*"A horseman and his Stallion"
Gordon Jamison and
PC Frost Em Peppy*

WELCOME... to our 21st Quarter Horse Production Sale.

Backed by a passion for quality, performance livestock, we continue to build and develop our Hereford Cattle and Quarter Horse programs. Our cattle are worked horseback and we remain a "saddle horse" outfit that uses horses to accomplish the daily ranching tasks. We ride the genetics that we breed.

The focus in our Quarter Horse breeding program remains centered on breeding and developing the ultimate ranch horse through an optimum blend of cow horse, arena performance and speed horse genetics.

We present our 2024 foal crop with great confidence and anticipation, with foals in the offering sired by freshman sires PC Oakwood Frost, The Rockin Cowboy, JA Wily Sunfrost and Wily Woodduster. We feel these sires have "hit it out of the park" and look forward to seeing these foals perform in the industry in the future.

The saddle horses are an outstanding group of young, home raised horses along with older, seasoned mounts consigned by family, friends and ranch employees. We look forward to watching them continue to perform. The goal is to meet the needs of our customers, whether you are a rancher, arena performance rider, or a pleasure rider.

Also, the select offering of older, elite broodmares right out of the heart of the broodmare band represents a rare opportunity to acquire some of the genetics and quality that have propelled our program through the years.

We welcome Hanging b Quarter Horses as guest consignors.

Feel free to call and visit with us or any of our crew about the horses and get familiar with the offering.

We are looking forward to seeing all of you at the Sale on October 10th!

Read Proverbs 3:5-6, believe what it says, and there is the foundation we stand on.

The Jamison and High Families

OUR GOAL... Match the right horse with the right buyer.

Please call... let's get acquainted. We'll make our best recommendations based upon your goals, criteria and expectations for your new saddle horse. We want to insure the success of your purchase for both you and the horse.

We have been impressed with this big, stout palomino ever since he was born, and when we first threw a saddle on him he just kept the momentum going. Sunfrost Kate is one of our top end mares and we chose Dandy Streaker to sire her first foal. What a match it has been! "Six" is going to continue to grow and fill out and when he's finished developing, the sky is the limit. He's the kind that can take pressure and think through things without much fuss and stays gentle. He's got head horse written all over him, or if you just enjoy riding the best, here he is.

Sometimes the last chapter of a good book is the best chapter and that's what this sharp bay roan gelding represents. Frostem Peppy and Rosedrift were mated for many years and this is the last of their progeny. This mating has perpetuated one of our strongest genetic lines and "Robin" is everything we hoped he would be. With conformation that will stop you in your tracks and the classic, level Frostem Peppy mindset, he has been good at everthing we've thrown his way. He's been ridden outside a bunch and is tracking cattle nicely. He'll be a lifetime ranch or arena partner that will be a joy to have around. He has an old scar on his neck that doesn't bother him in any way.

Roosters Shorty and Cajunative in the same package; the run and the cow is double covered here! He's smaller in stature but don't let that fool you, he's got a bigger heart than most bigger horses. "Dash" is responsive and talented and when you ride him he makes you think of going down the fence with a cow. He's had some outside miles and can move out and cover the country. Cute headed and bright bay roan, he's a looker. Lightly roped on and tracking cattle nicely. More horse than an inexperienced rider will enjoy, but the right kind for a cowhorse trainer!

If you came looking for a serious arena prospect for the timed events, here is one of the first geldings we would show you. "Timber" possesses explosive speed and agility and does it all with a great temperament and an easy attitude. Out of an own daughter of Hall Of Fame sire Sun Frost and by Courage Of The Heart (Captain Courage x Doc Oaks Sugar) he lines up a formidable performance pedigree. His ability is no surprise, but is the result of generations of careful genetic selection and astute breeding decisions by discerning horsemen. JA Dusty Streaker is a hard working, special ranch horse. An own son of Dandy Streaker, he is 15.2 hands and stout and well built. He has a good mind for learning all aspects of the ranching world. Works best after a warm up. A solid, reliable horse that has worked a lot of cattle and is up to whatever is thrown his way. He was one of the high sellers in the 2018 sale as a weanling. When you picture a profile of the ideal ranch horse, this gelding would be a top candidate. Watch him move and the first words that come to your mind are strong and powerful. He's got the right moves, whether you're pushing cattle, roping, opening a gate or any of the other many ranch chores. Aden has been using him on the ranch this year and getting along good. He's a maternal brother to Lot 68 and you can see similar shape. Lots of Driftwood here and he would be prime arena candidate as a "down the road" team roping prospect. Prime aged and ready to go!

