JAMISON & FRIENDS BULL SALE

**A BREED RESPECTED LINE 1 COWHERD
...THE MATERNAL FACTORY BEHIND
A PREMIER HEREFORD PERFORMANCE
BULL PROGRAM!**

JAMISON & FRIENDS BULL SALE

WELCOME...

The Jamison/High, Coleman, and Butler families welcome you to our 2026 Hereford Bull Sale. We are centered on breeding Line 1 Hereford cattle that demonstrate strong maternal traits, balanced growth EPDs, and the "cover the country" characteristics that commercial cattlemen value. The bulls have all been developed here at the Jamison Ranch with emphasis on long-term usefulness and soundness. The terms of sale and guarantee are the traditional Jamison warranty on all bulls sold.

We are very excited to present our offering of sale bulls this year. The genetics that we feature take advantage of current cutting-edge performance traits while staying true to the middle-of-the-road factors that keep "good doing," low-maintenance characteristics front and center of our focus.

We have had a wonderful forage growing year in 2025 in our part of the country, with sufficient moisture levels and all of the blessings that come with it. We have much to be thankful for.

We look forward to meeting everyone again, strengthening old ties and also creating new friendships, always a highlight of our bull sale. Whether you are here in person, use DVAuction, are on the phone, or give us an order, we look forward to working together to satisfy your needs.

Gordon Jamison, Ken Coleman, Lee Butler, Gerald and Merle High

According to Gordon, 1637 is one of the thickest built bulls to ever come off the Jamison Ranch. Consistently throws heavy eye pigment, if not complete goggles. The first cohort of 1637 heifers are calving now and they have not disappointed. We used 1637 on a group of EHF L1 Advance 622ET daughters. 622 was a great herd bull whose daughters are now our top cows with the best udders. This was a strong maternal mating that you can bid on with confidence.
