Our partners in Jamison Quarter  
Horses, Alan & Teri Dufur

## WELCOME!

....to our 9th Annual Quarter Horse Production Sale.  
Thank you for your interest in our program.

We have continued to develop our Quarter Horse program with a focus on quality and performance. Our years as breeders of line-bred Hereford cattle have helped us to focus on family traits in Quarter Horses. We believe that the Driftwood and Blue Valentine families crossed on the traditional cow horse pedigrees continue to be the best for the ranch horse and performance industries.

The partnership between the Jamison and Dufur families has helped to improve our program on a number of levels and although the last year has been a definite challenge with the drought and related issues we think progress has continued in the breeding and training programs.

The young riding horses offered this year have stepped up to a new level both in their genetics and development as ranch horses.

They have been outside, seen the big country, and have a strong basic foundation. Again, we will offer some older seasoned ranch horses that have done it all. The Wily Vaquero stud selling is a definite sale feature. Ride him or breed him, he will be an asset.

Contact any of us for information or help in making your selections. This ranch is a family operation based on faith in God, traditional American family values and a sincere desire to be a hands on, integrity based operation that can meet the needs of our customers. The Jamison/Dufur partnership continues that tradition. We are honored to present to you some of the finest Quarter Horses in the country.

15.2 hh / 1225 lbs.

Wily Vaquero is an outstanding JA stallion that combines the natural talent, sound structure and pedigree power necessary to be a performance breeding sire. A direct son of renowned South Dakota rope horse sire Wilywood, he is backed by a unique blend of proven performance and speed-horse lines. Topped by two crosses to the rodeo arena and race track proven "Legend" Driftwood, his maternal blood is built upon four potent crosses to AQHA Hall of Fame foundation running horse Depth Charge. Two Vaquero full sisters, Wily Senorita and Wilywood Spice, rank among the elite of the JA broodmare band.

Vaquero is a big, strong, performance built horse with the withers, bone, black foot and low hocks that are basic to ranch and arena horse structure. Under saddle, this big Dun is a talented, intelligent, extremely well broke athlete with the smooth, catty moves that set the top horses apart. As a ranch horse, he is super and fun to ride ...with very limited training in the arena, he is a very good roper.

Vaquero is a potent sire whose high quality progeny possess the looks, athleticism, sound structure, solid mind and trainability of their sire that trademark Driftwood blood. Wily Vaquero has made a significant contribution in solidifying the Driftwood influence in the Jamison program. One of the Wilywood's youngest sons, he offers valuable genetics backed by a proven breeding record for good ranch and rodeo performance breeding programs.

PC Calwood Pepper is extremely well built with a lot of depth and body. His dam is a daughter of Peppy San Squiggy, West Coast reining sire, and out of a Cal Bar daughter that gave us three outstanding Sun Frost colts. We expect Gunner to do no less on this cross. The PC Gunner's have been dependable, get-it-done type horses with the ability to step up to the competition when the time comes. They have been a favorite among our clients for their easy going attitude and diversified build. If you are going to ranch, run barrels, rope calves, steers or bulls, the Gunner's will fit the bill. This colt has a full sister one year older that is riding really nice for her new owners. He is started under saddle. PC Calwood Pepper has a wire scar on his left shoulder.

"Danny" is the do it all, fits everybody horse. He is extremely kind and gentle, yet very responsive to the rein and strides out with a good ground eating, running walk. Let the kids have fun with him, work cattle all week, and then compete at a ranch rodeo or a roping on Saturday. Not very tall in stature, he is first on the list for the kind I like.

"Matt" will be near the top of the geldings to be sold this fall. He is gentle, has good color, a nice one hand rein, just the right size, and is very good looking. Well started heading and heeling. He is very talented, quick, and has a lot of feel, sort cattle or rope in the pasture. *Tom Eliason consignment, 605/830-1122.*

Gee Two has been a saddle horse all of his life. He has seen the back side of the big pasture many times, drug calves to the fire, been hauled as a heeling horse, had some calves tied down on him, and been headed on. He stayed where he was born for 10 years. Turn him out for long periods of time and he will be the same the next time you catch him. *Tom Eliason consignment, 605/830-1122.*
