Selling 32 Hereford + 6 Aberdeen Angus bulls  
Hardy, rising 2-year-old bulls  
Outwintered, unpampered & ready for work

ERVIE LINE ONE HEREFORDS - *They're like peas in a pod!*

WE SPECIALISE IN SELLING NATURALLY REARED BULLS  
WITH PROBLEM-FREE, HIGH MATERNAL GENETICS

Established 1969 and selling over 80 bulls per year  
to repeat suckler & dairy customers

**A BREEDING PROGRAM TRIED & TESTED!!**

## **WELCOME** to our 14th consecutive on-farm Spring Bull Sale.

**Thank you for your interest.** As a family, we appreciate your support and understand that to earn it our bulls must produce calves that will grow and leave good profit. We are confident that this crop of bulls will do that for you.

**Line One influence.** This year is our 12th crop of bulls with Line One influence, and they are true “red-meat from grass” bulls. Consistency is getting stronger. These bulls will produce uniform crops of valuable calves.

Credit for the uniform, problem-free cowherd we have today is due to the imported Line One Hereford genetics we have been using since 2006. We have some 2022 born calves from our latest importation of Line One embryos from the Holden herd in Montana and we expect them to add to our herd development over the next few years.

**Combating difficult times.** As livestock farmers, our businesses are currently under huge pressure from rising costs, with fertiliser, feed, fuel, electricity & equipment, along with every household purchase our families make daily. Efficient, low-cost production is one way to meet these challenges and the type of cattle we are producing thrive on a system with paired-back costs. I firmly believe that no other cattle breed will convert grass to beef more efficiently than a Hereford or it's crosses, or, thrive in more basic conditions. Our breeding program includes selection for improved udder & teat conformation in the cow herd and good scrotal size for our bulls. Both these traits are good for the efficiency of all our herds by reducing replacement labour & vet costs and by increasing herd output.

**Modern methods.** We will be accepting online bids as well as the bids from the ringside again this year. Buying over the internet may not be for everyone, but I have confidence, with the videos taken by our four daughters to present the bulls truthfully, plus the relevant information we provide in the catalogue, (including actual birth weight, dam's udder/teat score, scrotal measurement and a meaningful table of EBV's), busy farmers can buy online with confidence. Add to this the pre-sale veterinary health & fertility check and Johnes blood test, we are confident bulls bought online will not disappoint.

**How we raise them.** Our calves are reared and weaned without creep-feed in order to measure herd's true maternal performance from grass. After weaning the bulls and heifers are reared in their full groups, with no preferential feeding. This allows for recording and assessment of true natural performance. We ultrasound the entire bull and heifer crop each summer for muscle depth and back fat to provide meaningful EBV's on all the bulls. Dam's udder & teat assessment scores are supplied for herd owners looking to improve these important maternal traits.

The bulls have been outwintered at grass with a silage feed trailer provided and since October fed 3kg/head/day of a 16% CP blend.

Please study the merit of each bull, using your eye and the data provided to help you choose the bull with the best genetics and type to suit your herd. Ask me for any extra information not already provided. Regarding our calving ease figures, as a herd, we have no extreme birth weights. Other than breach calves, it is rare for us to assist at birth.

***We hope you find your next bull here today!***

Best regards,

# The LIVESTOCK LINK

## How to bid Online!

Where possible and to avoid disappointment, please register to bid at least 24 hours in advance of the sale. This gives you time to familiarise yourself with the bidding process. We shall endeavour to process short notice registrations during the sale, but rush is not conducive to success.

You can register to watch or bid online through **The Livestock Link** by following these instructions.

- ▶ Visit our website, [www.thelivestocklink.com](http://www.thelivestocklink.com)
- ▶ Click the “Auctions” tab
- ▶ Click on “Click Here to Register”
- ▶ Enter your e-mail address and password and fill out all your contact information
- ▶ Fill out your Banking Information. If you are only viewing the sale and do not wish to bid, this information can be left blank.
- ▶ Check the checkbox at the bottom of the page that says “I’m not a robot” to prove you are a real person
- ▶ Click “Register” at the bottom of the page
- ▶ You will receive an email with a link to activate your account
- ▶ Contact Aaron Friedt at 001.701 590-9597 for help or with any questions

You will receive an email when you are approved for bidding. All applications will be reviewed and processed promptly. You will receive a bidder number only after you have made a purchase in the sale, and that number will only be used at that sale. When the auction is completed, we will confirm the online sales with each buyer by email. Payment on invoice after the sale to be made to C & D Auctions with 25% downpayment and remainder due before shipment in April.

