## *Welcome to our 39th Annual Production Sale!*

Welcome to our 39th Annual Production Sale! A special thank you for the support and loyalty of our friends and customers. We also appreciate any new interest in our program, and pledge to provide any additional information needed.

As Red Angus continues to be a more prominent beef breed, we endorse the challenge of verifying the genetic value of our cattle through collecting and analyzing data with actual measurements, as well as DNA technology. Our herd sires and total cowherd have all been 50K DNA tested for genetic and parent assessment to insure the most accurate numbers possible on all progeny.

USDA now recognizes the Red Angus breed as Angus for inclusion in all Angus branded beef programs. Hopefully this live animal specification, also called G schedule will resolve the black hide bias in the market. However, this also imposes a more stringent demand on selection for carcass qualities in our cattle, especially marbling which translates to more upper 2/3 choice and prime quality grades.

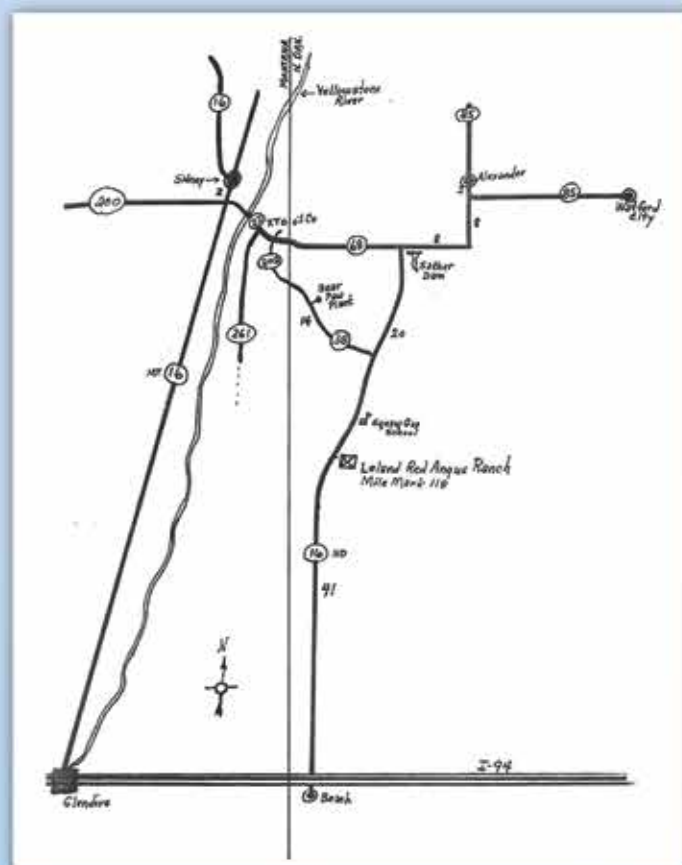

We conduct rigid selection practices to ensure the most accurate information available. These include traits not measured by the computer, but by cowboy logic – traits such as foot and udder structure, disposition, fleshing ability and survivability. Our cattle are guaranteed breeders, with the bulls passing a breeding soundness and semen evaluation. Heifers are guaranteed open and ready to breed.

We do recommend insurance, particularly on yearling bulls when used in multiple breeding groups with older bulls.

As always, we are happy to assist in any specific needs you may have for your program and guarantee confidentiality, as well as lowest bid, on any sight-unseen purchases.

We continue to offer free delivery to central points up to 500 miles. Historically, when possible, we have delivered direct to your yard. However, due to age constraints and labor shortages, we may have to ask customers to accept central points, with every effort to make it as convenient as possible.

*Best wishes from all of us at  
Leland Red Angus &  
Koester Red Angus*

## DVAuction Broadcasting Real-time Auctions

We are pleased to offer the Leland Red Angus Sale broadcast "live" over the Internet through DVAuction Services.

### First Time Users:

- Visit the DVAuction web site at [www.dvauction.com](http://www.dvauction.com)
- Click on the "Register" tab.
- Complete "Registration" and "Applying to Bid" at Leland Red Angus.
- Please view the tutorial available on our home page for bidding instructions.
- Proxy bidding is available before sale day and during the auction.
- You will be assigned a buyer number once you purchase.

We will be contacting your bank to verify information.

DVAuction will contact you to let you know that you have been approved to bid and buy at the sale "live" from your computer at home.