Good looking two year old colt out of my buckskin mare, we raised him. His dam has been an outstanding ranch and rope mare her whole life and he looks to do the same. "Pistol" really wants to ride around and has tremendous athletic ability. Showing good expression around cattle, just like he is bred to do. Will be a gelding that can make anything you want to make of him. Call Aden Glaze at 785/475-4125.

Here's a long strided, big moving buskskin that will catch your attention anywhere! "Skipper" is a favorite among the three year olds and if there is any candidate to hit 16 hands, he might be the one. If you like big horses that take training in stride and stay gentle, whether on the ground or in the saddle, take a long look at him. Multiple crosses to Hall Of Fame sire Sun Frost and a direct shot of "Rooster" make this a potent arena combination. He has a nice handle and has seen the rope, the outside and the hills and valleys. Line up for a good one!

"Chinook" is a straight strided, free moving young gelding that has seen miles and miles of outside riding. Plenty of motor if you need to grab another gear, with the right amount of responsiveness to control the speed. He moves and handles just as you would expect he would with a double shot of Little Peppy, combined with the ability and structure of the Sun Frost's. More horse than an inexperienced rider would enjoy, but just right for the big circle!

Look at the foot, the bone, and the shape and you'll forget that he is a three year old. We've used "Oakie" for everything from prowling the country to ponying colts and he takes it all in stride. He's gentle and easy to be around, but the good part is the ability is there for the big jobs and when the job is over he'll walk off and come right back to you. He exemplifies what Cajunistic can do and we look forward to riding more just like this one. Sun Frost and Boon Dox John on top and out of a grand daughter of Shorty Lena, here is a cowhorse in a bigger package!

This colt is by DVA Setumup Wiley and we would see him having lots of potential in the breakaway or as a heel or calf horse. He is gentle enough to be a youth project. He is straight moving and athletic with good withers and a beautiful head and neck. He was developed on grass and hay out in the pasture all his life. The bottom side of his pedigree is influenced by breeder Tom Miller, three time world champion saddle bronc rider and his program. These are slower maturing horses but develop with speed and cow everywhere you look. He is halter broke only and should mature around 14.3H.

Dundee has always been one of my favorite horses to ride. If you want a big, deep cinching, country covering mount Dundee is your kind of horse. He's very athletic for such a big horse and really watches a cow. I haven't done as much roping on him as I should have for his age but he's coming along good at it. He's fun to drag calves to the branding fire on and he tracks and rates very well. He handles time off good. No buck at all. If time off does one thing to him it'd be that he just wants to go cover country. Definitely a big smooth moving, fun rascal. Call Ty Hotchkiss at 605/210-0242 with any questions.

If he's been off awhile or it's a cool morning he might tighten up a bit when you take off but it won't amount to anything. He's been on our place getting rode for a lot of years and that little bit of tightening has never turned into anything. SHES DOUBLE BADGER

14.1

Gentle, laid back filly with some extra chrome and flash. She is easy to catch and easy to ride. With multiple Hall Of Fame sires in racing and cowhorse featured in her pedigree, the backing is there for a production career when you pull the saddle off down the road. She will track a cow well and stay hooked on, has a nice, easy stop and has the basics well established. She won't require a mechanic, just get on and continue the journey.

Almost as thick as she is tall, this mare is sure to catch your eye. She combines the Willywood/Sunfrost foundation with some of the most successful cutting/reining genetics in the business. Not a quitter, she has enough bottom to stay with you for whatever task is ahead, but with a nice handle that won't make the process a struggle. She has tracked the dummy and the practice cattle and is coming along nicely. She will bury a strong stop and has the athleticism to move with a cow. PE to JA Rooster Rain.

