WELCOME... to our 22nd Quarter Horse Production Sale.

What a year, with a green Western Kansas landscape in the middle of July, a cattle market that continues to perform with vigor and energy, and a horse market that remains on solid footing. There certainly is a lot to be thankful for.

Backed by a passion for quality, performance livestock, we continue to build and develop our Hereford Cattle and Quarter Horse programs. Our cattle are worked horseback and we remain a "saddle horse" outfit that uses horses to accomplish the daily ranching tasks. We ride the genetics that we breed.

The focus in our Quarter Horse breeding program

remains centered on breeding and developing the ultimate ranch horse through an optimum blend of cow horse, arena performance and speed horse genetics. The outgrowth of this focus has produced horses that are genetically "arena ready" and are performing successfully in multiple disciplines.

Highlighting the offering this year is the 2025 foal crop, headlined by freshman sire Sixes Frosted Suede. We are excited to present the foal crop, which includes our long-standing genetics with some new sires stirred in. We believe they continue to move us in a good direction in our breeding program.

The saddle horses are an outstanding group of young, home raised horses along with older, seasoned mounts consigned by family, friends and ranch employees. We look forward to watching them continue to perform. The goal is to meet the

needs of our customers, whether you are a rancher, arena performance rider, or a pleasure rider.

Also, the select offering of older, elite broodmares right out of the heart of the broodmare band represents a rare opportunity to acquire some of the genetics and quality that have propelled our program through the years.

We welcome Hanging b Quarter Horses and Bar HH Quarter Horses as guest consignors.

Feel free to call and visit with us or any of our crew about the horses and get familiar with the offering.

We are looking forward to seeing all of you at the Sale on October 9th!

Read Psalm 23, believe what it says, and there is the foundation we stand on.

REFERENCE STALLIONS

DALLYPOST PARRDUNME (PARD) & MARES

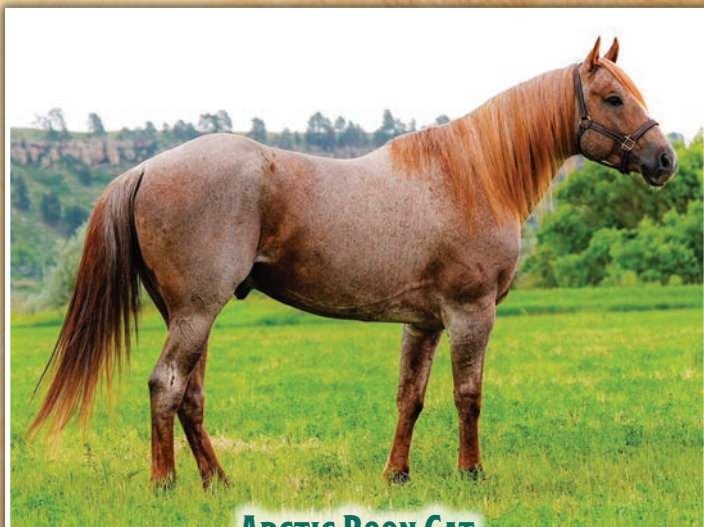

In 2012 we started pasturing a broodmare band for Dwight Hill from Rexburg Idaho. Dwight is an exceptional horse breeder and one of the best horsemen I've had the pleasure of working with. He's spent a lot of years putting together an outstanding horse program producing horses that are good looking, athletic, good minded and well suited for many different disciplines, from the arena to making lots of miles in big country. Many of the mares go back to a great stud called Smokes Cheeta that Dwight bought as a weanling in the late eighties, trained and took to Reno as a four year old, winning Top Horse at the Reno Ranch Hand Rodeo and later several open bridle horse championships. He is out of a son of Mr. Gun Smoke and Docs Cheeta, a daughter of Doc Bar. Most of the mares Dwight sent to our place went back to Smokes Cheeta and accompanying them was Dallypost Parrdunme. With Sugar Bars, Zan Parr Bar, and Two Eyed Jack in his lineage, good conformation, and a kind disposition Dallypost Parrdunme produced some outstanding horses for us. His offspring have generally been good minded, good looking, athletic and very cowy, quite often with a tendency to be cow biters. We had to send Dwight's mares home a number of years ago because of drought but kept a lot of fillies out of them. These now make up Arctic Boon Cat's mare band. Pard stayed here as well until his death a couple years ago at a ripe old age.

