Annual Bull Sale

DEC. 5, 2026 • 1 P.M. MST

At the Ranch, Spearfish, SD

Over 240 Angus and Hereford Bulls

***Plus* 100 Commercial Angus 3-4 Year Old Cows**

FREDERICKSON Ranch

On behalf of everyone at Frederickson Ranch, we're pleased to welcome you to our 17th Annual Bull Sale at the ranch west of Spearfish. We sincerely appreciate your interest in our program and the continued support of our customers and friends.

As I sit down to write and reflect on another year, it doesn't take long to realize that the only constant in this business is change. Whether it's our moisture patterns, cattle markets, or even politics, every year brings a new set of challenges. I can remember last fall looking at upgrading to a newer swather after struggling to keep up with the haying season. With the acres we were covering and the lack of downtime, it made financial sense to upgrade. Thankfully, I kept putting it off, as that machine would have spent most of this summer collecting dust! Our haying operation went from a crew of four and a full line of equipment to a pen, a cell phone, and a checkbook. Thank goodness for cheap fuel, at least! (That's sarcasm, of course.)

The point is, this business is constantly changing, and we're always adapting. What worked last year doesn't necessarily work this year, but we adjust and keep moving forward. That's what we do as cattle producers.

The cattle market has certainly been a roller coaster as well. For the most part, cow-calf producers have been fortunate to market calves at record-high prices. Placing customer calves has been a little more challenging this year, as the volatility in the market has made many of the feeders I work with understandably cautious. The futures market has been especially wild, making it difficult to lock in a profit, or even a breakeven.

On a positive note, we continue to receive excellent feedback from feeders on our genetics and how our cattle perform in the yard. In addition to feeder calves, we've also placed several outstanding sets of replacement heifers, with demand continuing to be strong for the right kind. It reinforces our belief in selecting genetics that deliver value not only as a feeder steer, but also as a productive replacement female. We believe both sides of that equation are important when building a profitable cow herd.

Our bulls are available for viewing at the ranch anytime, and we'd welcome the opportunity to visit, take a drive through the cow herd, or answer any questions you may have. You can also visit our website to learn more about our program.

We're excited to move our Friday evening meal to Deadwood this year! Join us for good food, conversation, and hospitality, with a couple of great speakers sharing their perspectives on the beef industry and a brief market outlook.

We hope you'll join us for the evening and stay to enjoy everything the Black Hills has to offer.

Most importantly, thank you for your continued confidence in Frederickson Ranch. Whether you're a long-time customer, a new customer, or simply stopping by to visit, we appreciate you taking the time to be part of our sale. We look forward to seeing you!

Warm regards,

– Nate, Jayna, Teegan & Tiernan · Mark & Mary Kay

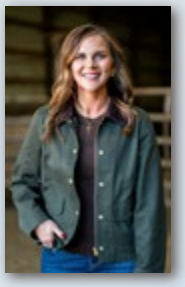

BEYOND THE *Sale Ring*

AN EVENING OF EDUCATION & CASUAL CONVERSATION

At Frederickson Ranch, we believe the relationships we build beyond the sale ring are just as important as the cattle we sell. This year, we're excited to change things up and invite you to join us Friday evening in Deadwood for a night of good food, great conversation, and valuable insight into today's cattle industry.

We've rented a floor of the historic Martin & Mason Hotel in Deadwood and look forward to hosting everyone in a relaxed, welcoming atmosphere.

We're also excited to welcome **AMANDA RADKE** for a **30-MINUTE PRESENTATION ON THE STATE OF THE BEEF INDUSTRY.** Amanda was invited to the White House this summer, where she had the opportunity to visit with President Trump about beef prices, market stability, and the challenges facing America's cattle producers. She'll share some of her experiences along with her perspective on the current market and other topics important to our industry.

The evening will also include introductions to several great people we work with, who help bring value to our customers and their operations:

- **ZACH SIBBEL, BLUE REEF MARKETING:** Zach works closely with us in helping market and place customer cattle, providing valuable insight and marketing opportunities.
- **TROY RASMUSSEN, PRECISION RISK MANAGEMENT:** Helping producers navigate risk management and protect their operations.
- **TYLER MELROE, NUTRITIONIST:** Providing nutritional expertise and helping producers make the most of their cattle.

