Dear Cattlemen -

Welcome to our Annual Bull Sale. Come early and walk through our yards and view the bulls and heifers on display. Then come in our heated sale barn, enjoy a beef sandwich, and sit back and enjoy the auction on three large screens where you can make a great selection for your herd.

We have a great set of bulls to show you and with the Hereford and Angus genetics, we can produce the quality of beef that is in demand now more than ever. With today's cattle market, now is the time to use the best genetics you can find to improve your profit potential. The bulls are fed a diet with high roughage ensuring soundness and longevity. New this year we will offer 20 bred heifers. They are purebred Angus and some hereford baldies. They are all bred to an angus bull.

With Covid concerns you can bid online using The Livestock Link. Instructions are below. There is also a contact number if you need help.

We will be happy to take the time to show you any of the bulls before the sale. Just give either one of us a call. Thank you for your past patronage, and remember, we don't forget you once you load your bull out!

Hope to see you Friday, February 25, at 1 p.m. at the ranch, 37195 285th street, which is 2 miles west of Geddes, SD.

Mark and Dennis Gant

There's no mama like a Hereford-sired mama. Net income of \$51 more per cow per year and a 7% advantage in conception rate, compared to straight Angus females.* All this from a bull that is known for its fertility and easy-going nature. Hereford bulls — better mamas and no headaches.

Hereford — gentle bulls making black better.

Mark's Granddaughters

Qualifications

Premium Red Baldy is a female-only program, capitalizing on hybrid vigor. No steers will be tagged in this non-PVP tagging program.

To qualify for Premium Red Baldy, females must be sired by bulls in the top 50% of the breed for Baldy Maternal Index (BMSI) or Herdbuilder Index (HB).

Breed percentages on qualified females will range from 25%-75% Red Angus and Hereford, with a small allowance for other breeds.

Females must be red-bodied with either a bald or brockle face. No black-faced cattle will be admitted, regardless of genetic makeup.

A groundbreaking, genetically verified female program for the commercial beef industry.

Benefits

Premium Red Baldy is a tagging program designed to take advantage of hybrid vigor by maximizing the best traits of both Red Angus and Hereford and providing commercial producers with premium replacement females.

The program will help producers access genetically verified females that have the best combination of longevity, fertility and adaptability to incorporate into producers' herds.

The Premium Red Baldy program has the ideal balance of maternal and carcass traits, which will yield cattle poised to increase the profitability of the commercial producer.

Premium Red Baldy uses genetics supported by the only two beef breed associations backed by whole herd reporting.
