## Performance Records

**CE (Calving Ease Direct)** is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first calf heifers.

**BW (Birthweight EPD)**, expressed in pounds is a predictor of a sire's ability to transmit Birthweight to his progeny compared to that of other sires.

**WW (Weaning Weight EPD)**, expressed in pounds, is a predictor of a sire's ability to transmit pre-Weaning growth to his progeny compared to that of other sires.

**YW (Yearling Weight EPD)**, expressed in pounds, is a predictor of a sire's ability to transmit post-Weaning growth to his progeny compared to that of other sires.

## Pedigree

Extreme care has been taken in copying each pedigree to avoid errors. We are not to be held responsible for any error which might appear and which is beyond our control in the printing of this catalog.

### • FREE DELIVERY UP TO 300 MILES •

Every precaution will be exercised for the safety and welfare of those attending our sale; however, the ranch assumes no responsibility for accident or injury.

## See you Sale Day!!

## Sale Representatives:

Beau Ravellette, RPI Promotions.....605-685-8155  
Scott Dirk, Tristate Livestock News .....605-380-6024

## Health

All of the offering has been calfhood vaccinated with Vision 7 and Eyesight XP pinkeye shot. In the fall, they received Virashield 6, Presponse HM, Vision 7 somnus, and Express 5HS. They were also treated with Ivermax pour on in the fall and Clean Up II through the winter. The heifers have been Bangs vaccinated and the bulls are semen tested by Dr. Scott Cammack, DVM, of Sturgis, SD.

## Terms

Please leave your correct name and address at the time of settlement so that certificates may be transferred correctly and promptly. Also, please leave directions to your ranch if you desire free delivery, up to 300 miles.

Any disputes as to bids and bidders shall be settled by the auctioneer, whose decision shall be final and shall bind purchaser to the announcement of the sale. All announcements from the block take precedence over sale book.

Each animal will be at purchaser's risk as soon as sold; however, it will be cared for by the seller until delivery is made.

## Guarantee

Lehrkamp Livestock guarantees bulls for their first breeding season (60 days from turn-out) provided the bulls are managed properly and are kept in acceptable nutritional and physical health. Should death or injury occur to the bulls, it should be documented and verified by a licensed DVM, and all claims must be made by September 1 of the current year. Lehrkamp Livestock will either give credit to the buyer or replace the injured bull at their discretion, if a comparable bull is available.

*Dear Friends,*

It is with great pleasure that we extend an invitation to you to join us for our annual production sale on Saturday, March 27, 2021 at 1:00PM (MDT).

The bulls and heifers in this year's offering are out of returning sires, Buford Pathfinder C304, Deep Creek Reckon 712, LL Next Generation 630, Reisig Authority 5605, Raven Aviator E362, Musgrave 316 Stunner, and LL Gun Powder 600. The new sires are Werner Flat Top 4136, Deep Creek Gunslinger 633, Raven Bonanza F192, Stevenson Premium 60374, and Paint Rock Trapper.

We are excited about the new bloodlines and hope there is something that works for you in the new and returning sires.

We cannot write much about the rain, because we did not have much of it last year, what a difference from 2019. We did not have any measurable moisture from May to September, the Sahara Desert is what we looked like. Fortunately, we had the carry over to get us through the winter. We fought dust pneumonia continually last fall, as there wasn't anywhere the cattle walked that they didn't stir up dust. Fortunately, we did not have any fires. With all that said the bulls and heifers look surprisingly good for everything that they went through.

The bulls and heifers were summered without creep feed. The calves were weaned in October and have been on a cracked corn/DDG/R.O.C. pellet ration, along with a mixed hay ration. Dr. Scott Cammack, DVM semen tested the bulls March 9, the scrotal measurements and final weights will be available sale day.

We invite you to visit anytime to look at the bulls and heifers and go through the cow herd. We appreciate your interest and invite you to give us your input on how we can help meet your cattle's needs.

On Saturday, March 27 come early and have lunch with us..... we are looking forward to seeing you.

*Mike, Jodie*

*Carl, Taylor, Kelon*
