# Welcome to our 36th Annual Production Sale!

We sincerely appreciate the support and loyalty of our friends and customers.

After a tough spring calving season, we were eventually blessed with a good growing season for most of our pastures. About a third of our cows still summered on droughty rented pasture, but the cattle seemed to adapt without supplemental care.

As Red Angus breeders, we continue to enjoy growing popularity and demand. This is directly related to the Red Angus Core Policies which focus on the success of our commercial producers. Our programs endorse that commitment to help our customers capitalize on premium market opportunities. To do this we offer genetics identified genomically through DNA to qualify for verified systems of value like Top Dollar Angus and FCCP. Buyers are eligible for a free bag of FCCP tags per bull purchased to qualify for premium markets.

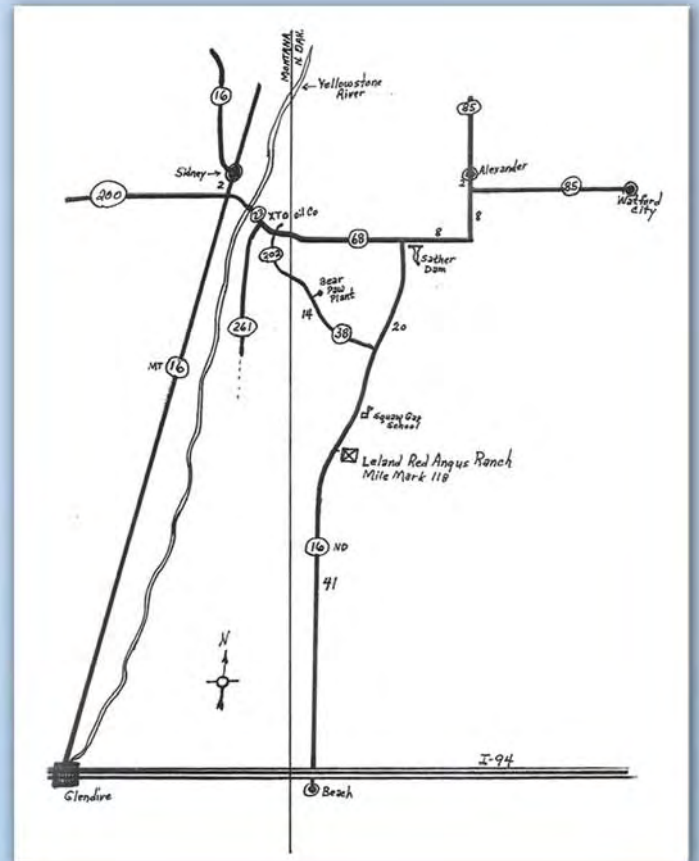

We conduct rigid selection practices to ensure the most accurate information available. These include traits not measured by the computer but by cowboy logic – traits such as foot and udder structure, disposition, fleshing ability and survivability. Our cattle are guaranteed breeders, with the bulls passing a breeding soundness and semen evaluation. Heifers are guaranteed open and ready to breed.

We do recommend insurance, particularly on yearling bulls when used in multiple breeding groups with older bulls.

As always, we're happy to assist in any specific needs you may have for your program and guarantee confidentiality as well as lowest bid on any sight-unseen purchases.

*Best wishes from all of us at  
Leland Red Angus & Koester Red Angus*

## DVAuction Broadcasting Real-time Auctions

We are pleased to offer the Leland Red Angus Sale broadcast "live" over the Internet through DVAuction Services.

### First Time Users:

- Visit the DVAuction web site at www.dvauction.com
- Click on the "Register" tab.
- Complete "Registration" and "Applying to Bid" at Leland Red Angus.
- Please view the tutorial available on our home page for bidding instructions.
- Proxy bidding is available before sale day and during the auction.
- You will be assigned a buyer number once you purchase.

We will be contacting your bank to verify information.

DVAuction will contact you to let you know that you have been approved to bid and buy at the sale "live" from your computer at home.