ARCTIC BOON CAT

"Skundi" has been an outstanding addition to our program. Sired by Once in a Blu Boon who has lifetime earnings of over \$300,000 with offspring earnings of over \$14 million, and grandson of all time leading cutting horse sire Highbrow Cat on the dam's side, he brings a powerful dose of genetics to the table. Standing around 15 hands with good foot and bone his disposition has always been outstanding. Easy to start, I was roping calves in the pasture on him after only about 15 rides. He's cowy, good minded, and passes these traits on to his colts.

DALLYPOST PARRDUNME

ARCTIC BOON CAT

REFERENCE STALLION

DALLYPOST COWBOY (GRUMPY)

"Grumpy" is by Dallypost Parrdunme and out of a mare called Sevens Cowboy Diva that Jessie bought in 2005 from Bill and Rita White of Ashby NE. She was out of Bill's stud, Suns Cowboy a grandson of Doc Olena and great grandson of Sugar Bars and Peppy San, that Bill showed successfully a lot in the Midwest. The mare, A Brandy Twist, was a granddaughter of Docs Lynx and great granddaughter of Two Eyed Jack. Every colt or filly that we got out of Darlin was extremely easy to start and had a real "stay broke" kind of mentality. Grumpy himself was very easy to start and has proven himself in every kind of ranch work from dragging calves to starting colts. He's got a lot of grit, is very cowy (kind of a cow biter), and has maintained his composure in some situations that might have gotten you in a wreck on a lot of horses. After Pard died a few years ago Grumpy took over his mare band and we've been really happy with his offspring.

I think this combination will set Baywater Cowboy up to be an outstanding horse with plenty of eye appeal, size, and athletic ability.

Here is a pretty bay filly by Dallypost Cowboy, and going back to Sun Frost through PC Tenacious Frost on the bottom, that is a real eye catcher. Good withers, four black feet, a nice build, and a good mind make her a very promising young mare. She should mature to be pretty stout and be able to go whatever direction you want to take her with style.

"Wade" is pure class and shows it in his movement, his mind and his charisma. Truly a rare package, with all the feel and athleticism you could wish for and also a really solid mind that makes training a pleasure. We have never ridden a Courage that wasn't athletic and Bella Rooster is a special mare who is still producing in the top end of the program. You hear a lot about the speed/cowhorse cross today and this guy represents every advantage of that combination. He rides around one handed, has been roped on, and possesses all the speed needed for any of the arena events. With running horse Captain Courage, landmark Cowan mare PC Wades World, and versatile producer Roosters Shorty all contributing, he is exactly what his genetics represent, a "bred in the purple" prospect!

Excellent big, stout blue roan that has done everything on the ranch and is experienced for his age. He can really move his feet well for a bigger horse. Safe for a wide variety of riders and he is easy to catch, easy to trailer, and easy to trim and handle. What a prospect! "Arrow" represents his Driftwood influence in his trainability and movement and has a presence about him that is unique. Frostwood Drift always puts a good foot on one and dam Tufftime Setum is still a heavy hitter in our broodmare band. His ancestry is loaded with successful arena horses and a pedigree like this doesn't happen by chance. He is very acclimated and level minded and has seen some long outside miles and rides very broke. Has an old wire cut on his left hind foot that doesn't bother him. He tracks cattle with ease and is moving right up the ranks in his roping ability. Ranchers and Ropers, take note!

If you like a big hip, good foot and bone and an easy going personality, take a look at "Goldy". He was started at the Lamar College and has continued on from there for another year through our program. He rides with a handle beyond his years and has the feel of a future family horse, with his gentle mind and calm demeanor. He will pin his ears and go after a cow or just walk around easy, whichever you prefer. Annie Lace is one of our very best Colonel Frostwood daughters and High Driftin Gold has been featured in the program for years. He has a scar on his right hip that doesn't bother him. The only rider by Cajunistic in the sale and this gelding is a good representative of the success of his progeny. "Drifter" is gentle and easy to be around and has that mind to take training that we all enjoy. Add some years to his career and he'll be the kind to carry the family around after the roping. He is a looker, but more than that, he has already built up some resume and rides around soft and easy with some light roping to his credit. When you think of "can't miss" rope horse genetics, this pedigree gives him a passport to the big time!

