Selling in Catalog Order:

185 Bulls • 65 Heifers

Including 50 18-month-old bulls from Koester Red Angus

All Sale Bulls 50K Tested • Free Lunch
Free Delivery • Cattle Guaranteed

View videos online at www.lelandredangus.com

Welcome to our 34th Annual Production Sale!

We sincerely appreciate the loyalty of our friends and customers for supporting our program.

Red Angus has been our breed of choice for 51 years. We've watched it grow from a nearly invisible breed to one of the most prominent in the industry. This popularity can be directly attributed to Red Angus Core Tenets which recommend that cattle are produced for genetic and performance merit without artificial enhancement, and with a devotion to customer profitability.

Our programs are dedicated to help our customers capitalize on market premiums. Through Total Herd Reporting, FCCP, comparing large contemporary groups, DNA testing, carcass ultrasounding and common-sense selection for relevant traits, we strive to insure extra value for our customers. The Top Dollar Angus Program is among the recent premium incentives offered.

In addition to selecting for EPD-measured traits, our ranches have a long history of scoring and selecting for foot and udder structure. Udder scores are taken when the calf is born, a time when function is most critical.

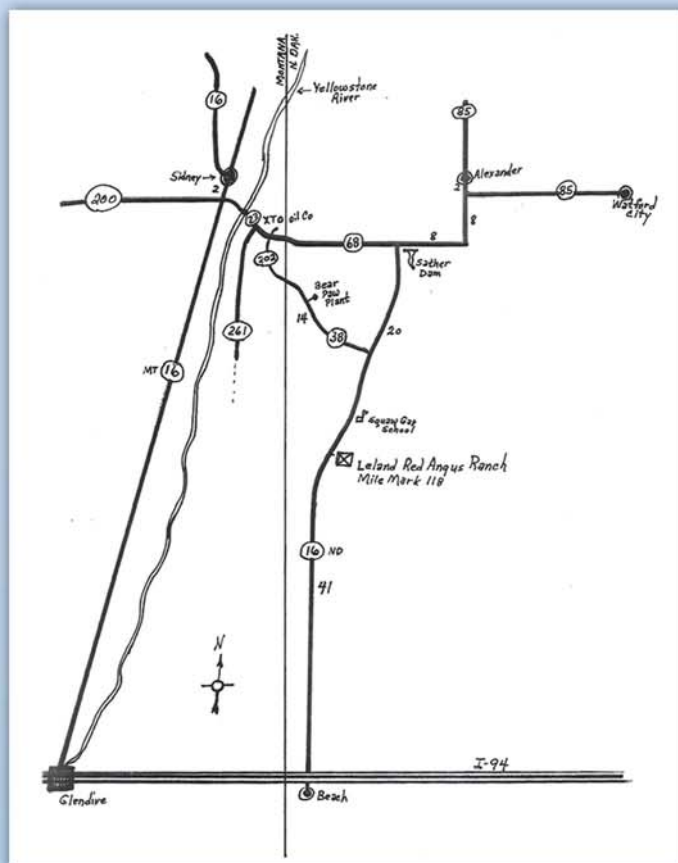

For customers wanting age-advantaged bulls, Koester Red Angus offers a nice selection of virgin 18-month-old bulls developed on their Steele, ND, ranch.

All of the cattle are guaranteed breeders with the bulls having to pass a breeding soundness and semen evaluation. Heifers are guaranteed open and ready to breed. We do recommend insurance particularly on yearling bulls when they're used in multiple breeding groups with older bulls.

As always, we're happy to assist in any special needs and guarantee confidentiality as well as the lowest bid on any sight-unseen purchase.

*Best wishes from all of us at
Leland Red Angus & Koester Red Angus*

DVAuction Broadcasting
Real-time Auctions

**We are pleased to offer the Leland Red Angus Sale broadcast
"live" over the Internet through DVAuction Services.**

First Time Users:

- Visit the DVAuction web site at www.dvauction.com
- Click on the "Register" tab.
- Complete "Registration" and "Applying to Bid" at Leland Red Angus.
- Please view the tutorial available on our home page for bidding instructions.
- Proxy bidding is available before sale day and during the auction.
- You will be assigned a buyer number once you purchase.

