# Welcome

We would like to invite everyone to our Annual Bull Sale and Open House of our Sale Barn on Tuesday, February 5, 2013. This has been a busy year as we decided to have our sale here on the ranch and began building a sale barn/calving barn just in September 2012. It was been fast and furious, but we hope you are comfortable in our new establishment. In addition, our bull set has never been stronger. We are really enthusiastic about this year's offering.

It has been a very exciting time to be in the cattle business with the lowest numbers in all time history and the market on our side. I truly believe that we will be touching the tip of the iceberg, as when all the country gets rain and feed prices decline... Kate-bar-the-door, it will get western!

We sell our cattle in catalog order. This order has been difficult to determine due to an even set of bulls. The most powerful set yet, and I hope you agree.

We have kept our feed program the same as other years. We feed the 10#/day of CHS Bull Challenger and 2.5# of corn screenings. They also have free choice chopped CRP hay, and get an ample amount of area to exercise in. They are not over fed, I'd probably say they are a tic on the green side. These bulls are hard and fit. Did I mention no creep feed at all at Wicks Cattle? That is a fact.

In the female offering, there are 35 fancy open heifers. Many are own daughters of Merit and Time Out. We are saturated with Merit daughters, so we can't use any of them. This is the first time Wicks Cattle has offered a truly powerful set of ASA registered heifers, so take advantage of this opportunity.

Again, we will be selling all cattle by video on the big screen. The cattle will not go through the ring, they were videoed prior to the sale, and these videos will play as each bull is auctioned off. However, the cattle will be on display the day of the sale, so you can study them well prior to the video sale. We feel this concept is less stress on the cattle and the help.

The videos of the cattle will be on our website, [WICKSCATTLE.COM](http://WICKSCATTLE.COM). The ADG'S, weights, and other information will be available a couple weeks before the sale on [WICKSCATTLE.COM](http://WICKSCATTLE.COM).

Feel free to stop in and look at the sale offerings prior to the sale. We are very easy to find. Directions to our ranch: From I-94 take the Richardton Exit #84, go south 2.5 miles and we are right along the highway on the east side of the road.

God bless,  
Zane, Mary Jo, Josie and Mya Wicks

**All cattle are tested for coat color. Hair was pulled on all the cows this summer. We only use homozygous black bulls. ALL CATTLE ARE HOMOZYGOUS BLACK UNLESS STATED OTHERWISE.**

**GUARANTEE:** Bulls are guaranteed against any injury that would keep them from servicing cows for the first breeding season. If a problem occurs contact Wicks Cattle immediately and a suitable replacement will be furnished or credit minus any salvage will be given towards next year's sale. The buyer may choose the options. This guarantee does not cover death of the animal. All claims must be submitted by September 1, 2013. Bulls will be semen checked prior to delivery, which is April 15, 2013. Guarantee is null and void if injury/death is sustained due to negligence under the care of new owner.

**BRAND INSPECTION:** A brand inspector will be available Sale Day.

**RETAINED INTEREST:** Wicks Cattle is retaining 1/3 interest share in every bull selling in this sale. Full possession and full salvage value sell with the bull.

**ANNOUNCEMENTS:** Announcements made sale day take precedence over any printed material.

**ANY PERSON ATTENDING THE SALE DOES SO AT HIS OWN RISK.** Neither the owners, nor any person connected with this sale assumes any liability, legal or otherwise.

**DELIVERY:** Wicks Cattle will keep and feed your bulls after the sale until April 15, 2013. We will tend to your purchases like they are our own. The bulls will be semen tested, poured and two rounds of the foot rot shot will be given. If you choose to do this there will be \$150 per bull collected on sale day. Wicks Cattle has done this program in prior years, the results have been great and the new owners are pleased with their new herd bull purchases. Free delivery is provided by us or you are welcome to take your bulls home the day of the sale and bring them back for the semen test, April 15, 2013.

