# "HELLO" FROM THE PELTONS

Welcome to the 3rd annual Cattlemen's Choice Bull Sale.

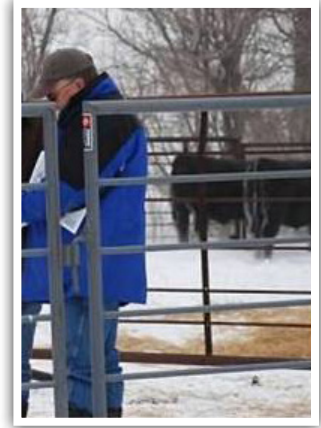

First off I'd like to say thanks to our customers for making this sale a success. In this year's sale I'm offering 44 Hereford bulls and 3 Angus bulls that are deep, thick and well made. As I analyze the bulls in the sale the SB 54E 75R Fusion 138X ET calves have been excellent from birth. These calves have shown themselves to be some of the best calves both as heifers and as bulls. Fusion has served us well in at the National Western Stock Show last year with CKP 138X Billie Jo 2018 who won her class in the 2013 show. We are offering a full sibling to this heifer in bull 3058 along with a strong set of other Fusion calves. A second highlight to this year's sale is another group of bulls from our Donor Dam SB 62J Mirada 61N ET. Mirada has been a great producer for us. She is the type of cow that you can breed to anything and the offspring are still great. There are 9 bulls in the sale out of Mirada from three different sires. These bulls are stout and will add a tremendous amount of muscle to their offspring. Another sire group that shows a great performance is the Regulator bulls. These bulls as a group have the highest overall adjusted weaning weight. These are some of the youngest bulls in the sale and they have been performing incredibly well.

Once again we are pleased to be selling our bulls with Wasem Red Angus. We would like to welcome Shawn Reiss to the sale this year. We have wintered Shawn's angus bulls in the past and they fit well with the bulls we offer in this year's Cattlemen's choice.

If you have any questions, please feel free to call. I look forward to seeing you Feb 1.

**Thanks**

Craig Pelton

# WELCOME FROM THE WASEMS

Thank you for your interest in the Cattlemen's Choice Bull Sale. We will join Pelton's for a third year at the Pelton Ranch. We are keeping our fingers crossed that the weather will be a little nicer this year! We are excited about the bulls we are offering this year.

Along with the great reference sire; Becton Epic R397 K that we offered bulls out of last year, as well as Leand Sakic 33x; we are adding some new sires to the list this year. We think you will be as impressed as we are. We will have several sons out of BHR Banker 142 who goes back to TNTS Bank Statement. Not only do these bulls have great dispositions, but they have the growth and maternal traits you will want in your herd. We have also added HXC Big Iron to the list. His calves have impressed us with their length and depth. We are offering one Red Angus Simmental bull this year. He has been a standout since day one. We are excited to see what you think of him.

We hope you will join us on February 1st at the Pelton Ranch. If you have any questions or would like to stop out and see the bulls please give us a call.

Thank you for your continued support!