We will be contacting your bank to verify information.

DVAuction will contact you to let you know that you have been approved to bid and buy at the sale "live" from your computer at home.

After the sale:

- Contact Leland Red Angus for delivery or pickup and payment arrangements.

Note: You must have high-speed internet access (DSL, T-1 or Broadband) to be able to bid during the sale. Any questions: Contact Tami with DVAuction at (308)-870-3661, tmcintosh@dvauction.com.

We recommend that you register by March 9, 2017, for on-line bidding. Every attempt will be made to complete your application even if it is on sale day.

GENERAL INFORMATION

FRIDAY, MARCH 10, 2017 Sale will begin at 1:00 PM MT.

LUNCH A free noon lunch will be served on sale day.

TRANSPORTATION Sidney is served by Gulfstream Int'l. Airlines. We will meet planes on request.

ACCOMMODATIONS Sidney: Sunrise Inn, (406)482-3826
Lone Tree Motor Inn, (406)433-4520
Park Plaza Motel, (406)433-1520
Richland Motor Inn, (406)433-6400
Microtel Hotel, (406)482-9011
Golden Prairie Inn, (406)433-4560
Holiday Inn Express, (406)433-3200

Beach: Buckboard Inn, (701)872-4794

Watford City: McKenzie Inn, (701)444-3980
or 1-800-842-3989
Roosevelt Inn, (701)842-3686
or 1-800-887-9170
The Watford Hotel, (701)842-2945

Wibaux: Beaver Creek Inn & Suites,
(406)796-2666

Video of sale bulls and heifers will be available to view on our websites, www.lelandredangus.com and www.koesterredangus.com, or on DVAuction.com, one week prior to the sale. All cattle will be available to view sale day and will sell via video display.

TELEPHONE BIDS Bids will be handled in strict confidence by any of the publication representatives or the Ranch. **Capabilities to bid by phone on sale day are limited. To do so, please make prior arrangements with a representative or to participate in person, call the ranch at 701-565-2347 to receive a conference line call-in number.** Bidders may also log on to DVAuction.com to bid online. Please see additional information on Page 1.

HEALTH All the bulls will have a general health and fertility examination by sale day and will be cleared for interstate transportation. Scrotal measurements will be available on sale day. All bulls are 50K DNA tested. All heifers are bangs vaccinated.

FERTILITY Yearling and 18-month-old bulls will have a breeding soundness evaluation and semen test. Yearling heifers are guaranteed open and breedable.

DELIVERY Free delivery of bulls to central points up to 700 miles. Balance at cost. Heifers in load lots or by arrangement. We will cooperate in any way to assist in deliveries of greater distance or by private arrangements and volume purchases.

Auction Procedure

The cattle will be displayed in sale order for viewing sale day and remain in the pens for viewing during the entire sale.

No animals will be run through the sales ring, but instead every lot will sell via a pre-recorded video and displayed on large video screens in the sale barn. Videos may be viewed in early March at LelandRedAngus.com, KoesterRedAngus.com or DVAuction.com.

Bidding will be done as normal, with ring men to take your bid, or with the option for absentee bidding through DVAuction.com or by conference phone line. As always, all sight-unseen purchases are guaranteed.

CARCASS ULTRASOUND

This is the 17th year we have used ultrasound technology to evaluate carcass characteristics. Weather permitting, we will have carcass ultrasound information available on all bulls just prior to the sale that can be accessed on our web site.

This information will be available for our customers upon request and more importantly it will be used for more meaningful genetic evaluations in the future as it contributes to carcass EPDs.

Red Angus Feeder Calf Certification Program Tag Voucher

Genetic, Age and Source verify your feeder calves free or at minimal cost to increase potential for premiums in the Red Angus Feeder Calf Certification Program (FCCP).

Leland and Koester Red Angus Ranches will help you with this easy process.