**To use our service, you must have access to High-Speed Internet. Those with unreliable internet speeds may consider using our proxy bid service.**

## TERMS AND CONDITIONS:

Please contact us if you have any questions or concerns pertaining to these sale terms and conditions.

### **PAYMENT:**

All sales are cash and in pounds sterling. The auction will be conducted by Harry Begg (Tel. 0771 356 9593) from Dumfries Mart and payment to be made to him at close of sale unless by prior agreement. Online buyers will be invoiced by email. Bulls being left at Mains of Airies require 25% paid on sale day and the remainder cleared with the auctioneer one week before uplift by mid-April.

### **TRANSPORTATION:**

Bulls can be picked up any time after payment has been made. All transportation expenses to be the responsibility of the buyer.

We will endeavour to assist with transport to a convenient meeting point within the UK mainland. Bulls sold to Northern Ireland will be isolated and tested at the consignors' expense but must be uplifted directly at the farm at the buyer's expense.

### **ANNOUNCEMENTS:**

Bulls can stay at Mains of Airies up to mid-April and will be cared for by us but at the buyer's risk. Any death or injury after the animal is sold is at the buyer's risk. **Insurance is advised.**

### **LIABILITY:**

Anyone attending the farm to view the stock does so at their own risk.

### **LOT WITHDRAWAL:**

We reserve the right to withdraw any animal from the sale.

### **HEALTH & BREEDING GUARANTEE:**

Latest routine four-yearly clear **Tuberculosis Test** completed **24th December 2021.**

The entire adult herd is **Johnes tested** along with the TB test every 4 years as cost-effective surveillance to ensure there is no Johnes development within the herd. **The sale bulls for 2023 were blood-tested on 18/01/2023 and all tested Negative.**

The herd is BVD accredited. The breeding herd has been on a strict Lepto & BVD vaccination programme since 2001, with IBR vaccination since 2017. All the sale bulls require their booster vaccines by mid July.

Our customers value our robust disease biosecurity, the high health status and remoteness of our closed herd.

The bulls had a fertility examination by our vet 18/01/2023 and all are normal and fertile. (Scrotal measurements printed in catalogue.)

### **BULL WARRANTY:**

**All bulls sold are warranted stock getters, fertile and capable of natural service.**

Any claim of bull infertility must be made after 1 month from the date of movement and within 9 months from the date of the sale and must be backed by a written statement from a practising veterinary surgeon confirming the bull to be infertile. The vet must confirm that the infertility is not due to either injury or infection after the sale.

Any bull proving to be infertile shall either be replaced to the satisfaction of the buyer or refunded the entire purchase price.

# SIRES

**Ervie L1 Achiever 182523** is an upstanding bull with good conformation and character which he has passed onto his sons in this sale.

**Ervie L1 Achiever 182491** is a bull of tremendous stature and is attractive and quiet natured. He is deep bodied, thick-topped and extremely easy fleshing type, and resembles very much the sire of his dam, L1 Achiever 91150.

**Ervie L1 Achiever 162044** is a son of our most successful 1151 sire. Like his sire, he is constantly mobile when out with the cows and patrols the field relentlessly. We valued him as a calving ease bull for heifers and his progeny are well-fleshed and attractive.

# SIRES

## **Ervie RL1 Achiever 151966N**

has made a large contribution to our herd, mainly through use on daughters of our successful 1151 sire. He has consistently raised our yearling weights and also passes on his upstanding style and character.

## **Ervie RL1 Achiever 151973N**

is such an impressive bull and was used here for 2 seasons and then sold in our 2020 female production sale for £6,000. We used a very good son as a junior sire for this past breeding season.

