

*32nd
Annual*

Go-Pher **the Purple** SELECT SALE

SATURDAY, DECEMBER 8, 2012
Sale at Noon • Hutchinson, MN

Offering
38
Lots
of Select
Hereford Genetics

On behalf of myself and everyone involved in this year's sale, I invite you to attend the 2012 Go-Pher the Purple Select Sale. It is truly amazing that a state sale has been able to enjoy thirty-two years of annual sales. That is quite a tradition, a tradition that is based upon a wonderful group of people that make up the Minnesota Hereford Breeders organization. The organization's dedication to make this sale successful and work together to promote the Hereford breed and cattle industry is very admirable. Another tradition this sale has is the dedication of consignors to bring some of the best cattle from their programs. This year's sale offering is no different. Whether you are looking for a show heifer prospect, a herd bull or a powerful, bred female, this sale has something for everyone.

The Hereford breed is enjoying a great resurgence in the cattle industry. With the high price of feed and the widespread drought, efficiency is the new buzzword. The Hereford breed has never waivered in its ability to provide efficient, docile cattle that breed back and can thrive under the most adverse conditions. This sale offers you, the buyers, a great opportunity to select from some of the breed's freshest and most modern genetics, as well as the most proven and predictable pedigrees available. So I invite you to make it a Hereford weekend in Hutchinson and join us Friday for our annual meeting and banquet and the sale at noon on Saturday. Please feel free to call any of us involved with the sale if there is anything we can do to help.

Steve Wolff
Sale manager
701-710-1574

SCHEDULE OF EVENTS

Annual Meeting

McLeod County Fairgrounds • Friday, Dec. 7, 2012 • 1 p.m

Terms and Conditions

Terms of Sale: CASH. Each animal will be sold to the highest bidder. The auctioneer will settle any disputes as to bids. Cattle will not be released until settlement is made unless other arrangements have been made in advance.

Guarantee: We guarantee the heifers to be breeders, but reserve the right to test any animal that may be returned to us as a non-breeder for 90 days before making an adjustment. Cattle will be returned at buyer's expense and, if declared as a sound breeder by a competent veterinarian, cattle will be returned at buyer's expense. In case an adjustment is required, it will be made with a replacement of equal value of the animal in question or credit on the purchase of another animal. No adjustments on any animals will be made after 10 months from date of sale.

Announcements: All announcements at the sale by the owners or auctioneer concerning the cattle will take precedence over statements in the sale catalog.

Liability: All persons who attend the sale do so at their own risk. The owners or management assume no liability, legal or otherwise, for any accidents that might occur.

Health: All cattle will have interstate health charts required for shipping into other sections of the United States. All bred females will have been pregnancy examined. All females have been calfhood vaccinated.

Registration Certificates: The animals will be transferred at the owner's expense. Each buyer must be sure to give the clerk proper name and address for transfers.

EPDs: The EPDs are the current North American EPDs available at press time.

JUNIOR DONATION PROGRAM

The Junior Donation Program has been a highlight the past 15 years. It has proven the support of our senior association for the juniors and their activities. All the proceeds go directly to the juniors. We would like to thank the James Flower Family for their support with this year's donation. Thank you very much.

- There are a lot of great Hereford breeders represented in this heifers pedigree along with very respectable EPDs. She is made well enough to be a show heifer with the potential to become a donor quality female. Her mother, 33T, has an outstanding udder with excellent milk flow. We have also decided to furnish the new owners two straws of UPS Domino 3027 semen. We wish the juniors great success with this donation.

SELLING LOTTERY STYLE

The Final Amount bid will denote the amount of that bidder's donation.

Example

Round 1 — Final bid is \$300 to John Doe. John Doe will get 30 chances on the final drawing (each ticket represents one chance). At the end of the auction, one ticket per \$10 donated will be put into the drawing and the winner will be drawn and awarded the heifer.

Also, a warm thank you to our past supporters for donating a heifer:

- 24Z is a beautiful, straight, correct heifer that carries herself very well. She is a solid marked, moderate framed heifer that we feel will make a show heifer but better yet, a great cow. The combination of Revolution and About Time should make this heifer a maternal powerhouse, plus her EPD package is very strong all the way through. 24Z is out of a first-calf heifer and we are very excited about the future of this cow.

- BW 90 lb., WW 535 lb., YW 800 lb. Here is a very correct, clean fronted Courier daughter bred to KPH Juarez 1104, a low BW Revolution son that we expect great things from. Courier daughters are tried and true. They have been the backbone of our herd for many years. Pregnancy checked for a late April/May calf.

- 113 is out of an excellent cow family. She shows natural thickness with good length and depth of body. She will be an excellent milker with a nice tight udder and small teat size. She is sired by the high selling bull from the 2009 Go-pher sale. She was pasture exposed May 31 to July 31, 2012, to KB L1 Domino 136Y. 136Y was one of the high-selling bulls in Baker's 2012 bull sale.

- 429Y is an outstanding 755T daughter. The 755T sons were very popular in the 2012 Topp Herefords bull sale. 429Y has a 643 lb. adj. WW and will make a tremendous cow. Here is a great opportunity to own a 755T daughter that will be a significant addition to your breeding program. 755T has recently been added to the Accelerated Genetics sire lineup. The high selling heifer in the recent Hoffman-W4 female sale was a paternal sister to Lots 37 and 38, selling to Sierra Ranches in California. She was bred AI May 27, 2012, to TH 400U 72W Tundra 144Y. Examined safe.

- Another tremendous 755T daughter. She is uniform and pigmented with a 547 lb. adj. WW. She will also be a great addition to anyone's herd. 755T offspring are born easy with amazing vigor and have that soft made look. 755T daughters are without a doubt near perfect females. They are moderate framed, deep middle, level uddered and short teated. Bred AI May 26, 2012, to TH 400U 72W Tundra 144Y. Checked safe.
