It is a pleasure to welcome you to our 38th Annual Bar 69 Ranch Production Sale.

Bull sale time is one of our favorite times of the year. We're excited to catch up with customers and friends, meet new ones, and get to know more about your operation. Our goal is to make sure that these bulls go out and work for you and make your ranch profitable. As you study the EPD's and data in this sale book, you can see that we are committed to raising cattle that are balanced. Our cattle are known for their maternal genetics, proven by the folks who've come back year after year.

This is the most powerful and consistent set of bulls we have ever sold, with length, thickness, and natural fleshing ability. 70 bulls sell—the top out of 140 bull calves, and none are sold before the sale. You will like the 50 fancy replacement heifers! They are mates to the bulls and are all born and raised on our ranch. These heifers are feminine but powerful, and should raise a good calf and still breed back early.

Our goal for our cow herd is that they will stay in the herd for many years. We try to achieve this through a combination of docility, fertility, performance, and phenotype. Bar 69 Ranch cows have to cover large pastures and hold their condition so they can succeed in breeding back early every year. Structural correctness is not something that we can afford to compromise on, so every year, we specifically select for good feet and legs. We believe that docility is extremely important, and our cattle are well known for being good to get along with and easy to work. The last key to profitability is performance. Once you get a cow to stay in your herd year after year, you need her to raise big, stout calves on prairie grass. Our steer calves (who didn't get to become bulls) have averaged over 650 pounds the last three years.

Customer service has been key for us the last 37 years. We strive to have happy customers that want to come back year after year. You are always welcome to come out to the ranch to observe our operation. We stand behind our bulls first breeding season, and do our best to personally keep in touch with all of our customers.

With the current cattle market, it's a great time to be in the business and quality is rewarded. We want to express our deep gratitude to you, our valued customers. If you've done business with us before, our family thanks you for your continued support. Your loyalty means more to us than you will ever know. If this is your first experience with Bar 69 Ranch, we thank you for giving us the opportunity to serve you. We are eager to meet and exceed your expectations.

Please note that we deliver free for the first 200 miles, and there is a \$50 discount per bull if you pick them up sale day. Feel free to call with any questions.

Videos of the bulls are available on our web site or on DV auction.

We look forward to seeing you Sale Day.

The Kukuchkas Family

INSPECTION

Bulls and heifers may be inspected any time prior to the sale at the ranch six miles east of Belle Fourche or at Belle Fourche Livestock on April 6, 2026

SUPPLEMENTAL INFORMATION

A supplement sheet with weights and scrotal measurements will be available sale day and on online at Bar69Angus.com

VIDEOS AVAILABLE ON
BAR69ANGUS.COM

Announcements on sale day take precedence over any information in this catalog.

TERMS AND CONDITIONS

Cattle will sell under the terms and conditions recommended by the American Angus Association. All cattle are to be settled for sale day unless prior arrangements have been made.

HERD HEALTH

Our bulls and heifers are on a complete health program to ensure they perform well for you. The bulls were fertility tested and scotal measured by Dr. Bill Marlett, D.V.M. of the Belle Fourche Vet Clinic. Bulls and heifers have been vaccinated Spring and Fall with Vista Once PHM, Vision 7 w/Somnus, poured with Cydectin and later with Clean-Up. Bulls have been vaccinated for foot rot. Heifers have received their pre-breeding shot of Virashield 6+ VL5.

CONDITIONING OF SALE BULLS

Every bull has a useful performance record. These bulls have been handled in a practical manner, developed without creep until weaning time, and finished on a light growing ration until sale time.

REPEAT BUYER POLICY

If you purchased an animal in last year's sale, you will receive \$50 off each purchase in this year's bull sale. This credit is only good if you made a purchase in last year's sale, not just any previous sale. If you make a purchase in this year's sale, you will receive \$50 off each purchase in next year's sale, should you decide to be a repeat customer.

RETAINED INTEREST

Bar 69 Angus Ranch is retaining one third revenue sharing semen interest in every bull selling in this sale. Full possession and salvage value sells on all bulls.

TRUCKING

Bulls will be delivered free of charge up to 200 miles from Belle Fourche Livestock. \$50 off each bull if you haul sale day.

HEIFERS

Registration papers are available for \$200 per head.

LIABILITY

All persons who attend do so at their own risk, and Bar 69 Ranch assumes no liability, legal or otherwise, for any accidents which may occur.