## **Fordel Earl Astrix U299**

was bought mainly to follow on from two years inseminating with SAV Solid Gold. He has done everything we wanted and is proving to be a great herd sire for us. His calves are born easily unassisted and grow quickly. They are the type we like. His first daughters are calved and make fine cows.

## THE TOWFORD BULLS

Some of the bulls catalogued here are registered with the Towford prefix. In 2020 we sold a quantity of in-calf cows to Alan Anderson, Towford Farm, Jedburgh. Alan farms an upland farm with a good dry grassy hill on which he outwinters the Hereford cows. After visiting Towford a couple of times, we decided that the herd health status and biosecurity are on a par with ours and Alan's herd management and method of rearing calves are almost identical to our own. Towford herd genetics are pure "Ervie" bloodlines and it we can easily depend on the genetics.

After considering all of this, we bought his 2021 crop of bull calves at weaning. (All the calves were in utero pregnancies when Alan bought his cows from us in 2020.)

NOTES: 403017 is a medium sized bull big on quality. Perhaps not the biggest, but certainly one of the best. His sire is the fabulous RL1 Achiever, now herd sire for Pintaton and he is the 10th calf from a great Lisette cow who has produced many good bulls, selling to a top of £7000. Solid set of figures and a light birthweight bull.

## A SHORT BACKGROUND TO LINE ONE HEREFORD CATTLE

In **Montana** during the early 1800's, 55,000 acres were set aside as Fort Keogh, an Army Outpost, later a remount facility for breeding Cavalry horses and finally as an agriculture research service to assist the agricultural industry in producing food supply. It was at this Miles City station in 1934 that a selection program commenced and the development of inbreeding several different lines with selection emphasis on yearling weights. Of all the different lines developed at Miles City, the most prominent to date has been the **Line Ones**. The foundation cows for the **Line Ones** traced back to stock purchased in 1926 from George M. Miles. The bulls used in the development of the line were half-brothers, Advance Domino 20 and Advance Domino 54, purchased in Colorado. These two foundation sires were strong in Prince Domino blood. Although the **Line One** cattle were developed at the Miles City station and they have remained a prime source of seedstock, several other breeders drew heavily on **Line One** sires starting in the 1940's, and these breeders became suppliers of the **Line One** seedstock in the early 1970's.

## AIRIES ABERDEEN-ANGUS Est. 2000

Our interest in Aberdeen Angus cattle was pricked during our visit to the World Hereford Conference in Colorado, USA in 1996. We were touring Hereford ranches through the mid-west states ahead of the conference and were enthralled by the number and quality of commercial Hereford x Angus cattle we were seeing on the tour. – **“the Black Baldie”**

On returning home, I contacted a friend in Northern Ireland, Sam McCollum, who I knew to be a dedicated Aberdeen-Angus breeder and arranged to visit, with the intention of buying a suitable bull. Needless to say, I returned home having bought my first Angus bull, “Lord Jim 3rd of Priestland”, for use on my Hereford heifers and a proportion of the cows. We used that bull for Black Baldie production until he was 13 yrs old and I am indebted to Sam McCollum for steering me towards him when I was making my choice and starting me with **“the right type”** for my crossbreeding purpose. To this day I have not deviated from using this hardy, no nonsense, low input, problem free type of Aberdeen Angus.

I never intended breeding registered Angus, but 2 years later I went over to a breeding production sale hosted by Sam McCollum, with the intention of bidding for some of the Hereford females he owned. That didn't work out, but I returned home the owner of a very smart Angus heifer named “Sylvia 4th of Priestland.

I joined the AA Society in 2000, and over the ensuing years I bred Sylvia and her and her descendants to various Angus bulls, always to produce bulls for my Black Baldie production. Whilst visiting the Denver Stock Show in Colorado, USA in 2005 with the purpose of buying our first Line One Hereford embryos, I also saw the Aberdeen Angus cattle there and recognised those ranch-raised Aberdeen Angus cattle had good qualities. Since then, we have used a few US Angus bulls through AI and extended our Angus cow numbers to around twenty. We are back to using natural service again and our current stock bulls have US genetics behind them.