### After the sale:

- Contact Leland Red Angus for delivery or pickup and payment arrangements.

**Note:** You must have high-speed internet access (DSL, T-1 or Broadband) to be able to bid during the sale. Any questions: Contact Tami with DVAuction at (308)-870-3661, tmcintosh@dvauction.com.

We recommend that you register by March 7, 2019, for on-line bidding. Every attempt will be made to complete your application, even if it is on sale day.

# GENERAL INFORMATION

## FRIDAY, MARCH 8, 2019

Sale will begin at 1 p.m. MST  
Cattle may be viewed any time prior to sale day.

## LUNCH

A free noon lunch will be served on sale day.

## TRANSPORTATION

Sidney is served by Gulfstream International Airlines. We will meet planes on request. Dickinson and Williston also offer air service.

## ACCOMMODATIONS

Sidney:

Sunrise Inn .....	(406) 482-3826
Lone Tree Motor Inn .....	(406) 433-4520
Park Plaza Motel .....	(406) 433-1520

---------------------------------	----------------

## VIDEOS OF SALE LOTS

Video of sale bulls and heifers will be available to view on our websites, [www.lelandredangus.com](http://www.lelandredangus.com) and [www.koesterredangus.com](http://www.koesterredangus.com), or on [DVAuction.com](http://DVAuction.com), one week prior to the sale. All cattle will be available to view sale day and will sell via video display.

## TELEPHONE BIDS

Bids will be handled in strict confidence by any of the publication representatives or the ranch. Capabilities to bid by phone on sale day are limited. To do so, please make prior arrangements with a representative or to participate in person, call the ranch at 701-565-2347 to receive a conference line call-in number. Bidders may also log on to [DVAuction.com](http://DVAuction.com) to bid online. Please see additional information on page 1.

## HEALTH

All the bulls will have a general health and fertility examination by sale day and will be cleared for interstate transportation. Scrotal measurements will be available on sale day. All bulls are 50K DNA tested. All heifers are Bangs vaccinated.

## FERTILITY

Yearling and 18-month-old bulls will have a breeding soundness evaluation and semen test. Yearling heifers are guaranteed open and breedable.

## GUARANTEE

The bulls and heifers are fully guaranteed. Concerns are handled on a case-by-case scenario. We do encourage you to purchase livestock insurance. For more information on these affordable options, see page 6. All cattle will be sold according to the terms and conditions recommended by the Red Angus Association of America.

## DELIVERY

Free delivery of bulls to central points up to 700 miles. Balance at cost. Heifers in load lots or by arrangement. We will cooperate in any way to assist in deliveries of greater distance or by private arrangements and volume purchases.

## ONLINE CATALOG & SORTABLE DATA

[www.lelandredangus.com](http://www.lelandredangus.com) • [www.koesterredangus.com](http://www.koesterredangus.com)

## Auction Procedure

The cattle will be displayed in sale order for viewing sale day and remain in the pens for viewing during the entire sale.

No animals will be run through the sales ring, but instead every lot will sell via a pre-recorded video and displayed on large video screens in the sale barn. Videos may be viewed in early March at [LelandRedAngus.com](http://LelandRedAngus.com), [KoesterRedAngus.com](http://KoesterRedAngus.com) or [DVAuction.com](http://DVAuction.com).

Bidding will be done as normal, with ring men to take your bid, or with the option for absentee bidding through [DVAuction.com](http://DVAuction.com) or by conference phone line. As always, all sight-unseen purchases are guaranteed.

# Our Family

Todd, Trey and Carla Leland

Melvin and Luella Leland

The Koesters: Steve, Tracey, Shaye and Kacey; Jake Jacobson

*Congratulations, Jake & Kacey!*

Jake Jacobson and Kacey Koester are planning a July 27 wedding.

