

TURTLE CREEK ANGUS

and
Tingalls Centennial Angus

Annual Production Sale

WEDNESDAY, APRIL 12, 2023

1:00PM MST • AT THE RANCH, FAITH, SD

Selling

60 Registered Black Angus Yearling Bulls
30 Commercial Yearling Heifers

Welcome!

Welcome to the Turtle Creek Angus/Ingalls Centennial Angus Annual Production Sale!

We would like to take this opportunity to thank everybody that helps make this life a reality! Our customers success is truly at the forefront of our breeding decisions and management practices. The cow herd is managed in a no frills environment. Like everybody, we appreciate problem free, easy keeping, productive cows! Longevity of a cowherd is important to us. Many of these bulls are out of 9 & 10 year old cows, some even older.

We use balanced trait sires in our breeding program and try to check as many boxes as we can that affect the bottom line and profitability of the progeny produced. At the same time we still put a lot of emphasis on the phenotype of the animals we use and produce.

Please join us on April 12th for our annual production sale, we are excited and proud of the offering we have. We will have videos and online bidding through The Livestock Link again this year, if you are unable to attend the sale.

Again thankyou for the confidence you place in our program for your seedstock needs.

As Hugh always says "We would like to spend sometime with you!"

God Bless!

*Tyrell and Kari Dieters family
Hugh and Eleanor Ingalls*

Bid Online! *The* **Livestock** *Link*

If you are unable to attend the sale, you can register to watch or bid online through The Livestock Link by following these instructions:

Livestock Videoing • Video Sales
 • Bid-by-Click Online Sales

To view events go to: www.TheLivestockLink.com

- Visit our website, www.thelivestocklink.com.
- Click the "Auctions" tab.
- Click on "Click Here to Register."
- Enter your e-mail address and password, and fill out all your contact information.
- Fill out your banking information. *If you are only viewing the sale and do not wish to bid, this information can be left blank.*
- Check the checkbox at the bottom of the page that says "I'm not a robot" to prove you are a real person.
- Click "Register" at the bottom of the page.
- You will receive an e-mail with a link to activate your account.
- **Please register to bid at least 24 hours in advance of the sale.**

You will receive an e-mail when you are approved for bidding. All applications will be reviewed and processed promptly. You will receive a bidder number only after you have made a purchase in the sale, and that number will only be used at that sale. When the sale is completed, please contact the sale owner or manager for instructions of payment and delivery of your purchase.

To use our service, you must have access to high speed internet.

- Two words- Herd Bull!!
- This Payweight 1682 son has 8 Pathfinders in his 3-generation pedigree, including his Sire and Dam! This cow bull almost didn't make the sale, he was a top pick for our own herd bull battery! His 10 year old Dam has an average Weaning Ratio of 8@106 and knocks it out of the park every year whether it's a bull or heifer. Don't miss this guy!

- Tez's bull
- This bull checks a lot of boxes! He's out of an 11-year-old Final Answer cow who has been a great producer her whole life! This bull has a lot of growth! Dams Weaning Ratio is 9@104. Dam has a couple daughters in the herd. "Big Bull Producer"
- One of her daughters has the 2124 bull in the sale.
- 6 Pathfinders in his 3-generation pedigree.

- Bull out of a Southern Son bull that we raised (TCAR Southern Son 0043) and very productive
- Riverbend None Better Y095 cow.
- WR 111 - Dam Weaning Ratio 2@106.
- 3 Pathfinders in his 3-generation pedigree.

The Pathfinder Angus Program

The Pathfinder Angus program was started in 1978 in an effort to identify superior cows in the breed based on their records of performance from Angus Herd Improvement Records (AHIR). In identifying these superior cows, emphasis was placed on early puberty, breeding and early calving, followed by regularity of calving and above-average performance of the offspring.

While outstanding cows can be identified after their first or second calves, the Pathfinder Report requires a minimum of three calves from a cow to determine her regularity of calving and ability to produce superior calves for weaning weight year after year. In addition, an important part of the report is the list of bulls that have sired five or more qualifying females.

The Angus Pathfinder Report identifies cows that have excelled in production based on AHIR records of performance. To qualify for the report, a cow must have produced a calf measured through AHIR in the past 18 months.

In addition, bulls that have sired a minimum of five or more Pathfinder Cows are listed as Pathfinder Sires in this report.