1. Call Red Angus Association of America at 940-387-3502 to answer a few questions to enroll.
2. Calves sired by Leland and Koester bulls qualify for the FCCP, and the RAAA will invoice the cost of the tags to us at the rate of one bag of 25 tags per bull purchased in this year's sale.
3. If additional tags are needed, they can be purchased by the bag for 99¢/tag but must be used only in calves that qualify for certification.
4. The FCCP tags are serial numbered at the bottom leaving space on both the front and back for additional ID numbers. This is the lowest-cost system in the industry to USDA genetic, age and source verify your cattle. FCCP-tagged cattle qualify for the Red Angus Choice+ and G.O. Red grids.

INTEREST RETAINED

1/3 to 1/2 semen interest is retained and full possession selling on all bulls. This means purchaser buys the bull for what he bids and gets 100% possession and 100% resale value of the bull when he sells him. It does give Leland Red Angus the option to collect, use and market semen from the bull and does not restrict purchaser from doing the same. This collection, unless agreed otherwise, would be done at the expense of Leland Red Angus and at the purchaser's convenience. Leland Red Angus would assume full liability for the bull's welfare at the purchase value during transportation and collection unless it is a joint venture with the purchaser. In such a case, liability would be proportionately assumed.

SCROTAL CIRCUMFERENCE MEASUREMENTS and FERTILITY

All bulls will have a breeding soundness evaluation and semen test. Scrotal measurements are taken at 10½ to 11 months of age and adjusted to 365 days of age. Scrotal measurements will be available sale day.

Top Dollar Angus Feeder Program

Top Dollar Angus is a genetic-certification and marketing company focused exclusively on the top 25% of the industry in carcass and growth Angus and Red Angus-influenced feeder cattle. Top Dollar Angus is a program similar to other popular branded-beef programs, except that Top Dollar Angus does its "branding" in the feeder cattle and calf market.

Qualified herds must have two or more generations of Angus (Black or Red) genetics with growth and carcass traits objectively ranking in the top 25% of the breed based on documented historical sire use. DNA evaluation, conducted by Zoetis or GeneSeek, is another workable method to qualify. Once your cattle have met the necessary requirements, they will be marketed under the Top Dollar Angus brand and logo, and will be promoted aggressively to a large number of feed yards and buyers. In today's market, Top Dollar Angus cattle are seeing premiums ranging from \$30 to \$70 per head above the average market.

Why the premium? Cattle feeders know that Top Dollar Angus cattle perform better and have higher grid-based carcass rewards compared to other cattle. This puts more dollars per head into the cattle feeder's pocket, which can be passed back to the producer in the form of premiums paid above market price.

Top Dollar Angus helps take the guess work and surprises out of growing and feeding cattle. Feed yards are tired of unpredictable performance and wide-ranging profitability results from group to group on cattle they purchase. Cattle often look the same and have the same colored hides, but are very different genetically. That's why the genetic certification of high-end Angus and Red Angus feeder cattle is here! The industry must differentiate the best Angus and Red Angus genetics from average cattle, and that's what Top Dollar Angus will do for you!

If you have consistently invested in high-performance Angus or Red Angus genetics, Top Dollar Angus will make your cattle stand out from the pack and get you the premiums you deserve. No matter how you market your cattle, our goal is to create more demand and higher prices for your calves.

Kenny Stauffer, general manager • 308-641-0429

FCCP SWEEPSTAKES

Don't miss the chance to take home a cool grand – and be a winner in the marketplace – when you enroll in the Red Angus Feeder Calf Certification Program!

From January 1 to June 30, producers will be entered to win a \$1,000 cash prize with each bag of 25 FCCP tags purchased! It's a win-win scenario! This could be your lucky year!

A special drawing for Red Angus genetics providers will feature a .22 Henry Golden Boy trophy rifle. When tag purchasers call to enroll and they identify where they purchase their bulls, that seedstock provider will be entered to win the commemorative FCCP trophy rifle!

Research shows that calves identified as Red Angus genetics in the marketplace sell for a higher price. So, encourage your bull buyers to take part in this marketing program that has a proven track record. You're sure to be a winner with the USDA's longest running and most reliable genetic, age and source verification program!

Don't hesitate! Call to enroll your calf crop and automatically be entered in the sweepstakes today!