The Hovdes: Wacey, Cedar, Tana, JJ and Trista

## CARCASS ULTRASOUND

This is the 19<sup>th</sup> year we have used ultrasound technology to evaluate carcass characteristics. Weather permitting, we will have carcass ultrasound information available on all bulls just prior to the sale that can be accessed on our web site.

This information will be available for our customers upon request and more importantly it will be used for more meaningful genetic evaluations in the future as it contributes to carcass EPDs.

## RED ANGUS AVERAGE EPDS AND RANGES

Average EPDs are printed at the bottom of each page and EPD breed ranks are included on the reference sires and each bull lot for easy comparison.

## Red Angus Feeder Calf Certification Program Tag Voucher

**Genetic, Age and Source verify your feeder calves free or at minimal cost to increase potential for premiums in the Red Angus Feeder Calf Certification Program (FCCP).**

*Leland and Koester Red Angus Ranches will help you with this easy process.*

1. Call Red Angus Association of America (RAAA) at 1-940-387-3502 to answer a few questions to enroll.
2. Calves sired by Leland and Koester bulls qualify for the FCCP. Please tell the tag program coordinator you are a Leland and/or Koester customer and we will pay for one bag of 25 tags per bull purchased in this year's sale.
3. If additional tags are needed, they can be purchased by the bag for 99¢/tag but must be used only in calves that qualify for certification.
4. The FCCP tags are serial numbered at the bottom leaving space on both the front and back for additional ID numbers. This is the lowest-cost system in the industry to USDA genetic, age and source verify your cattle. FCCP-tagged cattle qualify for the Red Angus Choice+ and G.O. Red grids.

## RETAINED INTEREST

One-half semen interest is retained and full possession selling on all bulls. This means purchaser buys the bull for what he bids and gets 100% possession and 100% resale value of the bull when he sells him. It does give Leland Red Angus and Koester Red Angus the option to collect, use and market semen from the bull and does not restrict purchaser from doing the same. This collection, unless agreed otherwise, would be done at the expense of Leland Red Angus or Koester Red Angus and at the purchaser's convenience. Leland Red Angus or Koester Red Angus would assume full liability for the bull's welfare at the purchase value during transportation and collection unless it is a joint venture with the purchaser. In such a case, liability would be proportionately assumed.

## SCROTAL CIRCUMFERENCE MEASUREMENTS and FERTILITY

All bulls will have a breeding soundness evaluation and semen test. Yearling bulls will have a full semen test prior to delivery. Scrotal measurements are taken at 10½ to 11 months of age and adjusted to 365 days of age. Scrotal measurements will be available sale day.

# Top Dollar Angus Feeder Program

Top Dollar Angus is a genetic-certification and marketing company focused exclusively on the top 25% of the industry in carcass and growth Angus and Red Angus-influenced feeder cattle. Top Dollar Angus is a program similar to other popular branded-beef programs, except that Top Dollar Angus does its “branding” in the feeder cattle and calf market.

Qualified herds must have two or more generations of Angus (Black or Red) genetics with growth and carcass traits objectively ranking in the top 25% of the breed based on documented historical sire use. DNA evaluation, conducted by Zoetis or GeneSeek, is another workable method to qualify. Once your cattle have met the necessary requirements, they will be marketed under the Top Dollar Angus brand and logo, and will be promoted aggressively to a large number of feed yards and buyers. In today’s market, Top Dollar Angus cattle are seeing premiums ranging from \$30 to \$70 per head above the average market.

Why the premium? Cattle feeders know that Top Dollar Angus cattle perform better and have higher grid-based carcass rewards compared to other cattle. This puts more dollars per head into the cattle feeder’s pocket, which can be passed back to the producer in the form of premiums paid above market price.

Top Dollar Angus helps take the guess work and surprises out of growing and feeding cattle. Feed yards are tired of unpredictable performance and wide-ranging profitability results from group to group on cattle they purchase. Cattle often look the same and have the same colored hides, but are very different genetically. That’s why the genetic certification of high-end Angus and Red Angus feeder cattle is here! The industry must differentiate the best Angus and Red Angus genetics from average cattle, and that’s what Top Dollar Angus will do for you!

