Sale Day Info | 1

Herd Health: We pasture weaned the bulls on August 10th. The bulls were transitioned over to a mixed ration of silage, ground hay, earlage and protein supplement where we targeted a 3.25 lb/day gain. We like to keep the bulls on a high roughage diet and grow them out to ensure sound feet, legs and longevity of the bulls.

Branding: Vista Once • Vision 7 with Somubac
Injectable Dectomax

Weaning: Vista Once • Vision 7 with Somubac
Express 5 • Poured with Ivomec
SafeGuard Dewormer

Spring Turn-Out: Preg Guard Gold 10
2 Footrot Shots • Poured with Ivomec

Bulls will be SEMEN TESTED and SCROTAL MEASURED.
FREE DELIVERY on bulls to adjoining states.
FREE KEEP until April.

Terms: The terms of the sale are cash or check payable at the sale facility unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. Bids: Every animal is to be sold and will be sold. No by-bidding is permitted. The highest bidder is the buyer. Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final. Announcements: Errors discovered in the catalog will be corrected by announcements from the auction stand at sale time and will take precedence over the printed material in the catalog. Accidents & Liabilities: All persons attend the sale at their own risk and the seller and sales management assume no liability, legal or otherwise, for any accidents occurring in, on, or about the premises. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Bid Online!
If you are unable to attend the sale,
you can register to watch or bid
online through The Livestock Link
by following these instructions:

The Livestock Link
Videoing • Video Sales • Clerking
• Bid-by-Click Online Sales

- Visit our website, www.thelivestocklink.com
- Click the "Online Auctions" tab
- Click on "Click Here to Register"
- Enter your e-mail address and password, and fill out all your contact information
- Fill out your Banking Information. If you are only viewing the sale and do not wish to bid, this information can be left blank.
- Check the checkbox at the bottom of the page that says "I'm not a robot" to prove you are a real person
- Click "Register" at the bottom of the page
- You will receive an email with a link to activate your account.
- **Please register to bid at least 24 hours in advance of the sale.**
- Contact Aaron Friedt at (701) 590-9597 for help or with any questions.

You will receive an email when you are approved for bidding. All applications will be reviewed and processed promptly. You will receive a bidder number only after you have made a purchase in the sale, and that number will only be used at that sale. When the sale is completed, please contact the sale owner or manager for instructions of payment and delivery of your purchase.

To use our service, you must have access to High Speed Internet.

Welcome to the 21st Annual Millar Angus Bull Sale

Whether you're one of our repeat customers, neighbors and friends or if you're considering Millar Angus genetics for the first time, we thank you! We invite you to be our guest on February 16th.

When it comes to the family, it's never a dull moment around our household! Kids and cows seem to keep us busy. Ryle (15) would describe his perfect day as helping around the ranch, caring for his cattle and sheep followed by a little team roping. Kobi (12) loves to spend time making crafts, baking and chooses rodeo hands down as her favorite sport. We all find a little time to do some team roping with the family, throw in some auctioneering for Jon and chase the kids around to rodeos and that sums up our "free time".

Looking toward the ranch side of things...2021 had it's challenges with a much drier year. Calves had to be weaned earlier and water was hauled, but we feel fortunate to have put together enough feed to get us through the winter. We were blessed with some great fall moisture to hopefully help things get a start this spring. As we all know, the cattle industry comes with it's ups and downs. One thing we've tried to focus on over the years is control what we're able to. With that being said...quality typically sells. It excites us when we visit with past customers who have seen an increase in weaning weights off the cow and in the feedlot. Expenses never seem to go down, so our goal has always been to produce cattle that will help your herd be as economical and profitable as possible.

All of our bulls have been raised with the rancher in mind: natural growth bred in, not fed on. If you're needing a bull to cover a little more country one of our two-year-olds should fit the bill. They are from our 2020 calf crop and have never before been offered for sale. All the bulls have been bred to add performance, length, thickness, carcass qualities and maternal strengths to your herd.

As always, we will keep the bulls until April and deliver them, free of charge. The bulls will be semen tested in March with scrotal measurements available sale day. All bulls sell FULLY GUARANTEED for the first breeding season with your satisfaction being our #1 priority. We invite you to stop by to view the bulls and the cowherd that produced them. We always love to talk cattle!

MOORE ANGUS
 ARTESIAN SOUTH DAKOTA

Duke offers impeccable phenotype and performance galore - all with a much needed outcross pedigree. Backed by a Pathfinder stacked cow family, his dam Millars Queen Lass 5273 owns WW and YW ratios of 4@114 respectively! Duke's calves come easy with great vigor, and smash the scales at weaning time. His first daughters have now calved in successfully, exhibiting true maternal characteristics: calm dispositions, great mothering ability, with excellent udder design. Duke will take your program to new heights. He is a true Herd Bull being so consistent in his ability to add quality to his offspring, with added length, volume, calving ease, growth, maternal power and fertility, all with super quiet attitudes!

- Real soggy Dry Valley son produced from a real consistent, fertile Husker daughter.

Team Millar Angus

We are so fortunate to work alongside you guys each day. We appreciate your dedication and value your opinions. The time and energy you put into Millar Angus does not go unnoticed. It's a pleasure working with each of you!

Cole Stoner

Cole has been hanging around this outfit for nearly 3 years. From feeding, farming and fencing to cattle work and repairs...Cole isn't afraid to tackle any job we throw his way!

Charley Casteel

Charley grew up down the road and we lucked out when he decided to work with us full-time. He too is handy in all departments and will get the job done... whatever it may be!

John Kirby

Around this outfit, we call him Little John. He hadn't calved out many cows when he started, but this year marks the 7th year he's served as our official "night-calver".

Greg Wetz

Greg may technically be retired, but he always pulls through for us at a drop of a hat! We enjoy having him around the days we need an extra hand here at Millar Angus.
