks. Also, Merada has been my number one ranch rodeo mount this summer. From the local ranch rodeos where he has been top horse and won a lot of money to Glen Rose Texas to the Resistol \$50k ranch rodeo. Merada is also a true switch ender in the team roping and has been hauled to the jackpots. As a head horse he scores solid, has a lot of rate, and handles all types of cattle with ease. As a heel horse he scores awesome and has a very smooth approach to the corner that will help you catch two feet and a big stop to finish the run. Truly a one of a kind horse with his whole life ahead of him. Sound, sane, gentle and as blue as you can make one! Call Patrick Chester 785/543-4343.

Chevy has been ridden many miles on grazing permits in the Colorado mountains. Been roped off of in the arena and is a very strong head horse. Chevy has a very easy going personality but will be too much horse for the little kids and inexperienced riders. Call Dan for more info on Chevy 417/399-8942.

As good looking as they come and he rides to fit the package. We sold Lucky Drift several years back to a Wyoming rancher and he has leased the ranch and wants to sell Lucky. Very broke, very dependable and I recommend him highly. Not often do you find one this pretty that rides this good.

A true experienced warrior, Boogie has done it all. Fred Pratt has had him most of his life and used him for everything from roping bulls to hauling kids. We have used him this summer for every level of rider, and he never changes. A hard, hard worker, he won't object to a bit easier life. Sure nice to be around, both on the ground and in the saddle.

125 CHARLEY DOHM

A good looker with a flaxen mane and tail and quite a bit of roan. Charley is good for grandpas and grandkids but moves out well in big pastures and knows all aspects of cow work. Make him an eight year old and give him a set of papers and he could top the sale. We like Charley.

126 ARIAT

2019 Bay Gelding · Pony · 12 hh

Built like a smaller scale Quarter Horse, Ariat is a unique individual with the kind of conformation that should keep him functional for many years. He's dragged a few calves and has been ridden outside most of the time and is gentle and willing. If you have a young family that needs something to follow the gather, look at Ariat!

127 REX

2018 Black Gelding · Pony · 13.1 hh

If you like a smooth little lope and a hard stop on your next pony resume, "Rex" can deliver! He is fine with the rope and has tracked the roping dummy. He has seen outside riding and moves out with confidence. He will watch some things occasionally, so we don't recommend him for the completely inexperienced.

128 HOOVER

2017 Black/White Gelding · Pony · 14.1 hh

If you want to get noticed on a larger pony, take a look at Hoover! He catches your eye with his conformation and color, but when you see him ride, you will notice as well. This guy has had some branding pen experience and really has a nice soft demeanor while he's doing the job. He might not be for beginners yet, but he's headed there. Lots of potential in this one! A future youth barrel and pole prospect!

129 PHILIP

2016 Sorrel Gelding · Pony · 14.1 hh

Bigger than some ponies but smaller than most horses, "Philip" is ready for a big horse job anytime you ask! Very quiet and willing, he has had some roping in the branding pen and has dragged logs and has tracked the roping dummy some. Through the creeks and over the hills, he is ready for a wide variety of riders. Take a look at Philip!

130 SMOKE

2014 Gray/White Gelding · Pony · 12 hh

Sane and solid would be the best way to describe this flashy pony. "Smoke" has been a joy to have around and he generally just goes where you point him. He rides very much in your hand and would be a great confidence builder for a young rider who wants to ride a smaller animal. He is broke to ride and drive and does them both with not a lot of fanfare. One rider or two, it doesn't matter to him. Talk to us about Smoke!

"Boon" is a powerful Sun Frost-Driftwood, all-around performance horse, an imposing, prideful athlete that moves with great presence. Sired by Cowan T4 stallion PC Tully Frost, he's deep in ProRodeo proven blood...2x Sun Frost, 2x Boon Dox John, 7x Driftwood. Dam Ali Kitten produced an awesome full sister replacement; grandam PC Kim Dox Frost produced our "Rooster" stallions. Extremely talented with a great mind, disposition and strong, "feather-lite footed" movement... Boon is very broke, savvy and mortally tough. Kansas Flint Hills ranches the past year, he's roped big cattle, shipped several thousand yearlings and spring branding dragged near 600 calves. This three-yr-old Buckskin is a big-time rancher with the credentials to now develop into a pro-caliber header, barrel horse or rodeo pick-up mount!