If you have consistently invested in high-performance Angus or Red Angus genetics, Top Dollar Angus will make your cattle stand out from the pack and get you the premiums you deserve. No matter how you market your cattle, our goal is to create more demand and higher prices for your calves.

Jared Wareham, general manager • 660-492-2777  
jared@topdollarangus.com • www.topdollarangus.com

## Red Angus Guide to EPDs

- HerdBuilder (HB)** ..... The probability of developing profitable cowherd traits while maximizing the value of marketed progeny
- GridMaster (GM)** ..... The probability to increase the value of marketed calves
- Calving Ease Direct (CED)** ..... The probability of calves being born unassisted out of 2-year-old dams
- Birth Weight (BW)**..... Difference in weight for progeny at birth
- Weaning Weight (WW)** ..... Difference in weight for progeny at 205 days of age
- Yearling Weight (YW)** ..... Difference in weight for progeny at 365 days of age
- Average Daily Gain (ADG)**..... Difference in daily gain between 205 and 365 days of age
- Dry Matter Intake (DMI)**..... Difference in feed intake for animals during the post-weaning growth period
- Milk**..... Difference in weight of a daughter’s calf due to the maternal environment provided by the dam
- Maintenance Energy (ME)** ..... Difference in maintenance requirements for mature females
- Heifer Pregnancy (HPG)** ..... Probability of a female conceiving and calving at 2 years of age
- Calving Ease Maternal (CEM)** ..... The ability for daughters to calve unassisted at 2 years of age
- Stayability (STAY)**..... The probability of a female remaining productive in a herd until 6 years of age
- Marbling (MARB)** ..... Difference in carcass marbling scores
- Yield Grade (YG)**..... Difference in USDA yield grade scores
- Carcass Weight (CW)** ..... Difference in hot carcass weight
- Rib Eye Area (REA)** ..... Difference in carcass rib eye area between the 12th and 13th rib
- Back Fat (BF)**..... Difference in carcass fat depth between the 12th and 13th rib

Ranch Tested. Rancher Trusted.

## BULL & HEIFER DEVELOPMENT

### LELAND BULL DEVELOPMENT

The bulls are weaned in early October and placed on a roughage-only ration until bunk broke. The following two months they are fed a low, 42 mega-cal ration of chopped hay, haybet silage, cracked corn, mineral supplement and Mix 30 vegetable fat. From mid-December until weigh-off, they are increased to a 46 mega-cal ration by simply increasing the corn and Mix 30. This ration is significantly lower energy than the 50-55 mega-cal ration most bulls are developed on. Our intent is to allow them to exhibit their potential for growth without developing excessive fat deposits which are negative to fertility.

### LELAND HEIFER DEVELOPMENT

The heifers are wintered on a roughage-only ration to restrict the ADG to no more than 1.5 lbs per day which is optimal for breeding performance.

### KOESTER BULL DEVELOPMENT

The fall-born bulls are weaned in March and put on a high-roughage ration until we have green grass – hopefully in late May. The bulls summer on grass and protein blocks to encourage slow but steady growth for optimum longevity and fertility.

In September, we bring the bulls into the lot and put them on a 46 mega-cal ration consisting of chopped hay, alfalfa haylage, sorghum-sudan haylage, cracked corn and DDGs. The bulls stay on this ration until sale time.

We strive to promote steady growth, sound foot development and healthy, active potency so they are prolific breeders and maintain their body condition throughout breeding season.

