Wicks Cattle Sale Offering

Mya, Josie, Mary Jo & Zane Wicks

Welcome,

Welcome to Wicks Cattle 11th annual sale. We would like to thank you for your past support and continue interest in Wicks bulls. We are honored for the opportunity to be in the bull business and produce stock that works for your program.

As we are writing this, we are realizing it has been quite a year in regards to the market and the weather. Thank God it was a beautiful fall and a lot of things got checked off the to-do list. Then winter set in, and we have had more snow accumulation than we've seen for a few years, but just think of the green grass and the full stock dams! Along with needed moisture, the cattle market has been creeping up. We finally have some trade and exports taking place, which is a great sign. Hopefully it will get the ball rolling and hoping the economy will be on the upswing.

This year our sale offers 65 yearling SimAngus bulls that excel in phenotype, calving ease and performance. There are some $\frac{1}{4}$ Sim $\frac{3}{4}$ Angus bulls that will be great heifer bulls. There is also a powerful set of performance bulls that will definitely catch your eye. I truly believe this is the best set of bulls ever produced here. Our goal at Wicks Cattle is to improve each year to better meet the needs of your program.

The bulls were photographed and videoed on December 23, 2016, right after a 10-day cold snap. Conditions were less than optimum at that point, but we made the best of it. This weather has been hard on livestock and ranchers alike, but we assure you that the bulls will be in show shape by sale day.

We have decided to have DVAuction at our sale this year for the convenience of our customers that cannot attend the sale. The way mother-nature is acting this winter, we thought it would be the best route to go.

We would like to thank all our customers, both past and present for their support. We hope you can make it to the sale on February 12, 2016. Please join us for lunch prior to the sale. Feel free to stop in anytime to take a sneak peek at this enticing set of bulls. I will assure you there is something here for everyone.

Thank you,
The Wicks Family – Zane, Mary Jo,
Josie and Mya

All cattle are tested for coat color. Hair was pulled on all the cows. ALL CATTLE ARE HOMOZYGOUS BLACK UNLESS STATED OTHERWISE.

GUARANTEE: Bulls that sell for \$3,000 or more are guaranteed against any injury that would keep them from servicing cows for the first breeding season. If a problem occurs contact Wicks Cattle immediately and a suitable replacement will be furnished or credit minus any salvage will be given towards next year's sale. The buyer may choose the options. This guarantee does not cover death of the animal. All claims must be submitted by September 1, 2017. Bulls will be semen checked prior to delivery, which is April 1, 2017. Guarantee is null and void if injury/death is sustained due to negligence under the care of new owner.

BRAND INSPECTION: A brand inspector will be available Sale Day.

RETAINED SEMEN INTEREST: Wicks Cattle is retaining 1/3 interest share in every bull selling in this sale. Full possession and full salvage value sell with the bull.

ANNOUNCEMENTS: Announcements made sale day take precedence over any printed material.

ANY PERSON ATTENDING THE SALE DOES SO AT HIS OWN RISK. Neither the owners, nor any person connected with this sale assumes any liability, legal or otherwise.

DELIVERY: Wicks Cattle will keep and feed your yearling bulls after the sale until April 1, 2017. We will tend to your purchases like they are our own. The bulls will be semen tested, poured and two rounds of the foot rot shot will be given. If you choose to do this there will be \$150 per bull collected on sale day. Wicks Cattle has done this program in prior years, the results have been great and the new owners are pleased with their new herd bull purchases. Free delivery is provided by us or you are welcome to take your bulls home the day of the sale and bring them back for the semen test.

CATTLE HEALTH: BULLS: Before weaning: Vista once, Vision 7; At weaning (8/25/16 and 9/14/16): Booster, Poured with Ivomec, drenched with Safeguard and Cattle Active, Fusogard, Nasalgin and poured.

INSURANCE: Bull mortality and infertility insurance is available from Tyler Holland, (406) 949-1326, Townsend, Mont.

ALL VIDEO SALE: All lots will be videotaped and be played on three big screens sale day. You can view these videos prior to the sale at www.wickscattle.com. There will not be any animals entering the sale ring. This makes sale day a much lighter load for us and the cattle. All lots will be displayed in pens like normal for you to view sale day. We strongly urge you to go through the cattle and make your critiques outside; this will help you during the sale.

These calves are a must see. The heifer calves are truly refined with a female look to them. The bull calves, super sound, deep, thick, stretchy, and have a cool and cocky look to them. The hips of the 6Shooters are BIG. We calved the first set of heifers last spring, and they milk as good as they look. We hit the lottery! Tested free for Red Charlie. Owner: Wicks Cattle.

Best Livestock Feeder

The Bextra feeder has more economical advantages than any other feeder on the market. Research out of OSU has demonstrated the haysavings to be significant. With the high cost of feed savings can pay for the feeder in a matter of months.

The **Bextra** Bale Feeder demonstrates **Hay Savings of up to 75%** over conventional feeders as proven in the Oklahoma State research trials. And they are consistent with more costly and cumbersome cone or chain feeders. Search OSU Bale Feeders Save Dollars!
