Welcome!

*What can I say about David and Scott McIver?
They are a father and son team who love God and
also love producing and observing purebred cattle.
They spend most of their days outside tending to
their herd, which is what many of us want to do.
However, to everything there is a time...a time to
reduce the workload and to share the genetics of
these big, stout, volume cows.*

*David has spent years investing in top herd bulls
from the Remitall program of Canada. They produce
Hereford cattle with power and performance. The
same attention has been paid to selecting top Salers
herd sires. You will see the results of their hard work
in the cattle they are offering for sale September 18,
2019.*

*We want to invite you to attend McIver's sale of
their mature spring Polled Hereford and Salers cows
at the ranch on September 18. If you can't attend in
person, plan on being with us on the internet at
TheLivestockLink.com.*

*With the abundance of feed in most parts of the
country, and this rare opportunity to buy some of the
best Hereford and Salers dams available, don't miss
this chance!*

*I will be at the sale site on Saturday, September 14
screening cattle and establishing sale order. If I can
be of any assistance, do not hesitate to contact me.*

*Sincerely,
JR Adcock