## BULL MORTALITY & ASD INFERTILITY INSURANCE

**Purchases are the responsibility of the new owner. We strongly encourage you to insure your bulls. Coverage for mortality and accident, sickness and disease (ASD) infertility is affordable and a good business practice. Ask for specific details at the clerking desk or contact:**

**Jeff Thomas • 406-581-8859  
jeffthomas138@gmail.com**

### Option A – Mortality Only

Annual – 5.8% • 6 months – 3.5%  
Claims paid at 100% of insured value

### Option B – Mortality + Accident, Sickness Disease Infertility

Annual – 10.3% (11.3% in ND, SD & NE)  
Claims paid at 100% of insured value, 80% for ASD loss

### Option C – 6 months – 6.75% all states

### Option D – Mortality + Accident, Sickness Disease Infertility

Annual – 12.3% (12.8% in ND, SD & NE)  
Claims paid at 100% for either mortality loss or ASD loss

### Option E – 6 months – 8.5% all states

\*All claim payments are less salvage value, if any. Minimum policy premium is \$200.

## GENOMICALLY ENHANCED EPDS

**All sale bulls have been DNA profiled through GeneSeek's GGP-LD test.**

This ensures our customers have the most accurate

information available to make their purchasing decisions. With the GGP-LD profile, the bulls' EPDs now have the same accuracy as they would with their first calf crop reported and registered through the Red Angus Association of America.

The GGP-LD test also verifies parentage so you are assured of the bloodlines you are buying.

We trust in the science behind the genomics and are committed to ensure more value in your purchases, increasing the profitability of your calf crop.

For those who would like to gain even more genetic knowledge of your cowherd, consider testing

your replacement heifers with RAAA's Red Navigator test, specifically designed for high-percentage Red Angus females.

- EPD percentile rankings for all traits
- Sire verification (if sire is DNA profiled)
- Follow-up from RAAA Marketing Team Member
- Potential qualification tool into Top Dollar Angus

Identify your top replacements before breeding!

We have used Merlin in our program for 5 years and every year his progeny have elevated his multi-trait values. He is one of the breed's best kept secrets. We have leased him to Genex, and expect his popularity to flourish as his data supports a promise to become the standard for genetic traits cowmen want: calving ease, growth, carcass, longevity, easy fleshing, quiet disposition, structural soundness and super udders. Co-owned with Wedel Red Angus, KS

Domain's extreme breed popularity is well deserved. After being used all over the country, his EPD proof has impressed us even more. He has extremely high maternal values with above-average growth and exceptional carcass values. His daughters in production are phenomenal. Domain is also improving feed and udder structure. He was the No. 1 Red Angus bull for sales at Genex last year. Owned by Sonstegard Red Angus, MN, Koester Red Angus, ND, & Genex.

LELAND BEEF MAKER 403Z, MGD of Lot 17

- A strong performance bull from a hybrid cow with excellent scores.
- Maternal pedigree is loaded with great cows: MGD Lot 3 & MGGD Lot 82 this year.
- Notice his GM and carcass scores that compliment strong maternal and growth qualities.
- It takes super cows to make good bulls & his dam and MGD calve first cycle every year.

LELAND ROLLIN DEEP 6421, sire of Lot 18, as a yearling

- His dam has a 78 BW, 744 WW & 108 WR avg on 7 calves.
- Three maternal brothers have sold averaging over \$8000.
- A maternal sister produced Lot 95 this year.

Lot 19, LELAND DOMAIN 8577

- A HerdBuilder with calving ease, fertility, Stayability & excellent carcass ranking.
- He comes from a strong maternal family with MGD having a 74 BW avg on 9 calves, including a \$17,500 Long Load bull selling to Saunders, WY.
- MGS, Leland Odyssey Y290, our high selling Chateau 744 son in 2012, went to Larson Red Angus for \$30,000.

## *Our vision for the future . . .*

We look beyond the current season and market, seeking fresh genetics that will add value to our customers' calves and cowherd for generations into the future. We know – and accept the responsibility – that our decisions today impact the livelihood of the cattlemen that trust our genetics.

The second set of age-advantaged bulls begins on page 51 with Lot 113.

