SALE INFORMATION

TERMS & CONDITIONS: Terms of the sale are cash. Every sale animal will be sold to the highest bidder with the auctioneer settling bid disputes. Announced changes in catalog information on sale day take precedence over printed material. All cattle are the buyer's property as soon as sold and will be cared for a reasonable length of time at the buyer's risk. Any person attending the sale does so at his own risk. Neither the sale management, owners, nor any person connected with this sale, assumes any liability, legal or otherwise. In the event of default in any part of the Terms and Conditions for this sale by buyer or seller, it shall be the responsibility of the buyer or seller to instigate action needed to bring about a fair settlement of any claims and to be responsible for any and all costs involved.

GUARANTEE: Every animal in this sale is, to our knowledge, free from any disease or defect. Any known defect will be called at sale time. All bulls have been fertility tested by Hawkeye Breeders Services, Adel, Iowa prior to the sale. They are guaranteed breeders. If an animal fails to breed after a six month trial, it may be returned to the seller if it is in good condition and in compliance with Kansas health regulations. The seller reserves the right to try said animal for 90 days, and if it proves a breeder, return it to the buyer at the buyer's expense. If the animal proves to be a non-breeder, an animal of comparable rank will be substituted or the purchase price will be credited toward purchase of an animal in the next sale. We

assume no liability, legal or otherwise, to make any further compensation to the buyer. No warranty of any nature is expressed or implied. All sale cattle are IE and Diluter free.

HEALTH: Herd health is excellent. Individual health papers will be furnished for shipment.

REGISTRATION & TRANSFER: American Hereford Assn. registration certificates will be transferred upon request to buyers at seller's expense. At time of settlement, buyers must give complete information.

PERFORMANCE: Complete Total Performance Records are available on all cattle. Current weight, WDA and scrotal will be available sale day. Carcass ultrasound data will be available on the yearling bulls.

WELCOME...

The Jamison Family welcomes you to our annual bull sale. We look forward to making new friends and renewing old friendships.

We try hard to produce problem-free performance Hereford genetics. Maternal traits are our #1 priority, and we think our cowherd demonstrates our progress. As we strive to produce breeding bulls that are sound, fertile and balanced, our selection stresses calving ease with optimal growth plus fleshing ability and structural soundness. We're getting closer to our goal of 100 percent red pigment on every JA bull.

The Line One Herefords, founded at the Miles City, MT, Range Station in 1934, are true, total performance cattle known for maternal excellence and the right balance of calving ease and growth. Basing our program on Line 1 genetics since 1970, ranchers will reap full benefit of heterosis using our linebred bulls with the industry's most proven cross: Hereford bulls on Black and Red Angus cows. The cows genetically take the horns off, and the Hereford-sired Baldies add calf vigor and pay-weight, fertility, longevity and efficiency.

We feed and develop our bulls for soundness in the long haul. We could easily add 200 pounds to every bull's weight at sale time, but instead opt to do our best to keep sound feet and mobility a part of each bull. The bulls are fertility and trich tested and will have health papers to go anywhere. We do have delivery on volume purchases to central points.

Call with your questions... We enjoy talking Hereford cattle. We look forward to seeing you on February 26th!

Gordon Jamison and Family