### After the sale:

- Contact Leland Red Angus for delivery or pickup and payment arrangements.

**Note:** You must have high-speed internet access (DSL, T-1 or Broadband) to be able to bid during the sale. Any questions: Contact Tami with DVAuction at (308)-870-3661, [tmcintosh@dvauction.com](mailto:tmcintosh@dvauction.com).

We recommend that you register by March 10, 2022, for on-line bidding. Every attempt will be made to complete your application, even if it is on sale day.

# GENERAL INFORMATION

## FRIDAY, MARCH 11, 2022

Sale will begin at 1 p.m. MST  
Cattle may be viewed any time prior to sale day.

## LUNCH

A free noon lunch will be served on sale day.

## TRANSPORTATION

Sidney is served by Cape Air (800) 227-3247. We will meet planes on request. Dickinson and Williston also offer air service.

## ACCOMMODATIONS

Sidney:

Wyndham .....	(406) 433-3100
Lone Tree Motor Inn .....	(406) 433-4520
Park Plaza Motel .....	(406) 433-1520
Richland Motor Inn .....	(406) 433-6400
Microtel Hotel .....	(406) 482-9011

The Watford Hotel .....	(701) 842-2945

Wibaux:

Beaver Creek Inn & Suites .....	(406) 796-2666
---------------------------------	----------------

## VIDEOS OF SALE LOTS

Video of sale bulls and heifers will be available to view on our websites, [www.lelandredangus.com](http://www.lelandredangus.com) and [www.koesterredangus.com](http://www.koesterredangus.com), a couple weeks prior to the sale. All cattle will be available to view sale day and will sell via video display.

## ONLINE CATALOG & SORTABLE DATA

[www.lelandredangus.com](http://www.lelandredangus.com) • [www.koesterredangus.com](http://www.koesterredangus.com)  
Sortable data on the BullPEN app, see page 14

## TELEPHONE BIDS

Bids will be handled in strict confidence by any of the publication representatives or the ranch. Capabilities to bid by phone on sale day are limited. To do so, please make prior arrangements with a livestock press representative or call the ranch directly at 701-565-2347. Bidders may also log on to [DVAuction.com](http://DVAuction.com) to bid online. Please see additional information on page 1.

## HEALTH

All the bulls will have a general health and fertility examination by sale day and will be cleared for interstate transportation. Scrotal measurements will be available on sale day. All bulls are 50K DNA tested. All heifers are Bangs vaccinated.

## FERTILITY

Yearling and 18-month-old bulls will have a breeding soundness evaluation and semen test prior to delivery. Yearling heifers are guaranteed open and breedable.

## GUARANTEE

The bulls and heifers are fully guaranteed. Concerns are handled on a case-by-case scenario. We do encourage you to purchase livestock insurance. For more information on these affordable options, see page 6. All cattle will be sold according to the terms and conditions recommended by the Red Angus Association of America.

## DELIVERY

Free delivery of bulls to central points up to 500 miles. Balance at cost. Heifers in load lots or by arrangement. We will cooperate in any way to assist in deliveries of greater distance or by private arrangements and volume purchases.

## LIABILITY DISCLAIMER

All persons attending the sale, any sale functions or viewing the cattle do so at their own risk. Leland Red Angus, Koester Red Angus, their staff or representatives assume no liability, legal or otherwise, for any accidents or injuries that may occur.

## Auction Procedure

The cattle will be displayed in sale order for viewing sale day and remain in the pens for viewing during the entire sale. No animals will be run through the sales ring, but instead every lot will sell via a pre-recorded video and displayed on large video screens in the sale barn. Videos may be viewed in early March at [LelandRedAngus.com](http://LelandRedAngus.com), [KoesterRedAngus.com](http://KoesterRedAngus.com) or [DVAuction.com](http://DVAuction.com). Bidding will be done as normal, with ring men to take your bid, or with the option for absentee bidding through [DVAuction.com](http://DVAuction.com) or by contacting someone from the ranch or a Press Representative prior to the sale. As always, all sight-unseen purchases are guaranteed.