*Rooted in heritage and stewardship while envisioning tomorrow.*

## Our Fall-Calving Program

We designed our fall-calving program in order to offer our customers the option of bulls with an age advantage. Those few extra months of maturity don't necessarily mean the bulls will cover more cows, but they will maintain their body condition and come in after breeding season in good rig.

We summer the fall bulls on pasture with minimal supplementation, diligently culling for performance, foot structure and disposition.

Winter breeding poses extra challenges for our fall herd. Our cows must breed during blizzards, long frigid spells and naturally shorter daylight hours. Likewise, the calves must grow during these conditions and wean in March. We have a zero-tolerance policy and sell open cows in the spring.

3SCC Domain A163 and one of his ladies during this winter's breeding season.

We calve the cows and first-calf heifers in the pasture starting in mid-August. Each calf is tagged and weighed shortly after birth, and we score the cows on udder and foot structure as well as disposition. We synchronize and AI in mid-November, and pull bulls on New Year's Day.

A 2-year-old Domain daughter taking care of business. All heifers calve in the pasture.

Koester Ms Yield 148, granddam of Lot 42.

Koester Ms Yield 116, dam of Koester Unmistakeabull 330, granddam of Lot 40.

Lot 29, KOESTER MEGATRON 726

- Larger framed, deep, thick, powerful, Top Dollar bull, typical of the Megatron sire group
- Excellent growth and carcass ratios combine with very nice breed ranks as well
- Puppy dog gentle, he's Tracey's pet
- The Wagonboss females are proving to be top producers with a very attractive pattern

- Domain dam has a great udder and feet, and did good job with her first calf
- Very well-balanced, longer made bull with excellent rib shape and muscle pattern
- Top Dollar Angus qualified

## Red Angus Association of America Core Policies

### Historical Perspective

*"The decision to form an association was based on the feeling among the breeders that there should be a herd book for these animals in order to perpetuate Red Angus as a useful breed of cattle. The members also felt that there was an opportunity with a relatively small group such as this to incorporate into the structure of the association itself, rules and standards for the selection and registration which would accelerate the improvement of the breed by taking advantage of some of the more recent advances in animal breeding research.*

*In general then, the policy of the [Red Angus] Association is to discourage the more artificial practices in purebred cattle production, and to place its faith instead in objective test, consisting for the most part of comparisons within herds of factors of known economic importance and known heritability. By making it an integral part of the registration system, the Red Angus breeders feel that even faster progress can be made toward the ultimate goal of more efficient beef production."*

– Waldo Forbes, founding member and first President, August 1954

1) It is the RAAA's primary role to create an environment that promotes the financial stability of its members.

2) The RAAA supports the development and use of membership-driven strategic planning.

3) The RAAA creates marketing tools for commercial bull customers, creating more demand for Red Angus and Red Angus-influence genetics.

4) The RAAA is committed to objectively describing and recording cattle, utilizing economically sound scientific principles with the least number of prediction values. Furthermore, the RAAA encourages good stockmanship and sound visual appraisal in seedstock selection.

5) Since its establishment the RAAA has understood and accepted economic value of heterosis through planned crossbreeding.

6) The RAAA does not take a role in the marketing of an individual member's cattle therefore the *ARA Magazine* editorial content has a commercial and technical focus. Individual seedstock supplier articles are avoided.

7) It is the duty of the RAAA to proactively communicate with its membership therefore proxy voting is not allowed. This policy was established in the Constitution and Bylaws of the Association at its inception to ensure that voting members are current on all pertinent information.

Lot 51, LELAND FRANKLY 018-8688

- Don't miss this bulls' top 10% or better rank in 10 traits!
- He is a three-quarter brother to Lot 92.
- A maternal sister to this bull raised a Stakeholder 5457 son with a 92 BW, 775 WW (114 WR) & 1451 YW (116 YR) selling to Steve Pennington, ND, for \$9000. This year she raised a 71 BW & 738 WW (105 WR) Merlin 018A daughter!
- This bull's dam, Leland Red Direction 332X, is pictured on page 46.