### **AIRIES ABERDEEN ANGUS SELECTION POINTS**

- ▶ A broad muzzle, though the head must not be coarse
- ▶ Good length of neck running into smooth shoulders
- ▶ Moderate in height and volume but with good length
- ▶ Legs strong and flinty but not coarse boned
- ▶ Easy fleshing with firm muscle and a full loin
- ▶ Rump full but not extravagant
- ▶ Cows a tight level udder with small straight teats. Must milk well
- ▶ Bulls a good scrotal size and a tight sheath
- ▶ A good tail setting is important. High tailheads not tolerated
- ▶ Birthweight must be small to moderate

## ERVIE HEREFORD TRIBE FAMILIES

# TRIBE 1 FAMILIES

- **BEAUTY.** Brockloch Beauty 17th purchased from Willie Barclay, East Brockloch, Ayrshire in 1994. This family produced our £4500 sale-topping bull in 2015. Solid cattle.
- **COUNTESS.** This family purchased from Marcus Lury, Oakleaf Herefords in Somerset in 1994. Good family tracing back to Hermitage & Merryhill Herefords in the 1970's.
- **CROCUS.** Roundshaw Crocus 151 purchased from Ben Welsh in 2010. The line goes back to the famous Haven Crocus family through Kilphin and Bowmont herds.
- **BARBARA.** Barncleugh Barbara 5th purchased at Edinburgh in 1977 from Kenneth Kelly. This important family also descended from Haven family.
- **CAROL LILY.** Onguten Carol Lily 39th bought at their herd dispersal in 1997 and has provided us with a top family line since. Full of quality. Bulls sold twice to £4000 in 2014 and another at £4000 again in 2017.
- **BARDA.** Brockloch Barda 14th, another hardy family purchased from Willie Barclay, East Brockloch, Ayrshire in 1994.
- **L1 ACHIEVEMENT K FLUSH.** Result of an embryo flush from a Fort Keoch station dam and a Holden sire in 2008.
- **L1 ACHIEVEMENT I FLUSH.** Result of an embryo flush from a Cooper dam and a Holden sire in 2008.
- **L1 ACHIEVEMENT N FLUSH.** Result of an embryo flush from Beran Bros. in Kansas using a Holden dam and a Holden sire in 2015. Service sires RL1 Achiever 151966N & RL1 Achiever 151973N are from the same flush.
- **L1 ACHIEVEMENT G FLUSH.** Result of an embryo flush from a Holden dam and a Holden sire in 2008. Bulls sold to £5800 in 2011.
- **DOWAGER.** Another good Haven family that came to us with the purchase of Dieulacresse Dowager 3rd in 2007. Top bull sales are £4000 in 2014 and again in 2017.

# TRIBE 2 FAMILIES

- **LISETTE.** Findowrie Lisette 5th was a heifer full of Haven bloodlines purchased in Edinburgh 1972 and she established one of the strongest and best families in our herd. This family produced our top two sale prices at £7000 & £8200 in 2018 and our sale-topper in 2020 of £3700 with another at £3200. Also produced our 2021 sale topper at £5000.
- **LAURA.** Weswood Laura 390th was a tremendous daughter of Ervie King Kong we purchased from Clive Davies in 2003. This has become a tremendously important family to us and produced our £7200 sale-topper in 2016. Other top bulls have gone to £5500 in 2011 and our second top 2020 price £3600.
- **GYPSY.** Dovemount Gypsy B22, another Ervie King Kong daughter was purchased in 2006 from George Thorley. The family line goes right back to Marlow breeding and has become a particularly important family to us. Bulls have sold to £4500 in 2019 and £3500 in 2020.
- **L1 ACHIEVEMENT M FLUSH.** Result of an embryo flush from a Holden dam and a Cooper sire in 2015.
- **MODEL.** Sherlowe Model 270th was purchased at the herd dispersal in 1986. Daughter of Wabash Imager 22F and full of good breeding, she has provided us with a very important family.
- **L1 ACHIEVEMENT D FLUSH.** Result of an embryo flush from a Holden dam and a Holden sire in 2005. Bulls sold to £4200 in 2021.