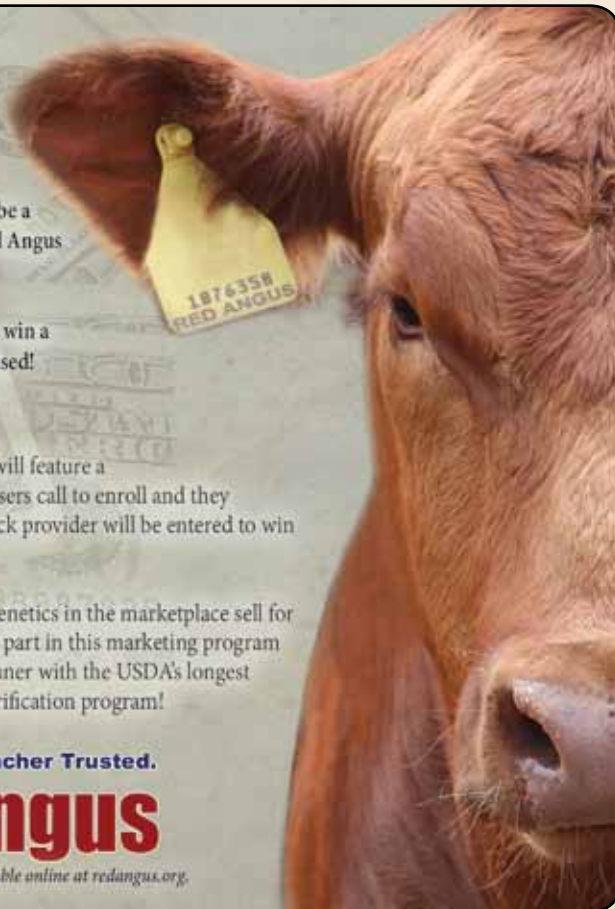

Winners will be selected by random drawing.

Contact Chessie Mitchell, tag program coordinator,
at chessie@redangus.org or 940-387-3502, Ext. 2.

Ranch Tested. Rancher Trusted.

Red Angus

Full sweepstakes details are available online at redangus.org.

3SCC Domain A163

When the data on Domain is studied, it's very difficult not to use him extensively. He ranks high on his indexes, calving ease, fertility, stayability and carcass. His pedigree serves as a total outcross for our cowherd. His progeny exhibit excellent shape and dimension with a great disposition. His bulls av. 85BW(105) 747WW(101). Hfrs 70BW(97) 630WW(95). Owned by Koester Red Angus, Sonstegard Cattle Co. and Genex CRI. Semen available through Genex.

This herdsire will go down in our records as one of the best female makers we ever used. He also sires exceptionally thick, sound, high-performing bulls. He is the product of two very strong genetic lines at Lelands. Unfortunately, we lost Right Gun to an injury this year.
Co-owned with Leland Red Angus. Semen available.

Genomically Enhanced EPDs

All sale bulls have been DNA profiled through GeneSeek's GGP-LD test.

This ensures our customers have the most accurate information available to make their purchasing decisions. With the GGP-LD profile, the bulls' EPDs now have the same accuracy as they would with their first calf crop reported and registered through the Red Angus Association of America.

The GGP-LD test also verifies parentage so you are assured of the bloodlines you are buying.

We trust in the science behind the genomics and are committed to ensure more value in your purchases, increasing the profitability of your calf crop.

For those who would like to gain even more genetic knowledge of your cowherd, consider testing your replacement heifers with RAAA's Red Navigator test, specifically designed for high-percentage Red Angus females.

- EPD percentile rankings for all traits
- Sire verification (if sire is DNA profiled)
- Follow-up from RAAA Marketing Team Member
- Potential qualification tool into Top Dollar Angus

Identify your top replacements before breeding!

Lot 2, Leland Heavy Metal 6416

This attractive, smooth-made herd bull has exceptional muscle and carcass potential. His Norseman King dam is nearly flawless, with all previous progeny retained as replacements. Leland Anvil Too 361Z is a growth and muscle leader that has 3 maternal brothers that have sold from \$12,000 to \$30,000 sired by Epic, Iron Ore and Chateau.

• Expect extra muscle and carcass value in this top 2% REA, Top Dollar bull with strong performance.

Lot 18, Leland Benz 407-6457

- Weaning at 856 lbs with a high WDA, it isn't any wonder his dam has a 106 MPPA.
- He is just as attractive now as he was in August.
- See him with his dam next to Lot 21.

