How To Use Bar Graphs When Selecting Your Next Herd Sires

"Your cow herd is reflective of herd sires used in the past"

Sire complements the cow herd on Calving Easy and Marbling

Cow Herd complements Sire in Growth and Ribeye

- Bar graphs are user friendly in finding trait strengths to fix trait weaknesses.
- \$ Indexes weight economic traits to pay for the Ranch

Announcements

Lunch

Free lunch starts at 11 a.m. CST

Delivery Options

- Free delivery in the Dakotas, Cooperate on farther hauls.
- Haul your own discounts: \$50 Bulls, \$15 Heifers.
- Leave here on feed at \$3.00/day, then haul your own when you want them.
- Line up nation-wide transportation for you.
- See RauschHerefords.com for a list of coast to coast truckers.

Buyer's Insurance Options

At the buyer's option, Rausch Herefords will pay 1/2 of the premium for mortality insurance purchased at the time of settlement on sale day. This option applies to the buyer of any lot in the sale.

Rausch Guarantee

All animals of breeding age are guaranteed breeders. Animals failing to breed in a reasonable period may be returned, if in as good of condition as when sold. The seller reserves the right to try said animals for five months, and if it proves to be a breeder, to return same animal to station of buyer at the buyer's expense.

Welcome to Rausch Herefords

Volatility continues to demand management decisions in everyone's cattle breeding programs. As price swings occur, we try to stay ahead of the curve in performance testing to help you deal with your bottom line. We have found that efficiency is of utmost importance when margins tighten.

To gain maximum efficiency, we focus on calving ease, growth and carcass traits along with fertility and temperament. The bar graphs in the catalog are a helpful tool in measuring efficiency. The dollar Indexes monitor all of the traits just mentioned and display them in economic terms.

The animals in this year's catalog demonstrate the progress we have made. This is the strongest set of performing cattle that we have ever offered. It is widely thought that you cannot get strong calving ease and high growth at the same time. You will find in the catalog that we have made great strides in proving that it can be done. We are proud to boost some of the lowest birth weights and highest growth figures of the breed.

You are invited to join us on Presidents' Day to see what we have to offer. We enjoy meeting new friends and visiting with the people that we only have the opportunity to meet with in person once a year. We are always interested in how your purchases perform for you. We wish you the best in the coming year.

The Rausches

Profit Indexes Pay for the Ranch

- Individual EPDs are the best tool to improve an individual trait.
- Profit Indexes combine weighted EPD traits to predict Profit.
- Poultry, Swine and Dairy industries have used Profit indexes for decades.
- The Beef industry started using Profit Indexes this decade.
- Profit Indexes are best tool in selecting breeding stock.
- Use CEZ when selecting a Heifer Bull!!
- Antagonist traits can cause problems when selecting for one trait at a time.

HERD SIRES

HYALITE ON TARGET 936 (42986803)

Polled Herd Bull
Born: 03/21/2009

The On Targets are a great asset to our herd. We have sold a lot of semen out of this sire to breeders again this year. They are topping production sales across America. The On Target progeny are as thick as any we have. He has 781 calves in 65 Registered Herds.

SCHU-LAR 5N 9L 3008 - CHB, HYF
SCHU-LAR ON TARGET 22S - CHB, DLF, HYF, IEF
SCHU-LAR 208 OF 1H 121 ET

HYALITE 215F LASS 812

R VISION 5722 (43306532)

Polled Herd Bull
Born: 04/09/2012

We use the Vision sires to balance out EPDs in the herd. They are low in BW and have good growth along with great carcass traits. They also bring down frame size on large cows. The Vision daughters in the herd are performing very well. Semen is available.

SHF RIB EYE M326 R117 - CHB, SOD, DLF, HYF, IEF
SHF VISION R117 U38 - CHB, DLF, IEF
SHF MISS PROGRESS S03 ET - DLF, HYF, IEF

R MISS PUCKSTER 277

GENOAS BONANZA 11051 (43174342)

Polled Herd Bull
Born: 02/21/2011

A new star in our Herd Sire Evaluation program. His semen has already been used in 40 Registered Herds. He has the distinction of being in the top 1% of the breed for calving ease. We use him heavy in our heifer program. We are looking for a lot of great things to come from this new blood line in our Sire Evaluation Program.

BAR JZ TRADITION 434V - SOD, DLF, HYF, IEF

HYALITE TS LASS 406 - DLF, HYF, IEF

SHF AIR FORCE X36 A03 (43379244)

Polled Herd Bull
Born: 02/01/2013

A powerful thick herd sire. He is the thickest sire in the herd bull battery and passes it on to his offspring. He has some stout bulls in the offering. He is working his way up the ladder in the herd bull battery. He appears to have a bright future here

Two of three bulls born are sent to feedlots as steers leaving only the top third for sale offerings. The steers are backgrounded here and sent to be finished in feedlots in the Greater Omaha Packing Plant area. The steers then go to the Certified Hereford Program. Data on the steers helps guide our breeding program. Two loads of steers were sent to Rausch Feedlot Co. at Paulina, IA. They are interested in feeding Hereford and Baldie cattle. They have both confinement and open feedlots. They would appreciate a call when anyone is selling their feeder cattle or is interested in retaining ownership on their cattle for the CHB program. You may contact Josh Rausch at Rausch Feedlot Co. 712.221.1552

20 mile journey home from summer pastures

Hereford Heifer Bull Offering

***“Use Hereford Heifer Bulls on
Black or Red Heifers”***

- Heifer's 1st & 2nd calves weigh the same as mature cows' calves.
- F1 Baldy steer calves top the market.