- He had a 737 WW without creep and summered on a very dry, rented pasture.
- His dam has a consistent early calving record & excellent foot and udder scores.
- Notice he ranks high in many traits, including carcass quality.
- His PGD, Norseman Y10, produced two herd sires, Frankly 5628 & Excell 4465, plus a very good Rollin Deep Y118 son selling to Zach Hintz, ND.

Lot 67, LELAND MERLOT 8638

- A Merlin 018A grandson with attractive performance.
- Top WW, YW and ADG.
- His GM is supported by Marbling, REA and CW ranking in the top percent of the breed.

- A well-balanced, calving-ease bull with growth, maternal and carcass excellence. **GGPLD**
- Powerful females are behind this bull with MGD raising Lot 16 and MGD raising Lot 63.
- A maternal sister weaned a 77 BW, 855 WW & 121 WR bull as a 2-year-old heifer.

LELAND FUSION 5202-7467, maternal brother to Lot 83. Sold to Green Mountain Red Angus last year.

- Born a twin and raised by his own mother.
- Maternal brother by MLK CRK Fusion 5202 sold in 2018 to Green Mountain Red Angus, MT, and had a low BW, 105 WR and 105 YR.
- Dictate C74 historically sires very moderate BW and excels in growth & thickness.

- A full brother with a 72 BW & 715 WW (105 WR) sold last year to Beaver Creek Ranch, ND.
- This bull has 12 EPDs in the top 25% of the breed or better.
- He may be young, but he still has the genetic power to be good one!

**BIEBER ROLLIN DEEP Y118, MGS of Lot 86**

- A calving-ease performance bull with 8 traits ranking him the top 10% or better in the breed!
- This combination of Rollin Deep & Dictate should guarantee muscle thickness & fleshing ability.
- This bull out of a 2-year-old heifer will only be 11 months old sale day but gained as well as older bulls.

**LELAND DOMAIN 7635, maternal brother to Lot 87. Sold to Larry Stensland last year**

- A high-marbling Commitment 5081 maternal brother sold last year to Ponderosa Pine L7 Ranch, MT.
- His solid carcass, HPG & Stay are proof of his top HerdBuilder status.

- Mate a superior cow to one of the breed's best sires & this is what you get - A Great Bull!!
- A full brother sold last year to Diamond H, KS, for \$19,000.
- Dam has an immaculate record of an 83 BW, 769 WW & 110 WR avg on 5 head.
- A Rollin Deep Y118 2-year-old maternal sister produced a super Stakeholder daughter with an 82 BW, 112 WR.
- MGD produced Lot 51 this year, as well as a \$13,000 bull selling in 2015.
- Every bull in his pedigree for 3 generations has worked on heifers.

Leland Red Direction 332X, dam of Lot 51 & MGD of Lot 92

- A moderate-growth Domain son with solid indexes and excellent carcass EPDs.
- His strong Stayability, Milk and HPG contribute to his top HB rank.
- Maternal brothers include two herd sires, Leland Frankly 5628 & Leland Excell 4465.
- He summered with his mother on a rented pasture that missed the good rain.

- The Fusion 5202 & Echo 2252 influence in his pedigree should indicate wide body & muscle.
- MGD is a low BW, calving-ease cow with an 80 BW avg on 7 head, with bulls selling from \$6500-\$9500 to Leiseth Ranch, Burdell Johnson & Harlan Dallman in ND.
- MGD produced the good Rollin Deep 6421 son, Lot 18 this year.

LELAND RED DIRECTION 8268, MGD to Lot 96

- A large-volumed bull with lots of capacity to convert.
- MGD, Red Direction 8268, has a record of producing top bulls selling to Bickel Ranch, SD, Bryan Andres, ND, & the \$13,000 Domain 7590 selling to Randy Meyers, MO, who we will use extensively in the future.