When we talk about our best geldings over the years, the Frostem Peppy horses are always in the conversation and this gelding demonstrates the reason why. "Dakota" has a great mind, moves like an arena athlete should, and has the responsiveness that makes the ranch chores easy. He has dragged calves, prowled the hills and mountains and stays gentle. He is cowy and sure enough has the speed to keep you in place in the roping pen. His 2x Sunfrost plus Willywood pedigree gives him a "can't miss" arena future or if you like to ranch on the best, here he is!

We call him "King". An own son of Citisun Cline and out of one of our top Blues Orphan Drift daughters, he is right out of the heart of the program. He will track with the best of them and loves to sort and match moves with a cow. He is big statured, but makes the moves look easy. He will ride around easy and calm if you desire, but when you ask for the speed, strap on your seatbelt! He has dragged lots of calves and seen the miles. If you are looking for a serious head horse prospect, or just like to ride bigger horses, he checks the boxes!

Roller is a big, pretty, athletic 8 year old gelding that has been one of my favorites that I've ever owned. He has done most things on the ranch from sorting to dragging calves to the fire. He has also been used as a pickup horse a couple times. Roller has been my go to for a couple of years and usually gets the call for the tough jobs. He has no buck with time off but a beginner wouldn't be comfortable on him if he's been sitting. Roller is a product of the Jamison program that I picked up as a yearling. He is a son of High Driftin Gold and has the size and looks to prove it but the mare's DNA came back wrong so he is grade but it sure hasn't bothered him much. Flashy bald face roan gelding that's sure to get you noticed. Dragon has been in reining training and showed in the cow horse before he started his career as a ranch horse. Super easy to ride with all the fancy buttons. Dragon can really run and has doctored a lot of cattle and been used extensively. He will go anywhere you point him and never says no. Chelsea Ehnz had been riding this striking palomino this summer and she calls him "Durango". His quiet and gentle with a ton of heart. Very nice handle, soft and willing, and a lot of fun to ride. Feedlot experience and can track a cow with the best. Here is somebodies dream and should fit all levels. Not at all tall, which us older and shorter folks appreciate.

A top of the line Cowboy horse. 'Doc' has it all; ability, looks and drive. Superior cow-savy and quick footed, he is the type you can shag bulls on and then sort cattle the next day. He has covered the country, checking and herding cattle, but seems to be best suited putting his fancy moves to use in the arena. A high class arena performance horse. Bubba's resume could fill half a page of the catalog. He is up for any ranch job, whether you need to sort, rope, or gather. We have had lots of different visitors on him with no problems. Aden's daughter Quincy, won some classes at the local county fair on him in the pole bending and barrel racing. He also showed with her at Rodeo Bible Camp. He is built just like a cowhorse should be and has all the handle you could ask for. He's gentle to be around and the same every day and ready for whatever job you have to throw at him. A true partner for ranch or pleasure.

Call him a small horse or larger pony, it doesn't matter. "Jackson" is good either way and has been a willing student and great riding partner to a variety of youngsters. We have had anyone from experienced to inexperienced on him and all have gotten along great. He has seen outside miles in a variety of terrain and handles it all in stride. He features overall physical balance to match his good mind and he stays gentle. He has a bright future as a youth rodeo pony or just to ranch on and enjoy.

137 TROOPER

2020 • Paint Gelding

10.0

The goal of our pony program is to get the younger generation horseback in a way that builds confidence and kindles a fire for riding in the future. "Trooper" fits that description and is content to walk around quietly or trot with some urging, but stays well in hand and gives a youngster control without a tug of war. You won't miss him with his loud color and he is gentle enough to be enjoyed from the ground as well. Just five years old, imagine the years of family enjoyment ahead!

138 PISTOL

2019 • Grulla Gelding

13.0

We call him Pistol and he is an eye catcher with his unique grulla color and solid build. He is gentle to handle, stands on a good foot and knows the rope and the ranch chores. He stands well to mount and is easy to ride, making him a great family partner. The hard to find kind, with enough size for some of the big horse jobs, but gentle enough for the younger family members to enjoy and build some confidence.
