Spruce Hill Ranch Presents Combined Advantage

Wednesday, February 13, 2013 • 2:00 pm MT
Bowman Auction Market • Bowman, North Dakota

Welcome

We would like to welcome you to our 19th year selling two year old Angus bulls on Wednesday, February 13th, 2013 at Bowman Auction Market 2:00 pm MT.

We are going to switch things up this year. Since Chad broke his "little" finger and it required surgery the middle of December, he hasn't been a whole lot of help around here. His Dad and I took over chore duties for a couple of weeks. I believe that this gave him many a sleepless night. You ranch wives will probably agree with me that "us girls" never quite do chores as well as they do. I told him they were full, happy and alive so he should be grateful.

Anyway, I told him I could write the opening for the catalog. I am sure I am supposed to tell you how they were weaned the first of November, were put on a high roughage/low starch diet, given lots of exercise and are the best set of bulls we have raised. He probably would want me to say how this is a great group of Chisum, Upward, Bull Durham, War Party & Lead On bulls. But since I am writing it, I am telling you that we will work hard to help you find the bull that will sire a whale of a set of calves, and we will stand behind what we sell you. Can't wait to see you sale day. Or stop in anytime, I am sure Chad will have the coffee on (just don't expect the house to be clean).

Happy New Year

Michelle

General Information

Offering **80** Virgin Two Year Old Bulls
30 SimAngus Yearling Bulls
100 Commercial Open Heifers

Sale Day Phones: 701-523-5922

Auctioneers: Lynn Weishaar, Reva, SD • 605-866-4670

Seth Weishaar • 605-892-2640 • Cell 602-210-1124

Representatives:

Vern Frey, American Angus Assoc., 701-721-0344

Dan Piourtek, Tri-State Livestock News, 605-544-3316

Chris Effling, Tri-State Livestock News, 605-769-0142

Kirby Goettsch, Western Ag Reporter, 605-380-3939

Health: At weaning these bulls received Vista once, SQ and Vision 7 with Spur and were poured. They were boosted a month later. We also vaccinate with Multimin supplement for additional copper. These bulls have been poured with Ivomec several times. Health certificates will be provided, if necessary.

Terms: Cattle sell under the standard terms and conditions of the American Angus Association. All cattle will be at the purchaser's risk as soon as sold.

Brand Inspection: A brand inspector will be available Sale Day.

Guarantee: All bulls are guaranteed against any injury that would keep them from being a breeder for the first breeding season. If a problem occurs, please contact us immediately, a suitable replacement will be furnished or credit minus any salvage will be given toward next year's sale. The buyer will choose the preferred option. The guarantee does not cover the death of the bull. All claims must be made by Sept. 1, 2013. All two year olds have passed a semen evaluation exam. Yearling bulls will be semen tested prior to deliver May 1, 2013 or can be returned for a complimentary spring semen evaluation.

Delivery: As in the past, we are offering free delivery on all the bulls in the sale. You are welcome to take your bulls home sale day, however it would be our pleasure to deliver your bull(s). We would enjoy the opportunity to spend some time with you individually and see your operation.

Bulls can be kept at the ranch until May 1st. If you choose to leave your bulls with us, we will deliver them May 1st following a semen evaluation. There is a \$250 charge for the two year old bulls and no charge for the yearlings.

Registration: All bulls can be registered unless otherwise noted. If you would like your purchases registered and transferred in your name, let us know. We would be happy to do this for you. The American Angus Association is developing programs to help you market progeny from registered bulls. In order to qualify for programs, your herd bulls need to be transferred into your name. If you have questions about these programs or transferring papers, please ask, we will be glad to help.

Announcements: Announcements made sale day take precedence over any printed material.

ANY PERSON ATTENDING THE SALE DOES SO AT HIS OWN RISK. Neither the owners, nor any person connected with this sale assumes any liability, legal or otherwise.

Host Motels: Due to the rise in the local oil activity in the area, rooms are difficult to find. If you would like a reservation, please let us know as soon as possible.

I decided to use Sitz Upward after seeing several groups of his sons. He has certainly stamped his sons with a special look. They are especially long spined, thick bodied and have a tremendous width from end to end. This may be the best sire group we have ever had. 16 sons sell.

Commercial Replacement Heifers

We are selling 100 head of replacement heifers. This includes a select group of heifers from Glenn and Wayne Wegner and Chad Miller. They are the top cut of heifers from our commercial cow herd and some straight out of our registered herd. They have been Bangs vaccinated and poured with Ivomectrin. We will sort them by size and try to sell them in groups to fit buyer's needs.

I selected "Dakota Wind" as an outcross heifer bull from Leo Baker's sale in 2009. He has sired 54 progeny with a 98 birth weight ratio and a 101 weaning weight ratio. His sons and daughters are modest in their skeleton, easy fleshing and should confirm his birth EPD. 15 sons sell.

703 (AKA MR.) was our pick out of the 2008 North Dakota Bull Test. He had a weaning weight of 835 and a 1323 pound final weight off test. He also scanned exceptionally well with an adjusted ribeye of 15.7 which ratioed 109, and a 5.07% IMF ratioing 118. His progeny are maintaining a 115 IMF ratio which has given him a .60 marbling EPD and an impressive +54.54 dollar Beef value. MR is a very athletic, rugged 2250 pound bull that knows his job and does it well. 8 sons sell.

CLEAR WATER CANA H132A

We selected Net Merit from Janssen's in Iowa in '07 as he was the sale topper at \$13,500. He is the cornerstone in our SimAngus program. He is extremely long spined, deep quartered, moderate and disposition second to none. His progeny are very impressive in all those factors as he stamps them with muscle, big hips, extra rib and power. Expect his sons to carry on the same characteristics as Merit. If you want to add or improve your herd in all those fields; add great carcass data and keep the females because they are extremely functional, fertile and gentle, consider SimAngus. 31 sons sell.

SPRUCE HILL JENNA 024, A MERIT DAUGHTER
