Logterman Family Production Sale
Monday, February 8, 2016
1:00 CST
Valentine Livestock Auction • Valentine, Nebraska

Dear Rancher,

It is our pleasure to invite you to our annual Logterman Family Production Sale. This year's sale is Monday, February 8, 2016 at the Valentine Livestock Auction.

The recent downturn in the cattle market has made it even more essential that a producer uses bulls that sire quality and pounds. These are the kind of bulls you can find at our production sale. Logterman bulls will help you through the tougher times and produce more profit in a higher market.

The bulls for sale this year are the best we've raised yet with quality through the entire offering. All of the two year old Hereford and Angus bulls offered for sale are from the South Dakota ranch. These bulls were born mostly in April and May and are offered for sale as an entire crop with nothing sold prior to the sale. The yearling Angus bulls were bred and born at the Montana ranch.

Yearling weights, ultrasound data, and scrotal measurements will be available on sale day. We encourage you to join us for lunch with the sale starting at 1:00 PM.

Thanks for your consideration,

A Little Bit About Our Management...

- 1) We never creep feed our calves, which allows us to identify cows that are inferior. We strive to produce long lasting, fertile, problem free cows.
- 2) Our cows are managed like a commercial cowherd. They are on cornstalks and winter range as long as mother nature allows.
- 3) The yearling bulls are run all summer on only grass, salt, and mineral.
- 4) Every animal in this sale is free of all known genetic defects. We have an upfront, aggressive approach to eliminate all carriers from our herd.

Our management practices are designed to identify cattle that are best at converting grass to beef. An additional benefit is a bull that is sounder, healthier, and has greater servicing capacity.

Health

- The bulls have been calthood vaccinated for viral infections, including both strains of BVD, pasteurella, 7-way, and then boosted.
- Two year old bulls were boosted again in the fall of 2015.
- Bulls have been poured in the fall of 2015 with an ivermectin.
- The bulls have been developed without a high amount of grain to help insure soundness.
- All the 2 year old bulls have passed a semen test.

Online Bidding

If you are unable to attend the sale, you can contact a representative or bid online. Online buyers must register with <cattleusa.com> prior to the sale date. Depending on the capabilities of your internet connection, you will either get audio or be able to view the bidding prices. A sale order will be posted. If you wish to bid on a bull, you will want to call a couple of bulls in advance. Bidders who purchase bulls over the internet will be contacted following the sale to make arrangements for delivery and payment.

Terms & Conditions

1. Payment will be in cash. Please settle your account at the Valentine Livestock Sales office.
2. **We offer 3 options on the 2 year old bulls.**
 - 1) Free delivery on purchases of \$3000 up to 150 miles.
 - 2) We will deduct \$125 per bull if you haul.
 - 3) You may leave the bulls at our ranch until the last week in April for \$300. At that time we will deliver your bulls at no cost to you.

Regardless of which option you choose, all risk is assumed by the buyer at the time of the sale.
3. We would like to return the yearling Angus bulls to the ranch until May 1. We will continue to develop the bulls and complete semen testing. This service will be provided at no cost to the buyer. The yearling bulls sell as guaranteed breeders and will be semen tested prior to delivery. If for any reason a bull fails to pass a veterinary health examination and is deemed unfit for breeding purposes prior to delivery, a complete refund of the purchase price is offered.
4. All bulls selling for \$3,000 or more have a one breeding season guarantee against structural or breeding defects. This guarantee also includes protection against breeding injury. A breeding season is defined as 60 days from the first day of turnout.
5. Any adjustment will be made with a replacement bull that is acceptable to the buyer or credit towards the purchase of another animal in subsequent sales. Credit for the amount of the purchase price minus \$2,000 will be applied towards the purchase of another bull. Buyer will retain salvage value, however notify us before selling for salvage.
6. A discount of 5% will be deducted from the gross purchase price if a buyer purchases 5 or more bulls.
