

60th Annual PRODUCTION SALE
January 23RD 2017

1PM AT THE RANCH, REVA SD

6 decades of genetic selection. Mature bulls are range developed for structural soundness.

SELLING

**95 RED ANGUS AND BLACK ANGUS
VIRGIN, COMING TWO-YEAR-OLD BULLS**

Welcome to the 60th Annual Sodak Angus Bull Sale

It seems like yesterday that Grandpa and Dad brought home those first 4 purebred cows and since then we have been blessed with the friendships made possible providing genetics for your breeding programs. It truly has been an honor to serve our friends, neighbors and fellow cattlemen. We thank you for the trust and support you have placed in the Sodak breeding program.

Over the past 6 decades, we have witnessed many ups and downs in our industry, but probably nothing as severe as the cattle market collapse of the past 18 months. Recently we have witnessed stronger markets coinciding with meetings held by concerned cattlemen and their organizations seeking market fairness. Participation in our cattle organizations gives us a greater voice in numbers and I am willing to bet that together we will see continued stronger markets throughout the coming year.

These recent market events stress the importance using high growth genetics to generate more dollars at market time. As in the past, we continue to place strong emphasis on the maternal traits of calving ease, milk and docility, but we also have developed several high performance bloodlines which stack the pounds on at weaning. The Sullivan and Update Black Angus lines along with the Skagway and Sensation Red Angus lines pack high growth genetics to compliment your mature cows.

Our 2017 bull offering includes 95 coming two-year-old bulls from both our Red and Black Angus herds. The bulls have been developed on pasture and high roughage rations insuring soundness. The bulls are from the top 40% of their contemporaries, guaranteeing superior genetic performance and stamina to cover more cows in your pastures with fewer injuries.

The Sodak lineup includes line bred grandsons of proven sires like: Program, Final Answer, Upward and Sullivan. Red Angus sires include: Final Answer, CBR Rumbler, Foster Sen and Flying W Skagway all of which have been siring tremendous performance, maternal and carcass traits. The offering consists of many half-brothers capable of minimizing genetic variation and maximizing profits.

We believe you will find the selection to be second-to-none and as always, our breeding program is founded on actual production measurements rather than anticipated progeny differences. We realize that 50% of a bull's worth is derived from his dam and therefore we provide the dam's nursing ratios for your consideration. In keeping with our commitment to customer service we share the risk of bull injury throughout the first breeding season and continue with care and feeding until spring delivery.

Again, this years offerings have been videoed and are available for viewing at www.SodakAngus.com. The bulls will be penned for your personal inspection on sale day and will sell via video broadcast in the sale barn. DV Auction will also be available for online bidding assistance.

We thank you for your patronage and interest in our breeding program. We invite you to stop by at your convenience to view the bulls. If we can be of any assistance whether sale day, prior to or throughout the coming year please call or stop for a visit.

Wishing you good health, friendship and strong markets!

Vaughn, Lois and Family

Monday, January 23rd, 2017
1pm (mst) • At the Ranch • Reva, SD
11:30am Complimentary Lunch

45 Stout Red Angus Bulls
50 Powerful Black Angus Bulls

Contact Info:

Vaughn & Lois Meyer
15571 Sorum Road, Reva, SD 57651
(605)866-4426 • sdangus@sdplains.com

Jeff Meyer
(605)866-4451 • sodakra@sdplains.com

Directions to the Sodak Angus Sale:
