Selling 38 Black Angus Bulls & 3 SimAngus Bulls
St. Onge Livestock ✦ St. Onge, South Dakota

Welcome

Welcome to the 16th annual Kammerer bull sale. I can't believe it's been a year already, it sure seems to have went fast. Family Update: Dillon will be graduating from Central High School this spring and will be going to Western Dakota Tech this fall into a new meat processing program. He is still raising sheep with Jessica. Jake is helping here at the place, building his cowherd, working for Derner Fencing, & working at St. Onge Salebarn. Jessica is adding more customers to her preg testing business & was busier this fall than before. She is still A.'ing with Anita Pepin in the spring and raising sheep with Dillon. Amanda is working for CSF/BHSS as marketing/livestock director. She completed BHSS with the largest horse sale ever, added more livestock youth events, & had a successful halter show/sale. She's putting together her simmental herd and offering 3 head in the sale this year.

This year we have a great line up of bulls starting with Soo Line Motive, KG Justified, KR Cadillac Ranch, KR Synergy, Musgrave Aviator, Chestnut Strut, and E & B Plus One. Very excited about this group of bulls. It seems like as breeder I'm saying that every year, but it is a good thing it means your cows are working for you and genetics are just getting better also.

I'd like to thank all who have shown interest in our genetics that we offer each year. If I or the kids can be of assistance with anything please call. We are videoing bulls this year and they will be posted on our facebook page when available around the middle of March or thru The Livestock Link. The sale can be viewed & online bidding is available thru cattleusa.com. Please remember to get signed up early prior to sale day. CK Bar Ranch, Kelly & Amy Erickson, will be following our sale & then TCM Simmentals after them.

Thank you for your interest in our program.

Kammerer Livestock,

Matt, April, Amanda, Jessica, Jake, & Dillon

One of the younger bulls in the sale, 105 is nice in his shape and goes back to the nice Opportunist son we raised and used on cows. Only 3/8 Simmental but still has the design to add a bit of outcross to any herd.

103 is a nice profiling SimmAngus bull. We started a few Simmentals a couple year's ago and this is the first time we have offered any. He is backed by a great cow family that has produced very nice females over the years.
