Welcome to the Friedt Herefords Production Sale.

Our family extends an invitation to join either in person or via video auction to our annual production sale on February 11, 2026. Friedt Herefords is a family run operation, with our 3 children and their spouses involved and the grandchildren learning the ropes with hands on experience.

The cattle market has provided us, as producers, with tremendous opportunities to market our cattle at historic highs. We have all lived through challenging times in the past, but we must use these prices to solidify our futures by making sound investments now.

The Hereford breed has made tremendous strides and the demand for consistency, docility, and profitability are leading the breed forward.

We have always strived to raise our cattle in a commercial setting, making the cows work for us by calving unassisted and weaning off a big calf that continues to grow after weaning. We continue to improve udders and teats and stress structural soundness with good feet and legs. New genetics have been brought in by live bull purchases and the use of ET on our most productive cows.

We are very excited about this group of bulls and await your appraisal on sale day. We welcome you to our ranch prior to sale day to look through the bulls and cow herd both.

We would like to thank the Montana Hereford Association for inviting us to be a stop on their tour. It was humbling to have so many visitors from various states and provinces travel to our ranch to view the cattle.

Our guest consignors will bring in an excellent set of cattle to the sale and their info can be found on page 19. You may contact them for more information. We look forward to seeing you ringside on February 11, 2026 at Stockmen's West in Dickinson, ND.

**Videos are now available for viewing on our website.
Supplement sheet with final weights and ultrasound
data will be available on sale day and on our website
prior to the sale.**

NATIONAL CATTLE EVALUATION TERMS

EPD — EXPECTED PROGENY DIFFERENCE:

Estimate of a bull or cow's future progeny performance compared to progeny of a breed average sire or dam. EPDs are expressed in actual pounds, plus or minus, for birth, weaning and yearling weights and maternal performance.

CED — Calving Ease Direct

BW — Birth Weight

WW — Weaning Weight

YW — Yearling Weight

MILK

M&G — Milk & Growth

CEM — Calving Ease Maternal

FAT — Rib Fat

REA — Ribeye Area

Marb (IMF) — Marbling

CHBS — Certified Hereford Beef Index

SCROTAL EVALUATION

Age in Months	12-14	15-20	21-30	30 plus
Acceptable Range (cm)	30-35	31-37	32-39	33-40

SC — SCROTAL CIRCUMFERENCE:

A measure of fertility. Testicle size indicated by scrotal circumference measured in centimeters is a highly heritable trait very much correlated to reproductive efficiency. A valuable indicator of bull fertility and puberty, and highly related to early puberty in heifers and cow fertility, increased bull scrotal circumference should improve fertility and inherent cow herd productivity.

2024 HEREFORD BREED EPD AVERAGE

CED	BW	WW	YW	M	M&G	CEM	FAT	REA	MARB	CHBS

Catalog by HEREFORD AMERICA

EPDs current as of 1/5/26.

TERMS & CONDITIONS

All cattle will be sold to the highest bidder without reserve. The terms of the sale will be cash. The auctioneer will settle any dispute as to bids.

Each animal will become the property of the buyer as soon as sold. Cattle will be cared for a reasonable length of time after the sale, at the buyer's risk.

All bulls of breeding age are guaranteed breeders. If an animal fails to breed after a trial of six months, it may be returned to the seller at buyer's expense. The seller reserves the right to try said animal for six months and if it proves a breeder to return it to the station of buyer at seller's expense. If the animal proves to be a non-breeder an equal animal substituted or credit on the purchase of another animal. No adjustments after 9 months.

Herd Health is excellent. Our herd veterinarian is Dr. Travis Kuhlka, DVM 701-400-2953.

Extreme care has been taken in copying each pedigree to avoid errors. We are not to be held responsible for any error which might appear and which is beyond our control in the printing of the catalog.

Everyone attending this sale does so at his own responsibility and risk, and without liability on the part of the owner or his employees.

Delivery: \$100 off sale price if picked up on sale day (bulls only). Free delivery within 300 miles. We will deliver the two-year-old bulls after the sale as soon as convenient, depending on weather and calving. We will cooperate on all deliveries regardless of number of head or distance.

Heifers: The registered heifers will be sold individually. The Friedt commercial Hereford heifers high bidder will have the option to take all or gate cut 5 or more.

Feeding arrangements: Will feed bull calves for free until April 1st.

Incidents resulting in injury or death of a bull prior to delivery will not be the responsibility of Friedt Herefords. This is an insurable risk with coverage offered at the time of the sale. Animals being cared for by seller are done so at the purchaser's risk. Insurance representatives Troy Bargmann and Katie Eggen will be on hand to provide insurance.

GE-EPDs: All yearling sale bulls and registered heifers will have GE EPDs by sale day. They may be different than the EPDs printed in the sale catalog.

1060, purchased from Stuber Ranch in 2021, continues to be a standout herd sire and proven heifer bull. We have used him with great success on our heifers. He has also done an outstanding job when mated to mature cows. His calves come easy and grow quick. His bull calves were top picks in our 2023 production sale. His daughters milk extremely well with neat udders and teats.

908 was sold to Milt Madison in our 2020 production sale. We used him AI on our heifers during the 2022 breeding season. He also sired ET calves. 908 boasts 10 traits in the 25th percentile or higher. His calves are wide based and expressively muscled down their tops. They are square hipped and tie in deep at the base of their quarter. 908's sons weighed up well at weaning and continue to excel in the sale pen.

This Dominator 619D son was our pick from the 2022 Stuber Ranch production sale. His calves have been standouts since birth. They are square hipped, deep ribbed, and attractive from the side profile. They have performed well in the sale pen and continue to be favorites. We have used him on heifers and cows with great success.

1245 was purchased from the 2022 Harrell Ranch production sale. He is long as a freight train and very striking from the side profile. 1245 is wide topped, square hipped, and wide based. To add to the package he is long striding, sure footed, and can cover a lot of pasture. His calves pack on a lot of muscle to a touch more moderate frame.

3124 was purchased at Van Newkirks to bring in the HH Advance 0159H performance and we have not been disappointed as his 22 calves had a WWR of 101.8. 3124's dam is also a top producer at Van Newkirks with a BW ratio of 101.7/7 head, WW ratio of 111.6/7 head, YW ratio of 110/5 head, REA ratio of 107.6/4 head, and an IMF ratio of 101.8/4 head. His bull calves are herd bull caliber and we can't wait to get the daughters in production.

SR Bakkette 553C. Dam of Lot 510 and 5152. Grandam of 544.

2-YEAR-OLD BULLS

These bulls were run out on pasture this summer and brought home for the Montana Hereford Tour in September. They have been brought along slowly and developed with their future in mind. All our cattle are bred with longevity in mind and these bulls should last you a long time. The younger two old bulls were fed differently than then their contemporaries offered in our February 2025 sale, hence the lighter yearling weights. Bid with confidence, every 2-Year-Old offered passed a semen evaluation in November.

His 10-year-old dam was a consistent producer. His length and thickness will add pounds to a calf crop.

Hayes and Honey (FH 2072K Ada 449) won Grand Champion PeeWee Showman at the NDJHA Field Day.

Hudson with SR Darla 4043M.

Hudson with FH 1072 Brooks 440 LC. Grand Champion Market Steer. Stark-Billings Co. 4-H Achievement Days.

Hoyt with FH 2072K Advance 450. Reserve Champion Market Steer. Stark-Billings Co. 4-H Achievement Days.

40 COMMERCIAL HEREFORD YEARLING HEIFERS

These heifers are off our registered cows and a few of our best commercial Hereford cows. Heifers have been Bangs vaccinated and pregnancy checked open and breedable by Dr. Travis Kuhlka. They have also received their first shot of Vista 5 VL5 and have been poured with Clean-Up II.

FRIEDT INFLUENCED HEREFORD YEARLING HEIFERS

35 Commercial Hereford yearling heifers from Tim Anderson.....605-530-7639

FRIEDT INFLUENCED BALDY YEARLING HEIFERS

Take advantage of Friedt Hereford genetics by purchasing baldy heifers from straight Angus cows sired by our Hereford bulls. All heifers are F1 cross baldies.

35 F1 BWF yearling heifers from Duane, Garret and Justin Zent.....701-974-3640 or 701-974-3813

15 F1 BWF yearling heifers from Shannon Goetz.....701-974-2369
