Guarantee

Lehrkamp Livestock guarantees bulls for their first breeding season (60 days from turn-out) provided the bulls are managed properly and are kept in acceptable nutritional and physical health. Should death or injury occur to the bulls, it should be documented and verified by a licensed DVM, and all claims must be made by September 1 of the current year. Lehrkamp Livestock will either give credit to the buyer or replace the injured bull at their discretion, if a comparable bull is available.

Performance Records

CE (Calving Ease Direct) is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first calf heifers.

BW (Birthweight EPD), expressed in pounds is a predictor of a sire's ability to transmit Birthweight to his progeny compared to that of other sires.

WW (Weaning Weight EPD), expressed in pounds, is a predictor of a sire's ability to transmit pre-Weaning growth to his progeny compared to that of other sires.

YW (Yearling Weight EPD), expressed in pounds, is a predictor of a sire's ability to transmit post-Weaning growth to his progeny compared to that of other sires.

Pedigree

Extreme care has been taken in copying each pedigree to avoid errors. We are not to be held responsible for any error which might appear and which is beyond our control in the printing of this catalog.

Sale Representatives:

Beau Ravellette, RPI Promotions.....605-685-8155

Scott Dirk, Tristate Livestock News605-380-6024

Health

All of the offering has been calfhood vaccinated with Vision 7 and Eye-sight XP pinkeye shot. In the fall, they received Virashield 6, Presponse HM, Vision 7 somnus, and Express 5HS. They were also treated with Ivermax pour on in the fall and Clean Up II through the winter. The heifers have been Bangs vaccinated and the bulls are semen tested by Dr. Scott Cammack, DVM, of Sturgis, SD.

Terms

Please leave your correct name and address at the time of settlement so that certificates may be transferred correctly and promptly. Also, please leave directions to your ranch if you desire free delivery, up to 300 miles. Any disputes as to bids and bidders shall be settled by the auctioneer, whose decision shall be final and shall bind purchaser to the announcement of the sale. All announcements from the block take precedence over sale book.

Each animal will be at purchaser's risk as soon as sold; however, it will be cared for by the seller until delivery is made.

• FREE DELIVERY UP TO 300 MILES •

Every precaution will be exercised for the safety and welfare of those attending our sale; however, the ranch assumes no responsibility for accident or injury.

See you Sale Day!!

Dear Friends,

It is with great pleasure that we extend an invitation to join us for our annual production sale on Saturday, March 25 at 1:00PM (MDT). It's hard to think that this is the 50th sale held here on the place, and yes we have been a part of each one of those sales, in one way or another. We hope that what we are doing and carrying on would please Morrie and Joyce. We know that having Carl and his crew as part of this adventure would make them smile. We truly appreciate everyone that has been a part of the past 50 years.

The bulls and heifers in this year's offering are out of returning sires Stevenson Premium, Deep Creek Reckon, LL Next Generation, Reisig Intervention, LL Knockout, Musgrave 316 Stunner, LL Whitlock, Werner Flat Top. The new sires are TEX Playbook 216, 21AR Playbook 0119, Ellingson Ribeye 3195, Sitz Barricade and LT Revered. Along with the fall bulls that are part Simm. They are out of cows we bought from Deep Creek Angus and Tostenson's used the Innovation bull as clean up.

We hope there is something that works for you in the new and returning sires. The Playbook and Premium sons are looking to be very good heifer bulls.

We struggled with all the rest of agriculture in our area without enough moisture and excessive heat this summer. With that said, the bulls and heifers look surprisingly good for everything that they went through.

The bulls and heifers were summered without creep feed. The calves were weaned in October and have been on a cracked corn/DDG pellet/R.O.C. pellet ration, along with mixed hay ration. Dr. Scott Cammack, DVM semen tested the bulls March 7. The scrotal measurements and final weights will be available sale day.

We invite you to visit anytime and look at the bulls and heifers and go through the cow herd. Please feel free to stop anytime and look the bulls and heifers over. We appreciate your interest and invite you to give us your input on how we can help meet your cattle's needs.

On Saturday March, 25 come early and have lunch with us . . . we are looking forward to seeing you.

Mike, Jodie

Carl, Taylor, Kelon, Landrie and Wric