DAM AV	1/74							

- A calving-ease Domain heifer bull.
- MGS & MGGS were all used on heifers for calving ease.
- Note his top HB, CED, STAY & HPG.

LELAND HEADLINER 5467, dam to Lot 139

- He is maternally strong with high rank for HB, HPG, Stay, Milk & CEM.
- MGD, Leland Ben 160X, shows up in some of our top pedigrees like the dam of \$57,000 Leland Full House 7465.
- He is line-bred Headliner 3105.

- A moderate-framed bull with solid maternal genetics.
- He ranks high in HB, Milk, HPG, CEM & Stay.

LELAND RED DIRECTION Y264, dam of Lot 165 & MGD of Lot 20

- Low BW, calving ease heifer bull with strong maternal qualities like milk, Stayability & high marbling.
- His maternal sister produced the impressive Lot 22, by Leland Rolling Deep 6421.
- Commitment 5081 continues to be a direct source of high marbling carcasses.

- This bull combines calving-ease sires Domain & Fusion 5202 while stacking perfect foot and udder structure. 
- A HerdBuilder with high fertility, Stayability and marbling from a 2-year-old heifer.

- A young, moderate framed heifer bull.
- His sire and MGS, Hughes 512A, are both reliable heifer bulls.
- His MGD and MGGD have a 71 BW avg and 78 BW avg, respectively.
- He is not only calving ease; take a look at his Milk, Stayability, Marbling and CW quality.

DAM AV			7/79												

- A calving-ease bull that should work well on heifers.
- Dam has a 79 BW avg on 7 head, even when bred to higher BW bulls.
- High indexes indicate good maternal & carcass traits: calving ease, heifer pregnancy & marbling.

# 179

## Important Events BEYOND the RANCH

The Leland Red Angus/High Plains Vet Clinic Ranch Rodeo Team won the Neal Hermanson Memorial Ranch Rodeo for the second consecutive year. Pictured are Ned Hermanson, Jarvis Klempel, Gary Schieber, Jim Roedeske, Carla, Trey & Todd Leland.

Jake is top dog on the ranch.

Trey helping Daddy warm up Sug at a roping.

Carla competing on Paris at NWBRA Finals in Gillette, WY.

Todd turning a steer for partner Justin Myers at the KGI Memorial Roping to place third in the #12 roping.

Trista qualified for the National High School Rodeo Finals as a freshman.

Kelly & Stacey Indergard presenting the buckles to Cody Smith & Todd for winning the #10 roping at the KGI Memorial Roping.

Todd won the beautiful high money earner heading saddle at the Kelby George Indergard Memorial Roping. Presenting the saddles were Seth, Kelly and Stacey Indergard. Cody Smith won the saddle for the heeling side.

Kacey was NDSU's 93rd Little I Manager.

Wacey showed his steer, Rex, at the County Fair.

Cedar joined the crosscountry team this fall.

Shaye was elected to the National JRA and is a freshman at UNL.

# LELAND FULL HOUSE 7465 (#3767175)

*Thank you!*

Croissant Red Angus, CO  
Solid Rock Red Angus, CO  
3K Land & Cattle Co, TX  
C & C Family Partners, TX  
Emily Frasier, KS

This group of producers purchased Leland Full House 7465 for \$57,000 at our 35th Annual Production Sale in 2018. Expect to see calves sired by this up-and-coming sire from multiple groups in 2020.

Semen Available.

# THRIVE

Position your ranch  
to thrive with  
the industry's  
most-favored female.

An independent university study compared eight years of Superior Livestock Auction data, revealing Red Angus-sired heifers commanded up to \$11/cwt more than females of all other breed types.

**Ranch Tested. Rancher Trusted.**

## Red Angus

[RedAngus.org](http://RedAngus.org)

# HEIFERS

These heifers were wintered on a high roughage ration. They are penned in comparable groups but will sell individually.

All heifers will sell as registered unless stated otherwise or announced from the block.

They are all bangs vaccinated and guaranteed open.
