Cody (c) 541/410-5201 • Shawna (c) 253/677-2804

### Welcome to NJW and our 2013 Bull Sale!

Our focus here is and always has been raising bulls for commercial cowmen with the belief that the "Balanced Trait" approach is still the right one. Breed leading growth and carcass traits are needed now more than ever, but we must combine them with milk, calving ease and the unmeasured traits of udder quality, fertility, fleshing ability and longevity.

We are proud to be offering bulls that are a balanced, efficient, forward moving set of Genetic Tools. The average EPDs of NJW Yearling Sale Bulls and National Rank are...

BW	WW	YW	MILK	M&G	SC	REA	MARB	CHB
2.9	51	88	22	48	1.0	.55	.10	\$27
35%	35%	25%	35%	30%	20%	15%	30%	20%

Prior to taking weaning weights, our calves are raised on Wyoming range and their mothers milk ...**only!** This group of bulls posted an avg. actual BW 86 lbs. and an adj. WW 690 lbs. Our cows need to be problem-free and hard working. We strive to develop our bulls to improve longevity. They have been wintered here at the ranch on a 14% high fiber complete pellet and free choice, mostly long stem grass hay.

This year's first calf heifers are predominantly sired by Trust 100W and Beef 38W and we are as pleased and excited as we have ever been! They are milky as well as phenotypically and genetically right ...they are our "Next Generation," built on the blood of time-tested sires and dams. A Sale Feature this year will be Durango 4037, one of those "Time-Tested Sires" that stands behind this Bull Sale Offering as well as our young cows!

Although the show ring is not what we breed for, we see the Denver Stock Show as a superb way to promote and expose our herd and bloodlines to folks from every aspect of the cattle industry and to Breeders from all over the World. We have always shown cattle that are "Our Program" and the kind our customers and environment demand. In 2012, we had the honor of raising and exhibiting the National Champion Bull and Supreme Champion Hereford with Trust 100W. There are 25 of his consistent, balanced trait sons in this sale, including Handshake 82Y, who is a maternal brother to Ribeye 88X and Durango 44U.

For an amazing second year in a row, we had the honor of Nat'l Champion Bull with Hometown 10Y, high selling bull in our 2012 Bull Sale. Both bulls are out of the same wonderful cow, 73S. Five brothers to 10Y and Trust are features in this sale!

The past few years have been trying for much of our country, yet the cattle market remains strong and has kept us excited and in business ...that and the fact that we in agriculture know how to WORK!

Thank you from the heart for your interest and trust in our program! — Ned, Jan & Bell Ward

## GENERAL INFORMATION

### Sale Location:

Sale located at Ward Ranch ...2.5 miles North of Sheridan, WY ...off I-90 Exit 20, turn right on Hwy. 338 for 2.5 miles to the ranch on the right.

### Airports:

Billings, MT ... 125 miles from the ranch; Sheridan, WY for private planes and served by United and Frontier Airlines.

### Motels ...Sheridan, WY ...ask for NJW sale rate

Wingate ...307/675-1101 ...\$90  
Holiday Inn ...307/672-8931 ...\$74

**Terms:** Cash or check. Each animal to be sold to the highest bidder. The auctioneer shall settle any disputes as to bids. All cattle are to be paid for by the purchaser during or immediately after the sale and will not be released until settlement has been made. Each animal becomes the property of the buyer immediately after the animal is sold. Any death or injury thereafter falls upon the buyer. **Announcements concerning the cattle at the sale ring by the owners or the auctioneer will take precedence over statements in this catalog.** All persons attending the sale do so at their own risk. Neither the owners, nor any person associated with the sale, assumes any liability, legal or otherwise.

**Guarantee:** All animals in the sale are guaranteed breeders. If any adjustment is required, it will be made with a replacement animal of equal value to the animal in question or credit will be given on the purchase of another animal.

**Health:** All sale bulls have passed a Breeding Soundness Exam. They have been BVD ear notched and tested negative. Health certificates will be furnished for shipment anywhere in the U.S. Since each State has different regulations on bulls coming from Wyoming, not all bulls will be able to get a Health Permit to go to every State on sale day!

NJW follows a very strict herd health program. All bulls in the sale have received a pre-breeding dose of Virashield 6 VL5 HB, a booster of our Autogenous Pinkeye Vaccine as well as poured with Ivomectin.

All bulls selling have been DNA tested through the American Hereford Association and are free of all known defects recognized by the Association as of April 10, 2013.