# Our Family

Trey, Todd, Tripp and Carla Leland

Luella and Melvin Leland

Koester Family: Jake and Kacey Jacobson, Shaye Koester, Steve and Tracey Koester

Imogene, Jessica, Sam and Everett Orpin

Hovde Family: Wacey, Tana, JJ, Cedar and Trista Hovde

## SCROTAL CIRCUMFERENCES MEASUREMENTS & FERTILITY

All bulls will have a breeding soundness evaluation and semen test before delivery.

Scrotal measurements are taken at 10½ to 11 months of age and adjusted to 365 days of age. Scrotal measurements will be available sale day.

## RED ANGUS AVERAGE EPDS AND RANGES

Average EPDs are printed at the bottom of each page and EPD breed ranks are included on the reference sires and each bull lot for easy comparison.

## A-BAG-A-BULL

If you purchase a bull from us, we will provide you with credit equal to the value of one bag of Feeder Calf Certification Program or Allied Access tags for each bull you purchase. To redeem your credit, bring your receipt for the tags to next year's sale and we will apply it to your bull purchase.

The FCCP provides age, source and genetic verification for calves sired by registered Red Angus bulls. Cattle enrolled in the FCCP are accepted into the exclusive Choice+ and G.O. Red grids. The FCCP 'yellow tags' are recognized by buyers nationwide and return a premium for Red Angus calves enrolled in the program.

The Allied Access program provides age and source verification for commercial cattlemen whose bull battery does not exclusively contain registered Red Angus bulls. Whether you are utilizing multiple sire breeds or halfblood bulls, enrolling in Allied Access demonstrates to buyers that you are taking an extra step in marketing your calves and adding value throughout the production chain.

To enroll in the FCCP or Allied Access, contact the Red Angus marketing department. Enrollment is simple and free of charge.

**RedAngus.org**  
**940-477-4593**

**RED ANGUS**  
RANCH TESTED. RANCHER TRUSTED.

## CARCASS ULTRASOUND

This is the 22<sup>nd</sup> year we have used ultrasound technology to evaluate carcass characteristics. Weather permitting, we will have carcass ultrasound information available on all bulls just prior to the sale that can be accessed on our web site.

This information will be available for our customers upon request and more importantly it will be used for more meaningful genetic evaluations in the future as it contributes to carcass EPDs.

## RETAINED INTEREST

One-half semen interest is retained and full possession selling on all bulls. This means purchaser buys the bull for what he bids and gets 100% possession and 100% resale value of the bull when he sells him. It does give Leland Red Angus and Koester Red Angus the option to collect, use and market semen from the bull and does not restrict purchaser from doing the same. This collection, unless agreed otherwise, would be done at the expense of Leland Red Angus or Koester Red Angus and at the purchaser's convenience. Leland Red Angus or Koester Red Angus would assume full liability for the bull's welfare at the purchase value during transportation and collection unless it is a joint venture with the purchaser. In such a case, liability would be proportionately assumed.

# Top Dollar Angus Feeder Calf Program

## Promote Your Verified Genetic Investment

Top Dollar Angus is the industry leader in third-party genetic verification and marketing assistance for superior Angus and Red Angus-based feeder cattle. Our program stamps a unique identity on the 'best of the best' by verifying and then showcasing their genetic merit. The Top Dollar Angus team works directly with a large number of feedyards and buyers to provide them with documented superior

feeder cattle, coupled with genetic risk mitigation and the precision understanding they need to pursue your cattle with absolute confidence.

Top Dollar Angus enables cow-calf producers to benefit from the genetic value already built into their herds. Producers that invest in high-end genetics, as well as strong health and nutrition programs, need a means of positively differentiating their calves from average cattle. Top Dollar Angus does that. Industry demand is strong for genetically superior feeder calves with the right supporting documentation. Don't make buyers guess, let them know by putting the Top Dollar Angus badge of honor on your premium genetic investment.

## RED ANGUS GUIDE TO EPDS

[RedAngus.org](http://RedAngus.org)

**ProS**..... Profitability and Sustainability is an all-purpose index that predicts average economic differences in all segments in the beef supply chain. This index is a combination of the breeding objectives modeled in the HerdBuilder and GridMaster selection indexes. In this index, replacement heifers are retained from within the herd and all remaining progeny are fed out to slaughter and sold on a quality-based grid. Traits included in this index include calving ease, growth, HPG, STAY, Mature Weight, Dry Matter Intake and carcass traits. The resulting index is expressed in dollars per head born (Index/High Value).

**HB** ..... HerdBuilder is a maternal selection index that predicts the economic differences of animals for traits that are important from conception through weaning. Expressed as dollars per head born, HB is calculated based on the scenario that bulls are mated to heifers and cows, replacement heifers are retained and all remaining progeny are marketed at weaning. Traits included in the HB index include Calving Ease Direct, Calving Ease Maternal, Weaning Weight, Milk, Mature Weight, Heifer Pregnancy and Stayability (Index/High Value).

**GM**..... GridMaster is a selection index that predicts the average economic difference of non-replacement calves through the post-weaning phase of production. GM places selection pressure on growth, feedyard performance and carcass traits. Expressed as dollars per head born, GM is calculated based on the scenario that progeny are fed out to slaughter and marketed on a quality-based carcass grid. Traits included in GM include Average Daily Gain, Carcass Weight, Dry Matter Intake, Marbling, Back Fat and Rib Eye Area (Index/High Value).

**CED** ..... Calving Ease Direct predicts differences in the percent of calves born unassisted out of 2-year-old dams. (Percent/High Value)

**BW** ..... Birth Weight predicts differences in actual birth weight of progeny. (Pounds/Low Value)

**WW** ..... Weaning Weight predicts differences in 205-day weaning weight. (Pounds/High Value)

**YW** ..... Yearling Weight predicts differences in 365-day yearling weight. (Pounds/High Value)

**ADG** ..... Average Daily Gain predicts differences in weight gain between 205 and 365 days of age. (Pounds/High Value)

**DMI** ..... Dry Matter Intake predicts differences in daily feed intake as measured in a feedlot during the post-weaning period. (Pounds/Low Value)

**MILK** ..... Milk predicts differences in weaning weight attributed to the milking ability of the animal's daughters. (Pounds/High Value)

**ME** ..... Maintenance Energy predicts the difference in maintenance energy requirements. (Mcal per Month/Low Value)

**HPG** ..... Heifer Pregnancy predicts differences in the percent of daughters who are able to conceive and calve at 2 years of age following exposure to breeding. (Percent/High Value)

**CEM** ..... Calving Ease Maternal predicts differences in the percent of daughters who are able to calve unassisted as 2-year-old heifers. (Percent/High Value)

**STAY** ..... Stayability predicts differences in the ability of an animals' retained daughters to remain productive in the herd – calve every year – through 6 years of age. (Percent/High Value)

**MARB** ..... Marbling predicts differences in marbling score – amount of intramuscular fat measured at the 13th rib. (Marbling Score Units/High Value)

**YG** ..... Yield Grade predicts differences in USDA Yield Grade, which is calculated using CW, REA and Fat. (Yield Grade Units/Low Value)

**CW** ..... Carcass Weight predicts differences in actual hot carcass weight. (Pounds/High Value)

**REA** ..... Ribeye Area predicts differences in square inches of ribeye area measured at the 13th rib. (Square Inches/High Value)

**FAT** ..... Fat predicts differences in the depth of backfat measured between the 12th and 13th ribs. (Inches/Low Value)

## BULL & HEIFER DEVELOPMENT

### LELAND BULL DEVELOPMENT

Our bulls are developed at our ranch facilities on a total mixed ration formulated for adequate growth, but mild enough to protect their fertility and longevity. Bulls are started on a roughage-only diet and gradually transitioned to a low mega-cal ration that never exceeds 50 mega-cals.

### LELAND HEIFER DEVELOPMENT

The heifers are wintered on a roughage-only ration to restrict the ADG to no more than 1.5 lbs per day which is optimal for breeding performance.

### KOESTER BULL DEVELOPMENT

The fall-born bulls are weaned in March and put on a high-roughage ration until we have green grass – hopefully in late May. The bulls summer on grass and protein blocks to encourage slow but steady growth for optimum longevity and fertility.

In September, we bring the bulls into the lot and put them on a 48 mega-cal ration consisting of chopped hay, sorghum-sudan haylage, cracked corn and DDGs. The bulls stay on this ration until sale time.

We strive to promote steady growth, sound foot development and healthy, active potency so they are prolific breeders and maintain their body condition throughout breeding season.

## BULL MORTALITY INSURANCE

**Purchases are the responsibility of the new owner. We strongly encourage you to insure your bulls. Coverage is affordable and a good business practice.**

**Ask for specific details at the clerking desk or contact Jeff Thomas.**

**Jeff Thomas • 406-581-8859  
jeffthomas138@gmail.com**

Jeff Thomas

## GENOMICALLY ENHANCED EPDS

**All sale bulls have been DNA profiled through GeneSeek's GGP-uLD test.**

This ensures our customers have the most accurate information available to make their purchasing decisions. With the GGP-uLD profile, the bulls' EPDs now have the same accuracy as they would with their first calf crop reported and registered through the Red Angus Association of America.

The GGP-uLD test also verifies parentage so you are assured of the bloodlines you are buying.

We trust in the science behind the genomics and are committed to ensure more value in your purchases, increasing the profitability of your calf crop.

For those who would like to gain even more genetic knowledge of your cowherd, consider testing your replacement

heifers with RAAA's Red Navigator test, specifically designed for high-percentage Red Angus females.

- EPD percentile rankings for all traits
- Sire verification (if sire is DNA profiled)
- Follow-up from RAAA Marketing Team Member
- Potential qualification tool into Top Dollar Angus

Identify your top replacements before breeding!

**UDDER SCORES**

Udder scores have been used to cull and select cattle at Leland Red Angus and Koester Red Angus for many years. Scores are taken within 12 hours of calving by the same person to insure consistency. Scores less than 5 are considered unacceptable, and those individuals are not kept in our herds. We include the dam's udder scores for Suspension and Teat Size following her MPPA in each bull's data block.

Udder Suspension			Teat Size		
Score	Description	Example	Score	Description	Example
9	Very tight.		9	Very small.	
7	Tight.		7	Small.	
5	Intermediate/moderate.		5	Intermediate/moderate.	
3	Pendulous.		3	Large.	
1	Very pendulous, broken floor.		1	Very large, balloon shaped.

Lot 1, LELAND REDEMPTION 043-1103

LCOC REDEMPTION A043F, sire

- Our lead sale bull is produced by a beautiful MLK CRK Fusion 5202 daughter.
- Moderate BW, great indexes, real growth, maternal and carcass values from a 106 MPPA cow with a super udder.
- This bull with a 800+ lb. WW off drought pasture without creep is true value for any program.
- He is full of muscle with a straight top and a deep, wide base.

Lot 2, LELAND TREADSTONE 1028

LELAND DOMAIN 6539, maternal grandsire

- This bull was orphaned at 6 weeks old when his mother died unexpectedly, so was raised by a foster dam.
- His high performance is genetically backed up by Merlin 018A, Domain 163 and Treadstone 9352, all with proven performance history.
- Super weaning with low BW, excellent growth, top carcass, all from a 105 MPPA heifer with a great udder.
- He qualifies for heifers or cows without sacrificing performance.

LELAND BEEFMAKER 403Z, paternal granddam

- For cattleman seeking added performance, this HybRED bull adds 12.5% Simmental to the equation.
- Notice his exceptional breed rank for growth, milk and REA, all with a moderate BW.
- His dam produced a high-value bull last year with 82lb BW, 787 lb WW (Ratio 105) and 1381 lb YW (Ratio 110) selling to Green Leaf Land & Livestock, MT.

Lot 4, LELAND STOCKMARKET 1050

LELAND RED DIRECTION 8268, maternal granddam

- A high performance Stockmarket son from a super cow family, including maternal great granddam with LOT 67.
- He has calving ease, growth, maternal and carcass genetics in one package with the benefits of great foot and udder structure.
- His dam is a maternal sister to Leland Domain 7590, a herd bull we used here at Leland Red Angus and that is now in Missouri.
- Two maternal sisters to his dam produced high selling bulls to Brian Wagner, SD and 21 Ranch, WY.

Lot 6, LELAND PEERLESS 1090

- There is a lot to like about this Peerless son out of a Marksman daughter.
- Very heavy weaning weight in a dry year and rapid gains give him a top rank in the breed for growth and REA.
- We bought Peerless on the strength of his REA and red meat yield, and he has not disappointed us.
- His dam has excellent udder structure.
- Maternal great granddam has been a top producer, including Domain 7590 selling to Meyer Farms, MO.

Lot 7, LELAND FRANKLY 8522-1191

- A HybRED bull with the extra punch for cows.
- He ranks very high for weaning, yearling, milk and carcass.
- Cowmen have to appreciate his stout, thick pattern.
- Maternal granddam has an average 78 BW, and dam has a 74 BW average (not including this bull).

Lot 8, LELAND FRANKLY 8522-1071

- Sired by a HybRED bull and bred for growth and carcass excellence.
- Expect excellent foot and udder structure.
- A dark red-hided bull.

Lot 10, LELAND SPARTACUS G06-1092

- His dam is a "Who's Who" for growth, sired by Full House 7465 and out of Y135, a super producing cow that has a \$7,500 sale average on 5 bulls.
- Ranking high for growth, milk, carcass and udder structure makes him a top choice for cows.
- His maternal granddam produced a 3/4 brother selling as LOT 54

Lot 11, LELAND LOTTO 1010

- VGW Lotto 722 is an exceptional calving ease sire with growth and maternal value.
- His Merlin 018A dam comes from a long line of productive Trendsetter and Highlight genetics and has a super udder.
- Indexing high, he has top ranks for calving ease, growth, milk and fertility.
- This bull is easy to like with a dark hide to complement his depth and thickness.

Lot 14, LELAND HIGH ROLLER 6421-1061

- A low BW performance bull with some nice breed ranks and well-balanced carcass values.
- Although he's a low BW bull, out of a cow with a 71 lb. BW average, we recommend caution on heifers with only a 12 CED.
- A maternal brother with 78 BW, 813 WW (Ratio 112) and 1348 YW (Ratio 111) sold last year to 21 Ranch, WY.
- This bull is big, very deep and thick with more frame.

## *Our vision for the future . . .*

We look beyond the current season and market, seeking fresh genetics that will add value to our customers' calves and cowherd for generations into the future. We know – and accept the responsibility – that our decisions today impact the livelihood of the cattlemen that trust our genetics.

The second set of age-advantaged bulls begins on page 47 with Lot 109.

*Rooted in heritage and stewardship while envisioning tomorrow.*

## **Our Fall-Calving Program**

We designed our fall-calving program in order to offer our customers the option of bulls with an age advantage. Those few extra months of maturity don't necessarily mean the bulls will cover more cows, but they will maintain their body condition and come in after breeding season in good rig.

We summer the fall bulls on pasture with minimal supplementation, diligently culling for performance, foot structure and disposition.

We calve the cows and first-calf heifers in the pasture starting in mid-August. Each calf is tagged and weighed shortly after birth, and we score the cows on udder and foot structure as well as disposition. We synchronize and AI in mid-November, and pull bulls on New Year's Day.

Winter breeding poses extra challenges for our fall herd. Our cows must breed during blizzards, long frigid spells and naturally shorter daylight hours. Likewise, the calves must grow during these conditions and wean in March. We have a zero-tolerance policy and sell open cows in the spring.

A 2-year-old Merlin 018 daughter taking care of business. All heifers calve in the pasture without preferential treatment.

KOESTER MS YIELD 148, dam of Lot 118.

KOESTER PISTOL ANNIE 5103

KOESTER MS YIELD 116, dam of Lot 125 and Koester Unmistakeabull 330.

Lot 85, LELAND LOTTO 1021

- A calving ease heifer bull out of a 2YO heifer that really turned the crank, weaning at nearly 800 lbs.
- Study his pedigree and see why he excels – his paternal granddam, Affirmed 321Z, has produced 5 sons averaging \$12,800.
- Maternal great grandsire, Leading Count 1830Y, sires exceptional daughters, including the dam of \$25,000 Full House 0265 last year.
- Consider this bulls top breed rank and appreciate he is a power bull with extra depth and volume.

- His dam has been a consistent producer of moderate BW (77 lb. average) and high growth.
- A powerful maternal brother sold last year to Bickel Ranch, SD with a 733 WW (Ratio 100) and 1352 YW (Ratio 106).
- This smooth balanced bull should work great on either cows or heifers.
- Notice his high rank for CED, BW, milk, HPG, CEM marbling and REA!

Trey helping clip bulls with Todd

- Strong indexing bull that ranks high for WW, YW, ADG, milk, HPG and carcass traits.
- Propulsion is an attractive bull with very correct foot structure and promising genetic value.
- His maternal granddam produced LOT 79 this year.

Lot 126, KOESTER DIMENSION 070

- Calving-ease deluxe with nice performance and built-in fertility and marbling
- Breed your heifers and let them do it
- Top-ranking for his daughters to be high in fertility

Shaye helped with calving, tagging and weighing before heading back to Nebraska for her final year of college.

Lot 128, KOESTER MEGA 0152

- Megatron 800 son with great breed ranks for growth, gain, longevity and carcass
- His dam is a high-volume, easy-fleshing female with a great udder
- Top ProS and GM index rankings

**Third draft of age-advantaged bulls start on page 65 with Lot 175**

Lot 129 MATERNAL GRANDSIRE, LELAND MARKSMAN 6629

- Bred for low BW and positive maternal values ranking top for BW, milk, CED, CEM, stay, marbling and REA.
- His 103 MPPA dam has a great udder, influenced by Genex sire, Leland Marksman 6629.
- He indexes high for ProS and HB, as well as GM.
- A stylish bull that is very deep and thick.

- His dam is one of our smallest 2YO heifers, but look at his breed rank for performance.
- He is a calving ease heifer bull with enough power for use on cows.

LELAND MERL 039-4752, maternal great granddam

- Moderate BW with heavy WW from a strong maternal family.
- His dam, maternal granddam and maternal great granddam all follow this same pattern with good udder structure, milk and fertility.

- His dam is a beautiful Leading Count daughter with excellent foot and udder structure and top 1% milk.
- Two maternal brothers have been high selling bulls – a Tulane son with 88 BW, 784 WW (Ratio 110) and 1338 YW (Ratio 110) sold to Saunders Land & Livestock, WY, and a Full House 7465 son with 83 BW, 829 WW (Ratio 110), 1472 YW (Ratio 118) with an AMAZING 248 IMF ratio and 119 REA ratio sold to Meyer/Mosby of MO.
- Notice this bull ranks in the top 4-5% of the breed for carcass quality.

Tripp helping at the chute

- Heavy weaning growth bull with top milk from a 107 MPPA cow with a super udder.
- A maternal sister produced LOT 1

- A HybRED bull out of an Iron Ore daughter that ranks high for growth and REA.
- His pedigree indicates excellent udder structure.

LELAND HIGH ROLLER 9062, sire

- A calving ease bull suitable for heifers with power enough for cows with a nearly 800 lb. WW.
- Excellent marbling, CW and REA contribute to a 10% ranking for his GM index, plus he is strong for milk, HPG and CEM.

- There is a lot to like about this heavy weaning, high indexing growth bull from a cow with excellent foot and udder scores.
- Notice his high breed rank for milk, HPG, CEM, stay and super marbling and REA.
- Marbling is a top indicator for upper 2/3 Choice and Prime carcass quality.

David Reid, Carla's dad, helping work cows

- A cow bull with strong maternal values for milk and fertility.
- His dam has produced 8 calves, all first cycle.

- Strong indexing calving ease bull ranking in the top third of the breed for growth, very high HPG and marbling.
- He has a family heritage of great udders.

HBR MISS RAMBO 723-4181, dam

- This twin bull was raised by a foster dam, which distorts his growth data.
- His natural dam has a perfect udder and is an easy keeper that breeds first cycle every year.
- A straight top bull with nice balance from a cow with beautiful foot and udder structure.

# Important Events BEYOND the RANCH

Trey and Tripp Leland

The boys have been working on their roping!

Helping mechanic on the old ranch pick up.

Trey did pretty well with his first fair project!

Trey started preschool at the Squaw Gap School.

Tripp LOVES his horses.

Trista Hovde, Richland Co. Fair

Wacey Hovde, Richland Co. Fair

Cedar Hovde, Richland Co. Fair

Kacey and Jake Jacobson ranch with Jake's family and own a custom fencing business. Kacey joined the team at Cow Camp Promotions this fall.

Shaye will graduate from the UNL this spring. She hosts her own podcast, Casual Cattle Conversations, and spoke on an advocacy panel at the National Cattle Industry Convention.

Steve Koester was elected president of the Red Angus Association of America in September.

# HEIFERS

These heifers were wintered on a high roughage ration. They are penned in comparable groups but will sell individually. All heifers will sell as registered unless stated otherwise or announced from the block. They are all Bangs vaccinated and guaranteed open.