FRIDAY EVENING SCHEDULE

4:30 PM .....Social Hour & Visiting
6:00 PM .....Supper
Following Supper: Introductions, conversation, and Amanda Radke's presentation.

We hope you'll join us for an enjoyable evening away from the day-to-day, catch up with old friends, meet some new ones, and take home a little added insight along the way. Come for the evening, stay for the weekend, and enjoy the hospitality and everything the Black Hills have to offer.

Martin Mason Hotel.....(605) 722-3456
The Landmark Hotel .....(605) 219-8899
Holiday Inn Mountain Grand.....(605) 559-0386
Holiday Inn Express & Suites.....(605) 578-3330

We look forward to seeing you in Deadwood!

FREDERICKSON Ranch

SCHEDULE OF EVENTS

FRIDAY DEC 5TH

4:30 PM.....Social Hour & Visiting, Deadwood
6:00 PM.....Supper, Deadwood
Following Supper: Introductions, conversation, and Amanda Radke's presentation.

SATURDAY DEC 6TH

Cattle Penned and available for viewing at 9:00 am
Complimentary Tri Tip Lunch 11:30-1 PM
Sale Starts at 1 PM Mountain time

GPS LOCATION OF SALE BARN:

Note: This is not a mailing address
Frederickson Ranch Sale Barn
199 70 Bear Ridge Road
Spearfish, SD 57783

CATTLE VIEWING: Cattle may be viewed at Frederickson Ranch, west of Spearfish, S.D. Call anytime for directions or a consult.

SALE TERMS & CONDITIONS: All cattle sell under the standard terms and conditions of the American Angus Association and the American Hereford Association. Terms of the sale are cash.

ANNOUNCEMENTS: All announcements made the day of sale will take precedence over all printed material.

BASE PRICE: There will be a base price of $5,000 on all bulls selling.

SALE ORDER: A final sale order will be posted the week of the sale. Cattle will be sold by pens. Angus and Hereford will be intermixed throughout the sale. Commercial cows will be sold at the end of the sale.

LIABILITY: All persons attending the sale do so at their own risk. Neither Frederickson Ranch or its agents assume any liability for accidents that may occur.

SCROTAL MEASUREMENTS: Scrotal measurements were taken this spring at a year of age.

SEMEN INTEREST: Frederickson Ranch retains 1/3 semen interest in all bulls selling. The buyer receives 100% of salvage value.

HERD HEALTH: All cattle selling have gone through a complete herd health program, custom tailored by CATL Resources. All 2-year bulls selling have passed a breeding soundness exam. Yearling bulls will sell guaranteed to pass a semen test, but will not be tested until later this spring.

Note: Several of the older bulls in the sale have been used in our own herd for natural service. These bulls have gone through and passed all the proper testing.

GUARANTEE: All bulls selling will be unconditionally guaranteed for the first breeding season. 100% of the value of the injured or infertile bull minus ($3,000 salvage value for 2yr olds, $2,500 for yearlings selling) will be given as credit towards the replacement of one purchase in a future sale or a replacement bull if one is available. We ask that customers make us aware of issues as soon as they may occur.

DELIVERY: Frederickson Ranch is offering free delivery on all bulls sold within a 300 mile radius of Spearfish, S.D. We will work with you on making arrangements on animals traveling further than 300 miles. Receive a $50 discount per bull if you haul your own on sale day.

Two-year-old bulls will be delivered shortly after the sale.

Yearling bulls will be developed through the winter at Frederickson Ranch at no additional cost. They will be semen tested in the spring and delivered after April 1st.

Commercial bred females will be available for pick-up the week after the sale. Frederickson Ranch will assist with arranging delivery, but the trucking will be at the buyers' expense.

Scan this QR Code with your camera app or visit our website for a video of our ranch

VIDEOS: Videos of all the lots selling will be available for viewing on our website www.fredericksonranch.com or www.DVauction.com.

VOLUME DISCOUNTS: A Volume Discount of 5% is offered for purchases from 5-9 head. A 10% discount is offered for purchased on ten head or more.

How to Participate Online

We'd love to see in you in person, but if you are unable to attend the sale, you can register to watch or bid online through **DVAUCTION** by following these instructions:

For Questions on Sale day:
Michael Blume, DVAuction Rep
On-Site (605) 870-0052

Bid from home with DVAuction's "real-time" internet bidding service! Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab.
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction - a DV representative will notify you when you are approved.
3. Tune in for the sale and make your purchases!

After the sale, contact Nate to arrange transportation and payment. High speed internet is required for successful bidding – be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding: If you can't make time to watch the sale, register a proxy bid and DVAuction will represent your bid while you're away. Look for the "proxy bid" tab on the auction listing and fill in your maximum bids. They'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. DVAuction support can always be reached at (402) 474-5557.

ABOUT OUR *Program*

At Frederickson Ranch, our ***breeding philosophy*** is simple and straightforward: we don't aim to produce the "great one," but rather focus on producing a lot of good ones. This approach helps us develop more consistent and proven genetics without reaching for extremes in any direction.

Our goal is to ensure that the quality of the bulls in the bottom third is nearly as good as the top third. We want to pass that same level of consistency onto our customers. Since the majority of our clients market cattle by the load or group rather than individually, consistency and depth of quality are what set apart a group of market-topping steers or a group of high-quality replacement heifers that command steer price.

It's proven, dependable quality and uniformity that truly make the difference—and that's what we strive to deliver in every animal we sell.

Another core element of our program is our dedication to outstanding ***customer service***. You might ask, "What does that really mean for me as the customer?" First and foremost, it's about our guarantee and standing behind our product. While we work very hard to produce animals that perform to your specifications every time, we understand that issues can sometimes arise. Rest assured, we will be there to support you if a problem occurs.

If, for any unforeseen reason, a bull is unable to perform or goes down, we will provide a replacement in a timely and efficient manner. If there are concerns regarding structure or disposition, we will work with you to find a satisfactory solution. Our best advertisement is a satisfied and happy customer, and we always strive to meet and exceed your expectations.

The only thing we ask in return is that you let us know when a problem arises, giving us the opportunity to make it right. Your success and satisfaction are what drive us.

Creating value through a network of industry contacts At Frederickson Ranch, you won't hear us say, "Buy our bulls, and we'll bid on your calves." We prefer to avoid over-promising and under-delivering and building that as the primary reason you purchase genetics from us isn't our goal. Instead, we aim to become more familiar with your operation and program so we can help build value and awareness for your feeder cattle and replacement heifers. We dedicate significant time throughout the year to developing relationships with feedlots, ranches, and stockers who are interested in sourcing the cattle our customers produce. Involving Frederickson Ranch in assisting with marketing your cattle brings us great satisfaction, and we will work hard to deliver results. Each year, we continue to place more feeder calves and replacement heifers, and we truly appreciate the positive feedback we receive on the cattle you produce.

"A program is a strategic approach to building a recognizable identity, creating trust and loyalty among customers by consistently showcasing quality and integrity."

ANGUS BULL *Offering*

85 COMING 2-YEAR-OLD ANGUS BULLS • 100 YEARLING ANGUS BULLS

Angus REFERENCE SIRES

LT TITUS 3046 We purchased LT Titus 3046 from LT Ranch in the spring of 2024, we were drawn to his exceptional power, depth of body, and outstanding foot quality. He adds another valuable dimension to our program from a carcass standpoint without sacrificing the maternal ability we demand in our cow herd. His dam is a moderate-framed, easy-fleshing female with a flawless udder who continues to be a top performer for Thiel Ranch. This is our second set of Titus sons to sell, and it will be our largest sire group of the year. We're very pleased with the direction this sire group has taken us and the combination of traits they offer. We look forward to calving his first daughters this spring and seeing the next generation of Titus influence in our cow herd.

ELLINGSON HI-RANGE This marks the first set of Ellingson Hi-Range sons offered at Frederickson Ranch, and we're excited about this sire group. These bulls offer calving ease, excellent foot quality, structural balance, and plenty of length and dimension. They have a very maternal look and design yet still deliver more than adequate performance. Backed by a balanced set of EPDs, this is a sire group that combines maternal value, performance, and the kind of practical functionality we strive to produce.

Angus REFERENCE SIRES

PYRAMID COAL TRAIN 0005 was retained in 2020 as our top selection among the U2 Coalition sons. Coal Train is known for adding exceptional length of body, muscle shape, and performance. We have safely used him on heifers for several years, and over the past five years, he has been heavily utilized in our operation, with more than 30 daughters retained. His sons were the high-selling sire group at the 2024 bull sale. His daughters are very productive, with excellent udders, and he truly exemplifies the strength of our program—the proof is in his offspring. If you're aiming to maintain balance in your operation, consider buying Coal Train's sons, as he consistently produces top-quality steer calves that will perform and females that will add value back to your ranch.

COLEMAN PLATINUM 2622 is a sire group we are extremely pleased with. We have successfully used his sire, Rock 7200, for several years, and decided to incorporate Platinum into our program two years ago to add additional maternal strength through the influential Chole 9275 cow. Platinum calves consistently exhibit tremendous length and scale smashing performance. The bulls are heavy muscled and powerfully built, while the females possess that depth of body and fleshing ability coupled an elegant maternal look . Additionally, Platinum calves are very quiet in nature. They exemplify the type of cattle we strive to produce very consistent, with tremendous performance in a moderate frame. Their structure and foot quality are also outstanding. We are offering 15 sons of Platinum in this sale.

Angus REFERENCE SIRES

LT CHOSEN 2132 is a sire known for his outstanding muscle shape, structural correctness, and exceptional foot quality. Backed by the same proven dam as Chiefton and Clarion, he represents the very definition of maternal greatness. His pedigree combines proven cow power with the kind of phenotype and functionality we value at Frederickson Ranch. We're offering two outstanding sets of flush brothers this year, making this an exciting sire group with tremendous genetic consistency and cow-making potential.

LT CLARION 9054 is the third sire we've utilized out of the great 7038 cow from Thiel Ranch, a female that continues to prove her value as a foundation donor. Clarion is a moderate-framed, dense-made bull that sires exceptional depth of body, fleshing ability, and adequate performance. We believe his daughters will excel in more limited-input environments, offering the kind of efficiency, fleshing ability, and maternal value that make productive, long-lasting cows. We have two outstanding sets of full brothers selling this year, offering a great opportunity to capture this proven maternal lineage.

Angus REFERENCE SIRES

LT CHIEFTON 1440 continues to impress us by siring added length of body, outstanding muscle shape, and a genuine foot-improver. He consistently adds performance while maintaining an exceptional phenotype and the kind of functionality we demand. His first daughters calved this spring, and we're extremely pleased with their production, particularly their excellent breed-back. Chiefton sires the kind of cattle that cattle feeders are eager to own, without sacrificing the maternal strength and cow-making ability needed to build a productive cow herd around.

FR DOMINION 3019 was one of the high-selling bulls in our 2023 bull sale, going to Steppler Ranch, up in Montana. Dominion possesses exceptional eye appeal and design, flawless structure and overall balance. Bred from several generations of cows known for their outstanding udder quality and fleshing ability. Dominion consistently produces calves with excellent growth, muscle shape, and performance in a moderate frame package. He was used successfully this year in our first calf heifers. Dominion provides a nice blend of both maternal and carcass. Overall, Dominion is a versatile, all-around sire that can add significant genetic value to any operation, blending calving ease, muscle shape, udder quality, and longevity in one impressive package.

FR INCENTIVE 3017 is a maternal sire backed by one of the most proven donor females in our program, 53E. He consistently sires cattle with excellent foot quality, moderate frame, and plenty of muscle expression. His genetic makeup offers the kind of balance and cow-making potential we place a great deal of emphasis on at Frederickson Ranch. We believe his daughters will ultimately be his greatest attribute, bringing the maternal strength, functionality, and longevity we strive to build into our cow herd.

AT FREDERICKSON RANCH, we are fortunate to raise cattle on some of the most beautiful rangeland in the country. With an average stocking rate of 40–50 acres per cow, we demand

CATTLE THAT ARE BUILT TO THRIVE, NOT JUST SURVIVE.