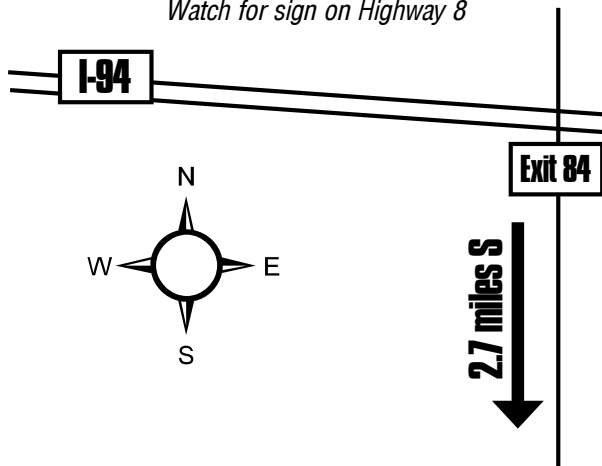

**CATTLE HEALTH: BULLS:** *Before weaning:* Vista once, Vision 7, No creep; *At weaning (10/2/11):* Booster, Poured with Ivomec, drenched with Safeguard, Fusogard, Nasalgin; Poured 2 more times since sale date. **OPEN HEIFERS:** *Before weaning:* Vista once, Vision 7, No creep; *At weaning (9/14/12):* Booster, poured with Ivomec, drenched with Safeguard, Nasalgin, Bangs vaccinated on 1/14/13.

**ALL VIDEO SALE:** All lots will be videotaped and be played on three big screens sale day. You can view these videos prior to the sale at [www.wickscattle.com](http://www.wickscattle.com). There will not be any animals entering the sale ring. This makes sale day a much lighter load for us and the cattle. All lots will be displayed in pens like normal for you to view sale day. We strongly urge you to go through the cattle and make your critiques outside; this will help you during the sale.

**SALE ORDER IS CATALOG ORDER.**

*It's been tough. On Monday, January 7, 2013, Mary Jo's mom, Mary Hammerschmidt, left us and went to live in heaven. "Mimi" was a true grandma. She made the best pumpkin pie, butterhorns, and mouth-watering choke cherry jelly and syrup that anyone has ever eaten. She was always there for us and supported us in everything we did. She tried to attend every school and sports function that our girls had.*

*Josie and Mya loved her like no other, and for Mary Jo, Mimi was her best friend and mentor. They talked every day, chatting about anything and everything. Mimi will be dearly missed in our household. There will always be a place for her in our hearts.*

*Mimi leaves behind her husband of 61 years, Grandpa Joe, nine children, 25 grandchildren and 17 great-grandchildren.*

*Mimi is now where she belongs, up there in heaven polishing God's throne with my Mom and Dad. We love and miss you all.*

# REFERENCE SIRES

## TRIPLE C SINGLETARY S3H 10 sons sell

Birth Date: 03/04/2006 • ASA No: 2341645 • Homo: Blk & Pld

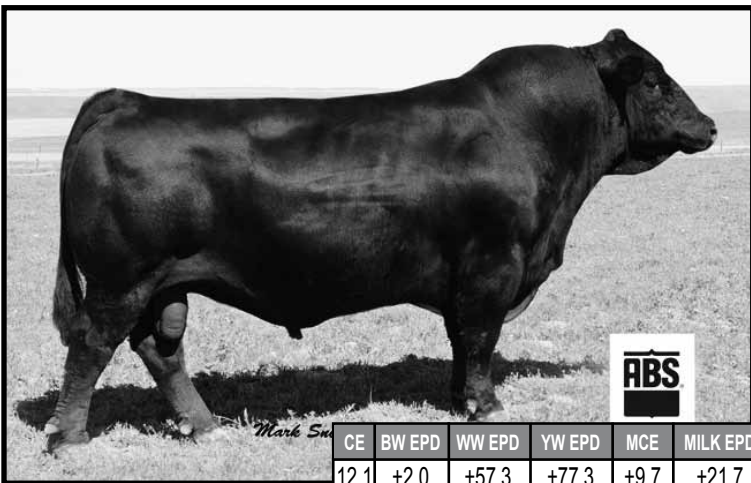

Singletary took the spot of the deceased Shear Force in the Genex lineup. We bred both cows and heifers to him and it worked. Both the bull and heifer calves are wide topped, big hipped and very good structurely.

We used him hard this year. We really like these calves, for both maternal and performance.