# TRIBE 3 FAMILIES

- **PANSY.** Border Pansy K44 was purchased from the Border Herefords herd of Stan & Hellen Quan in 1994 and is definitely well established in the Ervie herd now. The family goes way back to the Marlow herd. Top bulls have sold to £4000 in 2011.
- **NARCISSI.** Studdolph Narcissi J19 was purchased at Hereford from Messrs Thorne in 1975. Easy-fleshing and great milkers, they have been one of our main families over the years.
- **L1 ACHIEVEMENT A FLUSH.** Result of an embryo flush from a Holden dam and a Holden sire in 2005. Our first embryo flush from Jack Holden and what a line of females it has become. Our bull sale topper in 2013 from this family made £4600 and we had one this year at £3500.
- **NOREEN.** Kilphin Noreen J1 was the last heifer from the herd of Tom & Billy Nelson, and we bought her from them in 1994. Good hardy types. Bulls have sold to £4500 in 2013.
- **PLUM.** This family stems from the purchase of Free Town Plum 76th, an excellent daughter of Free Town Foremost, in 1993.
- **OYSTERGIRL.** Sherlowe Oystergirl 66thth was purchased at their herd dispersal in 1986. Another great breeding family. Bulls have sold to £5000 in 2011 and our sale topper in 2014 at £4500.
- **PANSY.** This was our first Pansy line and stems from the purchase of Havenfield Pansy 19th in 1977. This was a big cow when small cattle were all the rage and is a family I value highly.

# TRIBE 4 FAMILIES

- **PEACH.** Harrold Peach 16th was purchased in Edinburgh from Messrs Tusting Partners, Bedford in 1972 and has gone on to become our best known and most numerous family. This female line is so strong and has produced foundation females for many herds. Bulls sold to £4000 in 2011 and £4800 in 2016.
- **L1 ACHIEVEMENT F FLUSH.** Result of an embryo flush from a Holden dam and a Holden sire in 2009. Bulls sold to £5200 in 2011.
- **ROULETTE.** The purchase of Border Roulette B37, sired by Ervie Classic U150, from Stan & Hellen Quan in 2006 was the source of this good family line.
- **L1 ACHIEVEMENT H FLUSH.** Result of an embryo flush from a Holden dam and a Cooper sire in 2009. Lot 107 is from this flush, which also produced two especially important herd sires in Ervie L1 Achiever 91149H and Ervie L1 Achiever 91151H. These bulls had huge influence in establishing the strength of breeding we have in the herd today.

# TRIBE 5 FAMILIES

- **TRIBUTE.** This is a great family in our herd and is established from the purchase of Brockloch Tribute 11th in 1994 from Willie Barclay, East Brockloch, Ayrshire. Top bull sales have been our 2019 bull sale topper at £7000 and another at £3000.
- **SUNSET.** Venture Sunset 456 was purchased in Denmark in 2002 from Axel Johansen. The result of an embryo imported from the US, this was our first taste of Line One breeding and is a hardy and reliable family. We used 2 good stock sires from this dam.
- **UNITARIAN.** Aultoun Unitarian 46th was purchased from Graham Stratford, Hampshire, in 1995 and has established a beautiful and productive line of females in our herd. Our 2017 bull sale topper at £6200 was from this family.
- **L1 ACHIEVEMENT E FLUSH.** Result of an embryo flush from Beran Bros., Kansas in 2008 using a Cooper dam and a Holden sire.
- **TOPSY.** From the Wenlock T family and stems from the purchase of a big Bell L 1087 Domino 46R daughter, Wenlock Tabletta in 1993.
- **TRUDY.** Roundshaw Trudy 148, sired by Ervie Classic Lad B620 was purchased from Ben Welsh, Ayrshire in 2010 and has established a good type of cow in our herd.
- **SNOWDROP.** Aultoun Snowdrop 12th was purchased from Graham Stratford in 1994 and the family has stood the test of time with us, producing many good females.
- **SATINA.** Venture Satina was purchased from Axel Johansen, Denmark in 2003 and the family has produced many good cattle for us since then. US genetics.