Two-Year-Old Angus Bulls

As you will notice we do not write any footnotes on the bulls selling, **WE FEEL THE CATTLE CAN SPEAK FOR THEMSELVES**. I feel I can get very repetitious, there is only so many times you can say a bull is out of an easy fleshing, good uddered cow. We also want you to know that we not just trying to sell you an individual animal, but a program. **A PROGRAM THAT IS VERY DISCIPLINED IN PROVIDING HIGH QUALITY GENETICS THAT WORK FOR YOU.**

DEVELOPING OUR BULLS

FREDERICKSON RANCH OFFERS TWO AGE GROUPS OF BULLS. This is done by design to not only provide our customers with two different age groups of bulls, but it also allows us to break up our calving due to labor and pasture constraints. The yearling bulls are primarily a product of our embryo transfer program and first calf heifers. The embryo calves are out of our commercial cows that summer on National Forest permits. Due to constraints getting cows tightly bred in the forest we expose them for 40 days before they head up in the middle of June. It is also more advantageous to have an older calf in the forest since the cattle travel a very large area. In addition, we calve the majority of our first calf heifers in February giving us a nice group of yearling calving ease heifers bull candidates. The older bulls in the sale are a product of our registered cows that calve in March and April. As you will notice in the sale book weaning weights will vary between the two programs. The embryo calves will have a definite advantage in weaning weights due to environmental conditions. The cows in the forest have to fight less heat, flies and always seem to have an abundance of grass.

BULLS ARE ALL DEVELOPED RIGHT HERE AT THE RANCH. The bull calves are weaned in late August and put on a high roughage growing ration through the sale. After the sale we will back the bulls down and shoot for around a 2 lb. ADG. The yearling bulls will then be semen tested and delivered after April 1st.

We feel this gives our yearling bulls a competitive advantage to holding up long term. By having an early sale it allows us to back these bulls down to a high roughage replacement heifer ration, instead of pushing them to achieve the yearling weights needed to compete with other seedstock suppliers for the spring sale season.

The 2-year-old bulls are weaned around the first of November and put on a 2.5 lb. ADG grower ration through the spring. They are then turned out to pasture for 3 months and then brought back into the feedlot around Sept 1st. They will then be fed a 44 mg/cal diet to shine them up for sale day. 2-year-old bulls will be delivered shortly after the sale.

HEREFORD BULL *Offering*

Frederickson Ranch offers our customers the option of two breeds. While we are extremely passionate about producing Angus cattle, we also have great excitement for producing high-quality Hereford cattle. In an industry dominated by Angus, the Hereford breed provides a great complement to the Angus Cow. Here are two very simple but key advantages a Hereford bull can bring to your operation:

Heterosis: Crossbreeding allows you to capture additional value through increased weight, performance, and feed efficiency. While terminal crossbreeding with various breeds can achieve this, a Hereford bull can provide all these benefits without changing the hide color (except for that beautiful white face) or decreasing the value of the sister mates, unlike most terminal crosses. As demand for feeder steers reaching a finish weight over 1500-1600 lbs increases, Hereford bulls enable ranchers to keep their Angus-based cows moderate in size, forage-efficient, and very maternal. Crossing these cows with a high-powered Hereford bull provides the added performance, length, and bone needed to produce high-quality steers that meet the feeders demands.

Fertility: The Black Baldy female, compared to her straight Angus counterpart, has shown a 7% improvement in conception rate. Since fertility is one of the most profitable traits, this is a significant dollar advantage over a cow's lifetime. (Circle A Ranch Research Project) By utilizing a Hereford bull and adding the black baldy female to your herd you can maintain all the advantages of marketed black hided feeder cattle all while adding the fertility and disposition advantages a black baldy cow brings to your operation.

Frederickson Ranch works closely with our customers to source high-quality maternal Angus replacements if you choose to use only Hereford bulls on straight black cows and sell all your heifer calves in the fall. We will also assist you in building demand for your Black Baldy replacement females

65 YEARLING AND COMING 2 YEAR OLD HEREFORD BULLS

Hereford REFERENCE SIRES

FR LIMESTONE 2530 represents what we strive to build at Frederickson Ranch. As a home-raised sire, he is a reflection of our own breeding program and the kind of cattle we've worked hard to develop. He has done an outstanding job of consistently stamping his calves with a rugged, deep-bodied, easy-fleshing design, added muscle, and plenty of pigment. He consistently stamps his calves with the kind of practical, functional build and substance appreciated by the most astute cattleman. His influence is a testament to the value of building and utilizing our own genetics.

