Welcome Cattle Producers,

We would like to invite you to the ranch to view the Hereford bulls and F1 Black Baldy replacement females that we will offer in our 63rd Annual Production Sale. The past year has been one of the most challenging in recent memory. We had snow until the first of May, the creek flooded twice, and then rain, rain and more rain. I cannot even begin to count how many times we have been stuck in the mud during calving, farming, haying, harvesting, and feeding/checking on the cattle. We are not complaining though, because with all this moisture comes a lot of grass and hay.

This year we will be offering our home-raised F1 Black Baldy replacement heifers. These heifers will be the top end and are extremely fancy. They have been through the working chute several times to be screened for disposition. All the twins have been removed. They will be Bangs vaccinated. They will all make excellent brood cows.

We are very proud of this set of bulls. We feel that every bull offered up for sale is good enough that we would use it in our operation. In our program, we put an emphasis on quality, trouble free females with length, muscle, good disposition, sound feet & legs, good hair, and trouble-free udders. These bulls are an extension of that program.

We believe bulls that aren't fed hard, but have the opportunity to grow, will have longevity. The bulls were never creep fed. We feel that not creep feeding allows the best opportunity for evaluating the cows. They were raised on a high roughage ration then turned out on grass for the summer as yearlings.

Our auction will be the same as last year. There will not be a sale order and we will be using a horse race style format. We know that it may be new to some, but we feel that not being restricted by a sale order will benefit our customers. How often have you said, "Who made this sale order anyway?" The bidding will occur over a three day time frame, which gives our customers time to compare the bulls. You can come view the bulls at your convenience. If anyone does not feel comfortable with the bidding format, please let us know and we will have help available.

Thank you, The Jerry Knippling Family

The disposition rating and scrotal measurements for each bull can be found on a supplement sheet on our website, KnipplingHereford.com, prior to sale day.

YW: 99 M: 29 MG: 58

We own this bull with Brian Carmichael. Exceptional length, easy fleshing, thickness and calving ease are what he provides. We can't wait to calve out the heifers sired by him. They look like they are going to be great cows.

UU HARELY 2112 - #43266603 - CED: 5.8 BW: 1.5 WW: 53 YW: 94