**Delivery:** Free delivery within 300 miles. Receive a \$50 discount per bull that you haul home on sale day.

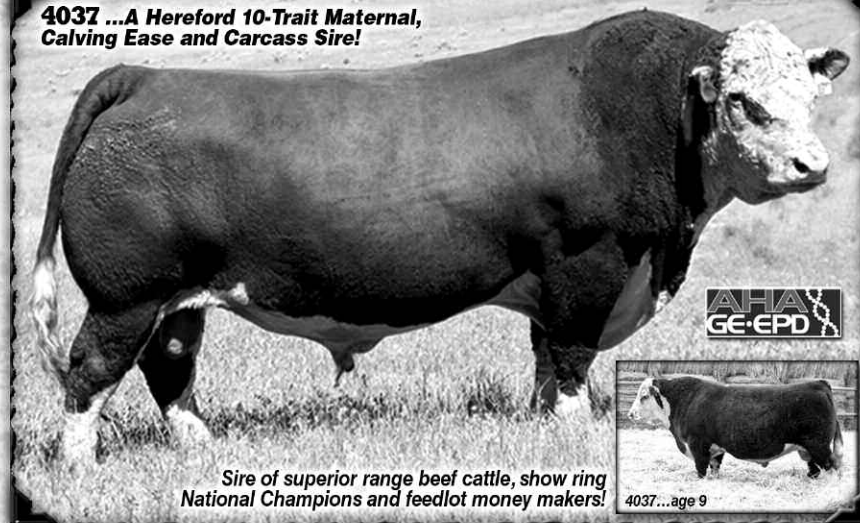

### Take Note:

- Each bull's Lot # is same as his ID #
- Bulls sell in catalog order
- Birth weights are actual and calves are scale weighed
- All sale bull photos are untouched
- The CSC Prefix bulls are owned by Cody & Shawna Chabot, but are 100% NJW program genetics!

# JF

## 4037 ...A Hereford 10-Trait Maternal, Calving Ease and Carcass Sire!

**Never before have we used a bull that has done so many things right!**

When it comes to calving ease, he is the "All-Around Best" ...use him on heifers and cows. The average BW on all his NJW calves is 82.5 lbs. Calves are born ready ...they jump up, nurse and never slow down! They're deep, solid and heavy in the Fall, plus are well pigmented and good dispositioned. Sons are efficient, full of muscle and first to sell! Daughters are deep ribbed, superb mothers and here to make us a living!

The decision to sell this breed "Legend" was made with the thought that the "Next Generation" he has left us will take us forward with their added strength of new cow families and additional sires.

At age nine, 4037 is still athletic and sound and ready to service cows. As Bell says, he is a true "Gentleman" ...kind, quiet and easy to handle!

Full sister, 3U  
...Res. Champion Jr. Heifer Calf, Denver 2009

• **Proven calving ease!** Used to clean up our heifers for the past two years and he calves easy! Also used him on some bigger BW cows to pull some weight off their calves. He has a small, well shaped head and smooth shoulders, yet is super deep with some shape. Extremely sound and athletic, he really covers the pasture!

A full sister, 3U, was Denver 2009 Reserve Champion Jr. Heifer Calf and is the dam of Lot 112Z. Dam 76S is also the dam of herd bull Beef 38W and we are retaining her 2012 bull calf to use on heifers as well!

• **Selling Three-quarters Interest and Full Possession ...Sells with 100 Units Semen**

• Full brother to 2013 National Champion Hometown 10Y and powerhouse rancher bull Homegrown 8Y and maternal brother to 2012 National Champion Trust 100W.

Big and square from hooks to pins with a deep lower quarter and soft sweep of rib. Smoothly balanced with super extension through the front end and nicely laid-in shoulders. His P606 x Boulder x Wrangler dam sits at the top of our cowherd for her maternal and herd bull producing power!

A breed leading profile backed with time-tested genetics ...A "Next Generation" Herd Bull!

• Terms to be announced.

• This favorite Maxium son offers extra length, performance and muscling. He is stout made with tremendous style and balance. A full brother in our 2012 sale went to Dee Visborg and is also being used here at NJW. His modest sized, efficient, super deep ribbed 4037 dam knows how to work and still take care of herself. Both 22Z and his full brother 63Y will be used here to infuse Maxium blood into the herd. The first Maxium daughters calved here this Spring show superb udders with correct teat placement.

• **Terms to be announced.**

• Full brother to Hometown 10Y and Homegrown 8Y and three-quarters brother to Trust 100W! This freckle-faced, super long bodied bull was a standout all summer. He started with an 80 lb. BW and came in with a 751 lb. adj. WW. One time while trailing bull calf pairs to a new pasture, I told Bell I would give her \$100 if she could tell me which bull I liked the best ...don't tell her, but she said 45Z and she was right!

Granddam,  
 NJW 12E Prairie 80L

Great Granddam,  
 NJW 25C 1A Vaca 12E

• 2013 Next Generation NJW herd sire candidate with proven, herd building genetics! A complete package combining lower birth, performance and maternal power. Dam 37U was a broody, soft ribbed, excellent uddered 4037 daughter that we lost to a jawbone infection. We have no pictures of her so used pictures of granddams 80L and 12E. Full sisters to 37U are dams to Lots 3Z and 22Z. Lot 113Z is a high volume, thick made, well balanced bull with a great disposition!

• **Terms to be announced.**