ABSENTEE BIDDING

UNABLE TO ATTEND THE SALE?

We would love to see you sale day, but if you can't make it, we have you covered:

- Evaluate the bulls and heifers at the ranch until April 5, 2026.
- On April 6, 2026 they will be available for viewing at Belle Fourche Livestock.
- **Online videos available at Bar69Angus.com or on DVAuction.com**

Satisfaction guaranteed. Call us for information about our "Sight Unseen Purchase Program."

Bids can be phoned to:

- Craig at 605-210-1989 (cell)
- Chase Kukuchka at 605-210-1988
- Scott Dirk at 605-380-6024
- Dan Piroutek at 605-685-4556
- Representatives listed on page one

Bid LIVE ONLINE with real-time bidding and proxy bidding. **DVAuction**
Broadcasting Real-Time Auctions

Register prior to sale day at DVAuction.com. Go to the "create new account" tab and click on the create new account button in the upper left corner. Tune in sale day. If you have questions call 402-316-5460. *High-Speed Internet Required

First Breeding Season Guarantee

All Bulls **selling for \$3,500 or more will be covered 50% by the Bar 69 Angus Ranch if they are injured during the first breeding season.**

Breeding season is defined as the 60-day period following the first turnout of the bulls. 50% of the purchase price, minus half the salvage value, will be given as credit towards a replacement bull, if we have one available, or as a credit at next year's sale.

- All bulls must be diagnosed by a licensed veterinarian.
- We must be notified should injury occur and before the bull is sold for salvage. A copy of the salvage receipt must be sent to us.
- All claims must be made by September 1, 2026.
- We will not be responsible for more than half the purchase price of the bull. Mortality insurance will be available.

THE VALUE LIES WITHIN

Bar 69 has utilized the best in Angus genetics for decades and is proud to bring you a set of bulls, that as a group, rank above the breed in many of the below traits.

	CED	BW	WW	YW	MILK	CLAW	ANGLE	\$M	\$W
BAR 69 AVG	+7	+0.6	+71	+123	+26	+0.43	+0.46	+73	+70
BREED AVG	+6	+1.2	+68	+120	+27	+0.48	+0.47	+66	+65

Claw Set EPD (Claw), a lower EPD being more favorable indicating a sire will produce progeny with more ideal claw set. The ideal target for claw set being toes are symmetrical, evenly and appropriately spaced.

Foot Angle EPD (Angle), a lower EPD being more favorable indicating a sire will produce progeny with more ideal foot angle.

Maternal Weaned Calf Value (\$M) builds on \$W by adding heifer pregnancy (fertility), docility and the new foot score EPDs.

As you can see, the bulls in this sale average significantly higher than breed average for these profitability traits. Bar 69 Ranch has selected for profitable maternal traits for decades, and it shows in the numbers!

Weaned Calf Value (\$W) provides the expected dollar-per-head difference in future progeny preweaning performance from birth to weaning. \$W assumes that producers retain 20% of their female progeny for replacements and sell the rest of their cull female and male progeny as feeder calves.

He's been a man amongst boys from a young age, combining tremendous base width and muscle with exceptional substance, rib shape and length of body. Described by many astute cattlemen as the most powerful Angus bull they've seen in recent years. His dam is a 9 year old Pathfinder with a great udder and a nursing ratio of 112. His unique data and imposing phenotype make for as stout of a power bull package as we know how to make.

Ellingson Badlands 0285 is one of the most exciting sires in the Angus breed today! His balanced-trait package gives him the tools to make a meaningful impact in the cattle industry. Badlands is a proven calving-ease sire after large proofs in both the commercial and seedstock sectors, and his sons have added base width, volume, structural soundness and authentic breed character.

ANGUS RANCH

Selling
Fancy Commercial
50 Replacement Females

These commercial heifers are all one brand heifers that were raised on our ranch. They are purebred Angus from our registered Angus cows. They have been on our complete herd health program and have had all their calthood vaccinations and were poured at branding, weaning and again in January. They were vaccinated for Brucellosis and have had their pre-breeding shot of Virashield 6+ VL5. The heifers can be registered for an additional \$200/head.

The bulls and heifers will be available for viewing at the ranch six miles east of Belle Fourche prior to the sale and at Belle Fourche Livestock the day before the sale. We are available to answer questions any time. Give us a call at 605-892-2875!

Thank You to neighbors, friends and the Bar 69 Crew.
We appreciate each of you so much!
