**Video Sale** Cattle will be videoed around the middle of August. Those videos will be viewable the 1st of September. You can view videos on our website [www.LeddyRanch.com](http://www.LeddyRanch.com), on *DVAuction*, or the *Livestock Link's* web sites. Sale day cattle will be penned at our Ranch for viewing. (Or in the pasture any day before the sale). If you can't make it to the sale you can bid online at either *DV auction* or *The Livestock Link*. Check out their web sites or contact us with questions. You can also contact Wade or Gene Leddy or any of the *Livestock Reps* with bidding help.

**Lunch** Complimentary coffee and rolls will be served morning of the sale along with a noon meal.

**Liability** Any person attending the sale does so at his own risk, and we assume no liability, legal or otherwise, for any accident that may occur. Each animal will become the buyer's risk immediately after the animal is sold.

**Catalog Material** Special care has been taken to ensure accuracy in the matter of EPDs, pedigrees and other information included in this catalog. Any correction will be announced on sale day.

**Lot Number Information** We will be selling the bull and heifer calves also in this sale. They will sell as Lot# (cows lot#) plus the letter B for bull or H for Heifer. For example Lot 26H is Lot 26's heifer calf. Lot tags will be the Yellow tag. The highest bidder will have choice of calf or cow and then we will start again and sell the other.

**Winter Bull Development** We will not be having a bull sale in February of 2018 the bulls will be offered in this sale. The buyer has two options: **1)** Purchase bull day of sale and take him home. If you choose this option you must pay for your bull the day of the sale and take him home. We can't guarantee semen on these bulls due to their young age. We also can't control how the new owner takes care of these bulls so no further guarantee applies. **2)** Purchase bull day of sale and pay 30% down of purchase price. The remaining 70% is due the first of April 2018 plus \$100 a month for feed and yardage (70% plus \$600). Bulls must also be insured for mortality. Leddy's will pay half of this and the new owner will pay the other half. This must be payed the day of the sale. Bulls left at Leddy Ranch will be developed and cared for the same as previous years. They will be semen tested the middle of April and delivered within a 200 mile radius of our Ranch for Free. Farther distances we can work with new buyer and meet them somewhere or help them hire someone to get bull to their new home.

**Herd Health** Calves vaccinated: 1) at birth: Inforce 3, Ultrabac C&D, and First Defense bolus. 2) at turn out: Inforce 3, Ultrabac 7/Somubac and One Shot. 3) before sale: Bovi-Shield Gold /One shot, and Ultrabac 7/Somubac  
Cows vaccinated: Annually before breeding: Bovi-Shield Gold FP 5 VL5

**Breeding Guaranteed** Cattle will sell under the terms and guarantees recommended by the American Hereford Association and the Red Angus Association of America unless stated differently.

Catalog produced by: The Cattle Business Weekly • 605-859-2022 • P.O. Box 700 • Philip, SD 57567

# Welcome...

*...to the Leddy Ranch Complete Cow Herd Dispersal. First of all we would like to extend a big Thank You to all our friends and customers. You have kept us in the Seed Stock business since the early 1940's.*

*The one constant in life is change, and almost always, change is followed by opportunity. We have decided to make a big change in our Life. Selling the cow herd in full gives us an opportunity to spend more time with family and seek other opportunities. It also gives you the buyer, the opportunity to purchase females it's taken us a lifetime to produce. Many years of sweat, tears and sleepless nights have gone into the herd. It was not the easiest decision to make but we feel it was the right one for us.*

*Our goal has been to produce easy keeping moderate framed females. Cows were culled each fall if they came up open, no excuses who they were. Every animal in this sale was born on our ranch except for one 12 year old cow. We have strived to improve udder and teat size while maintaining good milk flow. Disposition has always been at the top of the list. Over the years many bull customers have complimented the great disposition our bulls have. We have no tank full of embryos or a bunch of donor cows on partnership we are holding onto. The whole herd is for sale. We feel the honest and fair way is to sell everything.*

*As you look thru the Reference sire section of this catalog, you will notice many similarities; moderate birth weight, muscling, easy fleshing, great EPD numbers and an outstanding cow family behind them. We have used an intense AI program and we feel that we have built a great cow herd.*

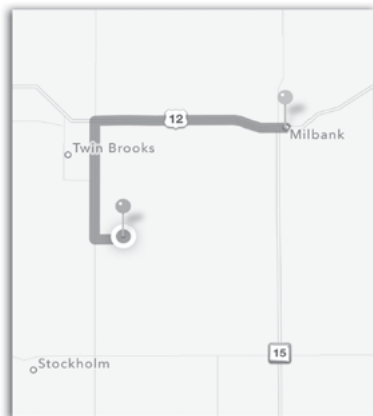

*In closing, I would again like to thank everyone that has showed interest in our cattle. The cow herd has been a part of our family for multiple generations. Sale day will be a day of celebration and a day that will pull on our heart strings. We hope the cattle will perform for you and help you move to the next level.*

## DIRECTIONS TO LEDDY FARM:
