Guarantee

Lehrkamp Livestock guarantees bulls for their first breeding season (60 days from turn-out) provided the bulls are managed properly and are kept in acceptable nutritional and physical health. Should death or injury occur to the bulls, it should be documented and verified by a licensed DVM, and all claims must be made by September 1 of the current year. Lehrkamp Livestock will either give credit to the buyer or replace the injured bull at their discretion, if a comparable bull is available.

Performance Records

CE (Calving Ease Direct) is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first calf heifers.

BW (Birthweight EPD), expressed in pounds is a predictor of a sire's ability to transmit Birthweight to his progeny compared to that of other sires.

WW (Weaning Weight EPD), expressed in pounds, is a predictor of a sire's ability to transmit pre-Weaning growth to his progeny compared to that of other sires.

YW (Yearling Weight EPD), expressed in pounds, is a predictor of a sire's ability to transmit post-Weaning growth to his progeny compared to that of other sires.

Pedigree

Extreme care has been taken in copying each pedigree to avoid errors. We are not to be held responsible for any error which might appear and which is beyond our control in the printing of this catalog.

Dear Friends,

It is with great pleasure that we extend an invitation to join us for the 52nd annual production sale on Saturday March 29 at 1:00 pm MDT.

The bulls and heifers in this years sale are from returning sires TEX Playbook 5437, 21AR Playbook 0119, 21AR Playbook 0008, Reisig Intervention 9187, Brookings Prospector 1047, McConnell Altitude 3114, McConnell Altitude 672, RTA Hgler 958, LL Knockout 914 and LL Whitlock 921. Our new sire is Musgrave Riptide 721, we really like his calves. The replacement heifers we have are awesome. There are a few Simmental/Angus bulls in the offering. Their sires are THSF Lover Boy, SNK Mr Game On, SJF SMJ Payroll and Sinkie The Other Brother.

We hope there is something in this offering that will appeal to you. We would love to show you the Playbook daughters with calves at their side and the Riptide replacement heifers and his calves. Feel free to stop in.

As in years past we were dry and extremely hot last summer. The lighter weaning weights are calves that were here, and the better weights came from cattle out on lease pastures. We are using the Blue Print in our grain ration again this year. The bulls and heifers were summered without creep feed, and were weaned in October. Scott Cammack, DVM semen tested the bulls March 7, the scrotal measurements and yearling weights will be available sale day.

We invite you to visit us anytime and look at the bulls and heifers we are offering this year, as well as go through the cow herd. The bull and heifer videos will also be online at livestocklink.com or on our Facebook page. We appreciate your interest and invite you to give us your input on how we can help meet your cattle's needs.

We will have the missing EPD's by sale day or earlier. Check out Lehrkamp Livestock's, Facebook page, call or email for updates. Thanks for your understanding. Please join us on Saturday, March 29, come early for coffee, donuts, cookies, and to have lunch with us..... we are looking forward to seeing you.

Mike, Jodie

Carl, Taylor, Kelon, Landrie and Ulric