CRR LEVITATE 142 was purchased in 2024 as a proven sire. He consistently sires deep-bodied, easy-fleshing cattle with scale crushing performance. We appreciate the balance he offers, combining practical cow-making traits with the added performance and productivity needed to produce those market topping steers we all so desire. Levitate represents the kind of balanced genetics we strive to incorporate into the Frederickson Ranch program bringing exceptional performance and growth along with maternal strength and outstanding udder quality.

FR COUNTY LINE 3522 was the high-selling bull in our 2023 sale, to Coyote Ridge Ranch. He is a true power bull, consistently adding muscle shape, length of body, and performance. We feel he makes an excellent cross on a set of moderate-framed, highly maternal Angus cows that need an added shot of power without sacrificing maternal quality. We will calve his first daughters this spring. County Line offers an exciting combination of performance, phenotype, and proven maternal strength.

CRR STATEMENT 321 is a sire known for his calving ease, eye appeal, and maternal strength, Statement combines the traits we value in a productive, long-lasting cow herd along with adequate performance. He has sired one of the nicest sets of Hereford females we have raised at Frederickson Ranch, proving himself to be a true female maker. Use these sons to build the kind of attractive, maternal Black Baldy females the industry continues to demand.

SHF HEADSTRONG H315 was brought into our program to add performance and carcass merit. His dam has proven herself as an exceptional producer, having raised several herd sires for prominent programs. Headstrong sires eye-appealing, well-balanced cattle that combine performance, carcass value, and exceptional EPDs. He offers an exciting blend of proven maternal genetics and added performance.

SHF LEUPOLD L018 is a calving-ease sire purchased from Sandhills Ranch. Unfortunately, we lost him while he was at stud, and with limited semen available, we were only able to produce a handful of calves. We've been very pleased with the offspring he left us. His progeny are moderate-framed, deep-bodied, and carry tremendous thickness and fleshing ability. Leupold also adds a valuable boost in marbling, making him an attractive combination of calving ease, practical phenotype, and added carcass merit.

BAR JZ ON DEMAND 619K is a new sire for our program this year. He is a true spread bull, offering excellent calving ease combined with tremendous performance. We have successfully used On Demand on heifers for the past several years. His progeny exhibit impressive length of body, excellent structure, and above-average pigment. On Demand is rapidly rising in popularity within the breed, and as more data becomes available, his EPDs continue to improve.

CRR WIND RIVER 347 was used extensively through AI as an outcross performance sire, and we've been very pleased with the results. His progeny are exceptionally attractive, combining impressive muscle shape, added dimension, and plenty of eye appeal. He has proven to be a very versatile sire, consistently producing stout, dense-made bulls while also leaving a highly attractive set of females. We appreciate the balance and versatility he brings to our program.

COMMERCIAL BRED *Females*

As Frederickson Ranch continues to grow, we're fortunate to have the opportunity to offer more of our young, home-raised females. Every cow in this offering was developed, bred and calved here on the ranch.

We've chosen to offer three- and four-year-old cows rather than bred heifers, as we feel this appeals to a broader cross-section of both existing and potential customers. More importantly, these young cows give buyers a true picture of what the average Frederickson Ranch female looks like. They've already calved, raised a calf, and bred back, taking much of the guesswork out of purchasing a female.

These cows have been naturally bred to Frederickson Ranch genetics, with both Hereford- and Angus-sired breeding options represented. We strongly believe these females represent the kind and quality of cattle that will work for you, not the other way around.

Their calves were weaned in mid-September, and the cows have been grazing all fall. We plan to bring the cows closer to the ranch headquarters for inspection after November 15.

The majority of the offering is home-raised, with a select group of three-year-olds purchased as calves from a long-time bull customer Jeremiah Whitcher. They have fit in extremely well and are very representative of the type of females we strive to produce.

Frederickson Ranch will assist with delivery arrangements, with trucking expenses at the buyer's expense. All cows were pregnancy checked in September, with individual calving dates available upon request. They will be rechecked prior to sale day.

251 CHOICE OF 70 HEAD

30-DAY CALVING WINDOW: MARCH 10 TO APRIL 10

- **GROUP 1A:** 35 head of black, three- and four-year-old cows bred to Hereford bulls.
- **GROUP 2B:** 35 head of black, three- and four-year-old cows bred to Angus bulls.