Nora is 6 year old sorrel mare. Broke and gentle in every way. She's seen everything the ranch has to offer. Is smaller in size but has a big heart. Doctored lots outside, drug lots of calves and isn't afraid of a days work. She's going really well on the heel side and would make a great step up horse for a kid. Can sit off for any amount of time and still be the same horse. Flashy and gentle with a lot of run, rate and a big stop. Will fit into any program. Call Dylan Unruh at 620/518-1957.

She is gentle, easy to handle and features a classic Hancock/Doc Bar pedigree that will cross well with a variety of genetics. She was ridden as a younger horse and was the using kind that didn't make a fuss of learning and stayed gentle in whatever was thrown at her. She will be shown under saddle in the preview. If you want to breed great minds, you need to start with this kind of mare! PE to JA Wily Sunfrost .

Completely trust worthy and with a handle that makes all the moves look easy, this mare is a joy to have around. Her ground manners are excellent and when you climb aboard, she is ready and willing to go slow or fast, whichever you prefer. If you don't like to climb and want to ride a broke and gentle one, she is for you. Cow bred and sure could move into a production career if that would be your choice.

Good looking chestnut mare that is broke the best and is extremely athletic. Super good cowhorse and a lot of fun to ride. The same ride every time, she handles time off well and can be trusted. Ridden by Miguel Soto, our neighbor on the T Bar Ranch. He has made her and what a quality ride. The best of cowhorses, very soft, moves out when asked or stays quiet to just enjoy. She does have registration papers but if you raise colts they can't be registered with AQHA.

Super fancy mare that has been used for everything on the ranch and the feedlot. Been hauled to the weekend horse shows and to the ranch rodeos. She will really watch a cow and is a dream to sort on. Drag calves to the fire, split pairs, win the 4H horse show, or go to the sorting, you name it she is ready. This mare is gentle for anyone and will be the same all the time. Hard to find this much look and ability in a super gentle package. Talk to Patrick Chester at 785/543-4343.

Well built mare with all the cowhorse greats in her pedigree. She has been a broodmare for us, but the best part is that she rides out gentle and calm. Never seen the big lights or the fancy moves, but sure enough easy to get along with and carries lots of shape.

A bay full sister sold well last year and this girl is a carbon copy with the added bonus of being a buckskin. She has seen the creeks, the trails and the mountains and as a two year old has quite a bit of experience. Gentle to be around and accustomed to being in a family situation, she rides around calm and quiet. Just take her on and continue the story!

121 HICKORY

2021 · Sorrel Gelding · # Grade

12.2

One of the happiest ponies we've ever had the privilege of being around, "Hickory" is agreeable and ready to do whatever a youngster wants to do. His favorite gait is a walk and his second favorite gait is a slow lope. We've had him over the mountains and through the hills with a variety of skill levels and he handled them all with no fuss. This is a rare one!

122 FLAG

2021 · Paint Gelding · # Grade

13.3

What a handy sized, flashy moving pony gelding! "Flag" is a three year old that rides like an older horse. He has a great handle, saddles up gentle and will track and rope if that's what you would like to do. If pleasure riding is more your preference, he is fine with that as well. He's nice to be around and is accustomed to the noise and commotion of family living and will add to the happiness!

123 CHAMP

2021 · Palomino Gelding · # Grade

14

If you are looking for a step up option for a young rider, "Champ" has a lot to offer. A pretty palomino, he has just the right amount of energy to cover the country and he does it with a good attitude. He has seen the outside and has been roped off of in the arena. Gentle and attractive. Watch the video.

124 PERRY

2020 · Palomino Gelding · # Grade

14.1

"Perry" has been through the creek and over the mountains and is gentle and easy to handle. We've used him to move cattle on occasion and he takes it all in stride. He's developing a nice handle and will fit a large variety of riders, whether loping circles in the arena or going outside to do the chores. Big enough for a step up project and small enough for us older folks that don't want to climb as high anymore.

125 SAILOR

2019 · Bay Gelding · # Grade

14

What a profile on this pony and the mind to go with it! "Sailor" makes your mouth water when you look him over and he backs it up with the ride. He's been ridden outside and has been through the creeks and logs and has seen the other side of the pasture. We have also roped off of him and he tracks well and takes it in stride. Give him a few more years experience and he can be called beginner ready.
