20th Annual Bull Sale
Wednesday, April **15**
2026

At the Bull Pen (Amanda's Barn)
14551 Horseshoe Rd, Piedmont, SD 57769

Welcome

Welcome to the 20th Annual Kammerer Livestock Bull Sale. The sale is set for Wednesday, April 15, 2026 @1pm (MST) at the Bull Pen which is located at Amanda's house (14551 Horseshoe Rd, Piedmont, SD 57769). The easiest way is take I-90 Exit 61 (Flying J/Common Cents exit) out of Rapid City, go North 6 miles on Elk Vale Rd, take a right on Horseshoe Rd, first house on the right (grey house & white barn). If unable to attend please view and bid online with Live Ag.

It is truly an honor to present over 20 years of raising Angus cattle and selling bulls. With every year that passes, we are excited for the opportunity to offer a better set of bulls, introduce new genetics, and continue improving the cow herd that makes this program possible. The lineup of bulls this year is very uniform, and we believe it is one of our best groups to date. Each year we strive to keep improving our quality and strengthening the herd. This year we are offering a larger selection of both AI and ET bulls, along with a very strong set of natural bull-breds.

It seems like yesterday we were given an opportunity to buy some registered angus cattle that included our famous 93 cow (Miss Northlander) she produced most of our ET calves that helped lay the foundation for our females today. The strength of our program begins with strong females. We continue to add good genetics to our cowherd which shows thru our consistency and quality of the cattle we are proud to raise.

It is never boring around the Kammerer Ranch...Amanda is back from Texas where she loved working for Shane & Taylor Hanchey and is now at SD Beef Industry Council as their Director of Communications & Marketing along with still marketing a few horse sales in the area.

Jessica has recently purchased Black Hills AI from Anita Pepin and is now the ABS Global rep and offering her AI and preg checking services under her new business Black Hills Livestock Services. We would like to thank Anita for this opportunity and her years of service to the beef industry. Jessica also works with CBW and SD Stockgrowers.

Jake is full time on the ranch; working on new fences/corrals, welding and chasing after cows.

Dillon has recently come back to the ranch to help and plan his next adventure while also doing some meat cutting from time to time.

We are very grateful for the support we have received over the years and appreciate everyone who has taken an interest in our program. The customer is very important to us, so please call Matt or Jake with any questions you might have.

Thank you for your time, your trust, and for considering Kammerer Livestock genetics.

We invite everyone to come early to view bulls and lunch will be served.

*Kammerer Livestock
Matt, April, Amanda, Jessica, Jake, Dillon*

These ET sons (lots 1-4) are as nicely made as you can build one. We've had great luck with these Dynamic sons and now have daughters calving and they're doing an excellent job. Their dam is a proven producer, and her sire, Pendleton, was one of the standout heifer bulls we bought from Derner Angus. He was exceptional on both heifers and cows. His calves were born small, hit the ground quick, and got up and went to work.

Heifer Bull. 516 comes with a strong pedigree on both sides. His granddam is a full sister to the dams of 507, 522, and 574 — a cow family known for consistently producing top-quality progeny. His EPDs speak for themselves: top 15% for WW and YW, with a WW ratio of 105, all coming off a first-calf heifer.

This Stellar son is nicely put together, backed by strong genetics and a solid cow family. He's good-footed, clean-fronted, and well-shaped, weaning off high from a first-calf heifer.
