Welcome!

Thank you for your past business and present interest in our breeding program. Some years back when we had approximately 1000 cows, we split the herd between "Roth Angus," our daughter, Heidi, and son-in-law, Craig Roth, and our youngest son, Lance LaGrand Pankratz, "LaGrand Angus Ranch," and my herd came to Bison, S.D., as LaGrand Scotch Cap Angus Ranch.

Our LaGrand females produced many national champions while we were showing, so conformation is at its best. When my herd came to western South Dakota, I stressed ribeye, tenderness, feed efficiency and low birth weight. Our herd will be amongst the top in these criteria as well as in the top 20% for weaning weight and yearling weight EPDs.

Many of this year's select bulls are from our unique outcross herd sire, Performer 884. See his profile on page 2. He was the top selling bull in his fall Midland test and sale. See his EPDs if you want one of the best growth sires in the breed. A weaning weight above 80 – wow! He also provides the criteria we stress for profitability, palatability and feed efficiency.

We will have pictures and videos of all the bulls on the website a week or two before the sale. Please stop in before the sale, have some coffee, and look at the bulls ... we know you have a choice where you shop and we appreciate your business. We are most liberal with our guarantee and, above all, want you to be more than satisfied and thrilled with your purchase and what the bulls will do for your herd.

Actual weaning and yearling weights may be slightly lower because we limit energy to produce a healthy hoof. This requires a roughage ration. The end result is a bull that has tremendous traveling capability when he is of breeding age. Our Revenue bulls are thick and have big ribeyes.

We will have a really good video presentation on our website before the sale (www.lagrandscotchcapranch.com). We were a little late starting on our catalog, but anticipate a lot of updated information by sale day.