19

Our vision for the future ...

We look beyond the current season and market, seeking fresh genetics that will add value to our customers' calves and cowherd for generations into the future. We know – and accept the responsibility – that our decisions today impact the livelihood of the cattlemen that trust our genetics.

Rooted in heritage and stewardship while envisioning tomorrow.

LSF RAB Conformation X7751, MGS of Lot 100

- His sire and MGS have exceptional calving ease and low BW records making him a heifer bull.
- His MGD is a beautiful SMRA hybrid cow great trait scores.
- He reads like a heifer bull and looks like one with a clean smooth pattern.

DAM AV			3/84										

- A heavy weaning bull whose dam has a 107MPPA and 110 WR on 3 calves.
- Although possibly not a hfr bull, he does exhibit calving ease above breed average.
- A TOP DOLLAR qualifier with strong growth, carcass and maternal traits.

- Moderate BW out of a 2 yr old dam with a 78lb BW.
- His sire has a 78lb BW on sons and 71 BW on daughters.

Bull & Heifer Development

LELAND BULL DEVELOPMENT

The bulls are weaned in early October and placed on a roughage only ration until bunk broke. The following two months they are fed a low, 42 Mega-Cal ration of chopped hay, haybet silage, cracked corn, mineral supplement and Mix 30 vegetable fat. From mid December until weight off, they are increased to a 47 mega-cal ration by simply increasing the corn and Mix 30. This ration is significantly lower energy than the 50-55 mega cal ration most bulls are developed on. Our intent is to allow them to exhibit their potential for growth without allowing excessive fat deposits which are negative to fertility.

LELAND HEIFER DEVELOPMENT

The heifers are wintered on a roughage only ration to restrict the ADG to no more than 1.5lbs which is optimal for breeding performance.

Trista Hovde

Wacey Hovde

Cedar Hovde

Gary Schieber, Todd and Carla Leland, JJ Hovde and Jarvis Klempel after their ranch rodeo finals in Forsyth, Montana.

Dinosaur Hill

HEIFERS

These heifers were wintered on a high roughage ration. They are penned in comparable groups but will sell individually. All heifers will sell as registered unless stated otherwise or announced from the block. They are all bangs vaccinated and guaranteed open.

Red Angus Association of America Core Tenets

Historical Perspective

"The decision to form an association was based on the feeling among the breeders that there should be a herd book for these animals in order to perpetuate Red Angus as a useful breed of cattle. The members also felt that there was an opportunity with a relatively small group such as this to incorporate into the structure of the association itself, rules and standards for the selection and registration which would accelerate the improvement of the breed by taking advantage of some of the more recent advances in animal breeding research.

In general then, the policy of the [Red Angus] Association is to discourage the more artificial practices in purebred cattle production, and to place its faith instead in objective test, consisting for the most part of comparisons within herds of factors of known economic importance and known heritability. By making it an integral part of the registration system, the Red Angus breeders feel that even faster progress can be made toward the ultimate goal of more efficient beef production."

— Waldo Forbes, founding member and first President, August 1954

1) It is the RAAA's primary role to create an environment that promotes the financial stability of its members.

2) The RAAA supports the development and use of membership-driven strategic planning.

3) The RAAA creates marketing tools for commercial bull customers, creating more demand for Red Angus and Red Angus-influence genetics.