## JF NET MERIT 618S 27 sons sell

Birth Date: 01/15/2006 • ASA No: 2341086 • Homo: Blk & Pld

We selected Net Merit from Janssen's in Iowa in '07 as he was the sale topper at \$13,500. He is the cornerstone in our SimAngus program. He is extremely long spined, deep quartered, moderate and disposition second to none. His progeny are very impressive in all those factors as he stamps them with muscle, big hips, extra rib and power. Expect his sons to carry on the same characteristics as Merit. If you want to add or improve your herd in all those fields; add great carcass data and keep the females because they are extremely functional, fertile and gentle, consider SimAngus. Ex-director of Field Services with American Simmental Association, Marty Ropp, said that Net Merit is one of the thickest, if not the thickest, Dream On son that he has seen. Marty stopped by again and was amazed at his moderation and overall width and thickness. We leased Net Merit to ABS in 2010. After losing ABS's greatest Simmental sire and possibly the most monumental bull in the breed, Dream On, they were on the hunt for a homozygous black and polled Dream On son and a good one to take his position in their lineup...Net Merit fit the bill. There are literally thousands of Dream On sons out there, and we are very fortunate that ABS chose our main herd sire, Net Merit, for their program. Thank you, ABS.

For all our customers who bought Merit sons in our last four sales, congratulations, you're already ahead in the race for these well sought after genetics. Thanks to all our customers, past and future. ABS recently released Net Merit do to a high Titer count, so he is back in our possession.

Birth Date: 09/07/2004 • ASA No: 2291941 • Homo: Blk & Pld, 1/2 Sim, 1/2 Ang

We selected Rookie because of his big spread numbers for birth to yearling. We Al'd our first calf heifers and some select cows to him. The calves come little and really grow. The calves are big, stout and wide. The Rookie daughters are said to be great mothers. We've got a handful of the Rookie daughters and they are very refined and feminine. We used him again so expect to see more Rookie next year.

We bought this bull out of the Iowa Beef Connection Sale. He was the high seller in 2010. We tested him lightly on some cows. He seems to work on just about any type of cow. I kept some heifers out of him. They are easy fleshing and moderate. He has a great deposition and the offspring are the same. You will see more out of this guy.

*Time Out cleaned up and we Al'd several cows to him this year. He followed 75 hd of PB Angus cows last summer, so expect to sell some really good 1/2 bloods out of him next year.*

## HRM COMBINATION U22 "HOT ROD"

Birth Date: 02/28/2008 • ASA No: 2451949 • Homo: Blk & Pld, 3/4 Sim, 1/4 Ang

*I purchased "Hot Rod" from Mike Henderson in Iowa. We put him in with our yearling heifers and a select few percentage cows, and it worked like a charm. Didn't touch a calf, and the calves flat grow. Hot Rod is a tick bigger framed, extremely long and packs a square rump. All his calves are really good with an ample amount of depth and muscle. With him being 3/4 Sim, I can put him anywhere to make those well sought after SimAngus bulls. Calving ease, growth, maternal and disposition all in this package. Homozygous black and heterosis polled. I think you'll like the "Hot Rod".*

- The new JR Herdsire at Wicks Cattle.
- This pedigree needs no introduction. Upgrade has sired Big Time Cattle in the last 3 years. TNT Miss R77 has 7 sons in bull studs. You might say she has a proven track record.
- Rock On is in the top 3% of the breed in 6 different categories and the top 35% in 9 others.
- High seller at the Iowa Beef Connection last year at \$15,500.
- Extremely long spined, good bone, foot and very correct in his way of travel.
- Rock On will be on display the day of the sale.
- Semen for sale.

Last fall we lost two great people, cattlemen and cowboys when Jack Reich and his 10-year-old son, Vander, both of Zap, N.D., were tragically killed in a car accident near Rochester, Minn. Vander had been diagnosed with a brain tumor just weeks prior, and had been released from the hospital following surgery to go home and enjoy life before returning for more treatment. Jack and Vander leave behind Jack's wife/ Vander's mom, Mardee, a daughter/sister, Kaydee, and a son/brother, Will.

Back in the spring of 2011 Jack wanted to sell two age groups of cows, so Jack and I got together on a cow agreement. Jack Al'ed the cows to Net Merit. After ultra-sounding in the fall, Jack let us go back into these two age groups and hand pick some great cows.

Lots 67-70 are Angus bulls out of Reich Angus cows. Lot 72 is a Reich open heifer. The cows were bull-bred to Reich Angus bulls. There were multiple sires including sons of BC Marathon, Mytty in Focus, Conneally Freightliner and LT Territory. Some DNA information is missing, unfortunately, but with any luck at all we will have EPDs and papers by sale day. If not, we will sell them as commercial bulls.

In memory of Jack and Vander, Wicks Cattle is donating Lot 72, a Reich-pedigreed purebred open Angus heifer for sale. We will hold a roll-over auction and all proceeds will go to the Reich family, Mardee, Kaydee and Will.