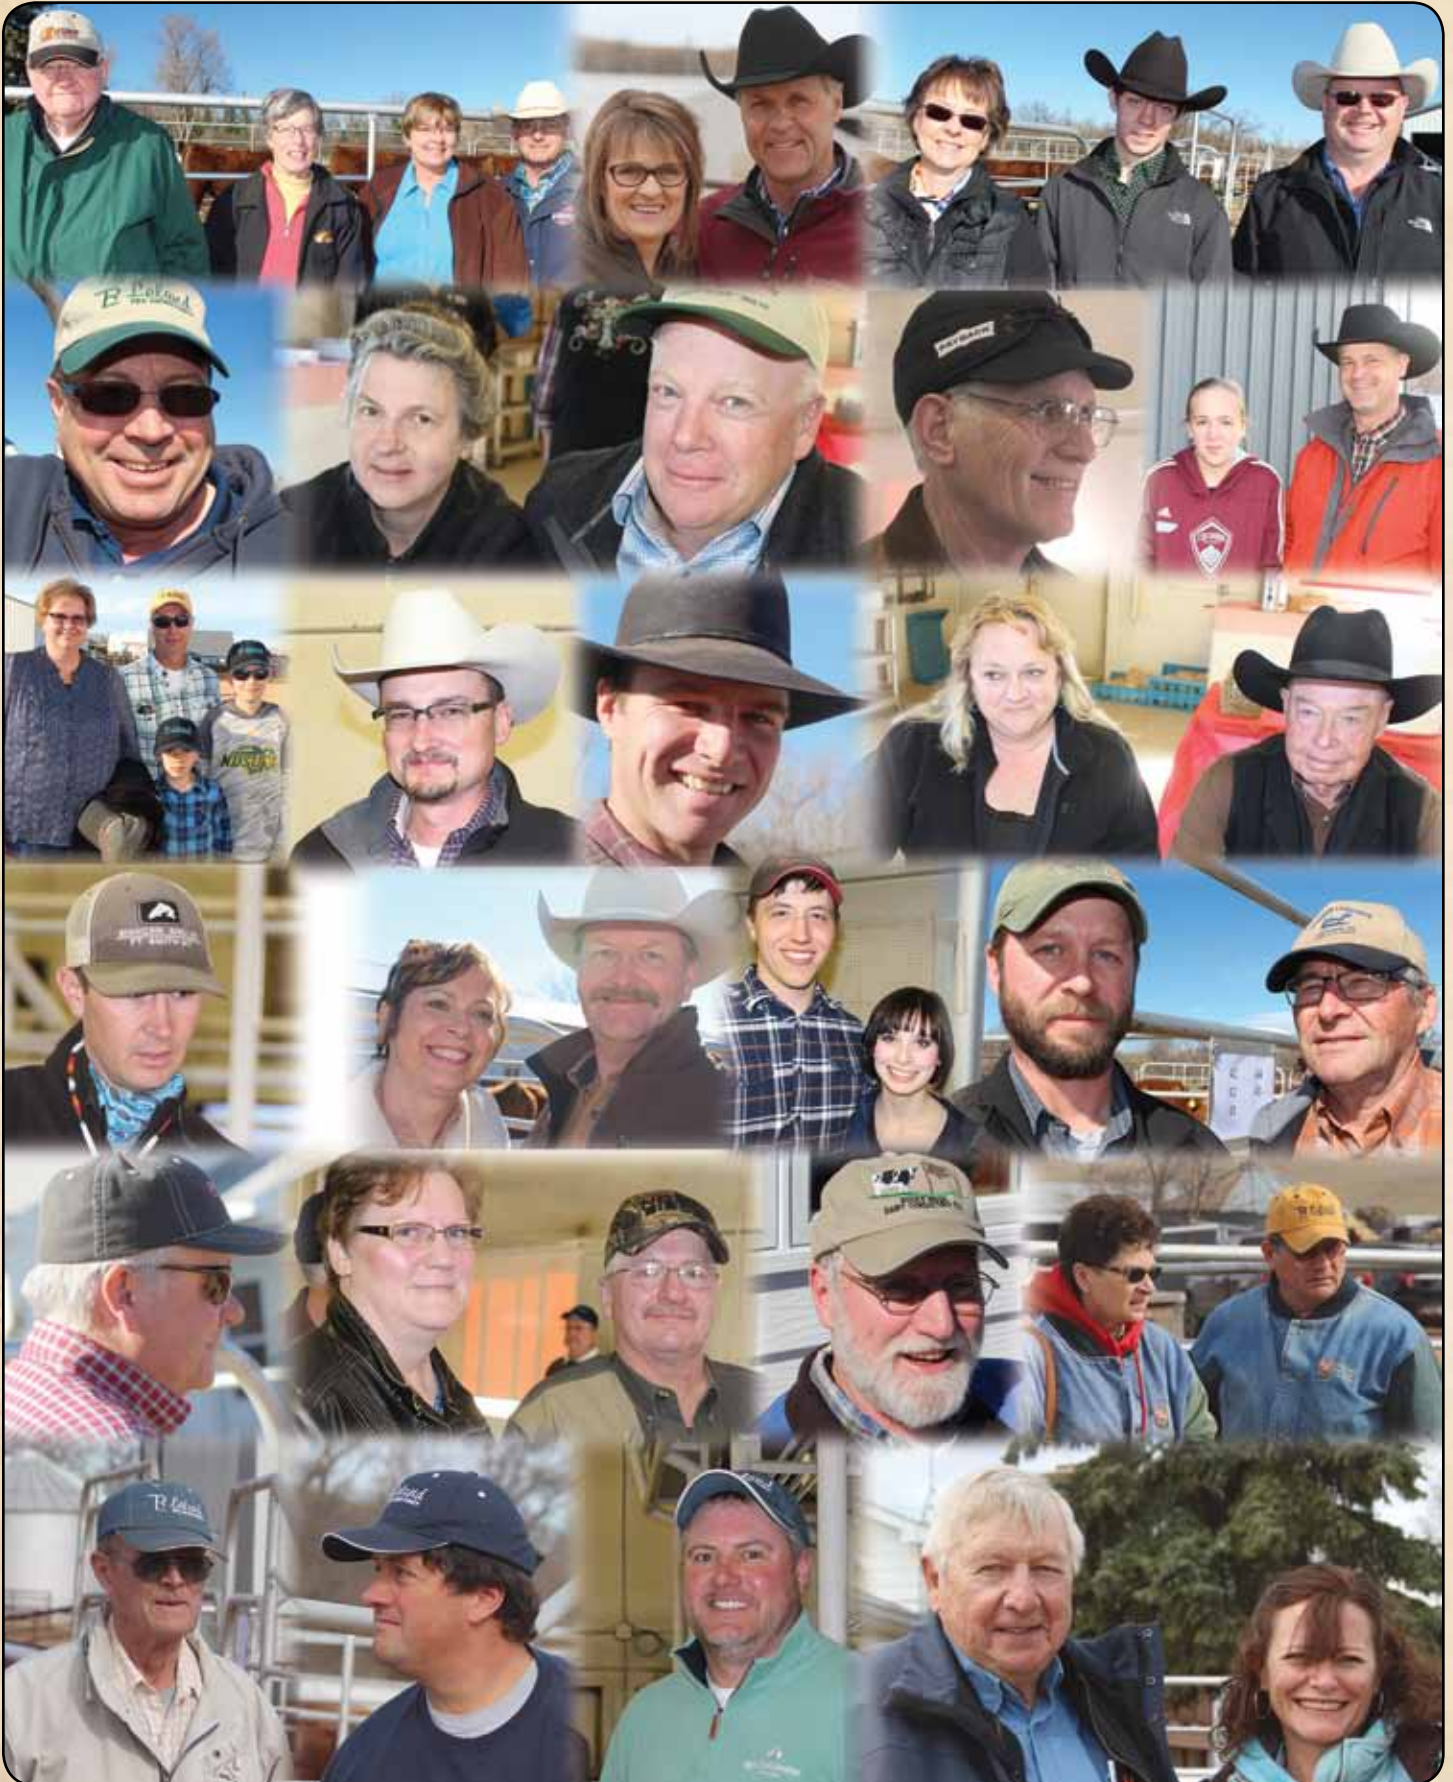

4) The RAAA is committed to objectively describing and recording cattle, utilizing economically sound scientific principles with the least number of prediction values. Furthermore, the RAAA encourages good stockmanship and sound visual appraisal in seedstock selection.

5) Since its establishment the RAAA has understood and accepted economic value of heterosis through planned crossbreeding.

6) The RAAA does not take a role in the marketing of an individual member's cattle therefore the *ARA Magazine* editorial content has a commercial and technical focus. Individual seedstock supplier articles are avoided.

7) It is the duty of the RAAA to proactively communicate with its membership therefore proxy voting is not allowed. This policy was established in the Constitution and Bylaws of the Association at its inception to ensure that voting members are current on all pertinent information.
